WORK OF CONGRESS

The Senate Still Discussing the Senate Bill.

BLAIR WANTS TO STOP TALK.

Senators Plumb and Paddock Continue to Vote With the Democrats on Most of the Tariff Propositions.

WASHINGTON, August 2.—In the Senate today the resolution offered yesterday by Mr. Blair instructing the Committee on Rules to report within four days a rule for calling the previous question or of some method for limiting and closing the debate, was taken up. Mr. Blair said nobody could complain as there had been a disposition to procrastinate or obstruct the ordinary course of debate on the tariff bill, yet, though the Senate had already spent ten days upon it, only fifteen pages had been disposed of out of a total of 182, and all the great subjects of discussion, such as sugar, reciprocity, etc., were still to come. There was no reason to suppose therefore that under the existing rules the bill would be concluded before next December. The resolution was then referred to the Committee on Rules.

The tariff bill was then taken up, the question being upon Mr. Vest's amendment to reduce the duty on china. The amendment was discussed pro and con at length, after which Mr. George took the floor and made a long speech on the general subject of the tariff.

Mr. Platt repelled and denounced an assertion made by Mr. George to the effect that while the duty on steel rails was \$11 a ton, labor in producing the articles cost only \$1.54. The fact was that if the production of a ton of steel cost \$24, the labor portion of that cost was not only \$1.54 but ten times that amount.

Mr. Jones, of Arkansas, supported Mr. George's statement about steel rails, and also spoke on chinaware matters. Apropos of which he read from a paper a report from Findlay, Ohio, as to the purchase, by an English syndicate, of the various glassware factories, and said the effect of the tariff legislation was to encourage such trusts and syndicates.

Mr. Reagan warned the Senators that the Farmers' Alliance and workmen's associations are not to be ignored. A conference was ordered on the Sunday Civil Appropriation Bill. At 5 o'clock, Mr. Aldrich, of Indiana, intending to move an adjournment, proposed that a vote on the pending question be taken on Monday without further discussion. "Take a vote now; we are ready. We are always ready to vote as soon as discussion is over," were the responses from several Senators on the Democratic side. Mr. Aldrich did not think there was a quorum present, but he was willing to try and vote was taken on Mr. Vest's amendment and the result was—Yeas 17, nays 20. No quorum. Mr. Paddock and Mr. Plumb voted with the Democrats. The Senate adjourned.

In the House.
WASHINGTON, August 2.—The House today proceeded to the further consideration of the Senate amendments to the Sunday civil appropriation bill which was finally sent to a conference committee and the House adjourned.

The total cash in the treasury is \$708,142,950. The debt, less cash in the treasury July 31, 1890, was \$676,190,038. The debt, less cash in the treasury June 30, 1890, was \$676,784,370. Net decrease during the month \$593,332.

RAILROAD WASHOUT.

The Southern Pacific Inundated for a Mile at Picoche.

MAHONIA, August 2.—A heavy rain fell at Casa Grande and vicinity last night, demoralizing the telegraph wires and completely inundating the Southern Pacific track for one mile near Picoche, and washing the road away for some distance. Construction trains were at the break early this morning from Tucson and Gila Bend and the work of repairing the damage is being pushed with all haste. The east bound train is held at Casa Grande, while the west bound is held at Tucson until the track is put in order. It is thought the track will be repaired so that trains can pass over early tomorrow morning.

Postponing Foreclosures.

ABLENE, KS., August 2.—The Farmers' Alliance of the Eighth Judicial District put in circulation a petition to the

Hon. M. D. Nicholson, Judge of the Eighth Judicial District of Kansas, asking in view of the disastrous failure of crops and the general stringency in money matters, that proceedings in foreclosure on all real estate mortgages now pending or that may be commenced within one year from date be delayed.

ACTOR'S HARD LUCK.

After Much Suffering and Privations He Passes Away.

NEW YORK, August 2.—The death notice of Spencer E. Pritchard, author and actor, who died yesterday, is published today. Pritchard comes of an old theatrical family of that name. He was born in Philadelphia in 1847, and was a student at the University of Philadelphia. His first wife was a sister of Lawrence Barrett, the actor. He was the author of a number of plays which never became prominent. His only sister, Mrs. Williams, is the wife of a down town broker. His friend, F. M. J. Morrissey, at whose house Pritchard passed away, says: "I met Spencer in a saloon a week ago last Wednesday. He was very sick and I brought him to my house. Dr. Baran prescribed for the poor fellow, but he grew worse rapidly and died yesterday afternoon. Pritchard told me he had not eaten a square meal in four months. He had been playing in hard luck a long time and was too proud to ask assistance."

