**AMERICAN GENERALS HAVE CONCLUDED THEIR VISIT.**  
Royally Entertained in England—King Edward Asked for Their Photographs Before Departure.

London, Oct. 18.—The visit of Generals Corbin and Young to England was concluded this morning when they left Waterloo railroad station to embark on the American line steamer Philadelphia at Southampton. A crowd of friends was present, including Sir Thomas Lipton, Secretary of the Admiralty, and other officials.

The special saloon reserved for the American officers was filled with the military chiefs, their aides-de-camp, and the ladies of the party. Sir Thomas Lipton presented Mrs. Corbin with a large box of orchids.  
General Young said: "The trouble with English hospitality is that they make you feel you are doing them a favor in accepting it. It was all and a little more than we could do to take advantage of all the kindnesses proffered here. Our stay was a little longer than we expected, and now I am looking forward to getting back to work at the war college."  
King Edward asked the Generals for their photographs.

One of the most interesting features of the stay of the Generals here was the fact that they made at Farnborough to former Empress Eugenie, who was quite delighted to make the acquaintance of the American. The Empress, who usually retains strict seclusion in her quiet country home and the occasion was a complete exception. One of those rare occasions when she had seen such a picturesque contrast of the Old World and the New as when Empress Eugenie, leaning on the arm of General Young, who treated her as a friend, conducted the Americans over her residence, pointing out the priceless mementoes of the imperialistic days of France.

**BIG CUBAN LAND SWINDLE.**  
Company is Seeking to Sell Swamp as Attractive Property.

REPUBLIC SPECIAL.  
Washington, Oct. 18.—Congress General Bragg at Havana has reported to the Department the existence of a fraudulent Cuban land company which is distributing in this country a large number of circulars making false and misleading statements regarding its property.

The circulars, Mr. Bragg says, describe the land as situated in the Province of Santa Clara on the Zapata Peninsula. The circulars are advertised as running from the small part of Hialeah in the Province of Havana to the Bay of Cochinos, in Santa Clara. Mr. Bragg explains that no such line of steamers exists, for two reasons: lack of water and lack of trade.

**PRESIDENT ENTERS A DENIAL.**

Washington, Oct. 18.—The following statement was made at the White House today relative to the report that President Roosevelt was interested in some Colorado mining claims.
