

ALMOST BEYOND RELIEF.

Here is a Story from Orange, Mass.

The Facts are Certainly of an Interesting Nature.

The Tale as Told by the Lady Herself in Her Own Words.

The poet Alexander Pope says: A wise physician, skill in wounds to heal, is more than art to the public weal.

This question was brought forcibly to mind by a recent occurrence which happened in Orange, Mass. It seems—but we will let Mrs. William Lamson, who resides in that town, tell the story in her own way.

"Four years ago I was very sick. I had been sick for three years before. My trouble was turn of life. I was confined to the bed for three years. I suffered great pain and came very near losing my life.

"I did but just live, just escaped the grave. I employed two doctors, and derived no benefit from them. Mrs. David Goddard of Orange, Mass., who had been cured by Dr. Greene's Nervura blood and nerve remedy, advised me to use Nervura.

MRS. WM. LAMSON.

"I was confined to my bed when I began to use the medicine. I gradually began to improve, and have now used five bottles and am entirely cured. I do hard work every day, and firmly believe that if I had not used Doctor Greene's Nervura I should now have been in my grave. That put me on my feet when all else failed. I do not now suffer any pain, and enjoy good health from the benefits I derived from the use of Dr. Greene's Nervura blood and nerve remedy.

"I have often recommended its use to other suffering people, and I send this letter for the benefit of others."

It would appear that this letter plainly answered our opening question.

If doctors disagree about your case, if you have tried physician after physician, and are still not cured, follow the example of Mrs. Lamson and use Dr. Greene's Nervura blood and nerve remedy. Remember that it will help you even if all else has failed, even if through those repeated failures to be cured, you are discouraged and in despair of getting well.

This grand remedy has saved thousands of persons worse off than you are, and it will make you well and strong if you will use it.

It is purely vegetable and harmless, and is the discovery of Dr. Greene, of 35 West 14th street, New York City, the most successful specialist in curing nervous and chronic diseases. The doctor can be consulted in all cases free, personally or by letter.

End of the Chapter.

Calumet, Mich., Sept. 16.—The bodies of Peter Malstrom and Walter Dahl, the two remaining victims of the Osceola mine disaster, were found to-day on the eighteenth level, south of No. 4 shaft. This ends the final chapter in this mining horror.

At City Mission Hall.

Mr. M. C. Sweeney, of the Church of the Redeemer, was acting superintendent of the Sunday school at the City Mission hall on Sunday morning.

In the evening Mr. F. E. Hartshorn of the United Church made an excellent address on "Jesus of Nazareth Passes By." Miss Larkings of the Calvary Baptist church was organist, assisted by Mr. R. B. Hughes, upon the violin.

The exercises were conducted by Rev. Mr. Mossman, the mission pastor, assisted by the Rescue Praying band and the King's Daughters. An early prayer meeting was held just before the evening prayer service, and at the after-meeting led by Messrs. Barnes and Skinner of the Rescue band, eighteen persons requested prayer and came forward to the front seats. The meeting was continued until 9:30 p. m. The mission hall will be open for meetings every evening of the week, with help from the Endeavor societies of the First Baptist and Grace Methodist churches.

Miss Anthony Taken Ill.

Rochester, Sept. 16.—Miss Susan B. Anthony was seized with a fainting spell in a photographer's gallery this morning, and for a time those present were seriously alarmed. Miss Anthony was about to sit for a photograph. Medical aid was obtained, and after restoratives had been given she was restored to consciousness and removed to her home.

Recorder Goff Is Ill.

New York, Sept. 16.—Part three of the general sessions, where Recorder Goff has been sitting, had to be adjourned to-day at noon owing to the illness of Recorder Goff, who narrowly escaped a severe attack of pneumonia from the recent sudden turn in the weather.

Opposed to New Testament.

Montreal, Sept. 16.—The provincial synod of the Church of England in Canada in session here rejected a motion to authorize the use of the revised New Testament in churches under

ODD FELLOWS' BIG TIME

GREAT PREPARATIONS FOR THE WATERBURY CELEBRATION.

Over Three Thousand Odd Fellows to be Entertained Including Many Notable Men in the Order—An Immense Pavilion to be Erected—Souvenir Medals, Etc.

Waterbury, Sept. 16.—Arrangements for the dedication of the new Odd Fellows' building in Waterbury and for the celebration of the fiftieth anniversary of the birth of Odd Fellowship in Waterbury, October 15, are progressing on a gigantic scale.

