

FIRST MASON NO ONE-TWO-TWO SHOT

Son of Manola Mason Should Win Last Event, but Flintlock Has a Chance.

LORD HERMENCE IS BEST.

Third Event Should Go to Dan iels's Colt, but F. Smith Is a Bad Rider—Other Events.

When the little pickaninny C. Davis was riding Falkland second to Alfyar some days ago at Delmar, Alfyar bore in a bit and impeded the small darky's whip arm.

First Mason and Flintlock will tie up in the last race at Delmar to-day. With the aureola of being McChesney's half-brother about him, First Mason will be a 1-2-2 shot, when he should be 3 to 1.

On Taby Tosa's defeat of First Mason and Taby Tosa's three hard races with Flintlock, Flintlock should come close to winning to-day. Taby Tosa beat First Mason easier and by safer margins than he ever beat Flintlock.

First Mason is fast and probably a much more valuable horse than Flintlock; but he is a green, unseasoned colt, while Flintlock is a thoroughly seasoned horse and is at his best just now.

TO BEAT ONE-TWO-TWO SHOTS. Another thing in Flintlock's favor will be that he will not be favorite. Singular as it may seem, horses stand better chances of being beaten when they are prohibitive favorites than otherwise.

First Mason has beaten two bad horses, Breeze whom every one has beaten, and Ousta, a 4000 plater. The only fair plater he has met has been Taby Tosa.

The son of Manola Mason is green and seems to be taking to the game. He ought to win, but it is not a cinch.

TWO INCONSISTENT MARES. Montana Peeser and Revenge Dare should have the fifth race between them. Neither of them runs consistently, and either is liable to beat the other. It does not seem likely that they will be split.

Yana has worked very fast, is big and strong as can be seen from her record. She is not a 100-to-1 shot. Her last race was not a true one, as she never had a chance after she got off.

FRANK BELL AND STAND PAT. Frank Bell should win the fourth race on the dry. Stand Pat may give him an argument, but the track is soft may beat him. Hiles is not in form, but the fast track may suit him better than the slow one of Saturday.

PHILLIDA A GOOD THING. Phillida will be a good thing in the first, and it is said that she is a real good filly. Nellie Cromwell and C. Ache look like better ones, however, on what has been shown.

GOSSIP OF THE QUARTER STRETCH. Public Appreciated Benefit September 16 and Would Like Repetition.—To Owners, Trainers and Jockeys at Delmar: We, the undersigned, very much appreciated the benefit you all gave us when you held the race on September 16, when six favorites won. Please do it again some time. Long-suffering time.

REPUBLIC SPECIAL. New York, Sept. 20.—Working in experiments together, Doctor George F. Kunz, honorary curator of the American Museum of Natural History, and Doctor Charles Baskerville of the University of North Carolina believe they have made a valuable discovery in connection with the mysterious substance known as radium.

They were approached by a paper containing a mixture of weak radium and willerite, and instantly each one of the myriads of diamond points was a torch of many-hued flame.

The effect was simply magical. A disk of polonium was added to the display, and finally several packages of the phosphorescent powder were waved in the air, leaving paths of light.

Perpetual motion remains to be discovered," said Doctor Kunz, "but another dream of the world's past centuries has been accomplished. Here is light without heat or energy. You will notice that the two large diamonds that have been used in these experiments retain the light a little time after they are withdrawn from the influence of the radium.

Radium has been known only about three years, yet great results have been accomplished. He would be rash, indeed, who would underestimate the possibilities even of the near future. That man has possessed himself of an agency never before known to exist is the one thing certain and that is enough."

It is possible, also, that there is in willerite a substance which is as yet unaccounted for as a distinct element, but which produces the radio-activity that has awakened the enthusiasm of the two experimenters. But thus far it is taken for granted that the one substance merely stimulates the activity of the other.

It is the assertion of Doctor Kunz that radium, without the interposition of glass, is much more highly active. He further asserts that certain rays of radium—practically equivalent to an ultra-violet light ray—do not penetrate and are retained in the glass.

During to-day's experiments Doctor Kunz displayed a quantity of radium so weak that only the faintest glow from it was perceptible. Doctor Kunz announced that he held in a paper in his right hand a quantity of pulverized willerite.

It was announced that the two powders would be mixed. It was done, and immediately there was a glow that filled the entire room, though in a faint manner. Other papers containing the same mixture were produced and all glowed in a beautiful manner.

Then a block of pure willerite was brought into the dark room. In a moment it began to glow at many points, as if a thousand of minute incandescent lamps were burning just beneath its surface. A few crystal plates, a few slabs of a inch long, were brought forth. It contained three-sixteenths of an inch of radium and a quarter of an inch of powdered willerite.

