

CIVIL AND CRIMINAL CASES

REMOVALS OF THE DAY FROM THE SEVERAL LOCAL COURT ROOMS.

First Short Calendar Session of the Superior Court to be held September 20—Several Cases Disposed of in Probate Court—Other Court News of Interest.

The first short calendar session of the superior court, civil side, is listed for September 20, at which time also the members of the local bar will hold a special meeting and pass resolutions upon the death of the late Luzon B. Morris.

The criminal side of the common pleas court, September term, will come in September 18, at which time the several cases on the docket will be tried, and it is also expected that a number of appealed cases which have been continued from time to time will be taken up and finally disposed of. It is believed that the present session will be the longest held in several months.

THE ISRELL ESTATE.

Judge Cleveland was an unusually busy man in the probate court yesterday, and in consequence considerable business of importance was transacted. George A. Isrell was appointed executor of the estate of his late wife, Mary A. Isrell. Attorney Isaac Wolfe appeared for some of the beneficiaries under the will and claimed that it was unusual to appoint as executor of an estate a person who had contested the will, but Judge Cleveland decided to appoint Mr. Isrell, who was represented by Attorney E. P. Arvine, and bonds were fixed at \$2,000. E. W. Cooper and H. C. Bretz, felder were also appointed appraisers.

A HANDSOME ESTATE.

George W. Osborn and M. Morton were appointed commissioners on the estate of the late Willis Humiston of Hamden. The claims against the estate amount to about \$8,000 and there is a possibility that it may be insolvent, although the assets consist of some thirty tracts of land, the sale and settlement of which may prove so expensive as not to leave a balance sufficient to meet the claims. Attorneys Newton & Wells appear for O. W. Humiston, one of the heirs, and Attorney A. D. Penney for the estate.

INSOLVENT ESTATE.

Attorneys Edward L. Linsley and James J. Buchanan were appointed commissioners on the insolvent estate of the late Mrs. Mary Stier of Congress avenue. The assets amount to about \$200 and there have been claims presented against the estate amounting to several times that sum.

GIVEN HER LIBERTY.

The case of Ellen Malloy again came up by continuance from Wednesday, and the woman was given her liberty. Mrs. Malloy's mother sought to have her recommitted to Springdale home for an indefinite period on the ground that she is a dipsomaniac. She had been committed to Springdale home some time ago and her sentence expired yesterday. After hearing the case at length Judge Cleveland decided to dismiss the petition asking for her commitment and she was accordingly given her liberty.

THE BOENIG ASSIGNMENT.

The matter of the assigned estate of Joseph Boenig, the saloonkeeper at 17 Wall street, was again heard in the probate court yesterday. Attorney C. F. Bollmann appearing for the principal creditors, whose claims will reach between \$10,000 and \$15,000, and Philip Pond, 2d, was present as trustee. Mr. Pond said that upon investigation, he had concluded that there was hardly enough for the applicant to go into bankruptcy with. Judge Cleveland said it was a rather unique case, but he had heard of somewhat similar cases.

Mr. Pond said that all the property in sight was an old beer pump and a wagon. Concerning some other property there was a question as to whether it belonged to Boenig. There were some book accounts, but they were practically valueless. He doubted if the estate would amount to over \$15. He believed there would be no use in going ahead in the matter. Judge Cleveland said that as the case had gone so far Mr. Pond should qualify as trustee and do the best he could.

CHICAGO & ALTON'S OUTLOOK.

Shops Running on Full Time and a New Extension to be Opened on October 1. Bloomington, Ill., Sept. 5.—The Chicago and Alton shops in this city began operations yesterday upon the 9-hour schedule. The shops had not run on full time for more than two years, and the employees are highly elated over the resumption. Every car and locomotive will be in demand for moving the immense crops, and it is necessary to provide a complete equipment, passenger and freight, for the new Peoria extension, which opens on October 1.

Hospital Aid Society.

The hospital aid society will resume its meetings on Friday morning, September 6, in Trinity parish building, Temple street.

FAIR HAVEN.

Reuben Storer of Quinnipiac street is seriously ill from the effects of a shock. Miss Rose Fairchild and her cousin, Miss Flossie Smith of Exchange street, on their recent visit to West Hampton, Mass., formed the acquaintance of two young gentlemen, Nathan Montague and Dwight Clapp, who came down and paid a call on the young ladies this week.

Members of the Ladies' Aid society of the Grand avenue Congregational church, some fifty in number, went on a trolley ride to Morris Cove, yesterday afternoon, and lunched at the cottage of Mrs. E. M. C. Hall, one of the members. The committee which arranged the affair consisted of Mrs. Walter S. Bishop and Miss Hattie Denison.

It is expected that in a couple of years new and improved ventilating apparatus will be arranged for Woolsey school. There will be other improvements to bring this building up in the list with the more modern structures.

