AT THE BIG POULTRY SHOW

ATTENDED BY HUNDREDS DESPITE THE WEATHER. A Genuine Wild Goose, Beautiful Fowls of All Kinds, Exquisite Pheasants and Great Interest Manifested.

To all lovers of blooded poultry and appreciators of the beautiful an opportunity is now given of seeing the finest and largest exhibition of thoroughbred fowls ever exhibited in this state. At the fifth annual exhibition of the New Haven Poultry Association some of the exhibits are said to be the finest ever shown in this country. Among the special attractions are the 150 Plymouth Rocks shown by Pierce Bros. of Winchester, N. H. This exhibit has been pronounced by experts to be better even than that at the poultry show in New York last year. The same parties have also a fine exhibit of 110 game cocks, on which they have received several prizes.

Perhaps what might be termed the king of the show is the mammoth bronze turkey owned by E. J. & W. Ferguson of Fisher's Island, New York. He weighs forty-one pounds. The same firm have also a fine pair of wild Canada geese. The gander of this pair was caught in the big snow storm last winter and cut down five geese from the flock, all of which were captured. He has a very sonorous voice and attracts much attention from the crowds of visitors. In this exhibit are also some fine wild ducks which were caught in the wild state. Offers of \$50 have been refused for the big bronze.

Other fine turkeys are exhibited by A. N. Farnham of Westville and Sherman Hartwell of Washington, Conn., who also shows some beautiful partridge chickens. Those in the breeding yard which he exhibits are particularly fine specimens and took, besides first prize, a special prize. Especially noticeable are the white Holland turkeys, which are considered very pretty by the lady visitors.

W. P. Ensign of this city, a successful poultry breeder, has a fine display of game bantams, on which he has won sixteen prizes, and has been highly complimented on his success in breeding this kind of fowls.

Colonel R. J. Hamilton of Springfield, Mass., is said to have one of the largest displays of Polish fowls on exhibition ever seen in this state. They are beauties.

A very beautiful and noticeable sight is presented by Mrs. J. E. Hubinger's exhibit of rare varieties of pheasants. The breeds shown are red pheasants, one of which has a tail of beautifully colored feathers four feet long, golden pheasants and ring pheasants. Crowds view them daily.

C. P. Jordan of this city has a large display of white Leghorns, white Polish Plymouth Rocks and American Dominicans. Edward A. Todd, secretary of the association, has won a number of prizes in his silver sabre bantams. The display of ducks, geese and turkeys by H. N. Farnham of this city is a pleasing feature of the show.

Very interesting affairs are the incubators in the back of the room in which chicks are being hatched daily. First prize for the best exhibit of incubators was received by F. W. Mann of Milford, who also shows some improved machines for cutting up bone for fowls.

Last evening the awards were made for American Dominiques, and the prizes were evenly divided between C. P. Jordan of this city and N. B. Miller of Watertown.

The prizes for Plymouth Rocks have not yet been awarded. There are on exhibition over 1,500 fowls of different species and breeds, all among the best of their kind. The old rink was crowded up to a late hour last evening by the visitors. The show will continue to-day and Monday.

Among the largest New Haven exhibitors is C. P. Jordan, who is also exhibiting the good qualities of his Prairie State incubator. This is a great attraction, and hundreds daily view the little chickens and the hatching, which is in plain view, and admire the little chicks of whom over 100 were toddling around last evening in their warm little houses. A thermometer is kept in the brooder as a guide to keeping the place at a proper temperature. In one incubator is shown Plymouth Rock chicks and White Leghorn chicks; in another all are Plymouth Rocks. As fast as the little chicks get used to the world a little they are put into the brooder house, where they at once begin to shift for themselves and pick up a living. Mr. Jordan yesterday was awarded first and second premiums on his silver sabre bantams second and third on cock and first, second, third, fourth and fifth on cockerels, first and third on hens, first, second, third, fourth and fifth on pullets, and second on breeding yard. Mr. Todd is a very efficient secretary, and has held the post with great satisfaction to the society for the last four years.

Home From Europe. Professor R. H. Chittenden, of the Sheffield Scientific school, and his family, who have been in Europe for the past seven months, are expected home on the steamship City of Paris to-day.

EVENING CLASSES. Young Women's Christian Association. The evening class of instruction in the care of sick will open in the class room of the Y. M. C. A. Tuesday, January 15, at 9:45 p. m. Those who intend to profit by these lessons will need to be prompt. These lessons are open to young women and mothers who desire to have a more comprehensive knowledge of the ways in which their families can be made more comfortable during ordinary illness.

THE P. O. S. OF A.

The Institution of a Branch of the Order in New Britain—The New Haven Visitors—A Big Place.

To the Editor of the JOURNAL AND COURIER: Washington Camps Nos. 1, 4 and 8 of this city chartered a special train to go to New Britain Thursday evening and in spite of the rain and sleet paraded to the depot to the music of the drum and fife furnished by Unity drum corps.

One hundred and twenty-five members from this city were joined by brothers from Meriden, Hartford, Berlin and Springfield, Mass. The special arrived in New Britain about 8:30 p. m., and a short parade was made through one or two of the principal streets under the escort of some of the friends of the new company.

State President William E. Morgan called the assembly to order, and after the reading of the charter warrant by state secretary, M. S. Wadhian instructed the degree team to take their places, when the charter applicants were initiated into the order. The lecture delivered by Brother George Morris of Camp 5 was received with marked approbation, and called forth favorable comment from all present.