In the darkness it glowed with remarkable brilliancy, the greatest brightness showing at the line of contact between the two powders where they must have been slightly mixed.

Then Doctor Kunz opened a paper parcel containing several hundred cut diamonds, ranging in size from a quarter of a carat to a full carat.

They were approached by a paper containing a mixture of weak radium and willerite, and instantly each one of the myriads of diamond points was a torch of many-hued flame.

The effect was simply magical. A disk of polonium was added to the display, and finally several packages of the phosphorescent powder were waved in the air, leaving paths of light.

Perpetual motion remains to be discovered," said Doctor Kunz, "but another dream of the world's past centuries has been accomplished. Here is light without heat or energy. You will notice that the two large diamonds that have been used in these experiments retain the light a little time after they are withdrawn from the influence of the radium.

206 'Other morning' an easy 100 sub. The one starting in the morning. Well, they got off and ran the first six furlongs in 1:18 on a lightning track. Siddons was whipping to the lead with 119 lb. on his back, and Wall could not win a 100 selling race before or after.

That was the only race over four miles in California. That does not get him anything. He is a good horse, but he is not a Little Scout can be with him for three miles and 170 yards, then run away from him in the last sixty yards.

It seems that the owners of the New Orleans track are going to make a new fight against Hot Springs getting racing dates next winter.

The report is being industriously circulated in Chicago that the new track at Hot Springs is being backed by John J. Beck, the superintendent promoter. Ryan is said to be the man with the money. This may or may not be true. As long as Ryan's money was good in the betting rings at Saratoga and Washington Park it is not easy to see why it should be discriminated against at Hot Springs.

There does not seem to be any good reason why the Jockey Club should go behind the scenes. As long as the stewards, judges and starter are men of reputation, and the association is not offered by men of commercial and social value, that ought to be enough for the public. It is not the business of the Jockey Club to be concerned with the money of the New Orleans Jockey Club of making their money by breaking the ropes.

When the little pickaninny C. Davis was riding Falkland second to Alfyar some days ago at Delmar, Alfyar bore in a bit and impeded the small darky's whip arm. A bystander with an interest in Falkland told Davis to claim a foul.

Davis said nothing until he got on the scales. Then, instead of appealing to the judge, he addressed the starter, Ryan, and said to be the man with the money. This may or may not be true. As long as Ryan's money was good in the betting rings at Saratoga and Washington Park it is not easy to see why it should be discriminated against at Hot Springs.

stion, Tom Taylor, Turner—Doctor Helm Marks and Harry Brown, Smith. To-day's Highland Park Entries. REPUBLIC SPECIAL. Delmar, Sept. 20.—Highland Park entries for Monday.

First race, maiden 2-year-olds and upward, six furlongs: Taby Tosa, 119; Silver Foam, 118; Doctor Riley, 117; Manzano, 116; Dr. Chubb, 115; Ella Richards, 114; Tatum, 113; Motta, 112; Navigator, 111; Red Seal, 110; Lemm Tase, 109.

Second race, selling, 2-year-olds, four and a half furlongs: False Entry, 114; Artemesia, 113; Bayview, 112; Bonnie Chance, 111; Buck Ripley, 110; Lorian, 109; Nettie Belle, 108; Wisaroh, 107; Hunter, 106; Red Seal, 105.

Third race, purse, 2-year-olds and upward, one mile and seventy yards: Bank Street, 114; Charlie McCom, 113; Ben Howard, 112; Ontario, 111; Little Boy, 110.

Fourth race, selling, 4-year-olds and upward, seven furlongs: Larkspur, 111; Seminole, 110; Fairbury, 109; Doctor Grayson, 108; Nellie Wagon, 107; Doctor Hiram, 106; Onanetta, 105; Fanny Haze, 104; W. W. Adcox, 103; Circus Girl, 102; Louis Breeze, 101; Drummond, 100.

Fifth race, selling, 2-year-olds, five furlongs: Standard, 110; Tennessee, 109; Marlborough, 108; Melita, 107; Eudora, 106.

Sixth race, selling, 2-year-olds and upward, one mile and an eighth: Ella Ripley, 109; Flora Willoughby, 108; Spring Line, 107; Brierley, 106; Chickadee, 105; Hufford, 104.

