VOL. I.

PHOENIX, SUNDAY MORNING, AUGUST 17, 1890.

NO. 91

RIVERS AND HARBORS

Senate Passes Appropriations For Them.

Speaker Reed Courts a Quorum Again.

The House, After Short Discussion, Passes the Anti-Lottery Bill Without a Division.

WASHINGTON, August 16.—In the course of the discussion on the River and Harbor bill Mr. Edmunds expressed an idea that the appropriation in bulk of \$13,000,000 (half of the amount carried in the bill) would, with \$5,000,000 unexpended out of the River and Harbor bill of last year, be amply sufficient for all really national works of internal improvement. He expected it would turn out that on June 30, 1891, the treasury would be \$50,000,000 short even if the duty were not taken off sugar.

Mr. Frye (in charge of the bill) replied to Mr. Edmunds and gave some facts and figures to prove the immense advantage to the commerce of the country which had followed the deepening of rivers and harbors. The army engineers in charge of the several works had reported \$46,565,000 ought to be an adequate appropriation this year for rivers and harbors. The chief engineer had reduced the estimate to \$38,536,000 and to that sum was to be added \$8,346,000 estimated for use by the Mississippi and Missouri River Commissions. The pending bill covered two years and if it did carry \$28,000,000 that was not over one-third the Chief Engineer's estimate and not over one-fourth that of the local engineer's. The bill was then reported to the Senate. All important amendments adopted by the Committee of the Whole were agreed to and the bill passed. A conference was asked and Messrs. Frye, Dolph and Edmunds appeared.

The conference report on the House bill to establish a National Military Park at the battle-field of Chickamauga was agreed to.

Mr. Quay gave notice of his intention to move for a change of the rules as set out in the resolution which he had today asked the unanimous consent to offer, and said he would not call up the motion before Tuesday.

After an Executive session the Senate adjourned.

In the House.
WASHINGTON, August 16.—In the House this morning the McKay Relief bill was passed; yeas, 83; nays, 65, the Speaker counting a quorum.

The Committee on Rules reported a resolution for the immediate consideration of the Anti-Lottery bill, which resolution was adopted. Mr. Wilkinson, of Louisiana, in supporting the measure admitted the pollution which the Louisiana Lottery has wrought upon his State, but attributed the birth of that pollution to the days of reconstruction. The people of Louisiana looked with gladness to a time when lotteries would be prohibited in that State, but the revenues the State had been too great to be resisted without a struggle. When the Louisiana Legislature met the very elements themselves conspired to give the Louisiana Lottery Company its charter. Frazier had come down from the north and west. He had been asked how the lottery company secured two-thirds of the legislature in its favor. Submitting the question to the legislature held two years ago every solitary Republican member had voted in favor of that proposition. There had been other members who had thought it their duty to submit the matter to the people. That some members of the Legislature had been bought and sold, he had no shadow of doubt, but he believed he could count those members on the fingers of one hand.

Mr. Evans, advocating the bill, dropped into statistics, and stated that the chance of a ticket holder in the Louisiana Lottery to draw the capital prize was one in 67,005.

Mr. Hunsbrough, of North Dakota, favored the bill. The bill then passed without division.

Mr. Hayes, of Iowa, who had voted in the affirmative for that purpose, entered a motion to reconsider the vote by which the House had passed the McKay bill. Adjourned.

THE GRAND ARMY.

Headquarters of the Order Established at Rutland, Vt.

BOSTON, August 16.—General Yeasey, the newly elected Commander-in-Chief, Grand Army of the Republic, has issued his first general order. He announces officially the election results and then makes the following staff appointments: Adjutant General, Comrade Joseph H. Gaubling, Rutland, Vt.; Quartermaster General, Comrade John Fowler, Philadelphia. The headquarters of the Grand Army of the Republic are established at Rutland, Vt.

California Crops.