TURKEY'S DEATH TRAPS.

BARBARITY OF THE PORTER SYSTEM OF STATE PRISONS.

One Thousand Eight Hundred and Eleven Persons in 149 Cells—Men Dying From Bad Sanitation and Starvation.

LONDON, August 2.—A special correspondent of the Daily News has succeeded in obtaining admission to the Turkish prison at Unskub Muskudona. The building contained 149 cells, occupied by 1811 prisoners, or over twelve to a cell. The unfortunate victims are sent there to be confined from one to ten years each, but so great are their sufferings from the barbarity of the keepers and the total disregard of the sanitary laws that only rarely outlive five years. In one cell two and a half yards square the correspondent discovered nearly a score of poor wretches pining for air and starving for food, having in the way of the latter nothing but bread and water. The greater number were stark naked and chained by the ankles and wrists. There were also many under the round cells reserved for the worst prisoners. In order to force confessions vaults are kept in a state of filth, and the bodies placed at one time in the naked body of the prisoner whom it is desired to torture. It is also customary to chain men all day in the scorching sun in such a way that they cannot move.

A Georgia Shooting Scrape.

ATLANTA, Ga., August 2.—About midnight L. H. Pattillo, a traveling correspondent and agent of the Augusta Chronicle, and C. P. Hudson, a dry goods salesman, engaged in a shooting affray at the Arlington hotel. Hudson was killed outright and Pattillo seriously wounded. Family trouble was the cause.

ANOTHER MURDER.

MOLDERS' STRIKE IN FRISCO COSTS ONE MORE LIFE.

A Non-Union Apprentice Assaulted by Union Men on a Street Car and He Kills One of Them.

SAN FRANCISCO, August 2.—The second fatal shooting in the course of the iron molders' strike occurred today. Walter Rideout, aged 24, is one of the non-union apprentices at the City Iron Works. He lives in Berkeley, across the bay, and has been recently married. This afternoon when the works closed, he left the foundry and seeing a number of strikers grouped near, he crossed the street to a policeman and asked for protection, saying that he was afraid of being assaulted. The policeman told him to get on a street car and he would keep the strikers away. Just after he got on the policeman beckoned him to get off and when he did so told him a number of the strikers had gone round to intercept the car at the next block. Rideout then went a couple of blocks and boarded a Powell-street cable car. Thinking himself safe from pursuit and being very sleepy, he leaned back and began to doze. Soon two strikers boarded the car, one named H. L. Siebert, the other's name is unknown. Siebert sat down opposite Rideout who did not see him. Suddently Siebert rose and struck the sleeping man a terrific blow in the face, saying: "I'll fix you, you dog!"

Rideout had his hands in his coat pocket, one resting on the revolver. He started up, drawing it. Siebert grasped his arm and tried to wrest the revolver from him. The other striker on the car came to his aid and a sharp struggle ensued, in which the revolver was discharged and Siebert sank back with blood pouring from his left breast. The police now appeared, arrested Rideout and took Siebert to the receiving hospital. The other striker escaped. At the hospital the wound was pronounced to be fatal. He first gave his name as Lewis Brown, but afterwards made a dying statement, giving his true name. The molders' Union are with him. He is still living but his death is momentarily expected.

LATER.—H. L. Siebert, the wounded molder died at 11 o'clock tonight. The molderers are much excited and extra police have been stationed at all the foundries at which strikers are in progress, to prevent disorder. None is really expected, however.

About the time that Rideout was shot in the Powell street car, another shooting affray occurred near the Risdon Iron Works. Two non-union molders, who are employed there, were set upon by a crowd of strikers as they were returning from their dinner. One of the men had a revolver, which he drew and fired at the strikers several times. The latter took refuge behind a barricade and returned the fire. So far as known, no one was injured.

CHASING FOR MONEY

A Guatemalan Commissioner Who Is in Trouble.

CARRIES TWO MILLION DOLLARS.

Returning From Europe, Where He Placed a Large Loan, Loaded With Cash, Which Salvador Wants.

