**STRIKE AT POLICE.**  
**The Mob Charges the Police and Are Cut**  
Down by Soldiers.

LYONS, May 1.—A number of very ex-  
citing scenes were witnessed in this city  
today. The first disturbance occurred  
when a big crowd of workmen, followed  
by a large number of women and chil-  
dren, and bearing red cards containing  
various sentiments, attempted to hold a  
procession. The authorities had decided  
to prevent any marching, and as the  
men refused to disperse, the police  
charged. The men made a resistance  
and a general melee followed, in which  
several policemen were seriously  
wounded. A body of cavalry were dis-  
patched to the scene and dispersed the  
crowd.

The rioters, undaunted by their de-  
feats, made an attack upon the police  
and broke through the cordon. Again  
the soldiers charged and the crowd were  
forced to beat a retreat. The fighting  
has caused the greatest alarm among  
the people of the city and the excite-  
ment intensifies as each hour passes.  
The police are powerless to control the  
mob, who, emboldened by this fact, has  
become more defiant than ever, and the  
authorities have been compelled to sum-  
mon an additional reinforcement of  
soldiers.

The rioters have cut the telegraph  
wires and are holding uproarious meet-  
ings at headquarters. A dense crowd  
surrounds the Labor Exchange, which  
building the soldiers have cleared of all  
persons at the point of the bayonet.  
The military are taking every precaution  
to subdue the mob, and have brought  
cannon to the place for the purpose of  
intimidation.

A mass meeting of workmen was held  
tonight in the principal square of the  
city. Becoming disorderly, the mili-  
taries again charged. Several persons  
were injured. Ten soldiers and police-

## A SAD MAY DAY

### The Roman Populace Stone the Soldiers.

### AND THEY ARE BAYONETED.

### A Scene of Confusion for the Time Being.

### HAVING SERIOUS TIMES IN LYONS.

### The Conflict Between the People and Gendarmes in Rome Brought on by Fiannel-Mouthed Anarchists—The Lyons Trouble Not Yet Settled—No Other Serious Difficulties Across the Water—On This Side Numerous Strikes Reported But No Trouble—Many Thou- sands of Men Are Out of Employment. Incidental Work Reported From Ok- laahoma—Demonstrations in New York.

### ROME, May 1.—A meeting of work-

### men took place this afternoon near the Church of San Giovanni. There were five members of the Chamber of Deputies present. An anarchist speaking violently urged the men to attack the police. The speaker's words so excited the hearers that the mob stoned the troops stationed in the neighborhood. Some of the rioters hurled stones at the troops from windows of houses. The gendarmes then fired, wounding several of the rioters.

### When the matter calmed down it was found that Signor Barzilai, a member of the Deputies, Signor Caprini, a So- cialistic leader, and twenty-five others had been seriously wounded. One man was killed outright by the gendarmes, and a gendarme was stabbed to death by the rioters. During the cavalry charge several troopers were thrown and trampled by their comrades' horses. Later on another sharp conflict occurred between the soldiers and the mob in Victor Emanuel square. Several per- sons were injured.

### Minister Nicotera, replying to the questions in the Chamber of Deputies, said there were 300 Anarchists among those present at the workingmen's demonstration; that the public forces had been attacked with revolvers and stones and therefore the demonstration was suppressed.

### The riots in Florence were slight in character and provoked by Anarchists. There were no disorders in other towns. From the latest reports from other cities it is learned that May Day was gener- ally observed in a tranquil manner throughout Italy.

### STRIKE AT POLICE.

### The Mob Charges the Police and Are Cut Down by Soldiers.

### A mass meeting of workmen was held tonight in the principal square of the city. Becoming disorderly, the mili- taries again charged. Several persons were injured. Ten soldiers and police-

men were injured during the day.  
Sixty persons were arrested.

### Bloody Fight at Formles.

### FORMLES, France, May 1.—One-half the workmen here attended to their duties today. The remainder abstained from work and were very noisy, marching about the streets singing, shouting, etc. A mob of 4000 had a collision with the gendarmes and many arrests were made. The mob attacked the prison this evening in an attempt to rescue their im- prisoned comrades, and wounded two soldiers. The troops immediately opened fire and three men fell dead. The mob then fled.

### LATER—There was a bloody collision between the miners and police in which seven were killed and twelve wounded.

### Paris in a Row.

### PARIS, May 1.—A mob threatened the police station at Cligny, and the gen- darmes started out. The mob then took refuge in a wine shop, and a fierce battle followed. The mob was largely com- posed of anarchists, who used revolvers freely. Four policemen were fatally wounded. While Minister of Interior Constans was driving from the Chamber house today, a mob made such threaten- ing demonstrations that the police were obliged to rescue him. At mid- night all is quiet in Paris.

### Row at Marseilles.

### MARSEILLES, May 1.—This evening, in a collision occurring between the police and a crowd of roughs, several were injured, and many arrests made.

### THE DAY IN NEW YORK.

### Three Large Meetings Held There Last Night—No Disturbances.

### NEW YORK, May 1.—At noon the As- sociated Press dispatches from Europe showed that May Day was passing off more quietly than was expected.

### In Paris and Marseilles there was some rioting and in Belgium a large number of men went out on strikes, but no rioting serious had yet been reported. Dispatches from districts in eastern Pennsylvania show that everything is quiet. Miners are reported uneasy in a few districts, but all are awaiting the outcome of the eight-hour movement in the West.

### BIG DEMONSTRATION.

### NEW YORK, May 1.—Small armies of men are marching to the tune of Mar- seilleise and other songs, carrying red banners and shouting "Down with the United States tonight from various di- rections to participate in a great eight- hour labor demonstration under the auspices of the Central Labor Federation and Socialist Labor Party. Many thou- sands of people congregated about the various stands. The main speakers' stand was at the corner of the plaza on Seventeenth street. Here English speak- ers talked, while speeches were delivered in German and Hebrew from the stands on Broadway and Fourth avenue. Shortly after 8 o'clock the meeting was called to order by Lucien Lanier. While the chairman was addressing the crowd the Socialist labor unions continued to arrive in small and large bodies. Marching to the meeting, one of the Socialist bodies carried the American flag with the Union down. After a long speaker had addressed the assembly a preamble and series of resolutions were read at the main stand. The features of this deliverance were the endorsement of the demands of the Paris convention for consolidation against capital, and statutory establishment of the eight- hour day law. After the resolutions were read, H. G. Wilshire, a wealthy socialist from Los Angeles, Cal., ad- dressed the meeting. He predicted that the agitation for an eight-hour law was only the forerunner to demand that four hours should be considered a day's labor. Resolutions were adopted with a whoop, and the affair at the main stand was over. On Broadway and Fourth avenue there were trucks filled with Socialist speakers. Among the speakers was E. Wissmann, of San Fran- cisco.

### VIENNA IN IOWA.

### OSKAHOJA, Ia., May 1.—The Execu- tive Committee of the Iowa District of United Mine Workers, after a lengthy session today, issued the following order: "To the Miners of Iowa: You Executive Board has ordered you out for establish- ing an eight-hour work day, and you will remain out until further orders." Communications from the national headquarters brought instructions to postpone the strike. Iowa is thus act- ing independently in the matter. The order of the Executive Board, issued this morning by the Iowa District, is of incendiary origin. The loss is heavy. At- tempts were also made to destroy other property. The mines are now all closed, but the majority of the miners, it is re- ported, will soon resume work.

### NEW ORLEANS.

### NEW ORLEANS, May 1.—There were no labor demonstrations here today. On the first of April the employes in cash and door manufacturers went out on a strike because the mill owners would not exclude non-union men and there is not at present any indication of weak- ening on either side. Ten days ago every branch of the building trades joined in the support of the operatives and virtu- ally put a stop to all building business for the time being.

### HUNGARIANS SCARED.

### WEST NEWTON, Pa., May 1.—An em- igrant train carrying one hundred Hun- garians to the coke plants collided with a light engine tonight, freman Stewart being fatally injured and several other men seriously. A terrible panic pre- vailed among the Hungarians, who im- agined that they had been attacked by strikers.

### RAISE OLD HARRY IN ST. LOUIS.

### ST. LOUIS, May 1.—The architectural iron workers, 350 in number, went out for eight hours a day and advance wages. The marble setters struck for advance and eight hours. The team owners, 50 strong, asked for 24 a day and got it. Other organizations will likely tomorrow whether or not to strike.

### CLAY COUNTY MINERS GO OUT.

### INDIANAPOLIS, May 1.—Two thousand miners

night, and today 1000 of them held  
a meeting at Brazil. Secretary Russell

The committee conferred with the op-  
erators, but no agreement was reached.

### TWO THOUSAND MEN GO OUT.

### PITTSBURG, May 1.—An eight-hour strike in the building trades was inaug- urated today. About 2000 men went out.

### CHICAGO DEMONSTRATIONS.

### CHICAGO, May 1.—A perfect day, large crowds and great enthusiasm character- ized the labor demonstration for an eight-hour day in Chicago. The Brick Layers' Union, about 2000 strong, did not take part in the parade. Trade unions generally were represented and marched about 10,000 strong.

### HOCKING VALLEY ARBITRATES.

### COLUMBUS, O., May 1.—The miners and operators of Ohio adjusted their differences on the basis of 70 cents for working in the Hocking valley, and the nine-hour labor day scale for machine mining was left open for further adjust- ment.

### BOSTON WORKERS SATISFIED.

### BOSTON, May 1.—An agreement was entered into today by the Master Build- ers' Association and Stone Masons' Union that settles the wages and hours for stone masons during 1891. A nine- hour-a-day is the basis.
