

NEWS FROM THE CHURCHES.

FEATURES OF THE RELIGIOUS SERVICES TO-MORROW.

Dr. Minger Has Returned and Will Occupy the Pulpit To-morrow—Rev. Mr. Sanson a French at the Calvary Baptist—Grand Avenue Congregational Church to Re-open—Alterations at the Church of the Messiah.

Dr. Minger has returned from his vacation and will preach to-morrow. The Sunday school will occupy the chapel for the first time since its renovation and since its walls were decorated.

GRACE M. E. SERVICES.

Rev. Frank A. Scofield, the pastor, will have charge of the services at the Grace M. E. church to-morrow, both morning and evening.

AT CALVARY BAPTIST CHURCH.

Rev. Thomas Sanson, of Portland, Me., formerly pastor of Calvary Baptist church, will occupy the pulpit of Calvary Baptist church to-morrow, morning and evening. His visit to this city is affording great pleasure to his many old friends here.

REOPENING OF THE GRAND AVENUE CONGREGATIONAL CHURCH TO-MORROW.

Members of this church are happily looking forward to next Sunday, when its doors will again be opened after a four weeks' vacation of its popular young pastor, Rev. J. Lee Mitchell. The wardens have improved their opportunity by thoroughly cleaning and painting the interior and the old church looks more comfortable than ever.

AT THE CHURCH OF THE MESSIAH

The Church of the Messiah, which has been closed during the month of August, will be open for services to-morrow. Rev. W. F. Dickerman, the pastor, will occupy the pulpit Sunday morning. The subject of his discourse will be: "The Bethany Woman." The Sunday school will reopen to-morrow noon. The pastor's Bible class will meet as usual. There will be no evening service until October. Extensive alterations will soon be made in this church edifice, which will increase its seating capacity and add much to its attractiveness. The "pastor and people" are working faithfully and harmoniously together, and it is their desire and purpose to make their church a power for good in this community.

AT DWIGHT PLACE CHURCH.

Rev. J. E. Twitchell, the pastor, will preach at Dwight Place church to-morrow at both morning and evening services. There will be a communion Sunday, September 8.

AT THE CITY MISSIONS.

Services at English hall to-morrow evening will be varied from the usual order, short addresses being given by Rev. James Bryant and Mr. H. B. Winchell. Mr. Winchell will also sing some of his solos. Rev. Mr. Mossman, the pastor, will return from his vacation early in the week.

ON THE SOUND'S SHORE.

Quiet and Restful Madison—New Haven People and Their Summer Cottages—A Word of Advice to City Bathers—Extreme Brevity of Bathing Suits Complained Of—A Dose of Envy for Eve.

Of the many delightful places on the Shore Line where one may forget the worry and hustle of city life, and commune with nature, if they care to do that sort of thing, Madison seems as nearly perfect as a place can be, and still be comparatively easy of access. With dismay the cottagers composing quite a colony of those who love seclusion and reserve the exclusive right of their own "back yard" look on at the growing popularity of the place and sigh as they think that they will have to move on before long.

A number of people from Buffalo, N. Y., have discovered the beauties of this Arcadia and with their lures and penates, including the pug dog and champagne, have settled themselves as near the beach as they can. They bathe, fish and row to their hearts' content, and remind one of the aboriginees as to color. A number of New Haveners have built cottages, some of them very pretty in design. Mr. George T. Bradley of the firm of Benedict & Co., of Church street, this city, has a charming cottage called "Halycon"; surely it is well named, for anyone fortunate enough to be Mr. Bradley's guest will look back to the days spent at the cottage as Halcyon days. Others summering at Madison are the Bennetts, Scrantons, Hollingworths, Wallaces, Cronins and Bennetts.

The writer has had the felicity of watching the bathers at a number of resorts this summer and wonders where that charming attraction—modesty—in this season has fled to some of the young women have left it at home to be done the first time some masculine ogre should mayhap catch a dissolving view of one of them in a "robe de nuit." "Horror, think of it!" and also of the accompanying screams and giggles. But one of these same modest (?) young women thinks nothing of bearing the gaze of the seeker after "sights" slowly, very slowly launching herself in the briny deep, attired in a costume which would almost have caused our mother Eve, to turn green with envy and despair for its brevity. Girls don't be afraid to wear a high-necked long-sleeved bathing suit of mohair or some such material, for if you don't your arms and neck will blister and turn brown, and what a calamity! For they would hardly bask before winter when you wish to appear in something even more abridged than a bathing suit.

RETURNS FROM EUROPE.

Dr. W. G. Ailing, who has been spending the summer in Europe, will arrive in New York to-day at about noon on the St. Louis.

TWO OLD LINE BOATS.

J. H. Gregory of Cold Spring Harbor, L. I., purchased the New Haven and the Elm City, two old New Haven line steamers, at the auction sale in New York. The amount paid was \$4,365.

The Elm City is to be broken up and the New Haven will probably be refitted.

LUNAR ECLIPSE.

A second lunar eclipse will occur this year, September 3. The moon will enter the shadow of the earth about 11:58 Tuesday evening, and emerge from it about 3 o'clock Wednesday morning. From 12:15 to about 2 the eclipse will be total and visible in this vicinity.