NEW YORK, August 2.—All the members of the Salvadorian colony in this city are in a high state of excitement today. This is caused by the announcement of the arrival here and sudden departure of Francois Cottu, special commissioner of the Guatemalan treasury department, with \$2,000,000, a portion of the proceeds of the sale of the Guatemalan bonds in London.

As Salvador and Guatemala are at war, the capture of Commissioner Cottu, with his treasure, would be a big feat. The most extraordinary efforts are, therefore, being made to intercept him in Panama or elsewhere.

As Cottu sailed on Friday on the Pacific Mail Steamship City of Paris, he ought to arrive at Colon on Saturday next. In addition to the men who started overland to Mexico by rail, the cable has been utilized to inform General Ezeta of the situation and also to acquaint a few Salvadorian residents in the Panama district of the approach of traveling commissioner. But Cottu cannot be taken without a struggle. Both he and Secretary Flori are armed to the teeth and will resist any attack. The Salvadorians are aware that they will not only gain a large amount of money by apprehending Cottu but his capture with a bag full of valuable documents relating to the big loan would be a disastrous blow to Guatemala. The Commissioner has in his possession letters of credit on the International Bank of London and other financial institutions representing nearly \$16,000,000 in addition to the \$2,000,000 in specie. The loss of that large sum would injure Guatemala and interfere with her plan of action.

WORLD'S FAIR SITE.

Washington Park May be Substituted for Jackson Park.

CHICAGO, August 2.—Washington Park may be the site of the south division of the World's Fair. Under the terms of the Park bill its substitution for Jackson park may be necessary. The \$500,000 allowed to be voted for making the necessary improvements will not be enough by half or third of what will be needed to drain, fill and put in order 500 acres of the unimproved ground in Jackson park. Washington park is on high, dry land and it is asserted could obtain ample water communication with the city by connection with Jackson park and Lake Michigan. Washington park is nearer the city's business district by four miles and has better railroad facilities than Jackson park.

THE CRUISER SAN FRANCISCO.

Makes Her Preliminary Trip On the Bay.

SAN FRANCISCO, August 2.—The new cruiser San Francisco made her first preliminary trial trip on the bay this afternoon. She steamed for five hours at an easy rate of speed and according to the statements of her builders the trip was a success in every way. No attempt was made to force the cruiser, the only object being to give the new machinery a preliminary test. Her speed, under half measure, with the engines making a maximum of sixty-six revolutions per minute, was ten knots an hour. The trial will be continued on the bay during the coming week and the cruiser will probably not start to Santa Barbara channel for her official trip before August 11.

KILLED BY CARELESSNESS.

An Engineer Sends a Locomotive Into a Crooked Car.

HANNIBAL, Mo., August 2.—A crowded passenger coach on the St. Louis and Hannibal Railroad was wrecked in a collision with a switch engine this afternoon. Two colored men, Davis Summers and Harvey Letchot, of New London, were killed outright. Frank Porter (colored) was fatally injured. Several others were seriously hurt and painfully bruised. The engineer of the switch engine, William Fogale, was arrested immediately after the accident, charged with criminal carelessness.

SLASHED TO DEATH.

Al. Bush Cuts Two Men so They Must Die.

LOUISVILLE, Ky., August 2.—Peter Duffy and Henry Krouse were fatally cut late tonight by Al. Bush. The three quarrelled about a woman and Bush suddenly drew a knife. The other two ran but Bush overtook them separately, and slashed them so severely that neither can recover.

RAN ON ROCKS.

Two Excursion Steamers Have Narrow Escapes From Wrecking.

PROVIDENCE, R. I., August 2.—The excursion steamer, Mount Hope, with 700 passengers on board, struck a rock near Breakwater, today, but immediately cleared with slight damage. Passengers were not seriously alarmed.

Death of a Western Financier.

LINCOLN, Neb., August 2.—John R. Clark, President of the First National Bank, and one of the leading citizens of the city, dropped dead, at his home tonight, from the effects of heart failure. Mr. Clark was 88 years of age and an acknowledged authority on financial questions throughout the Northwest.

Shiners in Danger.

SEATTLE, August 2.—A dispatch from Kent says that the Seattle passenger train bearing members of Mecca Tem-

ple, Nobles of the Mystic Shrine, of New York city, and a large number of distinguished people from other cities of the East en route to San Francisco, was derailed near there last night. The engine and coaches are off the track. No one was injured, as it happened, and the travelers will soon be able to continue their journey.

SAW HER LOVER HANGED.

