DELIVERY SYSTEM PLANS SUBMITTED.

Transit Company Outlined Its Project in the Office of President Phillips.

Plans and blueprints outlining a project of the St. Louis Transit Company for the inauguration of a general merchandise, and perhaps freight delivery system were submitted yesterday to the President's department of the Board of Public Improvements.

Establishment of express repositories at five locations is contemplated, namely, at Broadway and Poplar street, No. 207 North Broadway, De Balguy, avenue and Delmar boulevard and Union and St. Louis avenues.

The company, it is stated, takes the position that it is entitled, by its special ordinances to operate merchandise express cars on its various lines.

His wound proves fatal.

HIS WOUND PROVES FATAL.

Robert Wilson, Shot by John Flannigan, Dies at Hospital.

Robert Wilson of No. 129 North Broadway, who was shot Thursday night by John Flannigan, a steam fitter, of No. 172 North Eleventh street, in McHenry's saloon, at the northeast corner of Eleventh and Chestnut streets, died yesterday at 9:10 p. m. at the City Hospital.

FIXED THE MINISTER.

And He Needed Looking After.

"In a minister's family in Los Angeles where I was visiting some time ago, the wife complained of serious indigestion and dyspepsia. She admitted that she used coffee and said she more than half believed that was the trouble. I told her that I knew it was the trouble, for I had seen through it in a number of cases, and had only been cured when I left off coffee and took up Postum Food Coffee.

She said she had tried the Postum, both for herself and her husband, but they did not like it. With her permission, I made Postum for her, and she had only been cured when I left off coffee and took up Postum Food Coffee.

You can't get something good for nothing. It must be boiled, boiled, and to keep it from boiling over, use a small lump of butter, perhaps the size of a pea. That morning the minister and his wife had coffee, and their whole lives were changed on that question of diet, and they abandoned coffee at once and for all time.

Now after a hard day's work, they are comforted, refreshed, and rested by a cup of well-made Postum for supper. They are both enthusiastic in its praise. The wife has entirely recovered from her dyspepsia. I will not go into the details of my own case, except to say that I was a desperate sufferer with dyspepsia and discovered by having coffee that coffee was the cause of it. I quickly got well when I took up Postum Food Coffee. I earnestly hope many more coffee drinkers may get their eyes open. Name and address given by Postum Cereal Co., Ltd., Battle Creek, Mich.

DR. GARTRELL'S FATE NOW RESTS WITH THE JURYMEN.

Defense Examined Several Witnesses With Regard to the Sanity of the Prisoner—He Had Purchased Brandy and Morphine the Morning After the Tragedy—Depositions From Texas Along This Same Line.

DOCTOR J. L. GARTRELL AND SON, W. P. GARTRELL, As they appeared handcuffed together.

REPUBLIC SPECIAL. Butler, Mo., Nov. 22.—Doctor W. P. Gartrell, charged with killing D. B. Donegan, his traveling companion, has had his trial and the case has gone to the jury. This morning the defense rested its case at 10:20 a. m. The principal witnesses were Doctors Lockwood and Ballard of this city, relative to Doctor Gartrell's sanity. Doctor Lusk, proprietor of a drug store at Nyhart, said he had sold Gartrell brandy and morphine the morning after the tragedy, and Doctor Gartrell asked him the way to Kansas City. Doctor Patterson of Nyhart said he saw Gartrell with the weapon and team at Nyhart, and also said Gartrell wanted somebody to keep the horses for him at a dollar per day. Sheriff Smith testified that Doctor Gartrell was very nervous when arrested at Kansas City. W. Vivian of Mexico was called to testify as to Gartrell's character, but objection was made and sustained, and Vivian did not testify. E. E. Wilson, a detective of Kansas City, was recalled, and asked his opinion of Gartrell's sanity. He said he considered him all right. Depositions taken in Texas regarding Doctor Gartrell's mental condition were read to the jury. At 10:30 p. m. the jury was instructed. The instructions permitted the jury to find for murder, either in the first or second degree. M. S. Horn, prosecuting attorney, opened for the State. He was followed by Rhodes Clay of Mexico, Judge J. P. Smith followed Mr. Clay for the defense. Colonel S. W. Dooly of this city, chief counsel in the case, closed for the defense. General H. C. Clark closed the argument for the State. The case went to the jury at 5 o'clock to-night and a verdict is expected to-morrow.