PAUL WEBB DEAD.

Received Fatal Injuries While Shooting a Chute in a Barrel. Spokane, Aug. 30.—James Stewart, a nephew of Senator Stewart of Nevada, died here last night of injuries which he received on July 4 last, when he undertook to go down a chute 1,500 feet long in a barrel. The barrel fell from the chute to the rocks 100 feet below. Stewart was known by his professional name of Paul Webb, and at the time the accident occurred was planning to make the descent of Niagara Falls in a steel barrel.

MORE TROOPS FOR CUBA.

Madrid Authorities send Reinforcements to Spain's Fighting Army. Madrid, Aug. 30.—Several battalions of troops left Cadix and Valencia yesterday to reinforce the Spanish army in Cuba. The final contingent of troops will leave for Cuba to-day.

The report which has been in circulation that the minister of marine has called out the reserves is denied in official circles. General Salcedo, who recently returned from Cuba, repeated in an interview to-day the statement he made upon his arrival here that it was absolutely necessary that a large body of troops should be sent to reinforce the army in Cuba.

THOUGHT TO BE A TEST CASE.

The Collins-Cavanagh Fight Looked on With Suspicion. Austin, Tex., Aug. 30.—The fact that Scott Collins and Jim Cavanagh have announced that they will fight in Dallas on September 7 is viewed in official circles here with suspicion, as it is looked on as an effort on the part of the Corbett-Pittsimmans management to make a test case of this fight with a view to carrying the matter to the higher courts and getting the law on pugilism declared null and void in time for the Corbett fight in October.

It is intimated that Governor Culberson smelled a rat the minute the proposed fight was announced, and it is highly probable from what was gleaned last night from intimate friends of the governor that he will give Sheriff Cabel some additional advice about this fight.

PROHIBITIONISTS IN A FIX.

Anti-Liquor Authorities in Kansas Can't Pay Police Because They Enforce the Law. Wichita, Kan., Aug. 30.—Wichita had two sets of policemen on some of the beats last night. One set is prohibition and the other anti-prohibition. The old policemen who were dismissed demanded their back pay, and the police commissioners, not having money to pay them, the police said they would not quit until a settlement was made.

Heretofore the police were paid from the saloon revenue, and that falling, on account of the enforcement of the prohibitory law, there are no funds.

THE SPANISH SIDE OF IT.

Accounts of Cuban Defeat Given Out at Havana. Havana, Aug. 30.—A dispatch from Puerto Principe says that Colonel Ybanez's column which started on August 11 for Guimaro conveying provisions met at Citeco a band of about 500 Cubans under Adan Castillo and Rodriguez. The Cubans occupied a very favorable position, but after a sharp fight they were dislodged and routed. The rebel loss was twelve killed, twenty-three wounded and two prisoners.

Lieutenant Cabanellas, who, with fifty cavalry, was guarding the Puerto Principe railroad, was attacked by 300 Cubans on August 23 near Alta Gracia. The Cubans were repulsed and their loss is believed to be heavy. The government loss was two killed.

ARMS FOR CUBA.

Twenty Cases of Remington Rifles Found at Cedar Key, Fla. Jacksonville, Fla., Aug. 30.—A dispatch from Cedar Key, Fla., says that a searching party consisting of Collector Cottrell and an officer of the Spanish government and his assistant made a discovery at the house of P. Burns, an Englishman, living in Gulf Hammer, near here, yesterday. Twenty cases of Remington rifles, one hundred cases of cartridges and ten kegs of gunpowder were found.

They were left in charge of Deputy United States Marshal Mitchell and the facts reported to Washington. It is supposed that the arms came there by sailboat, and were intended for Cuba. Three Spanish agents have been here for several days on the lookout for filibusters.

TRIED TO WRECK A TRAIN.

The Train Was Late, and a Freight on the Nickel Plate Crashed into the Obstruction. Postoria, O., Aug. 30.—An unsuccessful attempt was made to wreck a Nickel Plate passenger train at McComb, a few miles west of here, yesterday by piling ties on the track. Had not the passenger train been late a frightful wreck would doubtless have occurred.

A freight train ran into the obstruction, but luckily was going slow and no one was hurt. Detectives have arrested one man on suspicion.

KILLED THE WRONG MAN, MAYBE.

Farmers in Grand Rapids Say That John Smalley Was Innocent. Chicago, Aug. 30.—A dispatch from Grand Rapids, Mich., says: John Smalley, killed on Saturday while resisting arrest on the charge of complicity in the train robbery at Fennewille on August 20 and the murder of Detective Brewer on August 22, was at Brinton, Isabella county, Mich., ninety miles from the scene of the crime, from noon on August 20 until noon on August 24. Scores of old acquaintances there, farmers and former friends, all of the utmost respectability, will swear to this. They intend prosecuting Smalley's slayer for murder.

A STEAMSHIP WRECKED.

Seven of the Ansgarius's Crew Went Down With the Ship on Lougher Rock. London, Aug. 30.—The keeper of the Brough lighthouse, Orkney Islands, telegraphs that the Norwegian steamship Ansgarius was lost this morning on Lougher Rock.