From present returns it is expected that fully 3,000 Odd Fellows will be here from out of town. The grand site of the sovereign grand lodge of the United States and the grand master of the grand lodge of Connecticut will be present. Invitations have been sent out to all the lodges and cantons of the order in the state and part of Massachusetts, and already many of them have accepted. Magnolia lodge of Brooklyn will be present and its members will be special guests of Nosahogan lodge.

An immense pavilion will be erected at the ball grounds, in which refreshments will be served. The refreshment committee consists of the following: Chairman, W. L. Hall; T. H. Hewitt, E. E. Hayward, C. B. Sanderson, W. R. Willets, J. S. Galley, W. M. Cottle, L. P. Terrill, S. R. Decker and George M. Chapman of Townsend and Nosahogan lodges, and Messrs. C. J. Cleveland, A. J. Leggett, E. E. Hayward, J. A. Schroeder and G. L. Schroeder of Windsor in progress to secure the services of E. L. Bolster and E. P. Marsh to take charge of the tables. A light lunch of coffee and sandwiches will be served in a large tent, centrally located, between 11 and 12 o'clock.

The committee on exterior decorations to see that business buildings generally are appropriately decorated is composed of Messrs. George Tracy, L. B. Davis, C. H. Hart and H. W. Lake.

At 1 o'clock there will be a grand parade of lodges, encampments and Patriarchs Militant, followed by a review. The committee for securing horses for such of the Patriarch Militants as desire them are W. M. Gillette, D. L. Dickenson, Fred Davis and Charles Brewer. The committee on reduction of railroad fares from out-of-town points is William M. Cottle, Rufus Smith, J. S. Galley and Warren L. Hall.

Souvenir medals, designed by E. W. Biggs of this city, and badges of suitable design will be for sale, under the direction of G. E. Trott and F. K. Woolworth, the committee, and a souvenir program is being arranged by Messrs. D. L. Davis and P. H. Hampson.

Other committees are: Halls—G. A. King and H. G. Filley. Hotel—J. H. Guehnsey and Charles Brewer.

Music—T. L. Farrell and W. L. Munson.

Grand marshal—Colonel J. B. Doherty.

Ball—J. C. Moore, H. G. Filley, W. M. Gillette, G. F. Barnes, C. H. Bronson, Fred Davis, Warren Trott and G. A. King.

Invitations—John Blair and D. M. Davis.

The medal above referred to as having been designed by Mr. Biggs of this city is of aluminum and is of about the size of a silver dollar. One side bears the all-seeing eye, and the three links with "1845-1895," and the following words: "Dedication of Odd Fellows hall, October 15, 1895, Nosahogan and Townsend lodges, 69th anniversary." The reverse shows an excellently drawn picture of the building, with the words "Odd Fellows hall, Waterbury, Conn." The design is as pretty a one as was ever made in Waterbury, and is sure to have a large sale. It reflects great credit on Mr. Biggs' artistic sense and execution. It is being struck off by the Scovill Manufacturing company.

The music will play no small feature of the day. All of the best bands of the city will be on hand and possibly some from New York. Colonel J. B. Doherty has been appointed grand marshal of the day and he will have sole charge of the parade.

A brief preliminary program of the day's events has been prepared as follows:

Lunch—A light lunch, consisting of coffee and sandwiches, will be served between 11 and 12 o'clock, to visiting members of the order on their arrival.

Parade—The grand parade of lodges, encampments and Patriarch Militants will start at 1 o'clock p. m. sharp. All lodges and encampments are requested to carry a banner, if they have one.

Review—The parade will be reviewed by the grand sire and officers of the grand lodges of this and adjoining states, heads of departments of Patriarch Militants, and the city government at 2 o'clock p. m.

Dinner—Dinner will be served to all visitors at 3 o'clock p. m.

Reception—The grand sire, grand master, and grand lodge officers of this and adjoining jurisdictions, and other notables of the order will hold an informal reception in the new lodge room at 5 o'clock p. m.

Dedication and anniversary ceremonies—7:30 o'clock p. m.

Grand anniversary ball—The day's celebration will wind up with a grand anniversary ball at the city hall last night until 3 a. m.

CHANGE OF TIME.

New Haven Street Railway Company.

The following change of time on the East Haven and Morris Cove divisions has just been made:

Leave Morris Cove for the green at 6:15, 6:55 a. m., and every thirty minutes thereafter until 10:55 p. m.

