

ECONOMICAL INSURANCE

Munyon's Cold Cure Makes Good Life Insurance. IT PREVENTS Grippa, Bronchitis, Pneumonia and Other Diseases Having Their Origin in Colds.

I regard my Cold Cure as being better than a life insurance policy. How often we hear the statement following the loss of a precious life that it was only a simple cold at first. Did you ever stop to consider, though, that a cold is the beginning of most diseases? It is the starting point for pneumonia, rheumatism, neuralgia, catarrh, kidney troubles and numerous other diseases. Speak of a cold and this should be the sequence: Colds, catarrh, coughs, bronchitis, grippe, pneumonia and possibly consumption. Long periods of sickness can be prevented by prompt attention to a cold and the use of my Cold Cure—MUNYON.

Where the Liver or Stomach is out of order or the Blood is impure, I most earnestly advise the use of my Paw-Paw Tonic. It will sweep up the complexion, drive out impurities of the blood, and make you well and strong. Munyon's Rheumatism Cure is a blood-specific for Rheumatism in any of its forms. Munyon's Kidney Cure has cured more cases of kidney disease than all other preparations combined. Munyon's Face-Laxative Pills are a positive cure for constipation, biliousness, jaundice and bilious headache. Munyon's Remedies—a separate cure for each disease—mostly 50c a bottle. For sale at all druggists. Hazel Soap, the best and purest soap made. Makes the skin soft as velvet. For sale everywhere.

Hotel Runners' Case Tried.

The suit of C. M. Robinson and other hotel runners to prevent the police authorities from interfering with them in soliciting trade at Union Station, was tried before Circuit Judge Foster yesterday and taken under advisement.

Young women may avoid much sickness and pain, says Miss Alma Pratt, if they will only have faith in the use of Lydia E. Pinkham's Vegetable Compound.

Judging from the letters she is receiving from so many young girls, Mrs. Pinkham believes that our girls are often pushed altogether too near the limit of their endurance nowadays in our public schools and seminaries.

Nothing is allowed to interfere with studies, the girl must be pushed to the front and graduated with honor; often physical collapse follows, and it takes years to recover the lost vitality, often it is never recovered. Miss Pratt says, "I recommend it to all young women who suffer from female weakness."—Miss ALMA PRATT, Holywell, Mich.—gives perfect original of above letter.

JURY IN SESSION FOR FAIR PERIOD

County Inquisitorial Body May Not Adjourn Finally for Several Months.

DETERRENT EFFECT ON CRIME

Indictments Made Public in Clayton Court Against Alleged Slot-Machine Operators and Gambling-House Keepers.

The regular Grand Jury of the September term of the Clayton Circuit Court was impaneled yesterday. Judge McElhinney, in his charge to the jurors, referred to the recent agitation against crime in St. Louis County.

He said there had been intimation of official dereliction, that the matter had been investigated by the last Grand Jury and reported without basis, but that would in no wise preclude the present body from making any investigation that seems warranted.

Judge McElhinney also asked the Grand Jury to remain in session indefinitely, because of the deterrent effect it would have on crime in the county, and it is probable the jury will not adjourn finally until the close of the Louisiana Purchase Exposition.

The Grand Jurors are: Peter Bopp, Sr.; Henry Heinemann and J. H. Dietrich of Bonhomme Township, John Heintz and Anton Ruchel of Carondelet, Fred Autenrieth, Henry C. Helmering and Charles Barbe of Central, George Hurnaker and P. W. Gluck of Meramec and T. T. Lucas and Joe Lindeman of St. Ferdinand. Henry Helmering was elected foreman of the jury, after which an adjournment was taken until Thursday.

Four indictments against alleged slot-machine operators and five against keepers of alleged gambling-houses were made public in the Clayton Circuit Court yesterday by the defendants appearing and giving bond to answer to the charges preferred against them.

Those who are accused of operating slot machines are George T. Gauthier, William Simon, Henry Nahn and Charles Bradley. Evidence against them was secured last July by Deputy Sheriff J. W. Bellairs and John Hanson.

Those accused of running gambling-houses are William Flinn and Robert Whiting, Luke Tierman, Ed Burke and Babe Kerr.

The witnesses against Burke and Kerr are Melbourne Smith, Frank White, H. E. Morrison and W. T. Cook. Those against Flinn and Whiting are George T. Gauthier, William Simon, Frank McClinton, Cornelius Fleming, P. C. DeBard and Eugene Perry.

HAPPENINGS IN ILLINOIS CITIES AND TOWNS

COUNCIL ACCEPTS HIS RESIGNATION

Controversy Over Fees Causes Chief of Police to Withdraw—Two Men Dismissed.

The resignation of Chief of Police Conrad Yackel was accepted at a meeting of the City Council of Belleville last night and two policemen, Henry Yerk and James Corwin, were discharged.

The resignations of the Chief and the policemen were asked for by a majority of the members of the City Council in a caucus held several days ago. The policemen refused to resign and were discharged.

The trouble arose over a report from Policeman Yerk, who has been on the Belleville force for more than eight years, who stated that he had failed to receive certain sums of money, which the law of Illinois allows to go to the Chief of Police for serving subpoenas, and which Yerk thought were due to him.

According to the custom in Belleville, persons arrested Saturday nights have been allowed to appear Sunday and plead guilty and pay the fine and costs, so as to be able to return to their work Monday morning. The witnesses do not appear on these occasions, and Yerk had served papers, he believed the money was right, and he had not received it.

Yackel stated that he had never been informed on that subject and did not know that he was acting in violation of the law. He immediately sent in his resignation. Yerk and Corwin were discharged for refusing to resign.

John Dinges, a member of the Belleville fire department, was discharged for insubordination.

FOUL PLAY WAS SUSPECTED

Coroner, However, Decides That Identified Man Died of Accident.

What was at first believed to have been a case of foul play was later decided by a coroner's jury to have been an accidental death in the case of an unknown white man who was taken from a cistern at Bixby, about twelve miles from East St. Louis, yesterday morning.

The body was discovered in the cistern by James Johnson, who notified Coroner Wehrhaken of East St. Louis. The body was badly decomposed, and there were several weeks. The cistern is used as a sort of sewer. The man was white and was dressed in a railroad laborer's attire. There is no clue to his identity. The coroner's jury returned a verdict of accidental death.

Lucinda Harper, a prisoner in the Clayton jail, was discovered by Freddie Hencken, 5 years old, a nephew of Sheriff Hencken, in an attempt to escape yesterday.

The liberty of the corridor had been given the prisoner. In some manner she obtained a pair of scissors. Going to the window she put her arm through the bars and began picking out the mortar between the bricks on the side wall. She had succeeded in getting out three bricks, when Freddie passed by and saw her.