SACRAMENTO, August 16.—Sergeant Barwick sent the following crop report to the chief signal officer at Washington, today: Peanuts, sorghum, tobasco, cotton doing well in San Bernardino county. Wheat harvest completed throughout the State. Yield high. Hop picking commenced, crop good, quality superior. Fruit crop abundant except in Lake county.

THE FRENCH IMPORTERS.

They Are Still Kicking Against the McKinley Bill.

PARIS, August 16.—The McKinley bill still excites commercial circles in the city and provinces. The recent consular conference held in this city received complaints from nearly thirty Chambers of Commerce, pointing out the difficulties of complying with the provisions of the bill without almost destroying the trade. The conference passed resolutions regretting that the delegates from the Chambers

of Commerce did not attend the sessions, as it could be shown that the bill did not oppress honest importers, but that its only aim was to protect the revenues of the United States and the fines and penalties imposed by the bill were chiefly re-enactments of old laws. The conference has decided to forward the communications received from the Chamber of Commerce to Washington for more favorable consideration than the terms of the law would permit. The French press has magnified the resolutions into a promise to waive some of the most stringent requirements of the law. The papers appear to believe that the American Consular body has the will and right to nullify an Act of Congress.

TUCSON PRIMARIES.

A Lively Day Politically in the Old Pueblo.

SPECIAL DISPATCH TO THE REPUBLICAN.
TUCSON, August 16.—Today has been a lively one for the ward politicians. In the Democratic primaries but one ticket was in the field and 120 votes were polled.

Much interest was taken in the Republican primaries. Two tickets were in the field. At this writing the count is about even with much scratching. Three hundred and fifty votes were polled and part of each ticket was elected, but the names will not be ascertained before morning. At 9:30 o'clock 120 votes had been counted. Though there was great rivalry, no bad feeling was engendered.

THEY ARE ARRESTED.

Young Men Who Tarr'd and Feathered an Editor.

Disgraceful Conduct of the Champions of a Principal of Schools Who Seem to Shirk an Investigation.

LOS ANGELES, August 16.—Late yesterday afternoon four young men, of ages varying between 16 and 21 years, were brought to this city from Azusa and temporarily lodged in the County Jail on a charge of having been concerned in the tarring and feathering of Editor Bentley, of the Azusa News, last week. The young men are Harry Ammon, William Potter, Oliver Cummings and William Paulico. The latter is the son of County Auditor Paulico and the others are members of the most respectable families in the county. Shortly after reaching this city they were released on \$500 bail each.

The assault on Editor Bentley had its origin, it seems, in the events that occurred some months ago, growing out of the dispute of Prof. E. C. Frazier, Principal of the Central school at Azusa, and Miss Griffin, one of his teachers. This trouble finally culminated in charges against Frazier being filed with the county Superintendent of Schools. They accuse him of favoritism and undue familiarity with the girls in the school. The superintendent of schools referred the charges to the Board of Education, but as they were not sworn to, have not been investigated.

On July 26 the Azusa News published an article rehearsing the accusation against Frazier. This caused much feeling and a week ago a party composed of seven pupils, or former pupils, of Frazier proceeded to Bentley's house at night, called him out, covered him with revolvers and forced him to kneel down and swear he would never again publish any attack on Mr. Frazier, Postmaster Clapp or Editor Jeffreys. Editor Bentley was then tarred from the waist up and feathers applied. The party then left him and he went to neighbors as well as could be done. The matter was kept very quiet and the facts only leaked out when warrants were issued a day or two ago. The officers are looking for two other boys charged with being in the party.

WANT ANOTHER RAILROAD.

Fresno County, Cal., After Another Outlet to the Ocean.

SAN JOSE, Cal., August 16.—T. C. White, Chairman of the Board of Supervisors of Fresno county, and F. F. Letcher and Wm. Rainor, Supervisors of the same county, today had a discussion with the Supervisors of this county as to the advisability of building a railroad from Fresno through Pacheco Pass and this valley to deep water.

