Brewed from carefully selected barley and hops—never permitted to leave the brewery until properly aged.

KANSAS HERESY TRIAL IS SECRET

Eleven Methodist Ministers Consider Charges Against the Reverend Mr. Lowther.

BISHOP MALLALIEU PRESIDES

Points on Which the Defendant is Accused Are Not Made Public—The Pastor's Church Stands by Him.

ATKINSON CITY, KAN., MARCH 27.—

The trial of the Reverend Granville Lowther of McThompson, an charge of heresy, was begun today in secret before eleven Kansas ministers appointed by the Southwest Kansas Methodist Conference.

U. J. Haves of Newton was appointed chairman of the selected number and will preside today. D. D. Akin of Marion was recognized by the conference as counsel for the church, and Charles G. Wood of the Illinois conference, and William H. Rose of Winfield, were named as counsel for the accused.

The charges against Lowther were not read, Bishop Mallalieu, who presided, saying he thought every one present was familiar with them. It is said, however, that they are somewhat different from those published. Bishop Mallalieu then stated that, as the newspapers had printed reports concerning the case, he would suggest that the trial be held behind closed doors.

Members of the conference not having official business in the trial, he said, he permitted to be present, and he warned those concerned that not one word should be said outside of the trial. The work of the trial was taken up immediately after the conference members sign charges.

The charges are signed by the following named members of the conference: A. B. Hayswood, Great Bend; H. W. Giddens, Kansas; E. S. McCartney, Florence; Walter Robertson, Hays; George Sturges, Frederick; J. W. Frouch, Little River; L. P. Aternathy, Kinship; and L. M. Riley, Lyons.

The trial committee was selected from a list of twenty Kansas ministers, thirteen of whom had been passed on by the Reverend Mr. Lowther and the conference, and from which eleven were finally selected.

The committee is made up of Kansas ministers, all more or less well known. They are: William Rose of Mead, F. C. Fay of Garden City, W. A. Vandenberg, Wellington; H. A. Doster, Winfield; L. Dexter, Caldwell; D. J. Parrish, Lyons; J. A. Patterson, Stafford; L. A. Bartholomew, St. Joseph; H. C. Smith, Hays; J. N. Roberts, Mount Hope; N. P. Rice, Chaney; and the Reverend Granville Lowther was born in Virginia in 1832 and moved to Illinois in 1856 with his family, settling on a farm. He was ordained when 25 years of age and was a member of the Illinois Conference of the M. E. Church until 1888, when he moved to Kansas and received his first charge at Beloit, Kan. He became a member of the Southwest Kansas Conference and has continued in that field until the present time.

He has recently been the pastor of a church at McThompson, where the official board of his church only last week extended a request that he be returned there, notwithstanding the heresy charge. The Reverend Mr. Lowther has been a member of the Social-Democratic party.

Circuit-Silk Co.'s Meeting.
New York, March 27.—At a meeting of the stockholders of the Circuit-Silk Company, held today, the following directors were elected for the ensuing year: Ira Dimock, R. A. Armstrong, W. E. Eaton, Geo. H. Hays, Clark H. Sampson, Wm. H. Sampson, H. L. Cook. The officers are as follows: President, Clark H. Sampson; vice president, Wm. H. Sampson; secretary, R. L. Cook; treasurer, R. A. Armstrong.

FLOODS IN NORTH DAKOTA.
County Roads Impassable and Trains All Delayed.
St. Paul, Minn., March 27.—The tie-up of the Northern Pacific road at McKenzie, N. D., is still complete, and there are no indications of relief. Water covers the track to a depth of several feet for a distance of 100 miles. It rose seven inches last night. Attempts to transfer passengers from east-bound trains were abandoned that night. The road being so deep that teams could make no progress. It looks now as though no progress could be made until the water subsides, and the water may last for several days. Sections of the road have been forced to abandon their trains.

All country roads are almost impassable and many bridges over creeks and streams have gone out.
Great Northern trains from the West are all late.
The St. Paul, southeast of Minot, N. D., there a bad washout, and fifteen freight cars were derailed.

Don't Hug the Stove
If you do, a little draft or a sharp wind will give you a cold or a cough.
If you have a cold now, the best advice we can give you is this: Go to your doctor and ask him to name the best medicine in the world for colds and coughs. If he says, "Ayer's Cherry Pectoral," then get a bottle at once. If he has anything better, get that.
"Ayer's Cherry Pectoral is a most wonderful remedy for children. When they take cold and cough at night, or have the croup, it gives immediate relief. I haven't been without it in the house for over ten years."
Mrs. SOPHIA KRIBTER, Brooklyn, N. Y.

PATRICK HOPEFULLY TALKS OF FUTURE

Expresses Frank Surprise at Jury's Verdict of Murder in the First Degree.

VALET JONES IS AT LIBERTY.

Prosecution Probably Will Take No Action Against Self-Confessed Slayer of His Aged Benefactor.

REPUBLIC SPECIAL.

New York, March 27.—Albert T. Patrick, who was yesterday pronounced guilty of the murder for which he has been on trial since January, appeared to be little affected by the verdict to-day. He expressed surprise at the jury's conclusion.

Patrick passed a good night in his cell and was up early this morning. The prisoner spoke cheerfully of the future. "No one in the courtroom," he said, "was surprised at that verdict than myself. As a lawyer I do not see here, upon the testimony given, the verdict could have been found."

