Approved of the Verd.

San Francisco, Dec. 6.—Judge Murphy this morning denied the motion for a new trial in the case of W. H. T. Durant, convicted of the murder of Blanche Lamont, and ordered that he be turned over to the warden of San Quentin penitentiary to be kept until the day has been fixed for passing sentence upon him. Judge Murphy said he approved the verdict of the jury, it being the only one that could have been rendered under the circumstances. The defense gave notice of an appeal.

MODERATOR MILLS' REPORT.

Quiet Again Reigns—The Second Ward Protest Has Been Decided by Agreement of the Moderator and Counters—Total Vote of the City—Full Republican Councilmanic Ticket Elected in the Second—John F. Carr Will Probably Contest Certain Ward Counts—Chase Will Not Protest—Candidates for Various Positions.

At a meeting held yesterday noon City Moderator W. J. Mills made an announcement of the total vote of the city in the recent election, together with the contested vote of the Second ward, thereby closing the election. He stated to the meeting that as to the Second ward protest it had been decided by the agreement of the moderator and counters to frame a unanimous report, which they had signed. Before making the report Mr. Mills said:

"Before making the report, however, I desire to say that in all but two wards written protests have been filed. I make the declarations, therefore, subject to protest and without prejudice to anyone, if he desires to take it to the courts."

The total vote of the city was announced as follows:

Police commissioners—Louis M. Ullman, r., 6,238; John Clancy, d., 6,612; Joseph Porter, g., 2,186.

Board of public works—James N. States, d., 7,146; Lyman H. Johnson, r., 7,922.

Fire commissioners—William H. MacDonald, d., 7,197; A. D. Sanborn, r., 7,381.

For collector of city taxes—Nathan Easterbrook, r., 5,858; F. G. Anthony, d., 7,878.

City treasurer—C. S. Mersick, r., 7,232; E. G. Stoddard, d., 7,353.

He then took up the vote by wards. The only new statement made by him was the announcement of the vote of the Second ward. It was as follows:

Second Ward. Alderman—Henry H. Guernsey, r., 731; Prentice W. Chase, d., 540.

Councilmen—John H. Clark, r., 797; John Morse, r., 771; Benjamin F. Loeffler, d., 782; Frederick L. Covell, d., 491; John J. Kirby, d., 527; Benjamin Bretzfelder, d., 513.

Police Commissioners. John Clancy, d., 391; Joseph Porter, g., 290; Louis M. Ullman, r., 592.

Fire Commissioners. William H. MacDonald, d., 533; A. D. Sanborn, r., 735.

Board of Public Works. James N. States, d., 530; Lyman H. Johnson, r., 735; scattering, 7.

The report shows that the election of the full republican councilmanic ticket from the Second ward was allowed by the moderator, making the composition of the board of aldermen 16 republicans and 8 democrats; of the board of councilmen, 15 republicans and 18 democrats, giving a republican majority of 8 on a joint ballot. Porter's entire vote was 2,186, 290 of these being in the Second ward.

Moderator, John Tracy; republican counters, Dwight W. Blakeslee and Dwight W. Baldwin; democratic counters, James Carr and Charles F. Flynn, signed the Second ward returns.

It is stated that John J. Carr will bring suit in the superior court, to have the matter of a recount of the vote of the Third and Fourth wards decided. The papers in the case have not yet been drawn, but they will probably be in the shape of a petition for a recount in the First, Third, Fourth and Twelfth wards and possibly others. His application will set up that in various city wards ballots were wrongfully rejected by the moderators which bore his name as a candidate for registrar which should have been counted. His calculation that there were about 100 ballots rejected in which a license ballot was in the envelope with the regular town ticket, and which was rejected.

The decisions of the moderators of the Third and Fourth wards in throwing out the ballots was entirely unpartisan, and the same is true in other wards, both democratic and republican moderators having declared the ballots illegal. Prentice W. Chase, candidate for alderman in the Second ward, said yesterday that he should make no protest at the filing of this return by the moderator. He stated that he had never protested against the republican votes being counted, but had said that he thought it unwise for the moderator to withdraw his decision after he had made it.

There are three candidates now for the position of sealer of weights and measures: Louis T. Dams of the Eighth ward, ex-Councilman Arthur R. Beebe of the second ward, and Major W. H. Lincoln of the Tenth. Councilman Dwell is a candidate for president of the board of councilmen.

It is stated that Theodore H. MacDonald and Frederick L. Perry will probably be re-appointed as clerks in the office of the town agent.

Plan Not Perfect.

New York, Dec. 6.—The Philadelphia and Reading reorganization committee met this afternoon. At the conclusion of the meeting Chairman E. P. O'Leary said: "The reorganization plan is not yet perfected. It will not be out for ten days."

Died in His Room.

Waterbury, Dec. 6.—Charles Partrée, aged forty-two, of this city, was found dead in a room at the Scovill house this morning. He registered at the hotel Wednesday night, and did not appear yesterday morning. He died of heart disease.

Fire in Litchfield.