BUSINESS CONDITIONS FIT SUBJECT FOR THANKSGIVING.

New York, Nov. 22.—R. G. Dun & Co.'s weekly review of trade to-morrow will say: Never before in the history of the United States was there such great reason for a day of national thanksgiving. This country has made unprecedented strides toward a position of international supremacy, not only in commerce, but also in finance.

Research discloses few unfavorable factors in the iron and steel situation. Probably the least satisfactory conditions are found at the plate mills, which report an uneven distribution of orders. A few large concerns appear to be engaged in the purchase of new machinery, but heavy orders for cars will largely expand the buying.

While the new combination will put this class of mills on a stronger basis, in mills there is no apparent limit to the orders placed, though some mills are unable to guarantee delivery within a year. One Pittsburgh report places the year's output of structural material at 600,000 tons. After six months of more or less interruption, all machine shops and kindred plants at San Francisco have fully resumed, and it is certain that the greatest force on record is now engaged in the various departments of iron and steel making. Raw material at the South has advanced, but at several points pig iron is steady, though rapidly absorbed.

Cotton remained flat dullness, with barely steady quotations, in market. Critical experts on the activity and strength of the same week in 1900, marked a new high. The cotton crop was held down by Mr. Nott's large estimate of the domestic crop, which is not likely to prove as near to the average as in any previous year. Leaves have undoubtedly been all other crops must bring a slight demand for goods, which is already perceptible in the market.

Wool continued active and firm in price, despite heavy rains, and the market is generally optimistic. The largest sales were made by the American Wool Growers' Association, which reached a strength in the rule in the markets for farm products. Favorable weather during the closing days of the harvest season has led to a belief in action from the highest price level in many years.

Wheat, at present, including flour, experts for the week aggregate 5,245,930 bu., against 4,987,215 last week and 4,877,296 in this week last year. Wheat exports July 1 to date (26 weeks) aggregate 12,701,301, against 12,424,112 last year. Corn exports aggregate 44,321 bu., against 62,954 last week and 3,235,556 last year. July 1 to date corn exports are 13,027,119 bu., against 13,657,796 last year.

Search manipulation of the print cloth market in the shape of an increase in prices of leading makes and shirtings and mourning prints has unsettled the entire cotton goods trade and brought about a steady decline in the price of raw cotton this week, and the trouble in the raw cloth is being reflected in the market for woolen goods. The smaller movement has tended to make reduced crop estimates more reliable. The price for the week as a whole is less than a week ago. Woolen goods, particularly shirtings, are a rather easier tone to hold, which are quite firmly held. Stocks of worsted goods are steadily rising.

Eastern shoe factories are busy on winter orders, and the call for the production of cotton goods is less than the usual between-seasons quantities. Shipment for the week are 24 per cent higher than a year ago. Light leathers are active, owing to the scarcity of heavy grades, and there is a rather easier tone to hold, which favors buyers.

REPUBLIC SPECIAL. St. Louis, Nov. 22.—Mick Wilcox and Miss Mary Hartin were married yesterday by the Reverend Father K. Schaefer at St. Andrew's parsonage. They are from Wagner's Landing.

REPUBLIC SPECIAL. Grayville, Ill., Nov. 22.—Charles Sutherland of Mount Carmel and Miss Annie Ward of this city were married here last night.

REPUBLIC SPECIAL. Springfield, Ill., Nov. 22.—Joseph Noto and Teoco Filipp, employed by the Chicago and Alton Railroad at Sherman, have been missing several days. The body of Noto was found in an abandoned well near that place today. His throat had been cut from ear to ear.

