Republicans Choose Him as Their Candidate for the Supreme Court.

JUDGE ROBINSON IS IGNORED.

Norton of St. Louis and Johnson of St. Joseph the Nominees for Eastern and Western District Appellate Courts.

BY A STAFF CORRESPONDENT. Jefferson City, Mo., Aug. 16.—With scarcely half of the delegates present, the Republicans to-day, in two hours and a half of actual work, nominated Henry Lamm of Sedalia for the Supreme Court to succeed the present Republican, Waltham M. Robinson; Bert D. Norton of St. Louis for the Eastern District Court of Appeals, to succeed Valle Robinson; and James M. Johnson, of St. Joseph for the Kansas City Court of Appeals, to succeed Jackson L. Smith.

Though John P. Bothwell, who called the convention to order, lauded Republican judges in general, no mention was made of the record of the present Republican incumbent. The Resolutions Committee ignored the record which he had made. Not only that, but the convention unanimously elected O. Lee Houts of Warrensburg both temporary and permanent chairman.

Houts was the attorney for Editor Shepherd, who was fined \$50 for contempt of court. Shepherd was also a delegate to the convention with Houts. When it was suggested to Houts that Robinson's record in the Shepherd case should be indorsed, he half seriously and half laughingly replied that he would declare it out of order.

After this taking every trouble to repudiate their present member of the Supreme Court, the politicians in control of the convention proceeded to nominate the man who was defeated by the people two years ago, Henry Lamm, who is well known in the eastern part of the State. The candidates against him were Kendall E. Ray, of St. Joseph, and J. P. Nixon of Lebanon, a late entry.

As in the St. Joseph State Convention, a fair election "and a honest count" cut little figure. Though there were only 48 delegates provided for in the call, 456 votes were cast for the three candidates, as follows: Lamm, 222; Randolph, 152; and Nixon, 72. An attempt to have the stuffed ballots straightened was foiled by a motion to declare Lamm's nomination unanimous.

As stated in The Republic, Norton's nomination is a result of his securing the Walbridge programme should cost St. Louis Democrats the city of St. Louis, and the city of St. Joseph, for two years ago in St. Louis. As the term of office is twelve years and the salary \$7,000 a year, the chance of getting \$82,000 from the public coffers looks like the main chance to the assiduous Mr. Norton.

Johnson of St. Joseph is a well-known young attorney of that city, who was brought out originally to beat Randolph for the Supreme Court. He is, and has been, aligned with the Kerns faction in that city, which is largely a Republican city. He is the son of a prominent St. Joseph lawyer, and is the nephew of the late Governor Johnson.

Both of the Courts of Appeals conventions were held immediately after this nomination of Lamm. No opposition developed to Norton or Johnson, both of whom were nominated by acclamation.

Norton's nomination was not secured without a fight from DeLoe, Houts and others of his sort. Some of the city committee-men were very much wrought up over the alleged fact that DeLoe, Houts and others were to be the next chairman of the City Committee and his alleged ability to defeat DeLoe, Houts and others was only shown of life in the convention was when a delegate from the Twenty-seventh Ward protested against his assuming a seat in that delegation.

GOVERNOR DOCKERY MAKES SPEECH. Governor Dockery was called upon for a speech at the morning session and was introduced by Chairman Houts as "the late Democratic Governor." The Governor happily replied that he was a Republican for the day, as was evidenced by his wearing a Roosevelt badge, which had been given to him by the House of Representatives.

The convention finished its work shortly after 3 o'clock this afternoon. Until the election of the delegates to the State of Delegates, presented Lehmann with three boxes of cigars, for the use of himself and his delegation.

It then developed that Lehmann had lost caste with his fellows, through a proposition to "buy" the delegates to the State of Delegates, presented Lehmann with three boxes of cigars, for the use of himself and his delegation.

M., K. AND T. WILL SUE FOR 3,200,000 ACRES IN THE INDIAN TERRITORY.

REPUBLICAN SPECIAL. Muskogee, I. T., Aug. 16.—The Missouri, Kansas and Texas Railroad has filed suit in the court here against James Bullett, a citizen of the Creek Nation, for possession of an allotment.

This is the first of several suits which will be filed by the M., K. & T. to test its claim against the Government that it was to receive every alternate section of land for five miles on either side of its right of way through the Indian Territory.

In 1866, it is claimed by the M., K. & T., Congress made a grant to the first railroad that would build a line through the Territory from the Kansas line to the Texas line.