HIGHLAND PARK SELECTIONS. REPUBLIC SPECIAL. Detroit, Mich., Sept. 20.—Selections: First Race—Taby, Dr. Riley, Silver Foam. Second Race—Taby, Manzano, Tatum, Peary. Third Race—Ben Howard, Corsica, Bank Street. Fourth Race—Hill Girl, Four Leaf Clover, Fairbury. Fifth Race—Ella, Tennessee, Standard, Sixth Race—Spring Line, Chickadee, 526, Riley.

TO-DAY'S HAWTHORNE ENTRIES. First race, selling, six furlongs: James, 112; Moravia, 109; Barbara, 108; Propeller, 107; Best Man, 106; Lulu, 105; Tom Hill, 104.

Second race, steeplechase handicap, short course: Duke of York, 114; Paul Aker, 113; Mrs. Gramham, 112; Galba, 111; Snowdrift, 110; Paul Aker and Heber, Bradley entry, Galba and Credit, Corcoran entry.

Third race, September Handicap, one mile: Judge Hines, 114; Luralight, 107; Linguit, 106; Daily Dawn, 105; Mendon, 104; First Chip, 103; Monk Breeze, 102.

Fourth race, six furlongs: Moorily, 114; Elmood, 113; L. E. Evans, 112; Toledo, 111; Callant, 110; Determination, 109; Tom, 108.

Fifth race, selling, one mile and an eighth: Omdrum, 112; Dede S., 107; Charles Granger, 106; Led Mebourne, 105; Little Edwin, 104; Alfricht, 103; O'Hara, 102.

Sixth race, 2 and a half furlongs: Rockaway, 114; Argie Lewis, 113; Coroner Kelly, 112; Allista, 111; Mayor D. S., 110; Allista, 109.

HAWTHORNE SELECTIONS. REPUBLIC SPECIAL. Chicago, Sept. 20.—Selections: First Race—Taby, Dr. Riley, Silver Foam. Second Race—Taby, Manzano, Tatum, Peary. Third Race—Ben Howard, Corsica, Bank Street. Fourth Race—Hill Girl, Four Leaf Clover, Fairbury. Fifth Race—Ella, Tennessee, Standard, Sixth Race—Spring Line, Chickadee, 526, Riley.

TO-DAY'S DELMAR ENTRIES. First race, five furlongs: 759 Edna Daniels, 98; 823 True Girl, 104; 102 Woody Win, 98; 824 Always Faithful, 98; 807 Nellie Cromwell, 98; 799 Zetta, 98; 801 Pilgrim Girl, 105; 798 Fond Memory, 98; 789 Ache, 108; 748 Monchere, 98.

Second race, six furlongs: 786 Royalist, 107; 829 La Cote, 102; 828 Ultra Vires, 102; 744 Little Corcor, 102; 817 Eucawata, 102; 743 Hemlock, 102; 803 Will Shelly, 101; 829 Harry Grinnell, 101.

Third race, six and one-half furlongs: 783 Lord Her, 108; 818 Town Moor, 104; 835 Wealth of Ivy, 103; 820 Hugh McDo, 103.

Fourth race, six furlongs: 721 Zebra, 110; 800 Stand Pat, 109; 812 Hiles, 114; 799 Frank Bell, 114.

Fifth race, one mile: 817 'After the Ball, 111; 823 Hedges, 98; 808 Revenge Rare, 104; 824 Yacum Fomax, 98; 800 Mollie, 104; 825 Fanny, 98.

Sixth race, six mile and seventy yards: 102 Summer II., 100; 751 First Mason, 107; 814 Flintlock, 104; 813 Golden Glitter, 104.

TO-DAY'S GRAVESEND ENTRIES. First race, for 2-year-olds, about six furlongs: 820 Harango, 115; 815 Bats, 115; 816 Minola, 115; 817 Veta, 115; 818 Adriaht, 115; 819 Redman, 115; 820 Madder, 115; 821 Silver Twist, 115; 822 Outcome, 115; 823 Second, 115; 824 Quilten, 115.

Second race, steeplechase handicap, about two miles and a half: Tankard, 109; Somerset, 111; Self-Protector, 103; Manilla, 119; 818 Maddy, 115; 819 Burs, 119; 820 The Ragged Chief, 144; 819 Silver Twist, 119; 821 Cephalina, 140; 820 Gooat, 119.

Third race, handicap, one mile and a sixteenth: Lux Costa, 116; Elise L., 116; Eugenia Burch, 114; Gavota, 112; 818 Mollie, 112; 819 Salvia, 112; 820 Ada Nay, 109; 818 Salvaterra, 109; 819 Agta D., 108; 818 Dekabar, 107; 819 Agta D., 108.