Blood stains and evidences of a search for body in the house occupied by Noto and Filipp led to the investigations, which disclosed the murder. Strapped around the ankles of the dead man was \$300.

INSPECTION PARTY RETURNS. Many Officials Gather at the Katy Headquarters. President Rouse and party of Katy officials returned from an inspection tour yesterday. President Rouse departed last night for the East.

REPUBLIC SPECIAL. St. Charles, Mo., Nov. 22.—Mr. Joseph E. Godfrey and Miss Annie Worthley, both of Cottage des Sioux, this county, were married in this city yesterday afternoon by the Rev. J. W. Howell, A. F. Rector, Matt W. Hall and General Perry Huston.

"I Followed Mrs. Pinkham's Advice and Now I am Well!"

Doctors Mystified.

A woman is sick; some disease peculiar to her sex is fast developing in her system. She goes to her family physician and tells him a story, but not the whole story. She holds something back, loses her head, becomes agitated, forgets what she wants to say, and finally conceals what she ought to have told, and thus completely mystifies the doctor.

Is it any wonder, therefore, that the doctor fails to cure the disease? Still, we cannot blame the woman, for it is very embarrassing to detail some of the symptoms of her suffering, even to her family physician. It was for this reason that years ago Mrs. Lydia E. Pinkham, of Lynn, Mass., determined to step in and help her sex. Having had considerable experience in treating female ills with her Vegetable Compound, she encouraged the women of America to write to her for advice in regard to their complaints, and being a woman, it was easy for her ailing sisters to pour into her ears every detail of their suffering.

In this way she was able to do for them what the physicians were unable to do, simply because she had the proper information to work upon, and from the little group of women who sought her advice years ago, a great army of her fellow-beings are to-day constantly applying for advice and relief, and the fact that more than one hundred thousand of them have been successfully treated by Mrs. Pinkham during the last year is indicative of the grand results which are produced by her unequalled experience and training.

No physician in the world has had such a training, or has such an amount of information at hand to assist in the treatment of all kinds of female ills, from the simplest local irritation to the most complicated diseases of the womb.

This, therefore, is the reason why Mrs. Pinkham, in her laboratory at Lynn, Mass., is able to do more for the ailing women of America than the family physician. Any woman, therefore, is responsible for her own suffering who will not take the trouble to write to Mrs. Pinkham for advice.

The testimonials which we are constantly publishing from grateful women establish beyond a doubt the power of Lydia E. Pinkham's Vegetable Compound to conquer female diseases.

Grateful Letters from Cured Women.

"DEAR MRS. PINKHAM—I have been thankful a thousand times since I wrote to you for what Lydia E. Pinkham's Vegetable Compound has done for me. I followed your advice carefully and now I feel like a different person. My troubles were backache, headache, nervous tired feeling, painful menstruation, and leucorrhoea. I took four bottles of Vegetable Compound, one box of Liver Pills, and used one package of Sanative Wash, and am now well."

"I thank you again for the good you have done me."—ELLA E. BRENNER, East Rochester, Ohio.

"DEAR MRS. PINKHAM—When I wrote to you some time ago for advice, I really thought my days were numbered. I was so ill that I could not stand on my feet for fifteen minutes at a time. I had female troubles in many of their worst forms, inflammation and ulceration of the womb, leucorrhoea, bearing-down pains, headache, backache, and nervous prostration. My kidneys were out of order and blood in a bad condition. Every one, and even my doctor, thought I was going into consumption. I commenced to take Lydia E. Pinkham's Vegetable Compound and followed your advice faithfully for six months, with the result that I became a well woman, and it did not cost me nearly as much as a doctor's bill for the same number of weeks. I feel that your medicine saved my life."—MRS. SAMUEL BOBST, 7 Cozy Ave., Oneonta, N. Y.

"DEAR MRS. PINKHAM—I feel that words are but feeble to express a heart's gratitude, when there is so much to be thankful for as I have. I suffered with womb trouble for five years, and our family physician said an operation was needed; but I dreaded it, and reading of Lydia E. Pinkham's Vegetable Compound one day, I decided to give it a trial first. To my great joy I found that after four months' treatment I was strong and well; experienced no pain or trouble, and the Compound built up my entire system. I shall always bless the day I started to take your medicine; it proved my greatest good."—MISS SOPHIE BONHAM, 281 Oak St., Chicago, Ill.