It was the desire of the visitors that a convention be called in San Jose of the Supervisors of the counties through which the road would pass, in order the more fully to consider the matter with a view to having the several counties provide means for building such a road.

The Fresnoites were enthusiastic in the matter and are determined to have a road built if any encouragement is shown by the Supervisors of the other counties. Santa Clara county Supervisors took the matter under advisement.

THE BODY FOUND.

Engineer Allis' Remains Found Seven Miles From the Wreck.

SPECIAL DISPATCH TO THE REPUBLICAN.
TUCSON, August 16.—The body of Engineer Allis was found today seven miles down the Cienega from the wreck where he lost his life. A team has gone to bring the body in.

A Kansas City Storm.

KANSAS CITY, August 16.—A terrific thunder storm visited the city this evening. Considerable damage was done to shade trees and loose signs. Lightning struck a coal shed and killed Archie Trimble and severely injured Ben Diamond. Many houses in the business and residence portions of the city were struck by lightning and badly damaged.

Santa Fe's Preparations.

SANTA FE, August 16.—The Board of Trade has appointed a committee of five citizens to take charge of the reception to be tendered General McCook and staff upon the transfer of the department headquarters from Los Angeles to this city.

TRACK AND DIAMOND

Great Racing Day at Monmouth Park.

Eight Events Are on the Day's Program.

Sunol and Axtel Soon To Go Against Time—Ball Players Drawing Better Crowds.

MONMOUTH PARK, August 16.—First race, seven furlongs—Arah won, Strideaway second, Glory third. Time, 1:28 1/2.

Second race, August stakes, for two-year-olds, six furlongs—Chatham won, St. Charles second, Equity third. Time, 1:14 1/2.

Third race, Rahway handicap, one mile—Eurus won, Major Domo second, Myellow third. Time, 1:41.

Fourth race, West End stakes for three-year-old fillies, mile and a half—Ribelot won, Her Highness second, Druidess third. Time, 2:41 1/2.

Fifth race, mile and three furlongs—Stockton won, Griffame second, Philophy third. Time, 2:22 1/2.

Sixth race, three-year-olds and upwards, six furlongs—Autocrat won, Pamonia second, Tom Hood third. Time, 1:15.

Seventh race, Deacon stakes, seven furlongs—Lady Keel won, Brussels second, Ed Hooper third. Time, 1:29 1/2.

Eighth race, five-eighths of the mile—Wire Grass colt won, Key West second, Average third. Time, 1:02 1/2.

SUNOL AND PALO ALTO.

To Go At Chicago Next Week and At Belmont In September.

PHILADELPHIA, August 16.—On September 4 Robert Bonner's mare, Sunol, 2:10 1/2, will trot at Belmont Park against the record of Maud S, 2:08 1/4. On the same day and at the same place Senator Stanford's Palo Alto will trot against the stallion record of 2:12, held by Axtel.

CHICAGO, August 16.—At the trotting meeting of the Northwestern Breeders' Association, next week, the great California filly, Sunol, will be trotted to beat the record of Maud S, and Jack and Palo Alto will trot in a match for \$5000.

ON THE BALL FIELD.

League Clubs Nearing the End of the Season.

PHILADELPHIA, August 16.—The Brotherhood game today was a pitcher's battle and weighing won. Attendance, 8300. Score: Philadelphia 1; Brooklyn 2. Batteries—Sauder and Molligan, Weighing and Murphy.

PITTSBURG, August 16.—Pittsburg's Brotherhood easily won an almost faultless game today. Attendance, 1000. Score: Pittsburg 9; Cleveland 4. Batteries—Stanley and Quinn, Gruber and Sutcliffe.

NEW YORK, August 16.—Today's Brotherhood game was a series of banging plays. Attendance, 8500. Score: New York 15; Boston 16. Batteries: New York, Keefe, Crane, Hattield and Kelly; Boston, Gumber, Daly and Ewing.

