Nothing tastes good. Nothing gives pleasure. The mind is dull and sluggish. The will is weak. Little things cause great irritation. What's the matter? The probability is that the stomach is deranged and the liver involved.

HARRIMAN TESTIFIES BEFORE COMMISSION

Insists That the "Common Interests" of Railroads Must Be Considered.

"BLACK THURSDAY" CONTEST.

Like J. J. Hill, Witness Declares Competition Cannot Lower Rates Permanently—Harris and Mellen Examined.

Chicago, Jan. 25.—When the second day's inquiry by the Interstate Commerce Commission into the "community of interest" combination of the great railroads of the Northwest opened to-day, great interest was manifested in Mr. Harriman's testimony.

The United States courtroom, where the investigation was held, was crowded with well-known railway men from all over the country, all eager to learn more of the details of the inner workings of the gigantic Northern Securities Company.

Possibly as much interest centered around E. H. Harriman as had about Mr. Hill, as the former had organized the Southern Pacific-Union Pacific combination and was Mr. Hill's chief opponent in the contest.

When Mr. Harriman went on the stand the line of questioning by W. A. Day, counsel for the commission, led up to a statement of the great Wall Street panic last May, when Northern Pacific stock went up to \$100 a share.

Mr. Harriman testified that the Oregon Short Line, aided by the Union Pacific, had purchased some \$2,000,000 of Northern Pacific stock, and that the Union Pacific, through the voice of its directors, controlled the Southern Pacific. It was developed that all the Northern Pacific stock, which was held in the names of E. H. Harriman and Winslow Pierce, was sold last summer.

An effort was made to learn why the purchase had been made to learn why the purchase had been made to learn why the purchase had been made.

Mr. Harriman testified that the common interest of all systems now affiliated under the Northern Securities Company must be considered in the present case.

LADIES KISSED SCHLEY; BRANN REFUSED TO KISS.

Admiral Greeted With Unusual Warmth and Is Willing to Prolong Visit.

REPUBLIC SPECIAL

Chicago, Ill., Jan. 25.—Fair lips were pressed against those of Admiral Schley this afternoon, when the women, who attended the reception at the Press Club, greeted the victor of Santiago with great warmth.

Mrs. B. W. Wells, wife of Lieutenant Wells, flag secretary of the Admiral, and Mrs. Trumbull White, were the women who "kissed" the Admiral. He offered no objection.

When he was all over the Admiral turned to President Munger of the Hamilton Club, said Chicago women a compliment, and said: "they continue to treat me as they have, I guess I'll have to prolong my stay here."

Reports to-day from Eastern and Northern sections are mostly of the nature of "severe cold and snow coming. Winds shifting to high and clearing to-night. Notify public."

TEXAS GETS A GENERAL RADE.

Farming Interests of the State Will Be Helped Materially.

Lubbock, Tex., Jan. 25.—A cold, drizzling rain prevailed over Texas and the Southwest generally to-day, extending from Little Rock, Ark., to San Antonio, Tex. Much good will be done farming interests in Northern Texas.

The following Government bulletins for this section were posted here to-day: "Severe cold and snow coming. Winds shifting to high and clearing to-night. Notify public."

Abilene, Kan., Jan. 25.—The hardest snowstorm of the winter began to-day and indicates a heavy fall over Central Kansas.

Denver, Jan. 25.—Snow is falling fitfully in Colorado and Wyoming. A strong wind is blowing from the north and the temperature is falling, but the indications are that the storm will not assume the proportions of a blizzard in this region.

Delays Railroad Operations. Topeka, Kan., Jan. 25.—One of the heaviest snows of the winter began falling here to-day. The railroad officials say the snow is general over the lines in Kansas and is delaying operation of trains.

SNOW COVERS NEBRASKA. Lincoln, Neb., Jan. 25.—Snow has fallen here all day. 20-night street-car traffic is being suspended and steam railroads are somewhat delayed.

Forecast Sent Out by Department of Agriculture. Washington, Jan. 25.—Forecast for the week ending Jan. 31: "A heavy snowfall is reported general throughout Missouri, Illinois, Kansas, Texas and Colorado Friday afternoon and Saturday. Many places say the fall was the heaviest of the winter."

INCALCULABLE BENEFIT WILL BE DONE BY THE SNOW. In St. Louis a heavy, dry snow began falling about 4 o'clock and continued up to midnight. The ground was dry and the snow may be expected to remain for several days.

REPUBLIC SPECIAL. Columbia, Mo., Jan. 25.—A. E. Hackett, District Weather Observer of the station at this place, reports that the snowfall between 1 and 4 o'clock to-day was five and one-half inches. He says that this was an unusual fall, and that it was general. The barometer is falling rapidly, and Mr. Hackett says that there will be further snow to-night.

