ARE OFF FOR CINCINNATI CITY OFFICIALS WILL LEAVE TODAY FOR THE WEST.

Mayor Hendrick and Road Commissioners Will Attend Convention of American Society of Municipal Improvements—Program of the Convention. This afternoon the members of the board of public works will leave for Cincinnati to attend the second annual convention of the American Society of Municipal Improvements to be held in that city Wednesday, Thursday and Friday of this week. They will leave Jersey City to-night at 11:50 o'clock. Those who will go from this city are Mayor Hendrick, Commissioner Lyman H. Johnson, James N. Stiles, James E. McGinn, James Bishop, N. E. Hoyt, City Engineer Kelly, Acting Superintendent of Streets Ives and probably Commissioner George M. Grant, although the latter has not yet positively decided whether he will go on the trip or not. The expense of the trip will be defrayed by the city, the board of finance having appropriated \$600 for the purpose. The society was formed in Buffalo September 12, 1894, there being present about 150 representative of various municipal departments, representing about forty cities and fifteen states. The members of the local board of public works were present at the meeting. The objects of the society are to promote information upon and to discuss the best methods to be employed in the management of all municipal departments and the construction of municipal works by means of annual conventions for social intercourse, and the reading and discussion of papers upon municipal improvements, and to circulate, by means of annual publications among its members, the information thus obtained. Already more than fifty cities have signified their intention of being represented at the convention, and it is expected that there will be at least 250 delegates present. The headquarters of the delegates will be at the Gibson house, and the sessions of the convention will be held in College hall. The complete program of the convention is as follows: FIRST DAY, WEDNESDAY, SEPTEMBER 11, 1895. 10 a. m.—A convention called to order by August Herrmann, chairman of committee of arrangements. b. Address of welcome—Hon. John A. Caldwell, mayor. c. Response—M. J. Murphy, president of American Society of Municipal Improvements. d. Regular business meeting. 1 p. m.—At this hour carriages will be in waiting at the headquarters, and the entire society and all visitors will be taken in charge by the local committee, the following being the itinerary: New city hall, Cincinnati Art museum and Eden park. New pumping station. (Refreshments. Eden park water tower. Zoological gardens. The gardens will be reached at 5 p. m., where refreshments will be served. This day has been set apart as a general holiday for the employees of the board of administration. A grand outing for the members, families and friends will be held at the Zoological garden on that day in honor of the society. In addition to the regular attractions of the gardens there will be the following for the evening: Grand concert by the Beilstedt-Ballenberg orchestra, just returned from New Orleans, and specially engaged for this occasion; dancing on new pavilion; fireworks display. The fireworks display will take place on the lake front, and will be on a grand scale. Many novelties in pyrotechnics will be introduced, and a number of large designs will be exhibited, which will be complimentary to the "American Society of Municipal Improvements." SECOND DAY, THURSDAY, SEPTEMBER 12, 1895. 10 a. m.—Regular business meeting. 1:30 p. m.—At this hour the society and all visitors will again be taken in charge by the local committee, and an inspection of the street car system of Cincinnati made. New open cars will be in waiting on the government square. From there the visitors will be taken over Fifth street to Registon avenue, to the incline plane, over the same and through Eden park to Peaches corner; over McMillan to Oak street, to May street and to Reading road; thence out through Avondale and over Mitchell avenue to Spring Grove avenue, returning same way to McMillan and May streets; thence over McMillan street to Ohio avenue, to Incline plane at head of Elm street, down same to McMillan avenue, where the cars will be side-tracked and the visitors taken for an inspection of the Christian Moerlein Brewing company and the Elm Street club, where refreshments will be served. Then the ride will be resumed south on Elm street to Eighth street, west on Eighth street over viaduct to State avenue, and then over New Elberton avenue extension, returning over Eighth street to Central avenue, to Fourth street, and back to Gibson house. 8 p. m.—Regular business meeting. THIRD DAY, FRIDAY, SEPTEMBER 13, 1895. 10 a. m.—Regular business meeting. 12:30 p. m.—At this hour the society and all visitors will again be taken in charge by the local committee, and escorted to Government Square. Here a stand, seating 1,000 persons, will be specially erected for the society and visitors. Arrangements have been made, through his honor the mayor, and the boards and chiefs of the fire and police departments, to give the visitors a partial exhibition if both of these departments in review and active service. The president of the society will pull a box, notifying the department of a fire, which will be responded by the chief and a number of companies. Thereupon a ten-blow fire (second and third alarms combined) will be sounded and responded to by the fire department, assisted by the police department, affording the visitors an opportunity of seeing both of these departments making preparations to fight a large fire.