BUFFALO, August 16.—Cunningham's wildness in the first lost to the Buffalo Brotherhood club today. Attendance, 700. Score: Buffalo 5; Chicago 9. Batteries—Cunningham and Mack, Barton and Boyle.

CINCINNATI, August 16.—Home League team won easily today, batting Young all over the field. Attendance, 2900. Score: Cincinnati 10; Cleveland 0. Batteries—Rhines and Harrington, Young and Zimmar.

CHICAGO, August 16.—Hard hitting by the League nine and good fielding won the game for Chicago today. Attendance, 2500. Score: Chicago 18; Pittsburgh 5. Batteries—Hutchinson and Kettredge, Phillips and Decker.

BOSTON, August 16.—Boston's won the League game easily in the tenth inning, after a close game. Attendance, 600. Score: Boston 14; New York 6. Batteries—Getzein and Hardie, Rusie and Buckley.

BROOKLYN, August 16.—Gleason's good pitching won for the visiting League club today. Attendance, 4100. Score: Philadelphia 10; Brooklyn 3. Batteries—Gleason and Clements, Caruthers and Clark.

MINOR GAMES.

Toledo 9, Brooklyn 3.

Columbus 7, Syracuse 12.

St. Louis 12, Athletics 11.

Louisville 9, Rochester 7.

San Francisco 2, Oakland 1.

Sacramento 18, Stockton 4.

Death of an Editor's Wife.

SPOKANE FALLS, Wash., August 16.—Mrs. Sue Cloggett Pettigill, wife of J. B. Pettigill, managing editor of the Tacoma Ledger, died at the residence of her brother, Hon. W. H. Cloggett, in Osborne, Idaho, this morning, of paralysis of the heart.

SEEKS ARBITRATION.

Salsbury Materially Modifies His Demands Regarding Behring Sea.

LONDON, August 16.—Mr. Salsbury's last dispatch to Mr. Blaine relative to the Behring Sea bears date of August 2. After quoting from historical documents the dispatch concludes:

"These show that England refused to admit any part of the Russian claim, asserted in the decree of 1821, to marine jurisdiction and the exclusive right of fishing. Also, that the Convention of 1825 was regarded by both sides as a renunciation on the part of Russia of her claim in its entirety, and that, though the Behring Straits were known and specifically provided for, Behring Sea was not known by that name, but was regarded as a part of the Pacific Ocean. Her Majesty's Government always claimed freedom of navigation and fishing in Behring Sea outside the limits of a marine league from the coast. "It is impossible to admit that the

right to fish and catch seals in the high seas can be held to be abandoned by a nation from the mere fact that, for a certain number of years, it has not suited the subjects of that nation to exercise such right. If the United States Government continues to differ from Great Britain as to the legality of the recent capture, Her Majesty's Government is ready to refer the question with the issues thereon to impartial arbitration."

THE ARID LANDS.

Circular from Commissioner Groff In Regard to the Act of '88.

WASHINGTON, August 16.—Commissioner Groff, of the General Land Office, has issued to the Registers and Receivers of the land offices, a circular giving the recent opinion of the Attorney-General which sustains the construction placed upon the law of 1888, known as the Arid Land Law. Attention is directed to the Department circular of August 9, 1889, in which agents were instructed not to permit the entry of any part of the arid region which came within the operation of the act of October 2, 1888.

Although in any case, says the Commissioner, there can be at any time no designation of land involved where there is a selection for a site or sites for reservoirs, ditches or canals for irrigation purposes, or land thereby made susceptible of irrigation. That fact is not to be considered as showing that land is open to entry. As although not yet selected, it may be liable to such selection under said act which is held to withdraw all lands so liable for disposal. Absolute obedience to the order is enjoined.

BEHRING SEA DISPUTE.

Comments of English Papers on the Controversy.

