TEMPE Some persons have been shooting quail in the country north of the river lately, regardless of the game laws. The laws for the protection of game are and should be rigidly enforced and everybody should report any unlawful shooting.

TEMPE Jack Harris came up from Maricopa yesterday morning and went on to Phoenix. An exceptionally large number of new students are expected to attend the Normal this year. Prof. Matthews is overwhelmed by the inquiries which pour in by every mail. Judging by the letters received the majority of the young ladies over the gentlemen will be greater than it was last year.

TEMPE Misses Bertha, Clara and Maude Wilson returned from a trip to California summer resorts yesterday morning. The quarters to be occupied by the Birchell & Hiesapple meat market will be thoroughly fumigated today under the direction of Dr. Jones.

TEMPE Owing to the storm last Saturday night the installation of the officers of Tempe lodge, I. O. G. T., was postponed and will take place tonight. It is desired that all members be present.

TEMPE O. C. Smith's eating house in the Duage building is drawing considerable patronage. Another table had been added so as to accommodate the guests. Yesterday forenoon the Justice's court was occupied by the civil suit of Conrad Osterhog vs. Wm. H. Strong.

TEMPE James Wallace came into Tempe yesterday to see a few friends. Mr. Wallace has been in the country for some time, far from barber shops and similar comforts of civilized life, and as a result is wearing an amazing crop of beard. He was in town but about half an hour, but in that time 271 men, by actual count, had walked up and given him a handshake.

TEMPE Dr. R. H. H. Blome, a member of the Normal faculty, arrived from his Illinois home yesterday. He came over the northern road. Dr. Blome was selected to have charge at the Graham county teachers' institute, which will convene August 19. Owing to the washed-out roads and suspended passenger service it will be a hard matter for Dr. Blome to get there.

TEMPE The Gila river is still high enough to endanger the M. & P. bridge. The river seems to have a particular spite at the bridge and is systematically working to destroy it. The current strikes the bridge at the north bank and then turns and runs south along the bridge until it strikes the south bank. Some timbers were taken down last night to be used to make the operation of transferring

A YOUNG LADY'S LIFE SAVED. At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy. Dr. Chas. H. Utter, a prominent physician of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by Elvey & Hallett.

SUMMER SNOW. Flakes of snow fell for a few minutes last night (July 26) creating breathless astonishment in the vicinity of the Forty-fourth street entrance to Fairmount park and contiguous neighborhoods. It seemed incredible that icy crystals should drop from the sky on part of the arch that was washed and burned by a fierce tropical heat but a week or two ago, but there was a chilly air coming out of the northwest and with it it swept along tiny flakes that might have been mistaken for particles of dust in the daytime. Under the electric lights and against the background of the night there was no mistaking them for anything but what they were, and that was snow.
