

MAINE REPUBLICAN BY PLURALITY OF 30,000

LARGEST VOTE POLLED SINCE ELECTION OF 1888.

Expectations of "G. O. P." Men Exceeded—Returns, However, Show a Republican Gain of but Fifteen Per cent. While the Democratic is Thirty-one per cent.—All Four Republican Members of Congress Elected.

Portland, Maine, Sept. 12.—The returns exceeded their expectations in state election to-day in carrying state for William T. Cobb, of Rockland, the candidate for governor, by a rally of about 30,000 over Cyrus W. Davis, of Waterville, his democratic opponent.

Complete returns will not be received for several days, but 200 out of 523 cities, towns and plantations give Cobb 65, Davis 33,399. The same places in 1890 gave Hill, (rep.) 51,705; Lord, (dem.), 29,302. These returns show a public gain of about fifteen per cent., and a democratic gain of about one vote per cent. over 1900.

The vote for governor will probably be the largest since 1888. In the light of pre-election claims that parties should be satisfied with the result. The republicans placed Cobb's rally at 18,000, and the leaders were rejoiced to-night in having those figures exceeded by 12,000. The democratic leaders stated yesterday that if the public plurality of 33,384 of four years ago was reduced by one vote that they should regard it as a democratic victory. Up to a late hour to-night no statement could be obtained from any of the democratic leaders.

All four of the republican members congress were re-elected. Amos L. Jencks in the first and Charles M. Littlefield in the second, were returned by a plurality of the same in 1900. In 1900, the republican plurality of 33,384 of four years ago was reduced by one vote that they should regard it as a democratic victory. Up to a late hour to-night no statement could be obtained from any of the democratic leaders.

Accused of Violation of the Postal Laws—In Five Months the Concerns Said to Have Written \$1,055,030 in Contracts—Has Forty Branch Offices in Large Cities of the Country.

Boston, Sept. 12.—Guy C. Stillings, treasurer of the Preferred Mercantile company, of this city, was arrested this afternoon on a charge of conducting a "diamond lottery" business in violation of the postal laws. The company was formerly located in Kansas City. In five months it is said that \$1,055,030 in contracts was written by the concern which has forty branch offices in many of the large cities.

The concern has offices in the Winthrop building and it is claimed that since it has been in operation about eight months, its business has been conducted along lines similar to those of the North American Trust, whose officers were arrested in July. It is a Massachusetts corporation and has an authorized capital of \$100,000. The business has been under the surveillance of the post office authorities for a long time. Last March they secured a fraud order against the company and although since that time its mail has been held up the business has not ceased.

Guy C. Stillings is treasurer and secretary and George E. Stillings president. J. F. Kingsley of this city is said to be state agent for the firm. President Stillings is said to be in the West. Treasurer Stillings, before Commissioner Pike, pleaded not guilty.

The case was continued for one week, the defendant being held in \$2,000 bonds.

FOUR BURNED TO DEATH.

Early Morning Tenement Fire in New York—Six Injured.

New York, Sept. 12.—2:40 a. m.—Four persons were burned to death and six were injured in a fire which destroyed the three upper floors of a five-story tenement at 68-70 First street early this (Tuesday) morning.

Three of the victims were men and the fourth a woman. All were found suffocated on the upper floors. Their bodies were recovered by the firemen who made many daring rescues.

VAN ALLEN IN ANGRY MOOD.

Will Not Say Whether He Will Become British Subject.

Newport, Sept. 12.—James J. Van Allen was asked today at Wakehurst to regard to the report that he was to become a British subject. Mr. Van Allen was enjoying a smoke on his front piazza, but was not in a humor. He wore a light gray suit, a brilliant red necktie and a monocle, which gave him a very English appearance.

"Is it true, Mr. Van Allen, that you are to become a British subject?" queried the newspaper man. The master of Wakehurst scowled, closed his eyes until they were mere slits, and shouted back: "It's none of your business or anyone else's whether I am or not."

"Do you wish me to deny or confirm a report?" was the next question, but Mr. Van Allen refused to say, and again pronounced in a loud voice that it was no one's business.

TELEGRAM TO PRESIDENT.

Maine Expresses Appreciation of His Administration in Election Result.

Augusta, Me., Sept. 12.—The following telegrams were sent out late to-night by Governor Hill:

"The President, Oyster Bay, N. Y.: 'Maine expresses her appreciation of the splendid achievements of your administration and of your efforts for the advancement of every interest of the nation by a plurality of about 30,000 for Roosevelt and prosperity.'