Walter E. Jacobs, captain of Gideon Wells' association of naval veterans leaves on Sunday for Louisville, Ky., to attend the annual meeting of the National Naval Veterans' association. Mrs. Henry Poronto of Woolsey street is in Vermont. Her health, which has been very poor, is now improving.

The attendance at the Fair Haven schools is as follows: Strong school, 233; Ferry street, 389; Quinnipiac, 159; Center street, 32.

John Baribault has gone to Montreal for a two weeks' stay. Mr. Baribault and wife have returned from a vacation trip to Lake Mohonk and Ocean Grove.

Dr. R. F. Burwell will witness one of the races between the Defender and Valkyrie. He has been asked to take along a basket of carrier pigeons and liberate them off Sandy Hook, but says it will be of no advantage, as the result of each race will be received promptly by telegraph.

The coal supply for the Woolsey school has been hoisted. It requires fifty tons of coal to heat the big building.

Conductor W. L. Noble of the annex has gotten up several trolley parties this season and the last he has arranged for will be on September 20, when a large party is likely to go Wednesday evening Mr. Noble conducted a party of about forty. The destination was Woodmont and Westville. The same evening a party of 104 went in two cars to Merwin's Point house, Woodmont, where a lunch was served. They were composed of employees of the rubber shop, living in Fair Haven. Another party of about forty young people went to Woodmont and Westville.

The family of H. Lee Mallory, formerly of the annex, who have spent the summer in Winsted, have returned to their home in Brooklyn. The front of Healy's pharmacy has been improved by repainting in light colors.

COSTLY AMERICAN PEACHES.

A Great Demand in England for American Peaches. London, Sept. 5.—The consignment of California fruit by the steamship Paris, which arrived at Southampton last evening, failed to reach Covent Garden Market in time for sale to-day. The great crowd of buyers who had assembled at the market in consequence of the success of last week's shipment, were disappointed. The dealers who were on hand to-day were clamorous for American peaches. There being none of the produce of France or England in the market except those of hot-house growth, the Americans bring fancy prices.

The Children Recovering.

Health Officer Wright has investigated the alleged cases of scarlet fever in Tuho's family at Crown and Orange streets, and has reported the results of his investigation to City Attorney Matthewman.

Dr. Wright said last evening that he had investigated the case, but found no cause for any official action. The children who had been ill were nearly well again, and if there had been danger of contagion it was over with. The mother and her little babe were reported to be doing finely. Quarantining is called for, the doctor said, where scarlet fever exists, though of course it is not so rigid as in a case of smallpox. In this case it had not been proven that scarlet fever existed in the block in question, hence there was no apparent cause for taking any action. Considerable alarm had been felt in the vicinity owing to reports that it was the scarlet fever that had affected the children, and owing to the fact that two hospital or other nurses had been employed in addition to the nurse for the mother and her infant.

Canadians Opposed to Chinese.

London, Ont., Sept. 5.—The Dominion Labor congress to-day passed a resolution calling on the government further to restrict immigration of cheap coolie labor from China by raising the poll tax to \$500. The school system of Canada was also condemned as unsatisfactory, and the congress will petition the different provincial governments to remedy the evil by introducing free, compulsory and non-sectarian schools for all classes.

ON HIS MOTHER'S GRAVE.

He left here a week ago in search of work and went to Woonsocket, where his brother-in-law lives. Mandeville obtained work there and sent here for his household goods. Druggist Hanley of Derby attached the goods for a debt of \$35, and when Mandeville was notified that his goods were held for debt he became discouraged and turned to drink. While intoxicated Monday he went into the cemetery and lying down on his mother's grave cut his throat.

He was discovered soon after and taken to the hospital. It is believed he will recover.

Her hull has become dirty from lying in the water so long and its cleaning will be necessary before the trial. Mr. Cramp will have the docking done by his own men.

ENGLISHMEN AT YALE FIELD.

The Cambridge Team Looked Over the Practice Ground Yesterday—Yale Football Team to Arrive September 14. Wade, who has been making preparations for their accommodation in this city, and were taken in carriages to the Hotel Majestic on Chapel street. Shortly after their arrival the team was taken to the Yale field on a trolley car to look over the ground, and liked the appearance of the field very much. They will begin regular practice to-day. They are a fine athletic looking lot of men, and old Yale will be put on her mettle to wrest a victory from them. The statistics of the team were published in last Monday's "Courier."

The Yale football team will arrive in New Haven September 14 and will begin practice then on Yale field. The football ground is on the opposite side of the ball field from the track for the Cambridge athletic team practice, so that the two teams can practice without in the least bothering each other. A concert was given last evening on the roof garden of Hotel Majestic, and was listened to by the guests and their friends, while the street in front was crowded with people trying to get a glimpse of the English athletes. The latter were also on the roof garden, and enjoyed the concert immensely.