Leave the green for Morris Cove at 6:10 a. m., and every thirty minutes thereafter until 10:30 p. m.

On Saturdays the last car will leave the green at 10:40 p. m.

Leave Lake Saltonstall for the green at 6:15 a. m., and every thirty minutes thereafter until 10:45 p. m.

Leave the green for Lake Saltonstall at 6 a. m., and every thirty minutes thereafter until 10 p. m.

On Saturdays the last car will leave the green at 10:30 p. m.

CONSOLIDATED ROAD.

Important Changes on the Old Colony System—Other Notes.

Next Sunday the New York, New Haven and Hartford railroad will make a change on the Old Colony system, which will involve much work and expense. On that date trains of the double track will begin to run on the right hand track instead of the left hand. The New Haven system and one division of the Old Colony—the Stonington—run trains right handed. Everywhere else the Old Colony system runs left handed, but that is the rule of the road there in highways. In this country nearly all roads have always run right handed, although the Old Colony, Lake Shore and Michigan Southern, and Chicago and Northwestern have been notable exceptions.

The work called for by this change is enormous. Every block signal electric connection must be reversed so as to signal in the opposite direction. Every side track must be discontinued at the present switch, and the switch relocated at the other end of the siding, so that the engines will not take the switch "point on." The cross over switches between the main lines must be similarly re-laid. Water pipes at stations for supplying engines must be carried to the other end of the stopping places.

The quartermaster general has paid the different railroads for the transportation of men and freight to and from Niagara. The sums paid were as follows: New York, New Haven and Hartford railroad, \$6,150—\$4,526.10 for cars and \$654 for horses, guns, etc.; Philadelphia and Reading, \$273.60; New England, \$143.32; Central Vermont, \$201.60; South Manchester, \$125.50. Total, \$6,195.92.

THE NANTASKET EXPERIMENT PAID AND EXTENSIONS WILL BE MADE.

Boston, Sept. 16.—In an interview yesterday J. R. Kendrick, the third vice president of the New Haven railroad, said of the proposed extension of electrical equipment of the Old Colony division:

"We are entirely satisfied with our experiment on the Nantasket Beach business, the season having demonstrated the fact that the cheap and frequent trains create traffic. The passenger statistics for the summer just closed show an increase of 300 per cent. over those of the season of 1894, and next year we expect these figures will be beaten. The tests made the other day in demonstrating the practicability of electricity in its relation to the freight business were also eminently satisfactory, and mean a great deal in the application of the current to all branches of rail transportation. In regard to the report that our company was taking steps looking to the equipment of the link between Nantasket Junction and Braintree with electricity, we expect to have the line running in full working order and running in connection with the Nantasket Beach branch by the first of next season."

"Are the other roads in this neighborhood interested in the experiments of the New Haven system?"

"Yes, they are keeping a close watch on whatever we do. It has been practically decided to use the current in conjunction with steam, so far out as Readville and Dedham, on the Providence division. There will be four tracks on the elevation, the outer one being for trolley cars."

Was Arming Himself.

Late Sunday night or early yesterday morning the barber shop at the corner of Cedar and Carlisle streets, kept by an Italian, were broken in by burglars and several fine razors and \$7 in money were stolen. Entrance was effected by a pane of glass being cut out of a rear window and the catch turned. Sergeant Cowles is looking up the case.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

CATHOLICS TO PROTEST.

Action in New Haven—Mass Meeting Booked for Thursday Evening of This Week.

A meeting of Roman Catholics was held in St. Patrick's hall, this city, Sunday night, to protest against the celebration by the Italians of the city on September 29 of the occupation of Rome. The Catholics of the city are greatly aroused over the celebration and propose to do anything to discountenance it and if possible prevent it.

Many of the clergymen and large numbers of laymen were present. Rev. P. Mulholland presided and Alexander Emery was secretary of the meeting. A committee on resolutions was appointed, consisting of representative Catholics, to draft resolutions protesting against the celebration, to be offered to the Catholics at a mass meeting to be held Thursday night.

At that meeting the Catholics of New Haven will renew their vows of sympathy, love and allegiance to Pope Leo XIII, and the meeting is expected to be a most enthusiastic one.

IN MERIDEN.

Yesterday's Meriden Journal says: The Roman Catholics of this city will hold a meeting at town hall next Friday evening, as a protest against the celebration on that day of the taking away of the temporal power of the pope.