Signed: "John F. Hill." "Hon. George B. Cortelyou, Chairman Republican National Committee, New York: 'Returns already received indicate a plurality of about 30,000. Have elected four congressmen by majorities ranging from 5,000 to 15,000, every member of the state senate except four, and five-sixths of the members of the house of representatives.'

Signed: "John F. Hill."

UNANIMOUS FOR SPERRY.

Waterbury Elects Delegates to Congressional Convention.

Waterbury, Sept. 12.—At the caucus of the republican delegates elected to choose the eight delegates to represent this city at the congressional convention to be held in Middletown September 7, the following delegates were selected:

John H. Guernsey, Irving Chase, Ernest A. Lewis, E. W. Hitchcock, J. M. Baril, William Stokes, Henry Weyand and John Snicks. The delegates were not instructed, but it is understood they are unanimous for the renomination of Congressman N. D. Sperry.

RUSSIANS ACCUSED OF INHUMANITY BY JAPS

WOULD NOT ALLOW REMOVAL OF NON-COMBATANTS.

Official Report Declares It is Awful to See the Result in Liao Yang of This Act—Finding of Dum-Dum Bullets Among Captured Munitions—Unconcerned Report That General Zassalitch and 3,000 Men Have Been Captured.

Tokyo, Sept. 12.—2 p. m.—A telegram received here from Field Marshal Oyama at midnight last night gives the disposition of the Russian troops in the vicinity of Yental and Mukden. He says that a large force of Russian cavalry is posted at Ping Taitso, which is about twenty-four miles to the east of the Yental railway station, and that another force of cavalry occupies the town of Hellingchal, to the northward of Ping Taitso. Other bodies of cavalry, with artillery, are located at Huangshanlin, on the eastern road out of Mukden, as well as in the neighborhood of Yumentashushan, which is occupied by the Japanese. Some detachments of Russian cavalry are posted at Fanchi, Kusu Tai and Menhukutun, along the railroad between Yental and Mukden, and are apparently keeping in touch with and watching the Japanese.

Another report received from the headquarters of the Manchurian armies tells of the pitiable condition of non-combatants in Liao Yang. It relates that while the Russians were holding the defence works close to the walls of Liao Yang they prohibited the removal of non-combatants from the city, and consequently many were killed or wounded. Dr. A. M. Westwater, a well known British medical missionary at Liao Yang, is at present sheltering 290 wounded non-combatants and feeding and nursing many more. Concluding the report says:

"The condition of these people is beyond description, and it is awful to see the results of this Russian inhumanity. The killed or wounded were, of course, hit by our fire, but the Russians were responsible. It is a great pity to extend the calamities to the non-combatants."

An additional report from army headquarters concerning dum-dum bullets says: "Among the Russian munitions captured at Liao Yang are two kinds of dum-dum bullets, which very much resemble those made for the Russian rifle of the 1891 type. They do not, however, fit this rifle exactly. We made search for rifles which could have fired these bullets but failed to find them.

"The wounds received by some of our men are comparatively large, and it seems likely that they were made by dum-dum bullets. We have, however, been unable to ascertain this definitely.

"The presence of the bullets explains itself. Photographs of the bullets and papers relating to this matter will be forwarded later."

RUMORS STIR ST. PETERSBURG.

Alexieff Resigns and Kuropatkin to be Superseded?

St. Petersburg, Sept. 12.—2 a. m.—With the lull in military operations and an almost entire suspension of dispatches from the front St. Petersburg has again fallen back upon rumors. Countless stories are afloat regarding the Russian defeat at Liao Yang, some of which are absolutely absurd while others have apparently enough basis in fact to give them a color of possibility. While none of these stories can be confirmed, it would not surprise those best informed if some of them should turn out to be true.

Of first importance in the revival of the rumor of Alexieff's resignation, based, probably upon differences said to exist between him and General Kuropatkin and others in authority in the far east. Of next importance is the rumor that General Kuropatkin is to be superseded, Lieutenant General Linevitch, being named as the most probable successor. This is supposed to rest upon the emperor's displeasure with General Kuropatkin's generalship at Liao Yang and general dissatisfaction at the course of events at the front.

Many other rumors are probably the outgrowth of jealousy, bickerings and irresponsible criticism of the defeat at Liao Yang, but none is traceable to an authentic source. Nevertheless, in a country where the will of one man is the supreme law, sudden changes of the most grave importance are always possible. Neither Alexieff's nor Kuropatkin's friends, however, seem to attach great importance to the stories involving them.

RUSSIAN REVERSE REPORTED.

General Zassalitch and 3,000 Men Said to Have Been Captured.