A White Woman Engages a Negro to Murder Her Husband.

LANCASTER, S. C., August 2.—Rachel Cateo and William Clyborn, colored, were hanged here today for the murder of August Hennis, white. The wife of the murdered man, who conspired with the negroes to cause the husband's murder, watched the execution from her cell with indifference. It is said that she was in love with Cateo, hence the murder of her husband. She is awaiting trial now.

Cut in Freight.

Agent Holder, of Maricopa, is in Phoenix, calling upon our business men and soliciting their freight on behalf of the Southern Pacific Railroad. A traffic war is now raging between the competing lines from New Orleans to El Paso, and the Southern Pacific, not to be outdone, is prepared to take freight at one half the usual rates. The merchants are taking advantage of the opportunity.

HONORS TO ERICSSON.

HIS BODY TO BE CONVEYED HOME ON THE BALTIMORE.

The Embarkation To Be Made a Dignified and Solemn Occasion, Commemorative of the Services of Deceased.

WASHINGTON, August 2.—The Acting Secretary of the Navy has sent a communication to the Commandant of the New York navy yard stating that the department has fixed on August 23 as the time for the embarkation of the remains of the late John Ericsson, for transportation to his native country on board the United States ship Baltimore. In his letter the Acting Secretary says: "It is the department's desire to surround the embarkation with every circumstance that can invest it with dignity and solemnity. All the vessels of war that may be available will be assembled in New York and will be directed to unite with you in paying to the deceased honors befitting his rank and distinguished name. The Department has invited all associations composed of friends and companions or former countrymen of Captain Ericsson to take part in the procession to the battery."

INDIAN OUTRAGES.

Fresno County, California, Still Suffers from the Brutes.

FRESNO, Cal., August 2.—A Special to the Republican from Fresno Flats Valley, east of here in the mountains, brings word that on Thursday night a company of Indians rode up to a saloon kept by one Cox and demanded whiskey. This was refused them, and they were driven out. Later Cox was ambushed by the Indians and nearly beaten to death. His skull was broken open and he is not expected to live. A posse of citizens, with Samuel Ross, an ex-Constable of Merced, tried to capture the Indians. One Indian started to run and Ross fired, intending to wound the Indian. The bullet entered the groin and the wound is expected to prove fatal.

EDWARDS CONVICTED.

THE MURDERER OF MRS. FREDERICKSON MUST DIE.

The Jury Believe the Story of the Accused Rather Than Those of the Friends of the Prisoner.

OYSTERVILLE, Wash., August 2.—The trial of John Edwards, charged with the murder of Mrs. J. Frederickson, in Pacific county last January, which has been in progress since last Tuesday, will soon be at an end. The prosecution rested on Thursday morning and defense did the same yesterday. The chief feature of the defense's policy was to prove an alibi for Edwards. The crime was fixed as occurring on January 30, and the Rose family as well as the boarders at the Rose hotel, in South Bend, swore that the accused was in or about the hotel all that day, and that the other three, John R. Rose, Edward Gibbons and George F. Rose were also there during the day. The theory of the defense is that George Rose killed the man first and then kept the woman locked up as his unwilling mistress, finally killing her. The only motive for the crime advanced by the prosecution is the possession of a quarter section of land adjoining the ranch.

LATER.—Edwards was convicted of murder in the first degree for the killing of Mrs. Frederickson. The jury was out but a short time. The verdict was a great surprise to all, as the defense was confident of an acquittal. The case will be appealed.

PALO ALTO BEATEN

He Makes a Fast Mile, But Lost the Race.

THE GELDING SHOWED BOTTOM.

An Interesting and Exciting Race Attended by Thousands of People Attracted To See the Contest.

DETROIT, August 2.—Forty-five hundred people witnessed the grand contest today between Palo Alto, son of Electioneer, and Jack, son of Pilot Medium. The day was warm, the track in good condition and the wind light. People were present from all parts of the State, and crowds came up from Cleveland. Palo Alto was the favorite before the first heat, auctions selling \$100 for him against \$60 for Jack.

In the first heat Palo Alto led by a length on the turn, but near the quarter broke and Jack quickly headed him. Palo Alto quickly gathered speed around the turn and at the three-quarters they were together. On the stretch, however, Palo Alto again broke and Jack took a big lead, winning easily in 2:15 1/2.