District President C. P. Butler installed the following officers: Past president, George W. Corbin; president, Charles A. Johnson; vice president, Charles Hating; master of forms, G. S. Carter; recording secretary, A. W. Haurwas; financial secretary, A. W. Marshall; treasurer, E. W. Bell; conductor, George D. Parker; inspector, M. E. Gilbert; outer guard, E. H. Parker.

Fast President G. W. Corbin was called to give an address and spoke of the kinds of patriotism peculiar to his city to the meritment of the visiting brothers; also of the circumstances leading up to his endorsement of an order representing so much of the best in our country and its institutions.

At the request of the newly installed president, Brother Corbin took the chair, when an address was made by the district president, C. P. Butler, followed by Brother E. H. Beardsley, of Camp 4, who presented the new camp with a beautiful gavel as a gift from his camp, Brother Corbin accepting in well chosen words in behalf of Camp No. 8.

Addresses were made by State Vice President R. S. Strong, Brothers John T. Miles, the father of the order in this state, H. C. Noll, Isaac Covert, George Morris and A. Louis Rogers, after which a much appreciated collection was served. The visiting camps departed about 1:30 after midnight.

Among the prominent members of the order were L. H. Beardsley, R. T. Cooper, W. M. Wadhian, L. F. Conner, A. P. Smith, Marcus J. Bassett, S. S. Bushnell, George G. Blackman, R. E. Duff, E. B. Everts, Joseph D. Farr, Frank S. Hamilton, Nicholas Herman, H. B. Perry, A. D. Sanborn, F. S. Snow, David S. Thomas, E. A. Wildman, C. B. Whitcomb.

This occasion marks a new era in the order, and augurs well for its rapid growth here and its extension to all the other cities, where camps will be instituted in the near future.

A. LOUIS ROGERS.

Five Inches Under the Limit, but His War Record Carried Him Through. [From the Chicago Daily News.] Chicago has the smallest soldier who ever carried a musket as a first-class private in the regular army since the rebellion. His name is Peter Nailer, and he resides at 202 West Madison street. He is five inches under the smallest allowable height, but this is explained by his record.

Nailer is 47 years old and has served continuously in the United States army since September 19, 1864, and was placed on the retired list at Franklin arsenal, Pennsylvania, the 11th of December last, after thirty years' service. Two days afterward he took up his abode in Chicago, and has never been naturalized, but has voted at every presidential election since he became of age by right of being a United States soldier. He is 4 feet 11 inches in height and wears a No. 2 boot. The minimum of height, according to the laws of the army, is 5 feet 4 inches.

Mr. Nailer, as his papers show, has enlisted eight times—once for the last year's service of the war, twice for three years' service, and five times for five years' service. He enlisted in 1864 at Schenectady, N. Y., at the age of sixteen and was sent to Center Point to join the Forty-seventh regiment, Company G, under Butler. During those troublous times his nationality

VALUED ENDORSEMENT.

SCHLAEGELER, N. Y. — It is ignorance rather than anything else that makes life miserable, but ignorance of the value of Dr. David Kennedy's Favorite Remedy does not exist in Schenectady to-day; as a blood medicine and nerve tonic it stands supreme. One of the principal reasons for its popularity comes from the great benefit our fellow townsman, Andrew Sippley, derived from its use. Mr. Sippley has suffered for years past with a chronic kidney trouble, frequent bilious attacks, and at intervals with violent neuralgia in the head and face. Up to last fall he rarely knew a well day. At that time his wife, who had learned of the good Dr. Kennedy's Favorite Remedy had accompanied, determined to have him use it. In writing about his sickness, Mr. Sippley said: "For several years I was subject to attacks of kidney trouble and gravel, which was attended with most excruciating pain, but since I began the use of Dr. David Kennedy's Favorite Remedy I have had no serious trouble, and my general health is greatly improved. I know of a great many people about here who have used Favorite Remedy, and in every instance benefit has followed. One of the officers of the Albany, N. Y., Hospital recently said, in speaking of Favorite Remedy: "I know of its great medical value, and to my knowledge it cures the diseases for which it is prepared."

The great value of Dr. David Kennedy's Favorite Remedy lies in the fact that it dissolves the excess of uric acid in the blood. Such ailments as rheumatism, neuralgia, nervousness, dyspepsia, kidney, liver and urinary troubles, and the various peculiarities which arise from too rich a diet, Favorite Remedy dissolves this acid and expels it from the system, thus curing the disease. In cases of scrofula, diabetes and Bright's disease, it has cured where other treatments have failed.

and small height was not questioned. He carried a musket up to the time of the assault on Fort Fisher, N. C., when the drummer was shot. He was then given the drum, which he carried until discharged, June 22, at Raleigh. After the war he was not allowed to join the ranks as private, and he therefore became a bugler. In this capacity he served in every branch of the service, infantry, artillery, and cavalry.

On January 5, 1887, he was made an exception of and allowed to become a second-class private, notwithstanding his small stature. His thirty years' service would have been up in 1894 had he not received his discharge March 15, 1891, to go to the regular army home at Washington. According to the twenty years' service act he might have stayed there the remainder of his life, as he had been in the army twenty-six years and eleven and two-thirds months, but would draw no pension on account of not being disabled. After staying there nine months he longed for active service, and then became a first-class private of ordnance with rank of sergeant, at Fortress Monroe arsenal. Shortly before he left he was recommended for corporal. The six stripes on his sleeve represent his thirty years in the regular army, not including his first service.

At the time of the Custer massacre Nailer was at Key West, and at his fifth enlistment he joined the "Custer Revengeers," C. troop, Seventh Cavalry, and he saw service in the Black Hills.