London, Sept. 12.—The Morning Post states that official Russian dispatches received in London announce that Lieutenant General Zassalitch, who commanded the portion of the Russian rear guard south of the Hun river, has been severely wounded and captured with 3,000 out of his 5,000 men.

It is added by the Morning Post that Generals Zarubaisoff, Kondratovich and Biderling have checked General Kuroki's advance.

London, Sept. 12.—The Daily Mail's correspondent with the Japanese reports from Tien Tsin the report that Lieutenant General Linevitch, with 50,000 men, invaded northeastern Korea and cut General Kuroki's communications with Feng Wang Chang.

REGRET SEIZURE OF COLORS.

U. S. Cavalry Entirely Wrong—Apology Sent Bay State Regiment.

Boston, Sept. 12.—The action of a detachment of the Seventh U. S. cavalry at the recent army manoeuvres in seizing the colors of the Fifth regiment of Massachusetts militia, has been regretted formally by the brigade commander in a letter received by Colonel Oakes of the Massachusetts regiment, from Captain Edward Sigerfoos, Fifth U. S. Infantry, and the brigade adjutant general.

Captain Sigerfoos in his letter states that the act was not only expressly forbidden by the rules governing the manoeuvres but in actual warfare would have been impossible of accomplishment. He further says that the capture was especially out of place as the detachment of the Seventh cavalry had just been ruled out of action by an umpire as having been annihilated. The company of the Fifth regiment guarding the colors in not forcibly resisting the seizures, is especially commended by Captain Sigerfoos as very serious trouble might have resulted.

WILL DEMAND FULL PAY.

SECOND REGIMENT OFFICERS REALLY UP IN ARMS.

Will Not Accept Payrolls Allowing Men Who Went to Manassas but \$107 Per Day—Usual Rate \$1.50, but State Cut This When Government Agreed to Give Forty-three Cents.

Meriden, Sept. 12.—The officers of the Second regiment, C. N. G., at a meeting held aboard the steamer New Hampshire Sunday while en route from New York to New Haven voted to make a demand on the state for full pay, \$1.50 per day for their men, for every day their commands were in camp. The state law makes that allowance, but when it was learned that the government would pay the men forty-three cents a day, the state officials cut their price down to \$1.07. The officers will not accept the pay rolls on these figures.

CONNECTICUT MEN PRAISED.

General Chaffee Mentions Their Fine Appearance on the Field.

Washington, Sept. 12.—Lieutenant General Chaffee, chief of staff, was keenly interested in the grand review of the regular troops and national guardsmen engaged in the manoeuvres on Manassas battlefield. He will later receive the reports of observers and umpires.

As the reviewing officer on Saturday General Chaffee had an excellent opportunity to note the appearance of the men, and to-day he said: "The review was highly creditable from every point of view. The organized militia made a fine appearance. Of course their ranks were somewhat thinned because many of the men were footsore as the result of their hard week's work. I would not undertake to discriminate where all of the men did so well. But through the fact that the Connecticut commands were massed in one compact body they made an excellent appearance on the field. New York did well also, though laboring under the disadvantage of having its force divided between Generals Grant's and Bell's commands.

"As to the regulars (and here a look of pride swept over the general's face) well, I never saw any better soldiers. They marched along with an erect carriage and a springy, swinging step that spoke volumes for their endurance after what they had gone through. I was proud of them."

FATAL ROW ON TRAIN.

White Man and Two Negroes Stabbed to Death.

Valdosta, Ga., Sept. 12.—In a row on one of the coaches of the Georgia Southern & Florida passenger train coming from Jacksonville to this city last night, a white man named Jackson Duncan was stabbed to death, two negroes were killed and Marshal Duncan was stabbed in several places. The men who did the killing, according to report, are Charles and Hilary Altman, who reside near Baxter, Fla. The killing was the result of a quarrel, preceded by a long period of bad feeling between the Duncans, who are prominent naval store men, and the Altmans and other residents of Baxter. After the trial next Jacksonville the Altman family are alleged to have picked a quarrel with a negro named Jim Riley, who worked for the Duncans. Charles Altman, who accused the negro of being in debt to him, drew his dirk and stabbed the negro to the heart.

Then Jackson Duncan remonstrated with Altman and Hilary Altman drew his dirk and stabbed Duncan, who died soon afterward. Marshall Duncan was also stabbed and was either pushed from the train or fell off. Another negro was killed in the melee. The two Altmans slipped from the car to the platform and jumped from the train as it slowed down but got up on the rear end.