In the second heat Palo Alto led by a length on the turn and ran like a team past the quarter. On the back stretch Jack broke and Palo Alto secured a long lead which the gelding could not overcome, although he made a grand struggle. Palo Alto won by two lengths in 2:15 1/2, breaking the record of the track in a race, beating the stallion race record and equalling the fastest mile made by Mand S at the same age.

The result of his heat caused another shift in the betting and before the third heat sold at \$31 and Palo Alto for \$100. The horses got off well, but Palo Alto broke on entering the turn and also on the lower end and Jack had a clear lead of six lengths at the quarter. Palo Alto reduced this to four at the half and on the stretch they were nearly together. Palo Alto could not quite catch the gray gelding, however, and Jack won by three-fourths of a length in 2:15 1/2.

In spite of Jack's victory, however, Palo Alto was still the favorite before the fourth heat, pools being \$100 against \$72 for Jack. Jack had little the best of the start, but Palo Alto soon caught him. The son of Electioneer, however, unfortunately broke again at the quarter and Jack gained two lengths. On the back stretch Palo Alto again crawled up on his opponent but once more broke. The additional lead thus secured by Jack, however, was being rapidly overcome, and in the turn the gray gelding broke for an instant. He quickly recovered, however, and was still two lengths to the good at the three-quarter post. Palo Alto kept crawling upon him, but the gelding's lead was too great, and the bay stallion was beaten a length. Time, 2:16.

The great audience was extremely enthusiastic, and the drivers and horses were cheered again and again. Fractional times by the quarters: First heat, first quarter, 34 1/2; second, 1:07 1/2; three-quarters, 1:40 1/2; mile, 2:15 1/2. Second heat, first quarter, 0:34; half, 1:03 1/2; three-quarters, 1:40; mile, 2:13 1/2. Second horse, 2:14. Third heat, first quarter, 0:34 1/2; half, 1:08; three-quarters, 1:44 1/2; mile, 2:15. Second horse, 2:15 1/2. Fourth heat, quarter, 0:34 1/2; half, 1:07 1/2; three-quarters, 1:42; mile, 2:16. Second horse, 2:16 1/2.

At the Monmouth Park Course.

The event of the day was the third race. Frenzi was first away, with Tenny led Murphy at once took a pull on Frenzi, and Chesapeake started out to act as peacemaker. At the quarter he was leading by two lengths, with Soso second, a length in front of Frenzi who was a neck before Tenny. At the half Chesapeake had increased his lead to three lengths, while Tenny had commenced to move up and was a neck in front of Frenzi, with Soso a head away. From that point it was a veritable walk-over for Tenny. At the three-quarter he was leading by a length and a half and running easily, while Frenzi was third and getting the whip at every jump. She could not gain an inch on Tenny, notwithstanding Murphy's vigorous riding and without ever having been touched by whip or spur. Pulsifer's Swayback won in the easiest possible manner by three lengths. In the very last strides Frenzi got up and beat Chesapeake a short head for place, while Soso was last. The time, 1:43 1/2, was very slow, but the track was quite dead.

DEMOCRATS PROTEST.

A MEETING UNDER THE AUSPICES OF THE THURMAN CLUB.

The Federal Election Bill Denounced in Speeches and by Resolutions Letters by Cleveland and Thurman.

COLUMBUS, Ohio, August 2.—A meeting under the auspices of the Thurman club to protest against the passage of the federal election bill was held at the east front of the Capitol this evening. About 1500 people were present. It was expected that Judge Thurman would preside and make a brief speech, but when the committee called to escort him to the meeting he presented them with a letter to read which contained his regrets and the information that sickness alone prevented him from fulfilling his promise. He wrote briefly denunciatory of the bill and its provisions and expressed the opinion that the measure would not pass the Senate.

A letter of regret was read from ex-President Cleveland, in which he expressed the desire to be enrolled among those who protested against the passage of the bill, and expressing his wish that the indications were not so numerous that the climax of Congressional recklessness had been reached in which the protests of the people have little weight.

Senator elect Brice sent a letter saying the proposed law was repugnant to Democratic ideas, and full of danger to the Republic.

Several speeches were made against the bill.

Governor Campbell was not reached in the list of speakers until a late hour, and did not talk at length. He devoted his time to an explanation of the provisions of the bill and the probable result of its enforcement. Resolutions of protest were presented by Allen Thurman and adopted. The resolutions were in sympathy with the general tenor of the addresses.
