MOVE TO EXPEDITE DISPOSAL OF BILLS

Delays in Each Branch in Acting on Measures of the Other Cause Introduction of Expedient Legislation.

BY A STAFF CORRESPONDENT. Jefferson City, Mo., March 6.—There has been much talk here by Senators and members of the House that bills which have been pending in the Legislature for some time should be expedited.

Senator Bradley said he was opposed to expediting the bills around the stump by sending the salaries through a substitute.

Senator Vorhees said that the bill applied only to the judges outside the cities, and that they deserved any increase which would be made by the Legislature.

Senator Bradley said that the bill would be passed by the Legislature, but he was in favor of its passage.

REPEAL FOR LAWYERS. The Senate was then surprised by Bradley's motion and he had changed his mind and would support the measure.

COCKRELL'S NOMINATION CONFIRMED BY SENATE.

The Republic Bureau. Wyatt Building, 14th and F Streets. Washington, March 6.—In the big batch of nominations sent to the Senate by the President today was that of Senator Francis Marion Cockrell to be a member of the Interstate Commerce Commission.

Senator Cockrell will not formally accept the position for a few days. He is occupied with the work of closing up his business as senator, which includes disposing of the papers in many legislative matters that have been before him in the thirty years of his service.

He would not be free, if he preferred otherwise, to at once enter on his duties as a Commissioner. His friends here have heard nothing of a direct and definite character from Missouri, which would indicate that acceptance of the commission would affect his standing as minority candidate before the Legislature.

As to his candidacy for reelection to the Senate, it can only be repeated that he would rather be senator than hold any appointive place in the gift of the Government, and that he would accept an election from the sitting Legislature.

Delected Candidates May Be Cared For by Organization and the Republicans—Board Finishes Primary Count.

From all indications, the wane of Butler influence in the House of Delegates will be left for the Municipal Ownership people and the Republicans to check.

The problem of taking care of the delected Butler candidates in the Democratic primary has been presented to the Municipal Ownership party, and several names were said to be under consideration yesterday.

The Republicans are expected to do their part later "for services rendered." It is not clear how far the Municipal Ownership party will go in taking care of the delected Butler candidates.

politics; that he was convinced the Peabody people had no case.

"Mr. Morgan stated that he had been offered \$500 by Peabody people, and he ought to have \$1000 if he stood by Adams and incurred the enmity of the Peabody people. I told him that I would not play any member of the Legislature to vote one way or the other in the governorship contest. Mr. Morgan was very insistent, and finally said he would take \$1,500. I absolutely refused to have anything to do with him and he went away. Mr. Sullivan was present during the entire conversation and heard him solicit the bribe, and Mr. Herbert emphatically declined to consider it.

"I do not believe the charges," Governor Adams said in reply to a question, "and I believe that they are made simply as part of the political game."
