PLANS FOR POLI'S THEATER WILL BE ONE OF THE FINEST BUSINESS BLOCKS IN TOWN.

Plans Drawn by Architect W. H. Allen. Work of Building to Commence in Three Weeks—The Old Washington Yale Property to be the site.

Plans of Manager Poli's new office building and theater on Church street, New Haven, show that it will be eighty-five feet high and two hundred and thirty-two feet deep. The first story will be constructed of stone and terra cotta, and from the second story to the top, with the exception of the dome, the building will be of brick.

The building will be devoted to stores and offices, and the theater will be placed in the rear. The stage will be the largest in the city and from the foot-lights to the rear end there will be a depth of forty-two feet, being the full height of the building.

There are to be two distinct buildings, although they are to be connected with each other. The dimensions of the property are fifty-five feet front by two hundred and thirty-seven feet deep.

The building is to be five stories high, and its altitude will be seventy-five feet, which does not include the height of the domes. Like most modern high buildings, the structure has been designed on the general plan of a classic column.

The first story representing the base, the three stories above this the column, and the uppermost story the capital.

The general color effect of the building will be a light warm toned yellow, as light buff brick will be chiefly used in the construction. The ornaments are to be of terra cotta of the same shade, and Kettle River sandstone, which is a subdued red and will lend variety to the color effect.

The second, third and fourth stories, or that part which forms the column part of the design of the building, is divided into three sections by four pilasters of brick surmounted by ornamental terra cotta capitals.

The windows on each floor are in groups of six each and are separated by a terra cotta column. The groups of windows on the second story are surmounted by an entablature bearing a garland design in bas-relief.

The fourth story which forms the capital of the general design is the most elaborate. In the center is a raised balcony of terra cotta, which will have an ornamental festoon design in bas-relief in front.

The inner foyer which comes next as one passes into the auditorium will be a domed chamber, richly decorated, and there will be many mirrors about the walls. In the inner foyer there will be beautiful mantels with open fire-places and luxurious chairs where ladies and gentlemen may chat between the acts.

Through two semi-circular arches the patrons of the theater will pass into the lobby. This is to be carpeted with rich Oriental rugs. Directly opposite the entrance in the lobby will be a large bronze drinking fountain. Through arched passages to the right and left of the arch will be ladies' and gentlemen's retiring rooms, smoking room and toilet rooms.

THE BIG YACHTS READY ONLY A STIFF BREEZE NEEDED FOR DEFENDER-VIGILANT CONTEST.

Start To-day at 11:30—Most Yachtsmen Believe Defender Will be Easily New York, July 19.—All is now ready for the big race to-morrow, Saturday, between the sloop Defender, the new cup defender, and the Vigilant, the conqueror of Valkyrie II in 1893.

Improvement in them from year to year has steadily been sought along that line, and they have always been successful in defeating the keel Englishmen sent over here. This year, however, to the surprise of all, when the plans were drawn for the Defender it was discovered that she was to be a radical departure from her predecessors.

The race to-morrow will be off Sandy Hook probably over the same course used two years ago in the international cup races.

It may be a course of fifteen miles to windward or leeward and return, or it may be over a triangular course, each leg of which will be ten miles in length. Which course will be adopted cannot be told until to-morrow, as it depends on the wind. Every effort will be made, however, to sail the straight course.

The race will be for a \$200 cup offered by the New York Yacht club, and will be started at 11:30 o'clock. The start will be from an imaginary line drawn between a white flag on the flagship Sylvia and the mainmast of the Sandy Hook of the United States navy.

The start will be the old time two gun start, and not the one gun start used in the last international races. In this way should either yacht happen to be slightly behind the other when the first gun is fired, she will have two minutes in which to cross the line without losing any time.

Ten minutes will then be allowed in which the two sloops will jockey for positions. At 1:15 the signal for the start, the firing of a second gun and the hoisting of another red ball, will be given, which means that the boats are to get across the line. Two minutes later a third gun will be fired and both red balls will drop.

That is the last signal. Each sloop thus has two minutes to cross the line, her time being taken from the actual crossing. If she takes longer than the two minutes it is her misfortune. Should any gun misfire a prolonged blast of the whistle will be given in its place.

Every preparation for its members and guests to see the race has been made by the New York Yacht club. It has chartered the steamboat Cepheus, one of the fastest boats in the harbor, for the event, and the members and guests will be carried on her for a small sum. All the tickets were speedily taken up, and if the weather is favorable the Cepheus will undoubtedly be crowded.

Mr. W. K. Vanderbilt, one of the syndicate that owns the Defender, will come down from Pier Harbor on his big boat.

Under Civil Service Rules. Washington, July 19.—This afternoon an order from President Cleveland was promulgated placing the employees of the several pension agencies of the United States under civil service regulations. They number between five and six hundred.