Secretary George B. Ellis of the Missouri State Board of Agriculture was asked as to the effect of this snow upon agricultural conditions. He said that the wheat crop will be benefited, but that there is a danger of a full crop. This is six points below that indicated at the corresponding time of a year ago.

In a few days he will issue a bulletin which will give the conditions in this line. He is of the opinion that there will be a decline of seven or eight points, making the percentage of the crop about 75 per cent. He says that the present snow, if it is of wide extent, will be of immense benefit to this crop. The snow will insure the water to the farmers of Central Missouri. In this section of the State many farmers are greatly benefited by the snow. They fear that snow and cold weather will make it impossible for them to carry their stock through until spring.

New Orleans, La., Jan. 25.—Sevoy, who has lodged more than one stake to the credit of his owners, centered off with the Cotton Selling Stakes, worth \$1,485 to the winner, to-day, and incidentally lowered the seven-furlongs track record to 1:26. The big sprinter went to the front at his leisure, opened up a big gap and won as he pleased. He was the only successful favorite of the day.

FITZ AND JEFFRIES MAY MEET EARLY.

Big Match Said to Have Been Arranged to Take Place in Frisco Early in April.

REPUBLIC SPECIAL. New York, Jan. 25.—Robert Fitzsimmons will be James J. Jeffries' next opponent in the prize fight. This statement may be taken as being absolutely correct unless something occurs between now and the middle of next April to spoil carefully laid plans.

From a reliable source this morning it was learned the principal reason the match between Jeffries and Sharkey had been declared off was that Fitzsimmons practically is the club, has been making great efforts to induce the lanky Cornishman to meet Jeffries in San Francisco. According to a well-informed sporting man, Kennedy's efforts have been crowned with success.

Kennedy, it is said, has made Fitzsimmons a most tempting offer. The story goes that the landlord of Bath Beach has guaranteed \$20,000 for the training and traveling expenses, to meet Jeffries before Kennedy's club with the privilege of taking 25 per cent of the entire gross receipts of the fight in case the Cornishman loses. If he should win 65 per cent will be his share of the gross receipts.

"LANKY BOB" BEGINS A SUIT. Asks \$50,000 Damages for Falling Down Theater Stairs.

REPUBLIC SPECIAL. New York, Jan. 25.—Robert Fitzsimmons has instituted a suit for \$50,000 against Percy Williams, owner of the Orchard Theater, Brooklyn, for injuries sustained in falling down a flight of marble steps leading from the lobby of the theater to the balcony last Tuesday morning.

Papers were served on Mr. Williams this morning by Mr. George M. Curtis, Jr., No. 108 Montague street, Brooklyn, who is the attorney for the plaintiff.

On the morning of the accident Fitzsimmons called on Mr. Williams to talk about getting a contract for prospecting for gold with Jim Jeffries. After the conversation Fitzsimmons started to leave the theater, but the lobby steps were so steeply set that he fell and fell down its entire length. Fitzsimmons was severely bruised.

FAMOUS STAKEHOLDER TALKS. Al Smith Tells What Is Needed to Purify Boxing.

REPUBLIC SPECIAL. New York, Jan. 25.—Al Smith, the veteran sporting man, to-day told what, in his opinion, is needed to reform the sport of boxing in this State and prevent a repetition of what occurred during the last days of the Horton law.

"I have been boxing in this country when it was conducted on the square absolutely. In these days no one ever thought of faking a fight," he said. "The boxers, although fighting for 65 cents a gentleman's vacation, were honorable men."

"What is the use of passing a bill unless there is a good assurance that there will not be a repetition of what happened two years ago?" he asked. "I am in a position to know that hundreds of prominent business men would support boxing shows if they were assured of the honesty of the fighters and promoters."

GARDNER IS CONFIDENT. Thinks That Jack Root Is Afraid of Him.

REPUBLIC SPECIAL. San Francisco, Jan. 25.—There is no doubt about the confidence of George Gardner's confidence in the result of his battle with Jack Root. He is absolutely sure he will win and regards Root as an easier man than Carter. One down in Gardner's heart there lies conviction.

PLANNING A NEW CHALLENGER. Thayeroffs Probably Will Build the Shamrock II for Lipton.

Chicago, Jan. 25.—At the result of an exhaustive examination of the Shamrock I, the first offer of a contract to build the Shamrock II will go to the Thayeroffs.

The examination which has just been completed was made with the special object of determining the relative merits of the workmanship of the Shamrock I and the Shamrock II, and William Lipton, who is satisfied with the condition of the Shamrock I, Lipton's first challenger for the America's cup, that he wants the Thayeroffs to try again on the Shamrock II.

It has been found that the old boat, except where absolutely necessary, has been used, and the strain and wear admirably. The plating was always true in the Shamrock I, and the Thayeroffs has never shown the weakness in the riveting which caused so much trouble in the case of the last challenger.