The M., K. & T. and the Santa Fe tried for the prize, and the Katy got its line through first and won. The grant reads: "As soon as Indian Territorial government is extinguished and the land becomes public domain, it should become the property of the railroad."

The title has never been passed to the Government, and the land has not become public domain. The railroad contends that this is fraud, and that the Government allotted the land this way to avoid fulfilling the grant.

There are 3,200,000 acres of land involved. The railroad was to get odd sections, and some good towns in the Territory are on these odd sections.

SHOOTING AFFRAY RESULTS FATALLY

Frank Healy, a Carpenter, Said to Have Killed John Diester, a Wagon Driver.

Mortally wounded by five bullets fired from a revolver in the hands of Frank Healy, John Diester fell in front of a saloon at No. 234 Laclede avenue shortly before 10 o'clock last night.

What the circumstances were which led to the shooting no one seems to know, and the first that was heard was the first shot, and as Diester came running out of a narrow alley adjoining the saloon with Healy behind him bystanders were first aware that there was trouble.

Diester resided at No. 123 Central street and was the driver of a wagon in the employ of the H. Green Brewing Company. About 9:30 o'clock last night he drove up to the saloon of F. Deida at No. 234 Laclede avenue and delivered a half barrel of beer. He stopped and chatted with the proprietor, and according to the statement of Mr. Deida, remained about five minutes, and then went out the back door to get an empty half barrel, which was setting at the entrance of an alley two feet wide which runs side avenue at No. 234 Laclede avenue.

Deida states that Diester had hardly closed the door when a shot rang out, followed by three others, which he stated to be the front door and at the sound of the first shot a crowd began to gather. Deida says Diester came running out the back door, and as they reached the street, it is said, Healy fired five shots, which fell on Diester, striking Diester in the back and hips.

Policeman Joseph Mahan was on the scene and arrested Healy, who was taken to the City Hospital, where he died, without regaining consciousness or making a statement. Law-rence McCarthy, 14 years old, residing at No. 204 Manchester road, was a bystander and one of the bullets wounded him in the leg.

Frank Healy, who was taken to the Four Courts, is unmarried and is about 45 years old. He is a carpenter by trade and has lived in that vicinity for the last fifteen years. As far as could be learned from bystanders, there was no cause for the trouble and no quarrel preceding the shooting.

Fine Gold Watches, \$52. Gentlemen's solid gold watches, hunting case, elegantly hand-carved, fitted with jeweled nickel movement, special value today, \$52, at Mermod & Jaccard's, Broadway and Locust street. Other solid gold watches, gentlemen's sizes, \$25 and up; ladies' at \$19 and up.

SAW ANOTHER OPERATION. Wounded Boy Waited for Surgeons to Reach Him. While every available surgeon at the City Hospital was engaged in trying to save the life of John Diester, who was shot last night, little Albin Kobylinski, who had been shot in the face by a companion, sat upright on an adjoining operating table with his arms folded across his chest awaiting the surgeons' attention.

The physicians stood silent till the death of the first patient was announced, and then began to probe Kobylinski's nose. It was found that the bullet had passed through the boy's lip up through one nostril and had taken over to a cot.

The shooting is said to have taken place while Kobylinski and Fred Jordan, 20 years old, known as "The Cowboy," were sitting on a doorman's car in front of No. 149 North Tenth street, not far from the former's home. An argument arose about a little girl living opposite, when Jordan pulled a revolver from his pocket and fired point blank at his companion.

Car Accident Delays Traffic. Street-car traffic was delayed for a short time last night by an accident at Seventh street and Washington avenue, where an eastbound Delmar car ran into the front end of a northbound Bellefontaine car, deterring it and breaking one of its wheels.

The Delmar car was only slightly damaged and did not have to stop for repairs. The Bellefontaine car was seriously damaged and was taken to the repair shop at Seventh street at the point where the accident occurred. After some delay the Cass avenue cars were transferred to Sixth street and the Bellefontaine car to Ninth street, where they continued to run till the damaged car was removed from the track.

Child Dies From Fall. August Froese, the 2-year-old child of Mr. and Mrs. August Froese, of No. 524 Bulwer avenue, died at 4 o'clock Monday afternoon from the effects of a fall from a porch at the rear of the Government's building at the corner of Third and Locust streets, to the ground 25 feet below. The child's skull was fractured causing concussion of the brain.