The Times and Standard Defend Mr. Salsbury, While the Chronicle Hopes For Good Results.

LONDON, August 16.—Commenting on the Behring Sea Blue Hook the Times declares that it confirms the conclusion that the conduct of the American government in rejecting Sir Paucetote's *modus vivendi* in instructing the American cruisers to dismantle British vessels and the breaking through of the negotiations evinces an arbitrariness and contempt for reasons happily rare in international relations nowadays. Salsbury's firmness, says the Times, "will show the colonists that the Home Government is not as they sometimes affect to think, a mere funnel for diplomatic notes."

The Standard says the thunders in which Mr. Blaine has been dealing are of the most transparent and artificial kind. From first to last the taint of American politics infects the negotiations. Even if America possessed the exclusive right claimed, England would be justified in resenting most strongly the mode by which the pretension was made good. The article concludes thus: "The position as it stands is not one that the friends of good will between the nations can view without misgiving."

The Chronicle says England and America may have differences, but they must remain friends. It hopes that Mr. Blaine's rejection of Salsbury's proposals will be only transient, as a protest against the apparent breach of faith on Salsbury's part.

The Pall Mall Gazette, discussing the Behring Sea question, says: The full text of Secretary Adams' dispatch to the British government does not invalidate Salsbury's argument, which was founded on extracts from the dispatch. We are unable to conceive a clearer case for arbitration or to believe that Americans do not approve of arbitration. The St. James Gazette attributes Blaine's note to a desire to influence the Irish vote.

THE FIRE RECORD.

Mills Burned In Rhode Island and In Wisconsin.

PROVIDENCE, R. I., August 16.—A fire started in the large Dunnell Print Works at Pawtucket early this morning. It is now under control. The loss is estimated at from \$150,000 to \$200,000; insured. All the old works covering three acres, were burned. The new buildings covering one acre, were saved, but damaged. The print works and drying department are totally destroyed. All the costly printing machines and 600 brass rolls, expensively engraved, were lost.

APPLETON, Wis., August 16.—The machine paper mill of the Patton Paper Company was destroyed by fire this afternoon. Loss \$150,000; insurance, \$75,000. Seventy men are thereby thrown out of employment.

BERKELEY, Cal., August 16.—Grass fires are sweeping over the fields west of the Bethel settlement. Settlers are fighting the fire tonight. About 500 acres have been burned over. There is no prospect of putting the fire out. No loss of improvements yet, but tonight the worst is feared. The fire is sweeping down towards the settlements west of Tempton. Origin of the fire is unknown.

AN ARMENIAN APPEAL.

Those in the United States Ask the President To Intervene.

NEW YORK, August 16.—The Armenian colony in this city forwarded a petition to President Harrison for his consideration. The petition calls attention to the condition of the Armenians under Turkish rule, and while conceding that the United States cannot forcibly interfere, formulates the hope that the strong impression of the American government, particularly if it has official sanction, may make a profound impression on public opinion in Europe "and unite in active intervention those Christian powers who are pledged to mend or to end Turkish misgovernment in Armenia." The petition recounts the horrors perpetrated by the Turks upon the Christians. "All pretense of restraint," it says, "has been laid aside by the Kurdish savages and the only hope of Armenia is in God and her Christian friends."

STRIKERS ELATED.

Switchmen Join the Knights at Buffalo.

Things Not All Serene For the Central.

Shooting Indulged in by Pinkerton's Men at Albany—Arrests Made by the Police.

BUFFALO, August 16.—Three hundred switchmen and yardmen struck at East Buffalo this morning. No freight trains are moving. A large force of police is on hand. The strike was caused by Union men being ordered from Erie street to take the places of Union strikers. The action of the switchmen going out today gives a new phase to the Central strike. It has now spread beyond the Knights of Labor. The men who went out this morning are members of the Switchmen's Mutual Aid Association, a national organization extending all over the country. It has a membership of about 800 in this city. Comparatively few switchmen are in the Knights of Labor here.