On September 20, 1870, Pope Pius XI, was elected to the papacy. The property held by the Roman church and since that day the pope has been practically confined within the vatican. On next Friday, the Italian government will, as stated, celebrate an anniversary and as an offset, these protest meetings are to be held all over the world.

In announcing the meeting here on Friday evening, it was stated at St. Rose's church yesterday that the six local Catholic parishes would unite in the town hall meeting and enter their protest against the "robbing of Rome."

It was also stated that while the government of Italy was Catholic in name, it was infidel in fact.

The meetings to be held in the diocese of Connecticut are called by order of Bishop Tierney, in compliance with a circular received from Monsignor Sattoli.

No formal program has been arranged for the meeting here. In Hartford the meeting will be on Thursday evening and Bishop Tierney will preside and probably make an address. The meeting is in charge of the priests of the city and it is not their intention to speak, but it is possible that some one will be called upon. Invitations have been sent out to several laymen to speak. Resolutions will be passed at the meeting and forwarded to Monsignor Sattoli.

If You Want

to go West cheaply and comfortably take the SANTA FE ROUTE. Tourist excursions. Personally conducted. Leave Boston weekly.

New England agency 332 Washington street, Boston. 512 tf

When You Are Ready.

To clean house send for us to take up, clean and relay your carpets. Nothing is so detrimental to good health as unclean carpets. By sending your carpets to the Forsyth company you are assured of having them returned to you as clean as new carpets. 4p15 tf

NEW MEMBERS.

A Bright Outlook for the Y. M. C. A. New members are coming into the association in anticipation of the beginning of another season.

The educational classes will open early in October. The classes in the gymnasium begin next Monday evening, September 23. Everything has been put into readiness for the new season's work, and any young men who are to take the physical work should secure a locker at once. Visitors are always welcome at the association.

A Prominent Visitor.

Rev. J. H. Knowles, D. D., of New York, general secretary of the American Sabbath union, was in this city yesterday conferring with Rev. J. C. Collins in regard to the convention of Christian Workers to be held soon.

No Prospect of a Race.

Newport, Sept. 16.—A Cass Canfield, secretary of the America cup committee, when asked to-day if there was any prospect of more racing between the Defender and Valkyrie, said "Not that I know of." He thought that the only foundation for the report that there would be further racing and of this port was idle talk at the clubs. He doubted if Lord Dunraven or anyone else with authority would talk race just at present.

Financial.

The Stock Market Was Fevish and Excited Throughout the Day.

New York, Sept. 16.—The stock market was fevish and excited throughout the day, but comparing the closing figures with those of Saturday it is found that the prominent issues made gains of 1/4 to 1/2 per cent. Louisville and Nashville, Burlington and Quincy and Pacific Mail leading. At the opening the market was fairly steady, higher quotations from London and buying for foreign account accounting for the steadiness. The foreign purchases to-day were estimated at fully twenty thousand shares.

The resistance shown simply served to nerve the buyers to fresh efforts and before 11 o'clock they succeeded in breaking prices 1/4 to 3/8 per cent. In this decline the Southwesterns, the Coalters, Big Four, Erie preferred and the industrial were most prominent in the downward movement. Flint and Pere Marquette preferred brought 45 against 50, the last transaction before 10:45 a. m. Sugar then came to the front and advanced sharply from 103 1/2 to 106, the stimulative influence having been an advance in refined of 1/2 cent per pound. The rise in sugar turned the whole market and later on, when it was announced that only one million dollars had been engaged for shipment to Europe, speculation took on a rather cheerful tone. Rumors of a bond issue were as plentiful as ever, but those who are generally aware of such important matters disclaimed any knowledge of the fact that the government intended to increase its debt by this means.

A favorable feature was the increased demand and higher rates for money, round amounts having been placed at 2 per cent. If rates should continue to advance gold exports would cease and consequently operators are watching the loan market with considerable interest. Another rumor which had a good effect was that the bank presidents had held a meeting to devise means to replenish the gold reserve. Subsequently this was denied, but the market left off firm. Pacific Mail advanced from 30 to 32 1/2 on a report that the difficulties with the Panama railway had been adjusted. After the close of business President Simons of the Panama road denied this.

Railway and miscellaneous bonds were weak and lower in the early trading, but at the close a firmer tone prevailed, the active issues recovering their early losses. The transactions footed up \$2,750,000.

Following are the closing prices reported by Prince & Whitely, bankers and brokers, 46 Broadway, New York, and 15 Center street, New Haven:
