KEEP IN THE VAN.

Arizona is a land of magnitude far exceeding that of nearly every State in the Union; she has a history unique, weird and interesting in the extreme; nowhere else upon the globe can there be found grander scenery or more attractive landscapes; nowhere upon the globe lies there a land with such wondrous capacity for producing every fruit of the earth in abundance and excellence; no section has as yet been discovered that possesses such varied mineral treasures, of every form of richness and beauty.

An opportunity for advertisement is now open to this Territory such as occurs but once in a century. An exhibition of nations is soon to be held in Chicago; from every portion of the world will be sent its choicest products in peaceful rivalry. The State or Territory of the American Union that exhibits nothing will be derelict both in local and national patriotism, will be lost sight of and, if thought of at all, the thought will be that that particular State or Territory is such an inferior section of the Nation that it really has nothing worthy of exhibition.

To the end that a proper exposition of Arizona's products and capabilities shall be made at the World's Fair, a bill has been introduced in the Legislature appropriating \$50,000 to such end. The committee to which it was referred have recommended a reduction to \$30,000. It is probable that with this latter sum a very creditable showing could be made, and the Sun-kissed Land exalted to her proper place among the national sisterhood.

In the appointment of Colonel William Herring as Attorney-General of the Territory Governor Irwin has shown good judgment, for Colonel Herring is one of the leading lawyers of Arizona, one of the leading Republicans and one on whom the Governor can well rely for legal advice and counsel. His appointment will reflect credit and add strength to the new administration.

have done more in the past two years for the party than any other dozen men in the Territory and this, too, without casting any reflections on what others have done.

COLONEL WILLIAM HERRING, who was yesterday nominated by Governor Irwin to be Attorney-General, has been eleven years a resident of Arizona. Born in New Jersey, he went to New York City with his parents when but four years of age and was admitted to the bar there. In 1872 he was elected to the New York Legislature and was chairman of the Judiciary Committee in the session of 1873, which had the framing of much important legislation. For six years he was assistant prosecutor in New York City and was a member of the Republican State Central Committee for the same period, being associated with such men as Chester A. Arthur, John I. Davenport, Van Rensselaer Cruger and others who have since attained great prominence in New York and National politics.

A LARGE extra edition of THE WEEKLY REPUBLICAN was completely sold out by 9 o'clock yesterday morning. Still the rush continued, everyone appearing anxious to obtain the weekly, it containing full accounts of the flood in all parts of the Territory. By 4 o'clock P. M. twenty-five cents was being offered on the streets for copies, though even that figure brought out but few sellers.

KOUMISS

KOUMISS

KOUMISS

-THE GENUINE-

PROWELL'S KOUMISS

No beer, no wine, no malt extract to compare with it in nourishing strengthening and refreshing effects. (See the multitude of letters received continually from all over the country ordering and extolling it.) What is Koumiss they ask. We will tell you.

We take fresh morning's milk as it comes from the dairy, pure and sweet, mix it with the proper fermenting materials, in proper proportions, bottle it, lay it away from six to twelve weeks - and that is all.

These bottles, when tapped with a champagne tap, yield a beverage of the greatest refreshing and nourishing qualities.

It is as gassy and sparkling as soda water, and of about the consistency of cream.

It is without doubt the finest beverage in the world, relished alike by sick and well, but to the invalid or convalescent it is a great boon. It is borne well by the stomach when no other food can be taken.

Many sick persons, especially consumptives and dyspeptics in various parts of the country, are now living wholly or in part on Koumiss, and we are in constant receipt of letters from both physicians and patients expressing the greatest satisfaction with it. The expressions of a few well known physicians we give. Dr. J. Murphy, in speaking of Koumiss, says:

"It will be particularly efficacious in broken down, nervous systems, and when the assimilating function of the stomach has been impaired by disease or excess. In chronic lung affection, unfortunately so common in this district, it promises to fill a want which the physician has been impotent to supply. In the above affections and others associated with weakness I would highly recommend its regular and persistent use."

Dr. I. W. Johnson says:

"Dyspepsia is often cured by the use of Koumiss alone, it affording sufficient nourishment for the system without taxing the stomach in its digestion. I have been exceedingly gratified with the use of Koumiss in all cases where there is difficulty in assimilating the food. E. E. Prowell makes an excellent article, and as a beverage it excels the vinous or suet liquors."

Dr. Wm. Pepper, Professor of Clinics in the University of Pennsylvania, reports a number of cases of extreme debility, of consumption and of diabetes, which appeared to be completely cured in a short time by the use of Koumiss.

Dr. J. A. Bonstead, of Decatur, writes us that he has used and prescribed the Koumiss of several different manufacturers, but has never found any equal to that of E. E. Prowell.

"Prowell's Koumiss is the best remedy for weak stomachs that I have ever used during my fifteen years of practice." - Dr. C. F. Weston, Des Moines, Iowa.

Our Koumiss is put up in quart bottles.