Six of her crew were saved and seven are missing.

COURT NOTES.

SHIP OWNERS SUED. John McDonald, the ship builder, has brought suit against Isaac E. Brown, George H. Townsend, Albert Rowe, Charles D. Parmelee, N. J. Lewis, J. Rufus Oskins, Lizzie Oskins, Frederick Mansfield, Frank J. Mansfield and William F. Mansfield, owners of the sloop Marie D., to recover \$88 for work done in the building of the vessel. The defendants are represented by Attorneys L. P. Deming, J. B. Tuttle and Dwight J. Tuttle. The case came up before Justice Philip Pond, 2d, yesterday morning, but was postponed one week for trial.

TO RECOVER FOR PROPERTY.

The suit instituted by Mrs. Margaret Doherty against her son, Dr. James J. Doherty, for the recovery of a piece of property alleged to have been obtained in a fraudulent transaction by Dr. Doherty, has been abandoned. Judge Blydenburgh yesterday said that the title to the property was transferred yesterday to Mrs. Doherty and the case settled. The property is valued at about \$10,000.

HIS BODY ATTACHED.

The body of John Farley of Westville was attached yesterday in a suit brought by Matthew Reynolds to recover \$50 damages resulting, it is alleged, by James T. Kennedy, out of the recent horse trade between the parties. Deputy Sheriff Clinton served the papers.

WEIBEL ESTATE TO BE SUED.

Suit was brought yesterday by Daniel Willis against Charles Nicholas, trustee of the Weibel estate, for injuries received by the plaintiff's son in being run over by one of the Weibel beer wagons August 27 on the corner of Oak and Broad streets. Attorney Stein drew the papers.

BRICK COMPANY SUIT.

Papers were served yesterday in a suit brought against Captain Samuel P. Crafts, president of the Quinnipiac Brick company of North Haven, by John E. Selden of New York.

The alleged ground for the suit as set forth in the writ, by the plaintiff, is mismanagement of the affairs of the company.

Mr. Selden is one of a number of the stockholders in the company who, it appears, have been dissatisfied with the way which the affairs of the company have been conducted.

The trouble has appeared that there was a desire on the part of Mr. Selden and some of the other stockholders in the brick company to oust Captain Crafts.

A short time ago the first step was taken in a petition filed in the superior court in this city asking for the appointment of a receiver. The application was made by Selden, who claimed to also be representing other stockholders. The petition has not yet been acted upon by the court.

The property of the company in North Haven was attached a few days ago. Captain Crafts was seen yesterday afternoon in relation to the matter and made a statement as follows:

"This Mr. Selden is suing the company for debt against me due a long time ago, and a debt I was unable to pay. He alleges mismanagement, but as a matter of fact the company has been unable to pay a dividend. It has met with considerable losses and other drawbacks and is only able to pay the running expenses and the interest on the mortgages. The capital stock is \$18,000, of which \$14,500 is paid in, and the mortgages are about sufficient to cover that. If the suit is pressed it is likely to lead to the winding up of the concern. The plant employs about thirty men. Mr. Selden owns 100 shares out of 640."

MISS HELEN GOULD IN LEADVILLE.

She is Touring Colorado With the Misses Warner. Leadville, Aug. 30.—Miss Helen Gould is touring the state in company with the Misses Warner, daughters of Vice President Warner of the Missouri Pacific road.

Minister Kurino Received by Diaz. City of Mexico, Aug. 30.—Japanese Ambassador Kurino was received at noon yesterday by President Diaz in the Hall of Ambassadors in the national palace, with the usual ceremonies. The speeches made by both were strikingly cordial and reflected the warm sympathy that exists between the two nations. The minister's address was in English.

The stars and stripes float over New Haven county jail on Whalley avenue. Sheriff Spiegel purchased a new flag, which was hoisted for the first time the day of ex-Governor Morris' funeral. Every day since it has been placed in position, and it will continue in the future to float over that institution.

"All women are beautiful" in telegraphic reports. (N. Y. Sun.) So all washing and cleaning is easy, quick and safe—if you believe what the peddlers and some grocers tell you about certain washing powders. Now, you can test the ease and the quickness very soon. But the safety—that is another thing. You can't prove that to yourself without a long, and perhaps expensive and disastrous, trial.

Better stick to the first-made, never-changing, best-known washing-compound—Pearline. Almost any woman can prove to you the safety of Pearline. And nothing that can be, and has been, thus proved will do all your washing and cleaning so easily, so quickly, and so economically.

Send Peddlers and some unscrupulous grocers will tell you "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled, and if your grocer sends you something in place of Pearline, be honest—send it back.

Send it Back. JAMES PYLE, New York.

Johnstown, N. Y., Aug. 30.—Miss Teresa Komany, twenty-two years of age, was killed on Gas street this morning by her lover, Jozaf Flamal, who cut her throat. Flamal then cut his own throat, but will probably recover. The murderer was arrested and on being asked why he committed the deed replied: "I don't know how I came to do it."