Grand Master David R. Ailing of this city sent to the Odd Fellows' home a handsome album that will afford room for 100 photographs. Photographs have been accumulating at the home, and the gift is a most acceptable one.

Washington, July 19.—This afternoon an order from President Cleveland was promulgated placing the employees of the several pension agencies of the United States under civil service regulations. They number between five and six hundred.

DEBBY DOINGS.

July 19.—Medical Examiner White telephoned this morning for Dr. Boardley to attend his autopsy at the New Haven hospital on the Bethany woman who died last night from the wounds received at the hands of her husband, Colombe.

Mr. and Mrs. A. H. Ailing started today on a pleasure ride up the Housatonic river to Kent and eastern New York.

Denslow, the Main street dry goods merchant, was not seriously injured by the Italian saloon keeper who assaulted him in New Haven a few days since because of his opposition to the license of the saloon.

Schwitzer of the Bristol Drug company has decided to withdraw from the business in Ansonia and will re-engage in the drug enterprise in some other place.

The trial of Rony for the murder of Lavella was commenced today in the Derby city court, the prisoner being now in the custody of the New Haven county sheriff.

TO SAVE MARIA BARRELL. Governor Morton will be petitioned to Grant a Full Pardon to the Condemned Murderer.

New York, July 18.—Maria Barbert, the young girl sentenced to die in the week beginning on August 19 for the murder of her false bootblack lover, who betrayed her under promise of marriage, to-day began her solitary confinement preparatory to the execution of the death warrant. Her friends also began to-day to take active steps to arrest the sentence and obtain from Governor Morton a full pardon.

Mrs. Foster, the Tombs angel, was permitted to remain with Maria this morning. She is now aiding the Countess di Brazza in her efforts to save the girl.

While Maria's lawyers are trying to get a legal stay of execution of the sentence, Countess di Brazza and Mrs. Foster will circulate a petition asking Governor Morton for a full pardon. Printed slips were to-day circulated for signatures. These slips, after they are returned to the countess, will be forwarded to Albany. Nothing but a full pardon will be asked for.

These slips may be had by writing to Lawyer Evans at 309 Broadway. Countess di Brazza will go to Newport to procure the signatures of her wealthy friends, who may have some influence with Governor Morton.

FOR GOVERNOR'S REVIEW. Dress Uniforms Must be Taken to Camp Camp. The following self-explanatory order has been issued at brigade headquarters:

Brigade Headquarters, New London, July 18, 1895. General Orders No. 3.—So much of section 1, G. O., No. 2, C. S. B. H., as relates to full dress uniform is hereby revoked.

In accordance with the express wishes of the commander-in-chief, full dress uniforms will be taken to camp and will be worn on the occasion of the review to his excellency Friday, August 16, but at no other time except by special permission from these headquarters.

By order of Brigadier General Haven. JAMES B. HOUSTON, Lieutenant Colonel, A. A. G. Official: WALTER FITZMAURICE, Major, Brigade Commissary, A. A. G.

Scrofula, Salt Rheum And All Other Blood Diseases—How They May Be Cured.

Steam yacht, Valiant with a large party. Steam yachts from up the sound and up the river will also be present in large numbers.

The cup committee, which has in charge the arrangements for the international races, will view to-morrow's contest from the deck of the flagship.

It will do so at the special request of the regatta committee. The Defender will lie at anchor off Bay Ridge to-night.

She will leave her anchorage at about 7:30 o'clock in the morning for the starting line, and go down in tow of her tender.

As to the outcome of the race there is but one opinion, that is that the Defender will win. This opinion is shared even by some of those aboard the Vigilant, though they do not of course openly avow it.

THE ÆOLIAN Is Essentially An Instrument For the Home. The variety of music the Æolian performs—its repertoire is unlimited; together with its simplicity of operation—it can be played by anyone after a few days practice, makes it interesting and entertaining for every member of the family.

The Æolian serves in a double capacity; it entertains and it instructs. It broadens and cultivates the tastes of the hearer by familiarizing them with the musical classics, ancient and modern.

The Æolian will play the simplest songs and play it well; but it is in playing a Beethoven Symphony or a few days practice, makes it interesting and entertaining for every member of the family.

The Æolian will be played for all who will do us the favor to call. The M. Steinert & Sons Co., 777 CHAPEL STREET.

ARE YOU A TOBACCO SLAVE? Do you want to quit this practice? You ought to do it for the sake of your heart, your nerves, your lungs. Every chew, every smoke, hurts you. If you want to stop there will be a struggle and you will fail unless you have help. "GOOD-BYE" will do it easily, thoroughly. No experiment, no fads, no injury. A sure, safe, speedy cure. Try it, it will not fail. Write to The Antitobacco Co., Derby, Conn.