It was Grand Master Sweeney of the Switchmen's organization who ordered this morning's strike. He arrived here last night. It is said by the men that the strike is likely to extend all over the Vanderbilt system, if the trouble here is not speedily settled and that it certainly will spread should an effort be made to have non-union switchmen handle the Central or West Shore trains.

Rejoicing by the Knights.

BUFFALO, August 16.—To say the local striking Knights of Labor are jubilant, would be to put it mildly. They are overjoyed at the turn affairs have taken, and seem more confident of success than ever. Live stock shipments from this point, despite the assistance given by the West Shore, Lackawanna, and Erie, are at least a week behind.

It was learned tonight that the switchmen on the Central and West Shore petitioned for Chicago wages before the strike in the East. They asked that an answer be returned to their petition on Monday, August 18. No concession has been received. "Therefore," says one of the labor agitators, "the switchmen were ready to strike next Monday, any way, if this had not been perfected. As it is now the switchmen declare the men must be taken back and the wages all raised, too."

Pinkerton Men Arrested.

ALBANY, N. Y., August 16.—This evening as a freight train manned by Pinkerton men was passing through the northern part of the city several boys stoned the train. Two Pinkerton men fired into the crowd, one ball passing through the ankle of John McCarthy, a monitor standing near by. The police arrested three Pinkerton men. Shortly after the shooting affray Edward Canary, a Pinkerton man, assaulted Christopher Lang with a club and he was taken into custody. Another Pinkerton man who was walking up the tracks swinging a loaded gun and revolver, was arrested and jailed.

Powderly in New York.

NEW YORK, August 16.—Members of the Executive Board of the Knights of Labor were in conference all day. Tonight Powderly said: "We have endeavored to find out why the officials of the New York Central dismissed our members and so far as our own members are concerned we have their side of the case. We have been doing all we can for a speedy and satisfactory ending of the matter."

CENSUS RETURNS.

The Population of the United States About 64,000,000.

WASHINGTON, August 16.—The Census Office today practically computed the amount of population of the United States. There are, however, about 1200 enumeration districts, returns from which have not been received. In consequence of this delay announcement of the population of several States cannot be made for some time yet. The count up to this time shows an aggregate of 62,665,955, and when the entire count is finished the population of the country will be about 64,000,000, an increase of about thirty per cent during the decade.

CALIFORNIA ON WHEELS.

How the Golden State's Traveling Advertisement is Received East.

PITTSBURG, August 16.—"California on Wheels," the wonderful fruit and agricultural exhibition of the no less wonderful Golden State, leaves tonight for Washington and New York. The cleverly arranged exhibits of mammoth watermelons, mastodon peaches and enormous luscious fruits and cereals, drew great crowds for the three days they were here. An average of 8000 visitors per day viewed the wonders of nature from the far Pacific coast.

Won This Time.

NEW ORLEANS, August 16.—Felix Vaguelinell, the New Orleans giant, who earned a reputation by whipping the St. Joe Kid and lost it by falling a victim to Kilrain, defeated Mike Boden, the Canuck, for an \$800 purse tonight.

Fatal Quarrel.

LAWRENCE, Mass., August 16.—During a quarrel tonight, Edward Warswick fatally shot his wife and then suicided.

SUING HUNTINGTON.

Texas Bankers Refuse to Be Frozen Out by His Assessments.

NEW YORK, August 16.—M. Gerneheim and a company of bankers begun another suit in the Supreme Court today against the Central Trust Company, C. P. Huntington and the Houston and Texas Central. This is a continuation of the fight of Gerneheim against the

alleged unjust assessment made under the reorganization of the Houston and Texas Central upon the stock holders of the old company. His suit recently determined was to upset an assessment of \$73 per share. In that case the assessment was set aside. In this new action Judge Beach issued an order requiring the defendants to show cause next Friday why they should not be enjoined from proceeding with the new assessment of \$71.40 per share.