Frederick B. House, senior counsel for the defendant, said today that he felt confident that the court on appeal would give Patrick a new trial.

"If there were nothing else upon which to base our application," he said, "we could get a reversal upon the charge of the recorder. Mr. Osborne, in his opening, promised to prove his case without the evidence of the valet, Jones. The only testimony upon which Osborne touched in his charge was the testimony of Jones."

Messrs. Moore and House will make the formal application for a new trial to the recorder on Monday, April 7. The recorder will deny the motion, and will sentence Patrick to die in the electric chair. The district attorney will probably appeal from the verdict, and the decision of the court of appeals is known.

Patrick Jones, who is still at liberty, floats over the fate of his benefactor. "I don't know what they are going to do with me," he said to-day. "Mr. Osborne has not told me yet, but I am mighty glad, anyhow, that Patrick got what he did."

"I cannot tell what will be done with me," he said, "but I am mighty glad, anyhow, that Patrick got what he did."

Jones, until he consulted with Mr. Osborne, said that he would like to go to the district attorney's office and see him. He said that he would like to see the district attorney and see what he could do for him.

IMPROVEMENTS ARE PLANNED AT THE POORHOUSE.

SUGGESTION FOR AN IMPROVED POORHOUSE
St. Louis, Mo., March 27.—The St. Louis Poorhouse is being prepared and will be introduced by Paul Reiss in the House of Delegates early in April.

The present building is in a very dilapidated condition and lacks sanitary equipment. It was erected by the cyclone of 1866, and the walls were wrenched till the whole structure now appears dangerous. It has space for the accommodation of about thirty-four patients, but with the crowded condition of every department of the Poorhouse, Superintendent Remmers has been compelled to crowd twice that number into its narrow confines. The first floor is used for the male indigent of the older class, and the second for the male insane sick.

It not only lacks in sanitary arrangement, but its appointments for surgical wards are, by reason of a lack of space, seriously deficient. Superintendent Remmers, in his annual report, urged the immediate construction of a new building, but was informed by Comptroller Player that there was no money, and would be none this year available for such a purpose.

Improvement seems therefore, indefinitely postponed until, upon invitation of Mr. Remmers, Delegates Reiss, Weidmuller and Karbe visited the Poorhouse recently. When they saw the crowded condition of the different departments, especially the ill-devised and unhealthful apartments for the youthful insane, these gentlemen at once set about to secure some relief. The fact that there are more than 1,900 patients, insane and indigent, at the Poorhouse, and accommodation for only about 1,200, made it impossible to provide any better or safer accommodation in the present buildings, so the matter was brought to the attention of the Board of Public Improvements, with the result that Mr. Remmers's plans for a new building seem in a fair way of being realized before the end of the year.

Mr. Reiss and the gentleman who visited the Poorhouse have agreed to urge an appropriation for this building, even if it becomes necessary for extra taxation.

Mr. Remmers proposes a building 4x115 feet, two stories high, to have accommodation for eighty-four patients. This would make the cost of the building about \$400 for each patient, as against the estimate of \$50 to be allowed by other States like New York and Indiana. It is to be constructed of brick, with wide corridors, good ventilation, and is provided with shower and tub baths, operating rooms and other hospital conveniences.

Mr. Remmers is endeavoring to have the poor removed from this present institution to some place in the country, and a large farm arranged in connection with it. This would leave the building now used to accommodate the poor and insane both, for the care of the insane only, and the plans proposed for the new building contemplate an arrangement that could be easily diverted to use as a hospital for the insane, should the poor be taken to some other place.

Superintendent Remmers is of the opinion that the housing of insane and indigent at the same institution is not only poor economy, but makes proper care of either impossible.

Mr. Reiss and the gentleman who visited the Poorhouse have agreed to urge an appropriation for this building, even if it becomes necessary for extra taxation.

Mr. Remmers proposes a building 4x115 feet, two stories high, to have accommodation for eighty-four patients. This would make the cost of the building about \$400 for each patient, as against the estimate of \$50 to be allowed by other States like New York and Indiana.

Two Great Specials To-Day and To-Morrow.

Men's \$15 Suits, \$9.95
Pure wool, fancy unfinished worsteds, newest designs, superbly tailored, high hand-padded shoulders, neat collars, trimmed to perfection—would be good value at \$15—today and to-morrow—**\$9.95**

Boys' \$6 Two-Piece Suits, \$3.95

FUNSTON CRITICISED ON FLOOR OF SENATE
Pattern of Colorado Denounces Methods Employed in the Capture of Aguinaldo.

Washington, March 27.—In the Senate to-day Mr. Harris of Kansas and Mr. Quarles of Wisconsin spoke at length on the oleomargarine bill. Mr. Harris supported the measure, but urged that an amendment which he proposed, placing a tax of 10 cents a pound on adulterated butter and regulating the manufacture and sale of renovated butter, ought to be adopted.

Mr. Quarles vigorously denounced the oleomargarine industry, as at present conducted, as a fraud and insisted that in the interest not only of the 5,000,000 of dairymen, but also in the interests of the whole American people, the pending bill ought to be enacted into law.

Taking advantage of the latitude of debate afforded by the Senate rules, Mr. Patterson of Colorado sharply criticized the methods by which General Funston captured Aguinaldo, and sought to show that General Funston's statement, published to-day, that he had not violated the articles of civilized warfare, was not accurate.