Litchfield, Dec. 6.—Fire destroyed the house, barn and other outbuildings on W. H. Squire's estate on the outskirts of the town at 3 o'clock this morning. The fire broke out in the barn, and that was burned, and the dwelling was ablaze before the occupants learned their danger. Squires and his family had narrow escapes from death in the flames. The loss is about \$8,000; partly insured.

In Washington.

Washington, D.C., Dec. 6.—The following Connecticut people have registered at local hotels: Emeric, Miss E. H. Harman, Connecticut; Oxford, C. L. Burdett, Hartford; Raleigh, J. H. Callahan, New London; W. M. Conway, Waterbury; Miss E. Moseley, New Haven; National, C. B. Leavenworth, New Haven.

NEWS OF CONNECTICUT.

EVENTS OF INTEREST IN MANY PARTS OF THE STATE.

A Young Woman's Matrimonial Agency Adventure and the Result—State Factory Inspector's Report—A Millionaire's Suit—Only a Flash Light—Other News of Interest.

Hartford, Dec. 6.—Caroline Ade, a young woman about twenty years of age, caused the arrest of Fred W. Hofke to-day. The proceeding arises out of one of the matrimonial advertising agency schemes, as a result of which the young woman feels herself aggrieved some time since there appeared in a New York newspaper an advertisement of the stereotyped character. It stated that a young man, thirty years of age, good looking and having a good position, was desirous of meeting a comely young woman matrimonially inclined. Miss Ade answered the advertisement and she had \$5 in her pocket. Hofke met her at a matrimonial agency and brought her to the home of his mother in this city, where he had a room. There she staid eight days, at the end of which time trouble arose and the girl left. Hofke had not married her. To-day she turned him over to the police, saying that she had been deceived; that Hofke was not only thirty, but fifty; that he was not good looking, on the contrary, decidedly commonplace, and moreover he is out of a job. When arrested Hofke offered to marry Miss Ade, but the latter scornfully refused his offer. Hofke was given an opportunity to raise money to pay her a stated sum per week, and being unable to accomplish this he was locked up.

IT WAS A FLASH LIGHT.

Hartford, Dec. 6.—The fire department was called out late this afternoon in response to an alarm announcing an alleged fire in the Asylum street saloon of Sigmund Bondy. After the firemen had reached the scene it transpired that a photographer had been taking a flash light picture in the saloon and a passerby had seen the flash and turned in an alarm. A great crowd gathered and the saloon did a rushing business.

STAMFORD MILLIONAIRE'S TROUBLE.

Bridgeport, Dec. 6.—Counsel for Timothy F. Porter, the Stamford millionaire, appeared before Judge Elmer of the superior court this morning and asked to have the famous Porter-Ritch case erased from the docket. The suit was instituted by Mr. Porter against his relatives, who he claimed, unlawfully imprisoned him and restrained him from re-marrying and also deprived him of a large portion of his property. In the allegations he declares that he suffered to the extent of \$250,000.

To the surprise of the other side Judge DeForest, acting for Mr. Porter, to-day asked the court to strike out the case he had himself instituted. He claimed the court had no jurisdiction because in the papers no specific amount of damages is claimed. Attorney Goodwin Stoddard for the other side argued that the amount of damages suffered as stated in the allegations was really a claim for that amount. He said his clients wanted a trial and a vindication. Judge Elmer so ruled, and set Wednesday of next week for the trial of the long delayed case on its merits. Judge DeForest's attempt to kill the case looks as if he did not expect to win.

FACTORY INSPECTOR'S REPORT.

Hartford, Dec. 6.—The annual report of George L. McLean, state inspector of factories, was made to Governor Coffin to-day. The report shows 1,091 factories inspected during the year, employing 93,647 persons. Six factories were found in good condition, and changes were ordered in 491. Twenty-five factories were found with insufficient means of egress. The sanitary conditions were bad in seventy-nine factory buildings and seventy required better ventilation. Nearly 600 orders were issued for the protection of apparatus to prevent accidents to employees. Mr. McLean calls attention to the difficulty experienced in obtaining knowledge of accidents in factories. There is no law to compel owners or managers of factories to report accidents. He is in favor of a law compelling those in charge of factories to report accidents immediately after their occurrence, and accident would enable him to investigate and apply remedies to prevent a recurrence.

REVENUE COLLECTIONS FOR NOVEMBER.

Hartford, Dec. 6.—The revenue derived from the sale of beer stamps in this internal revenue district for the five months ending November 30, will be about \$7,000 a month, and if the increased sale of stamps is continued until the end of the year, June 30, 1896, the increased revenue for the district over that of 1894 will be in excess of \$75,000.

Internal Revenue Collector John C. Byrbee has said that the collections in the office for the month of November would exceed by \$18,000 the collections for the same month of 1894. He attributed the increased sale of beer, whiskey, and tobacco to the increased amount of money in circulation, brought about by the revival of business in all branches of trade.

LIQUOR DEALERS' ACTION.

