The Mormon question will not down.

Read our great offer in the shape of Webster's Dictionary, this morning.

A Webster's Unabridged dictionary for a bagatelle to subscribers of THE REPUBLICAN.

The assessment roll of Los Angeles city, just completed, aggregates a trifle over \$47,000,000.

The "Governor's Organ" is meeting with the approval of the people just the same, thank you.

Over 300 subscribers have been added to THE REPUBLICAN'S subscription lists within the last thirty days.

The war in the Democratic ranks in Maricopa county continues. Just now Frank Cox is being "knifed."

MARCUS AURELIUS SMITH will have no walk-over for the nomination and if he secures it will be defeated at the polls.

The Chairman of the Republican Committee of Pinal county has called a meeting of that Committee at the Court House, in Florence, for July 26.

EVEN THE MORMONS are not favorable to a discussion of the question of their faith in relation to the government. They are shutting up their organs.

The state of Louisiana is owned by the Democratic party and the Democratic party is owned by the Louisiana lottery. There's a nice combination for you.

TERRIBLE storms throughout the East have been destructive to life, shipping, buildings and crops. Arizona is specially blessed in this respect and ought to be thankful.

The preliminaries of a great sweep-stake race, to take place at Monmouth Park, has been arranged and the public may count on soon seeing Salvador, Tenny and Kingston race to decide the title of King of the Turf.

THE Gazette's chief mission now-a-days seems to be to prejudice cases pending in Court and to boost one or two lawyers to the prejudice of the rest of the bar, and to give vent to its venom against General Churchill. We have no doubt Mr. Street felt mean enough on reading yesterday's Gazette and should be loathe his case he would have a good action for damages against that sheet. Its special pets now seem to be Mr. Street and Captain Steiglitz.

SAVES THE El Paso Tribune: "The Tribune had the pleasure of a call this morning from Mr. Ed. S. Gill, President and General Manager of the Arizona Republicans, published in Phoenix. Mr. Gill is on a canvassing tour for his paper, which, from its appearance, is one of the best publications in Arizona or New Mexico. The sheet presents a very artistic appearance and merits success for the enterprise the gentlemen have displayed in getting out such a creditable paper."

A DISPATCH says the condition of the corn crop of Kansas is growing worse daily. Hot winds in the past four days have done great damage, and in some sections the farmers have given up all hope of harvesting any crops at all. Not one-half the state is even fairly watered and in sections where there has been no rain at all farmers are already marketing their hogs, fearing that they will have no corn to feed them. Irrigation is the safest system of agriculture.

THE Gazette does not consider Joe Alexander or any other individual of sufficient importance to keep him before the public for two weeks, to serve a dishonest purpose. We only published his absolute retraction at his own request, and that is all that is to it. He said, emphatically, the organ lied, and further that he never read the 4-d sheet, and only knew what was in it by being told. How does this strike the organ that has been trying to mislead the public by publishing bogus interviews?

So says the Gazette. All THE REPUBLICAN has to say is that either the Gazette or Mr. Alexander lies. We leave it to them, being old friends, to settle this question of veracity.

Among the publications soon to be brought forward is Mr. Archibald C. Gunter's story for children of all ages, entitled, "Small Boys in Big Boots."

Under ordinary circumstances a proper announcement of this should be made in the literary column, but knowing for a certainty that it is to reach the stage in a year or two, as Mr. Gunter's novels, "Mr. Barnes of New York" and "Mr. Potter of Texas" have done, and that Mr. Gunter's stories are always dramatic, we presume that those interested in things theatrical will regard this as an interesting announcement of a coming play. The story is in contradistinction to "Little Lord Fauntleroy." The boy hero of the book has to fight his own battles and achieve his own distinction and happiness in the world, not having an Earl for his father. In fact this is a story of an American boy, not an English one. Indeed, there will be loads of boys, with many minds and vicious and good habits.

SPECIAL ANNOUNCEMENT.

