

A PICTURE OF HEALTH TO-DAY.

Mrs. Moore Was Sinking---Paine's Celery Compound Made Her Well.

The people have given their verdict! Every state, county and most humble village has had a voice in it.

There is a consensus of testimony from all America to the fact that Paine's celery compound is making sick, tired-out, nervous men and women well and strong again.

There have been published by thousands in every state in the country, this spring, testimonials from people in every station of life in those states telling of the many, many cases where this greatest of all remedies has made people well.

The Journal and Courier has published the unsolicited testimony of well known and highly esteemed people in New Haven who have found health and strength in the remedy that was first prescribed by Prof. Edward Phelps, M. D., LL. D., of Dartmouth college.

forth unasked for responsive letters from equally prominent men and women in other lands.

Below is a letter that commends itself in this spring month of May to every woman in New Haven. It was voluntarily written to Wells, Richardson & Co. by a lady whose portrait, given above, is an assurance of her high character and honest disposition. She is a picture of womanly health. She is Mrs. Robert M. Moore of Laporte, Ind., and she writes:

"Please accept my heartfelt thanks for the great good Paine's celery compound has done me. I do think that there cannot be too much said in its favor. I was completely run down a year ago, and had the advice and attendance of two of the best physicians in the town, who pronounced my sickness nervous prostration. I was treated by one for two weeks, and then went to another, and at first he seemed to help me, but after awhile instead of getting better I went from bad to worse. At the earnest solicitation of two of my children and a dear friend, who was very much interested in my case, I commenced to take Paine's celery compound and took seven bottles, and am thankful to say that I am a well woman to-day. Considering the low state of health in which I was, my cure has been pronounced wonderful. You can use this communication as you see fit."

For recovery from the effects of too constant indoor work, worry, over-exertion of body or mind, and for the general depressed state of health that is so apt to result from a sedentary life of hard work and routine, Paine's celery compound is the one strictly accurate relief. It refreshes and restores the worn-out tissues, disposes the body to take on new flesh, and rapidly clears the system of the used-up elements that clog its healthy working.

Drugging indoor workers who seldom get a long breath of fresh air--and there are many such, both men and women--recovers vigor of the nerves and vital organs through the use of Paine's celery compound.

WALLINGFORD.

There was a lively scrap between two of the employes at Judd's factory yesterday afternoon and as one of the combatants was about to strike the other with a piece of hot pipe, Foreman Spokes tried to act as peace maker and got into the melee just in time to get the piece of red hot pipe under the eye, making a bad wound and a little higher would have destroyed the eye. Mr. Spokes went to Smith's drug store, where he found Dr. McGaughey, who dressed the wound. As he was going out of the drug store one of the scrappers showed up with a bad eye and the doctor had another job. Both of the participants in the fight were discharged from the factory and have now leisure time to reflect over their hasty action.

There are rumors of an elopement of a married woman on the hill and a stranger from another town, who are said to have departed for parts unknown; at least to the enraged husband, who is foolishly trying to discover their whereabouts.

The features of the guild supper in the parish house next week will be strawberries in quantities and in all forms. Supper twenty-five cents. Yesterday was the forty-second anniversary of the marriage of Mr. and Mrs. Henry Martin and last eveningidge O. F. Martin with other relatives and friends assembled at the house and gave the couple a pleasant surprise.

In the Early Trading There Was a Good Demand for Railway Stocks. New York, May 24--The reports from the west concerning the crop situation, which refuted the recently circulated stories of serious damage to wheat and the break in the price of the product, led to a decided change in sentiment at the stock exchange to-day and in the early trading there was a good demand for all classes of railway stocks.