Fourth race, the Albatross, selling, for 2-year-olds, five furlongs: 820 Funnyside, 115; Silver Dream, 108; 816 Moravia, 114; Handome Florry, 99; 817 Lela, 114; 818 Mollie, 114; 819 Mimon, 114; 820 Fingering Girl, 114; 821 Sauterka, 114; 822 Fine Art, 114; 823 Thistle Heather, 114.

Fifth race, selling, one mile and an eighth: 819 Henry, 111; 818 Williams, 111; 819 Highlander, 108; King Carter, 109; 818 Olive, 108; 819 B. B. B., 108; 819 T. H. Hill, 111; 818 R. R. B., 108; 819 Sauter, 108; 818 Harrison, 108; 819 Gold, 108; 818 Mabel Richardson, 108; 819 Katal, 108.

Sixth race, handicap, about six furlongs: 818 Reliance, 114; Invincible, 104; 819 Alameda, 117; Love Note, 110; 818 Annie Worth, 110; 819 Lilla, 110; 819 Grete, 110; 818 Parisienne, 104; 819 Athlana, 104.

WEATHER CLEAR, TRACK FAST. REPUBLIC SPECIAL. New York, Sept. 20.—Selections: First Race—Taby, Dr. Riley, Silver Foam. Second Race—Taby, Manzano, Tatum, Peary. Third Race—Ben Howard, Corsica, Bank Street. Fourth Race—Hill Girl, Four Leaf Clover, Fairbury. Fifth Race—Ella, Tennessee, Standard, Sixth Race—Spring Line, Chickadee, 526, Riley.

BREEZE DRIVING CLUB'S OPENING. New Park Dedicated With an Attractive Programme of Races. REPUBLIC SPECIAL. Delmar, Sept. 20.—The park of the Breeze Driving Club was dedicated this afternoon by giving a racing machine up to the club. The club, which is estimated at 2,000 persons, watched the race, all of which were close and exciting. Horses were entered and participated in St. Louis, Lebanon, Belleville, St. Charles, and Breeze. Three purses of \$100 each were put up. All were trotting events, mile heats, two best in three. The summaries follow:

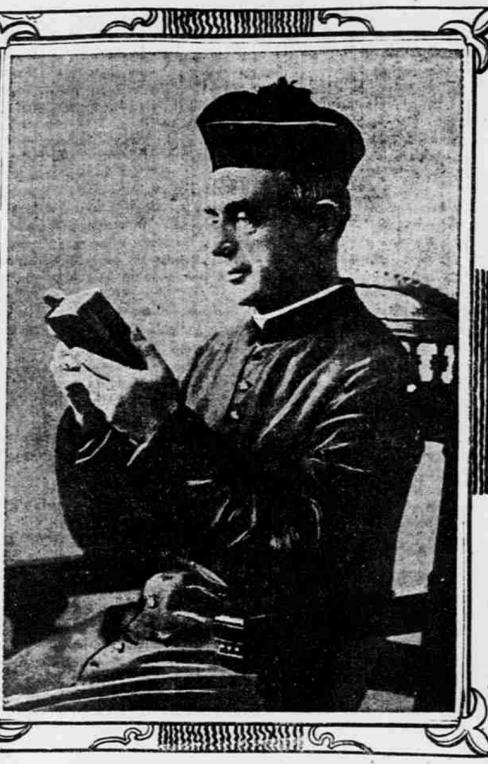

Three-minute race: First heat—Junior William P. Breeze, 1:11.3; Harry J. Harry, 1:11.3. Second heat—Harry J. Harry, 1:11.3; Junior William P. Breeze, 1:11.3. Third heat—Harry J. Harry, 1:11.3; Junior William P. Breeze, 1:11.3.

Four-minute race: First heat—Robert G. D. I. Brown, 1:14.3; Vendetta, Dr. W. G. Bechtold, 1:14.3. Second heat—Robert G. D. I. Brown, 1:14.3; Vendetta, Dr. W. G. Bechtold, 1:14.3. Third heat—Robert G. D. I. Brown, 1:14.3; Vendetta, Dr. W. G. Bechtold, 1:14.3.

Five-minute race: First heat—Mark Terry (J. T. Rodgers), Lebanon, 1:12.2; Bob (A. G. Granger), Breeze, 1:12.2. Second heat—Mark Terry (J. T. Rodgers), Lebanon, 1:12.2; Bob (A. G. Granger), Breeze, 1:12.2. Third heat—Mark Terry (J. T. Rodgers), Lebanon, 1:12.2; Bob (A. G. Granger), Breeze, 1:12.2.

