SOCIETY INSPECTS DISPLAY.

"This flower show surpasses anything that ever has been attempted in St. Louis," said Doctor William Trelease, director of the Missouri Botanical Garden, in speaking of the wonderful display of chrysanthemums at the flower show, which is being held in the Horticulture building at the World's Fair.

It was the center of attraction at the Flower Show yesterday. It is exhibited by Vaughn Seed Company of Chicago and shows what may be done by grafting other varieties onto one plant.

have ever seen. In Japan we make much of the chrysanthemum. Every year the Emperor throws open the Imperial Gardens to the nobility and the better class of people, and tourists come from afar to see the royal chrysanthemums, and we have magnificent specimens, but this surpasses anything I have ever seen."

MAN FROM TEXAS SAYS HE IS CHRIST

Rachel R. Newsom of Dallas Claims to Have Message to Deliver.

BRYAN IS HIS IDEAL MAN.

Expresses Belief That Nebraska Is the Moses Who Will Lead the People From Monetary Wilderness.

That he is Christ, come to St. Louis, is the belief of Rachel R. Newsom of Dallas, Tex., who is stopping at No. 204 West End place.

So strong is his belief that he says he has expended many dollars to promulgate it.

Newsom came here from Dallas two weeks ago with the double purpose of visiting the World's Fair and impressing the people of St. Louis that he had a message to deliver.

He does not seek to make money from his idea, he asserts. He has made no converts here.

Newsom has been a prosperous farmer and owned and cultivated a large plantation near Dallas. His income from his cotton crops was about \$2,000 a year, and he lived in content with his wife and little family. He sold the property and came to this city with the proceeds, which he deposited in a bank.

He is 40 years old, dresses well and has a good command of language. William Jennings Bryan is his ideal, and it is part of his belief that Bryan is to be the Moses who will lead the people of the United States out of a monetary wilderness. Claiming to have the gift of prophecy, he says that Bryan will yet be the President.

Twenty years ago he became impressed with William Jennings Bryan, who was a member of his church and his extreme devotion to church matters he says caused his sanity to be inquired into. Newsom conducted his own defense, but he says, he was found sane. Three months later he was released and has been on the platform as a lecturer since, except for such time as he has devoted to his farming interests. He will depart to-day for his home near Dallas.

FIRE NEAR OIL CAUSED A PANIC

Blaze Adjoining Brown Company Tanks on Papin Street Alarmed Neighborhood—Explosion Feared.

A mysterious fire in the two-story building at No. 2712 Papin street endangered the oil tanks of the R. D. Brown Oil Company adjoining, creating a panic among the residents of that neighborhood yesterday afternoon at 5 o'clock.

The fire was discovered by Henry Schis of No. 2715 Papin street, who turned in the alarm. When the firemen arrived they discovered that the rear room on the second floor was ablaze. All doors were locked and an entrance was forced.

No one was in the house at the time. The flames leaping from the rear windows almost blocked the immense tanks back of the house, and the fear of an explosion drove the residents of that neighborhood to the street. Before the blaze was extinguished the building had been damaged to the extent of \$10,000.

One floor of the building was occupied by John Schmis and the other by the family of Mrs. Mary Schmis. The cause of the fire is unknown.

APPEAL SUCCEEDS WHERE SWORD FAILS.

New Russian Minister Institutes Pacific Method of Dispersing Student Riots.

St. Petersburg, Nov. 7.—There was a small student disturbance at the university to-day, but it was handled in the same rational manner as the one at the Kazan Cathedral about ten days ago, and as a result the whole affair passed off without serious consequences.

About a thousand university students divided into two groups, one singing the Russian national anthem and the other the "Marsellaise." The police appealed to the latter group to stop, and they agreed to do so if their opponents stopped.

This was done and the affair ended with a hearty laugh. The previous affair referred to above was organized on the occasion of the anniversary of the death of Alexander Pushkin, the Russian poet.

These two incidents, small in themselves, have caused a great deal of talk in St. Petersburg, owing to the method of dealing with student disturbances, which is attracting the attention of the police.

STUDENTS ELECT PARKER.

Roosevelt Defeated by Majority of 85 at College Election.

Judge Alton B. Parker was elected president yesterday afternoon by the students of St. Louis University, by a majority of 85.

The election, in preparation for which both sides of the collegiate department of the school worked diligently, probably will surpass the national election in enthusiasm.

Each side was supplied with speakers, and political issues were the chief topics of the discussion among the students during the week's campaign.

The number of students in the collegiate department who cast their vote at the election was 247. Of this number Parker received 162 and Roosevelt 85.

The "Radiant Home" hard-coal heating stove, as shown in one of the show windows of the big stove store on Sixth street near Locust, is attracting the attention of everyone passing by. This stove is so arranged as to allow what it can do when all drafts are left open.

WOMAN DIED IN AMBULANCE.

Jennie Felix, who for many years has been known to the police station and City Hospital authorities, died yesterday while being taken from the Dispensary to the City Hospital in an ambulance.

She became ill while being taken to the First District Police Court to answer a charge of drunkenness. A City Dispensary physician ordered her taken to the hospital, but when the ambulance reached there she was dead. She had no home, and the police know of no relatives. Alcoholism was the cause of her death.