Within a few weeks past the copyright which has covered the great Webster Dictionary has expired, and certain enterprising publishers have taken advantage of this circumstance to put reprints of this great work upon the market at a considerable reduction upon the price which heretofore ranged from twelve dollars to fifteen dollars per volume. The republication of the dictionary in this way is not in any sense an act of "piracy," but is legitimate in every way. Those who have any proprietary right to the work, save as a mere matter of business, are long since dead, so that no injury is done to the authors by reproducing it. THE ARIZONA REPUBLICAN has arranged with a publishing house now putting the book on the market for the exclusive right for Arizona, and proposes to give it as a premium in connection with the daily and weekly REPUBLICAN. It is of course impossible to make an actual donation of so large and valuable a book, and it will be issued upon the following terms: Each new subscriber for one year, or each old subscriber renewing for the year, will be given the dictionary and the paper together for the sum of \$12.50 for the daily and \$5.00 for the weekly. Postage on the paper and express rate on the book prepaid. This will enable any person wishing the dictionary to get it with THE ARIZONA REPUBLICAN for one year for one-third of the price heretofore currently charged for the dictionary alone. The price is marvelously low. The book is an exact reproduction in size and general form of the standard Webster's Dictionary, with only this difference, that the reprint is printed upon light paper and furnished in a somewhat lighter binding. The letter press is an exact fac simile of the dictionary which is familiar to all. Subscriptions will be received either through the agents of the paper or direct from this office. Anybody caring to take advantage of this offer may do so by addressing THE ARIZONA REPUBLICAN and enclosing the subscription price, for the book and the paper.

MR. ED. S. GILL, OF THE REPUBLICAN, having completed his tour of Southern Arizona and New Mexico in the interests of this paper, will now make a similar tour of the Northern counties. His success from the start has been most flattering, and the large lists of subscribers secured in every town and mining camp visited show that the people fully appreciate such a newspaper as THE REPUBLICAN. At the latest it reaches all the towns in the Southern part of the two Territories the next day after publication, thus laying all the news of the world before its readers while it is yet fresh and bright. It is no boasting to say that the circulation of THE REPUBLICAN in the towns of Tombstone, Crittenden, Harshaw, Nogales, Bisbee, Fairbanks, Benson, Wilcox, Clifton, Morenci, Lordsburg, Florence, Casa Grande and neighboring settlements exceeds that of all the other daily papers of Phoenix and Tucson combined. Advertisers will do well to make a note of this fact.

A PROMINENT chemist at San Francisco, who is now at Superior, Wisconsin, is reported to be preparing to make public a discovery which is to work wonders in the economy of steamship transportation. His scheme is to dispense with the use of fuel of all kinds. He has devised an apparatus by means of which water can be utilized as fuel. By means of a chemical machine the water is to be resolved into its elements, oxygen and hydrogen. These gasses are to be burned by means of a hydrogen machine, producing an intense heat. There's millions in it, and we trust that the San Francisco man will realize all his hopes. Somehow, however, the story reads like a Keeley-motor yarn.

HAD our people known that General Miles was about to pay us a visit, he would have found a more formal, but under no circumstances a more hearty, welcome. The people of Arizona are peculiarly friendly to General Miles. They admire him as a soldier and a man and recognize his sterling qualities as an Indian fighter. They were glad when he was given the double-stars and they would be pleased to see him raised to a higher station. General Miles was shown over a part of the valley yesterday and he was not only pleased, but astonished with our development and progress.

If McDowell is to be used only for an Indian school, what is the use of retaining the present large reservation? A large amount of excellent land along the Verde might well be cut off and thrown open for settlement.

A PRISONER Turns the Tables On His Guard. EUGENE, Ogn., July 18.—C. E. Arthur was arrested at Halsey, last Sunday, and brought here on a charge of forgery committed in Missouri. He escaped from his guards last night. The guard took him to see his wife, who is sick, and while there the prisoner was allowed to go into a room alone. When he came out he was heavily armed and compelled the officer to drive him several miles into the country, where he got out of the buggy and took to the brush, making good his escape.

BIG IRRIGATING SCHEME. A Chicago Company Will Operate in Southern California. CHICAGO, July 18.—The evening papers say that there is on foot in this city a gigantic scheme for irrigating over 300,000 acres of the richest land in Southern California, which is to be accomplished by impounding the waters from the mountains in immense storage reservoirs and then conduct it to the land by a system of pipes, ditches and flumes. What is now practically a desert will be made to bloom like Riverside, Redlands, Los Angeles or Pasadena.

A Contractor Killed. HEADLSBURG, Cal., July 18.—Thomas Weimoth, a contractor of this place, was killed this afternoon at Joy's mill, on Austin creek, by a log rolling over him.