The complainants attack the correctness of various items in the settlement, upon which the assessment is based and assert that the stockholders are improperly charged with interest at 6 per cent down to September 1, 1890, on an alleged debt of \$3,000,000, claimed to be due from the Houston and Texas company to several other roads controlled by Huntington. The complainants say further that the stockholders never had any means of ascertaining what these debts were. Furthermore, that no creditor has been given for the collateral held by Huntington's companies and the other creditors.

Outbreak in Armenia Expected.

VIENNA, August 16.—People casually well informed believe an insurrection in Armenia is close at hand, which will be followed in due time by the Russian occupation of Erzeroum.

Planing Mill Burned.

MERCED, August 16.—Sandram & Co.'s planing mill burned today. Loss, \$6000; insurance, \$3500.

A MINORITY REPORT.

HAYES, OF IOWA, ON THE ANTI-LOTTERY BILL.

He Believes It a Stretching of Federal Authority and Giving Undue Power to an Official.

WASHINGTON, August 16.—Representative Hayes, of Iowa, submitted to the House today a minority report dissenting from the views and recommendations of the majority of the Committee on Postoffices and Post-roads on the anti-lottery bill. Mr. Hayes says his objections to the bill are:

First. That it is unconstitutional.

Second. There is no necessity for any such legislation from the fact that we already have an efficient law upon the subject, and we had better enforce that law we have than make new legislation.

Third. The provisions of the bill are bad and even absolutely dangerous, in that its tendency is towards centralization and the interference with the proper functions and powers of the States. It abridges the freedom of the press; it gives the power of espionage to public officials as against citizens; it provides for condemnation without a hearing, and makes the whim, caprice or opinion of the Postmaster-General good, bad or indifferent as it may be, a final judgment upon which the rights of citizens may depend. It makes him, in fact, the judge, jury and executioner without a pretence of hearing or necessity for legal evidence, and actually extends this dangerous and vicious power with all its machinery and enforcement to any other "scheme or device" that "upon evidence satisfactory to him" may not suit his exalted idea of propriety. He is therefore constrained to dissent from the report of the majority, although fully agreeing with them in their abhorrence of the evil practice.

FOR ANOTHER'S CRIME.

A Man Sworn Into Prison for Life by a Bribe Witness.

SAN FRANCISCO, August 16.—A curious murder case is just now coming to light. In 1880 a sheep herder, named John Rolands, was murdered near Salinas. Two brothers named Alvino, were arrested for the murder, and at the trial a Mexican named Martinez swore he saw them commit the murder and burn the body.

Alvino was convicted and sentenced for life to San Quentin. Martinez was afterwards sent to the penitentiary for some crime and died there about a year ago. He made a dying confession that he had been bribed to accuse Alvino of the murder by a man named John Thompson, who gave him \$20 and a suit of clothes for so doing.

Iron Outbreak in San Francisco.

SAN FRANCISCO, August 16.—Joseph Beale, a non-Union iron molder, while walking in the rear of Second and Market streets with two companions this evening, was attacked by half a dozen men who, he says, are striking molders. One of them struck him on the head with a cobblestone and Beale fired into the crowd, which dispersed. Beale was arrested.

Stabbed a Hotelkeeper.

SAN ANDREAS, Cal., August 16.—Joe Denton, a farmer, stabbed and probably fatally injured F. B. Lewis, proprietor of the Plummer house of this city at Valley Springs this evening. Denton was creating a disturbance in the barroom and Lewis was putting him out when the cutting occurred. Denton escaped but parties are after him.

Killed at a Crossing.

ROCHESTER, N. Y., August 16.—Mr. Boynton, aged 79, and Frank Lawler and infant son, were instantly killed at Webster Station, this afternoon, while driving across the track in a buggy. They did not see the approaching passenger train.

Fighting Among Themselves.

SAN SALVADOR, via Libert
