## TWO GOVERNORS OF CHOCTAW NATION

Thomas W. Hunter and Green McCurtain Both Claim to Have Been Elected.

LATTER NOW IN POSSESSION.

Ousted the Former From Office With Aid of Federal Troops and Hunter Has Appealed to Roosevelt and the Courts.

city to ask that the Interior Department make a thorough investigation of McCurtain's alleged illegal acts. On the face of the case, however, it looks very much as if McCurtain had the best end of it, as he has been officially recognized and is sustained by United States troops. Besides, I think it very improbable that Judge Clayton will grant the injunction prayed for. The gubernatorial fight is not the only thing having in the Indian Territory. Last Thursday night, while the Broken Arrow Indians were holding religious dances at the great mound at Broken Arrow, they suddenly discovered that the dances were under an eclipse. They became badly frightened and began to howl, weep, dance and sing and acted so distractingly that the neighboring farmers thought that the bucks were on the war path. A huge bonfire was lighted on the mound and illuminated the country for miles around and excited fears of a general massacre of the whites.

But you see that people of the West, although never much worried about coal strikes, have troubles of their own.

## Avoid Substitutes!

An honest dealer will sell an honest remedy when it is called for by a customer, will use honest drugs in filling prescriptions, and can be safely trusted as a family doctor. A dishonest dealer, who tries to sell a customer a cheap substitute of his own when a standard remedy is asked for, will not hesitate to use impure and injurious drugs.