"DEAR MRS. PINKHAM—I want to tell you what your medicine has done for me. I believe it saved my life. I had womb trouble and inflammation of the ovaries, and was troubled with flowing too much. I had two doctors, but they did me no good. After writing to you, I began the use of your remedies, and to-day I am well. I cannot say enough in your favor and shall always praise your Vegetable Compound."—MRS. FRED. LEO, Box 530, Skowhegan, Maine.

"DEAR MRS. PINKHAM—I feel that it is my duty to write and tell you of the benefit I have derived from the use of Lydia E. Pinkham's Vegetable Compound. I wrote to you last June and described my sufferings. I took seven bottles of your medicine and was cured of my troubles. Last September I was taken with a very bad kidney trouble. I was away from home and was obliged to return. I started to take your medicine again and was soon well."

"When I wrote to you last summer I weighed only one hundred and five. I now weigh one hundred and thirteen. I am very grateful to you for the good advice you gave me, and would recommend your medicine to all who suffer from female weakness."—MRS. B. CUNNINGHAM, Oakland, Ill.

\$5000 REWARD

to any person who will show that the above testimonials are not genuine, or were published without obtaining the writers' special permission.—LYDIA E. PINKHAM MEDICINE CO., Lynn, Mass.

COMMISSION HAS ADJOURNED.

Accepts Invitation for Trip on Missouri Pacific. The Louisiana Purchase Exposition Commission yesterday adjourned to meet in St. Louis on January 21, 1902. The commission accepted an invitation extended it by the Missouri Pacific Railroad to make a trip to Hot Springs on January 27 as the guest of that company. On December 5 the commission will meet the Board of Lady Managers at the Manhattan Hotel, New York. The meeting is to be an informal one, and is simply for the purpose of enabling the members of the board to become mutually acquainted, and meeting the Commissioners. It is probable that the date for the first official meeting of the board in St. Louis will be set. At the adjournment of the commission last night all but four members of the board had been appointed. The last appointment was that of Mrs. Fire P. Ernest of Denver, Colo. Before the January meeting of the commission the board will have been completed. Mrs. Ernest is the wife of a prominent banker and capitalist of Denver, and is a member of the women's club of that city. In choosing the remaining four members, women from sections of the country which are not yet represented in the board will be considered. Harry Weatherwax, who was formerly assistant chief draftsman at the Chicago Columbian Exposition and chief draftsman at the Omaha and Buffalo expositions, has been appointed chief draftsman of the department of works of the World's Fair. Mr. Weatherwax will have charge of the entire drafting force in Director Isaac S. Taylor's office. Landscape Architect Kenner of Kansas City will come to St. Louis on Monday to establish a nursery for trees and shrubs, which are later to be used in beautifying the Exposition grounds. Knights of Fidelity. St. Louis Lodge No. 1, Knights of Fidelity, gave its first open session last night at Hayes' Hall. Gratory music and songs entertained the members and their guests. Hiko's Hungarian Band presented selections from "Florodora." The Manhattan Quartet and William Taylor also contributed to the evening's programme. President Elliot Coming to St. Louis. President Elliot of Harvard University, during his approaching tour through West-

NEVER SHOE OUT.

ALTON SHOES. \$2.50 to \$3.50 per pair. Best at the price. Every Willie ain't no had a fellow, after all; he says he knows he can't stop our selling shoes as long as we advertise this way; all he asks is to give him old shoes for free. Show him this ad, and he can't get South Park. Well, we'll tell you later of our talk with him. We have not money enough to pay for more space until we sell our pair of Never-Wear-Out-Shoes. So don't forget! Rock pile and whipping post in our next.

ern cities, will be entertained in St. Louis by the local Harvard Alumni Association at one of the clubs.
