TEMPE Mrs. Spink and Miss Godwin of Davenport, Iowa, are visiting their brother, Mr. E. Godwin of Tempe. They have been on a visit to California, and will return soon.

An accident happened to a bicyclist on the Tempe road one night this week which shows the folly of riding without a light. The young man was riding along at a good pace, when he met what he thought were two horsemen coming toward him on a gallop. As they came near they divided, one horse going to one side of the road and the other to the opposite side, so that the wheelman had to go between them. It happened that one horse was being led, and as the horseman did not see the bicycle the rope was between them at such a height that it caught the bicyclist under the chin. Fortunately the man on the horse noticed the wheelman as he struck the rope, and let the end go, but as it was the bicyclist was jerked violently off his wheel and received a bad fall.

Repairs on Kingsbury's buildings which were damaged by the recent storm are nearing completion. An up-to-date front was put in Kingsbury's hall last week by Stacy Penn. Mr. Penn wishes it understood, however, that although the work shows the artistic skill it is by no means the best he can do.

ROOSTED UNDER A CAR Six T. H. Chickens Traveled 200 Miles at Sixty Miles an Hour.

When the excursion given by the Masons and the Retail Grocers' association left Wintersville, N. C., a few days ago in a special train, it was found necessary to make fast time and in consequence everything was prepared for the run that was to bring the party back to Atlanta. The train left the beach just about the time that all chickens were given to disputation to roost. The cars that were used on the trip went from Atlanta, and while the excursionists were enjoying themselves during the time that they were on the outing stood on a side track undisturbed.