This morning, according to reports, the row was renewed between the Duncans and the other side. Friends of the Altmans, it is said, met at their house and went to Baxter, where a shooting affray occurred between them and W. M. Duncan and another younger son. W. M. Duncan was shot through the fleshy part of his stomach twice and his son was shot through the hand.

JAPAN MAKES FORMAL DEMAND ON WASHINGTON

WANTS RUSSIAN CRUISER ORDERED FROM SAN FRANCISCO.

Twenty-four Hours Specified as the Time Limit—United States Steamboat Inspector Ordered to Make Investigation of Vessel's Engines and Boilers and to Report at Once to the Government.

Washington, Sept. 12.—The expected protest of Japan against allowing the Russian auxiliary cruiser Lena, which arrived at San Francisco yesterday, to remain longer than twenty-four hours, came to-day when the Japanese consul in that city made a formal demand that the vessel be required to leave at the end of that time.

The collector of customs' telegrams officially notifying the authorities of the arrival of the Lena, and of Japan's protest, was addressed to the secretary of the treasury, who at once sent copies to Acting Secretary of State Adee and Acting Secretary Murray of the department of labor, who has direct jurisdiction in the matter.

The telegram reads as follows: "Japanese consul has made demand upon me that Russian auxiliary cruiser Lena, arriving at this port eleventh instant, leave within twenty-four hours. The captain reports that he has entered for repairs of engines and boilers to make pay the latter. I am requesting the inspector of hulls and boilers to make an examination of the vessel's machinery with the consent of the Russian consul and the commander of the Lena. Can find no authority in the law or regulations for the collector assuming any authority in the premises, and request instructions."

After a conference with the commissioner of navigation, Acting Secretary Murray sent the following dispatch to the collector: "Wire this department exact hour of steamer's arrival at your port and concise resume of steamboat inspector's report, and if repairs are necessary the probable time required to meet them. On receipt of particulars the department will instruct you further. See circular 25, end of page 2, and all of page 3."

The circular referred to was issued on February 13 of the present year, immediately after the hostilities between Russian and Japan commenced, and besides containing the president's proclamation relating to neutrality, gave instructions to collectors that "should any case arise requiring official action, you will communicate the facts to the department by telegraph."

The collector's telegram came after office hours, and the officials were somewhat puzzled that there should have been so much delay in sending it. There was a good deal of reticence on the subject on the part of the officials of the department of commerce and labor and of the bureau of navigation, who preferred to await the report of the steamboat inspector before making any statement. This report it is expected, will be received some time during the night, so that the Lena will have been in port over twenty-four hours before the question of her right to lie up for repairs is determined.

NO EXAMINATION BY JAPS.

Collector at San Francisco Refuses to Allow Them to Board the Lena.

San Francisco, Sept. 12.—At the conclusion of a conference between Collector Stratton and the Japanese consul neither would say in detail what had been said.

Collector Stratton, however, gave out a statement in which he said: "I have decided not to allow the Japanese to go aboard the Lena to make an examination. That matter is between the United States and the Russian governments, and the United States will attend to it without assistance from anybody. I know the law thoroughly and will enforce it. The neutrality of the United States will be maintained without regard to any request or act of the Japanese consul."

The collector then quoted the provisions of international law bearing on the case.

Rear Admiral Goodrich lunched with Captain Berlin and other officers of the Lena on board the vessel. They could not be seen. Lieutenant Zotoff, speaking for the captain, said that the main object of the Russian vessel in making this port was to have absolutely necessary repairs made to her engines and boilers. Her bottom, he said, is foul and will have to be cleaned in dry dock. The captain said that the Lena's coal bunkers were far from being depleted, and he thought it would be unnecessary for her to coal at this port.

The United States inspector of hulls and boilers has been ordered to make a thorough examination of the Lena and on this report will largely depend the duration of the stay of the vessel in this bay. If it is decided that repairs are required they will be made as rapidly as possible, and it is generally expected that this will be done.

Japanese Advancing.

St. Petersburg, Sept. 12.—The Birzheviya Vidmosti's correspondent at Tien Tsin telegraphs to his paper as follows: "The Japanese, who have been accused of moving forward slowly, are now advancing very rapidly. Little avail the Russian increase of troops, for the Japanese are receiving reinforcements from New Chwang. The initiative will remain in the hands of the Japanese, and their tactics will always be repeated."

SHIPBUILDING PLANT SOLD.

Bought by Chairman of the Reorganization Committee.

New London, Sept. 12.—The formal sale of the plant of the Eastern Shipbuilding company at Groton took place at 1:30 this afternoon. The sale is in accordance with the order of the United States circuit court for the district of New Jersey in settlement of the affairs of the United States Shipbuilding company. James Smith, Jr., special master, made the sale.