Middletown, Dec. 6.—The Wine, Beer and Liquor Dealers' association of Middletown held a meeting this afternoon and passed the following set of resolutions concerning the observance of the law:

"Whereas, It is deemed to be for the best interests of all persons in the community that the laws regarding the sale of spirituous and intoxicating liquors, shall be observed, therefore, Resolved that the Wine, Beer and Liquor Dealers' association of Middletown are most heartily in favor of observing the laws relating to the sale of intoxicating liquors, and Resolved, That every member of this association shall be required to keep his place of business strictly closed on Sunday, and shall avoid illegal sales and all violations of the liquor law on that day and

Resolved, That any person found violating said law shall be expelled from this association and shall be entitled to receive no benefits from the same.

(Signed) James H. Conroy, president; John M. Welch, secretary.

This association includes every one of the thirty-five saloons in the city to-day's action is brought about by the attacks on the dealers by the Citizens' League. Remonstrances were filed against sixteen saloon keepers, and all but two of them received their licenses from the county commissioners upon promising to make certain changes in their places of business as are required by law.

NORWICH HOSE HOUSE FIRE.

Norwich, Dec. 6.—At 10:40 to-night fire broke out in the hose house of engine company number seven on Main street, Greenville. The flames started in the hose tower and the rear of the building was practically gutted. The damage will amount to about \$700. At one time the police station near by was thought to be in danger. The loss is fully covered by insurance. Spontaneous combustion is thought to be the cause of the fire.

THE STORE IS THROGGED.

This is the glad season of the year, so suggestive of Yule tide joy and happiness. Many are perplexed in making selections for suitable holiday gifts. A visit to the extensive stores of the Geo. H. Ford Co. removes this difficulty, for at this delectable famous store, one can easily make the desired selections from the very large and varied stock, all of which is selected with the greatest care and discrimination with reference to artistic taste and quality.

IN MISSOURI.

The Movement to Tax Church Property. St. Louis, Dec. 6.—The movement to bring about the taxation of church property in Missouri is assuming commanding proportions. The Rev. W. W. Hopkins, secretary of the agitation committee having the matter in charge, said yesterday: "Church property in St. Louis, with a market valuation of over \$48,000,000, is now untaxed. Fully half of this property is not directly used for church purposes, and a large part of it is held for speculation. In some instances secular occupation of church lands and buildings yields a revenue in rental to churches, but no tax is assessed. It is our purpose to secure an amendment to the constitution of the state taxing all property."

ASSAY OFFICE ON FIRE.

Over \$2,000,000 of Gold and Silver Bars Endangered—Excitement in Wall Street. New York, Dec. 6.—There was considerable excitement in Wall street at noon to-day caused by a fire which broke out in the United States assay building, next to the sub-treasury, and which for a time threatened the interior and its precious contents.

There was even more excitement inside the building than in the street, for bars of gold amounting to \$2,000,000 and several thousands of dollars more in silver were lying upon the floor in close proximity to the flames. The gold was laid out to be taken to a steamship for export to Europe to-morrow.

The fire started on the first floor of the building in what is known as the melting room. Oil in some of the machinery became overheated and the flames leaped up to the ceiling, which caught fire.

All the attaches of the office rushed to the scene of the fire and began removing the gold and silver. Acting Superintendent Corby at once ordered the big iron doors of the building closed. Some of the men poured water on the fire, while the others looked after the metal. The room was filled with smoke, and it was with great difficulty that the men worked to extinguish the flames.

This was finally accomplished. The damage was small.

The most excited persons in the crowd outside of the door were representatives from the firms of L. Von Hoffman & Co. and Lazard Freres, for whom the \$2,000,000 of gold is to be shipped to Europe. They were afraid that the important shipment of gold would be delayed by the fire.

Elected a Bishop.

Washington, Dec. 6.—Rev. E. Y. Satterlee of Calvary church, New York, was to-day elected bishop of the fourth diocese of Washington on the fourth ballot of the Episcopal diocesan convention, receiving 45 votes out of a total of 63. Rev. Dr. McKim, one of the candidates, moved to make Dr. Satterlee's election unanimous, which was done.

A Convict Sued for His Forged Draft.

Jackson, Mich., Dec. 6.—Charles H. Price, noted forger, United States mail pilferer, and diamond robber, sentenced to prison here in 1890 for seven years for forgery at Detroit, escaped in 1893 by arranging a box with a false bottom. He was drawn out of the prison yard on a truck, but was captured and returned to prison. During his freedom he robbed a mail box at St. Joseph, Mo., and forged a stolen draft for \$200 drawn on the German-American bank of that city. Through its attorneys the bank has now sued the convict, Price, who is in prison, for the amount of the draft and interest, the return day being set for January 10.

ABOUT THESE DAYS

We do not pretend to compete in attractions with the fancy stores, picture and jewelry shops. Still, in a modest way we may be allowed to suggest that there is something, perhaps, more permanently useful than a Waterbury watch, or a donkey that winds up to kick the stuffing out of a football. Warm Slippers, Arctics, and the finer sorts of foot-covering look very well, and seem quite appropriate, fitted over a little stocking in the chimney corner the twenty-fifth a. m.