Running race, one mile—Gordon Hill, first; Sturgeon, second; Mollie, third. The judges were John Oudine, Dr. Oudine, and Mollie.

REVEREND FATHER VAUGHAN CONTINUES BROTHER'S WORK. LIGHT WITHOUT HEAT OR ENERGY DISCOVERED.

THE REVEREND FATHER VAUGHAN, Brother of the late Cardinal Vaughan, who founded the Metropolitan Cathedral in Westminster, London.

The Reverend Father Vaughan, who has been traveling in South America, countries to raise funds for the Spanish-American chapel of the Metropolitan Cathedral in Westminster, London, which his brother, the late Cardinal Vaughan, founded, is the guest of Father Sullivan of St. Louis University.

After a short stay he will go to New York City, and from there he will go to Mexico and the Central American Republics to raise the \$17,000 balance of the \$20,000 which the chapel will cost.

Besides being bound by the common bonds of the church, Father Vaughan says that he is especially interested in the Spanish-American countries because his great-grandmother was a Spanish woman of Catalonia and his grandfather was a General in the Spanish Army.

The latter, when from Cadiz to Buenos Ayres, the capital of the Argentine Republic, about 19 years ago, and successfully resisted an invasion of the Portuguese and retained that country for Spain.

The chapel for which Father Vaughan is working will be known as the Chapel of the Blessed Sacrament, and the money for it will be contributed by the Spanish-American people. The chapel is one of twelve of the cathedral proper, symbolizing the Savior and the twelve apostles.

Byzantine architecture is the style, and the cathedral is modeled after the Santa Maria della Salute, the cathedral of Venice and the Cathedral of Ravenna, in Italy.

Father Vaughan says it has the largest archway and nave of any cathedral in the world. The central tower is dedicated to St. Edward the Confessor.

PEOPLE RESPOND LIBERALLY. Father Vaughan has traveled in every part of South America and found the people very responsive to his mission.

As Father Vaughan's brother, the late Cardinal, was noted for his work in London, so he has gained prominence in his among the Spanish-speaking people of South America.

This has come about by his having popularized a Spanish edition of the New Testament, which he translated in the vernacular of the South American countries. He has distributed 125,000 of these, and it is being used in the national schools of the Argentine Republic.

A great many copies of the Testament have also been sent to Spain, where Father Vaughan has traveled extensively. In connection with its distribution in Spain, he tells of an incident which he says has never entered the church.

He chanced to give the first copy of the Testament, which arrived in Spain at the port of Barcelona, to a priest as the latter was being called to visit Jose Ascheri, the anarchist who threw the bomb at the head of the procession of the Blessed Sacrament at the Feast of Corpus Christi in 1888.

The priest slipped the book in his pocket and went to the prison. He was unable to make any impression on the assassin, who had been condemned to die. All his efforts to win him to the faith and repent were unsuccessful.

CONVERTS NOTED ANARCHIST. Just as he was leaving, the priest thought of the book Father Vaughan had given him, and he left it with Ascheri, asking him to read it. He called again when the day of execution was near, and was surprised to find the man had read the Testament, which had embroiled the faith and was ready for sacrament.

Father Vaughan is one of seven brothers of the late Cardinal Vaughan, while the other, Francis Vaughan, became a Colonel in the English Army. Colonel Vaughan married Caroline O'Connell, a St. Louis girl, the daughter of Mrs. F. Fallon.

Father Vaughan is at work on a book recording the history of the movement to erect the chapel of the Blessed Sacrament, and his notebook contains the signatures of prominent officials who have subscribed.

Brighton people intend to offer a stake of \$12,000 for that purpose. Joyner's statement and Smathers's will be put into the hands of the Brighton people, and will not be held until the better horse no doubt will result in a game warden shot hunter.

Man Refused to Leave When Ordered Away by Official. Wilkesbarre, Pa., Sept. 20.—E. W. Campbell, one of the Game Warden's Luzerne County, to-day shot and probably fatally wounded Roman Dales, aged 35 years, near Campbell's Lodge, two miles from Pittston.

Several foreigners of late have been violating the game laws, especially on Sunday. Campbell, with other officers, found five men to-day prowling around the woods with guns. He notified them to leave, which they refused to do.

An attempt was made to put Dales under arrest, when the latter raised his gun to shoot. As he did, Campbell seized the weapon. It was discharged in the scuffle, the contents tearing Campbell's clothing to shreds. Both men fell to the ground. Dales made an attempt to recharge his revolver, but Campbell, with the other officers, shot him in the back.

McChesney's Race Against the Picket Afforded