The property was in two parcels, the first comprising the realty, buildings, machinery and equipments of the plant, and the second parcel for shipbuilding on hand. The minimum bid to be accepted for the first parcel was \$125,000, and this was the sum for which the yard was bid off. The second parcel brought \$30,000. The purchaser was George R. Sheldon, chairman of the reorganization committee.

EVANGELIST RETURNS.

Answers Charge of Assault in Greenwich and is Fined.

Greenwich, Conn., Sept. 12.—Charles Pugeley, an evangelist well known in Greenwich and Stamford returned yesterday to answer a charge of assault against Thomas Wilson and today was tried in the borough court. Judge Burns fined him \$25 and costs. The assault took place two months ago at a meeting of the Portchester lodge, Master Mechanics, and Wilson was considerably battered. Pugeley left on hearing that Wilson had died while out west heard that the latter had fully recovered. He immediately came east and gave himself up.

READVILLE FALL MEETING

TWO FAVORITES AND AN OUTSIDER WIN EVENTS.

Peeler Patron Captures the 2:10 Pace After Losing the First Heat—Half Hour of Tedious Scoring Before Horses Are Sent Away in the 2:06 Pace—Estate Wins the Event.

Readville, Mass., Sept. 12.—Two favorites and an outsider won the events at the opening of the fall meeting at Readville track to-day.

The track was slow, because of a heavy morning rain, and the first race was not started until late in the afternoon.

The 2:10 pace was the feature, after Ben F. the favorite, had taken the first heat handsly. Peeler Patron came up in the second and won by a head. The next two were easy for Peeler Patron.

There was half an hour of tedious scoring before the horses were sent away on the first heat of the 2:06 pace. Ecstatic, the unbeaten mare of the season, was a slight favorite over Red Bird, but the delay at the post caused both to break in the stretch. Red Bird was distanced but Ecstatic was placed. In the next two heats the Yonkers mare had no trouble, and in the last, on a heavy track, made the quarter in :30 3-4, half in 1:01 1-2, three-quarters in 1:32, and the mile in 2:06 1-4.

John Caldwell had no difficulty in winning the 2:35 trot. It was announced that on Wednesday the noted trotting gelding Major Delmar, would go to beat the world's record, without a pacemaker.

If he succeeds he will then, on Friday, trot against the world's record to high wheel sulky.

STILL FAIL TO AGREE ON MAN FOR GOVERNOR

NEW YORK REPUBLICANS HOLD FUTILE CONFERENCES.

Until This Question is Settled There Can be No Decision on Nominations for Lieutenant Governor—Woodruff and Higgins Not Talked Of—Odell and Platt Agreed on Men for Other Places.

Saratoga, N. Y., Sept. 12.—The many conferences here to-day caused numberless rumors and increased the general interest in the political situation, but to-night the question of the republican nomination for the governorship remains unsettled, and until that is settled there can be no decision on the nominations for lieutenant governor and attorney general.

At a late hour both Governor Odell and Senator Platt said that nothing would be settled to-night, that they had a number of conferences during the day and that comparatively early to-morrow they would meet again and compare notes with the expectation of an early agreement.

In the general discussion former Lieutenant Governor Woodruff and Lieutenant Governor Higgins were most talked of and in the afternoon Superintendent of Insurance Francis Hendricks of Syracuse began to be mentioned as a compromise candidate, though Mr. Hendricks himself declares that he is not a candidate. The Syracuse men spent the afternoon and evening urging his nomination.

The programme for to-morrow includes a large general conference whose real purpose will be to ratify the agreement which is expected to be arrived at between Governor Odell and Senator Platt. In the evening the state committee will meet and arrange final details for the convention, which is called for noon on Wednesday.

As for the lieutenant governorship, the man most spoken of for the nomination has been Borough President George H. Cromwell of Richmond, who is understood to have the approval of both Governor Odell and Senator Platt. Mr. Cromwell, however, to-night formally declared himself out of the running. In explanation he said that he felt his resignation from his present office to accept the nomination for the lieutenant governorship would be regarded by the people of his borough as a breach of trust reposed in him when by a fusion of both republicans and democrats he was elected to meet a definite situation.

There appears to be no doubt of the renomination of Secretary of State John F. O'Brien of Clinton, Comptroller Otto Kelsey of Livingston, and State Engineer and Surveyor Harry A. Van Alstyne of Columbia. For the state treasurer, assuming that John G. Wickers of Erie, the present incumbent, adds to his announced decision not to accept renomination, there are two candidates, John H. Korts of Ulster and Henry McArthur of Washington.