When this has been done a portion of both departments will pass in review. 7:30 p. m.—Reception and complimentary banquet to society at Gibson House. At the banquet the cities represented will be called in their alphabetical order, and to one representative from each will be allotted three minutes' time to respond. All persons attending must be on hand promptly at the time mentioned. Business suits only. FOURTH DAY. 10 a. m.—Gibson House.—All members of society and visitors remaining over will again be taken in charge by the local committee, and taken to the city infirmary, where the day will be spent.

PERSONAL JOTTINGS. Dr. O. T. Osborne of York street, with his wife and child, have returned from the White Mountains. J. S. Cannon has returned from Woodmont. L. A. Bettcher of Orchard street is back from East Morris. Miss Mattie of Pueblo, Col., is visiting her sister, Mrs. John Doolittle of this city. Mrs. Roger DeBussey and her two children have returned from a visit to Mr. and Mrs. H. Wales Lines of Meriden.

Dr. G. H. Jackson, for the past two years a missionary in the Congo Free State, has returned to this city, where he formerly was pastor of the Emanuel Baptist church. E. S. Roy, general agent, is in town in advance of the great comic opera, "Wang," which appears here shortly. Mr. and Mrs. B. B. Champlin and Master Edward C. Osborn will leave to-day for Unidilla Forks, N. C., for a few weeks. Professor George E. Day has returned from Petersham, Mass., to his home in this city. HOME FROM A PLEASANT OUTING. Mr. B. F. Guyer returned Saturday evening after an absence of about eight weeks spent at Atlantic City, Baltimore, Washington, Philadelphia and other places. He was for six weeks at Atlantic City staying at the Howard house, of which a former New Haven lady, Mrs. Schneider, is proprietor. She at one time resided at Four Corners, East Haven. Mr. Guyer while in Baltimore was the guest of Mr. Louis J. Aull, a prominent builder, who is a brother of Jacob H. Aull, who is now an old New Haven boy, son of the late T. B. Carpenter, a well remembered citizen, who was for years in business on Orange street, this city, between Court and Chapel streets, and previously was in business on Chapel street. The son is now and has been for years a leading man in the insurance business in San Francisco and has been well prospered. His wife was formerly one of the Misses Shelley of this city, whose father, who died some years ago, was for years in the carriage manufacturing business in this city. He was a partner of the late Mr. Booth and the late Peter C. Durham. Many old friends will be glad to welcome Mr. and Mrs. Carpenter. They have secured quarters at Grove Hall, Grove street, for their stay in New Haven. Mrs. Shelley is a niece of Mr. John D. Shelley, assistant librarian of the Young Men's Institute. This is his

THE TURN OF LIFE. WOMAN'S CRITICAL PERIOD Contemplated with Less Fear than of Old. (SPECIAL TO OUR LADY READERS.) There is no period in woman's earthly career which she approaches with so much anxiety as the "change of life." Yet during the past twenty years women have learned much of a woman. It is safe to say that women who prepare themselves for the eventual period pass through it much easier than in the past. There is but one course to pursue. Lydia E. Pinkham's Vegetable Compound should be used in time to subdue the nervous complications, and prepare the system for the change. It is well for those approaching the time to write Mrs. Pinkham, at Lynn, Mass., and get her free advice. Such testimony as the following should be convincing:— "My Vegetative Compound has been a God-send to me; it saved my life when all else failed. I would have been in my grave ten years ago but for it. My womb had fallen and rested on the bladder. The doctor could not relieve me; my mind was deranged. Your Compound cured me. It helped me through the change of life all right; am now in good health. It has also cured my husband of kidney trouble; made him like a new man. Please state my words in the strongest terms. I am glad to send you my picture. I travelled twelve miles to have it taken for you. Mrs. W. L. DAY, Bettsville, O.

first visit to New Haven in twenty-two years. His uncle, Mr. Shelley, who recently returned from a delightful stay at Saratoga, is warm in praise of Saratoga as a place for rest and recuperation, as he gained very handsomely in weight during his stay at that famous watering place. A Game Dinner.—"Waiter," he said, as he seated himself in a Park Row office and cake saloon and drew off his gloves, "what kind of game have you got to-day?" "I'll ask the chef," replied the waiter, softly. Presently he tiptoed back. "There's beef an' beans, wheat cakes, eggs an' red napkins with fringes. We were to have turkey feet on toast," he added, apologetically, "but it looked so much like rain this morning that the boss thought that the young gents wouldn't care to stir out."—Puck.
