THE COLOMBIANS

Siege of Washington Begun Before that of Panama

MUCH TALK OF WAR

The United States, however, is always eliminated from their discussions. Delegations arriving from different parts of Colombia.

New York, Nov. 26.—Among the passengers who arrived today on the steamer Savannah was Francisco de E. Manóla, a lawyer sent by the republic of Colombia to the United States in relation to canal affairs. He will go direct to Washington. Manóla said he could not tell just what action would be taken to effect a settlement of the Panama situation more favorable to Colombia, as his instructions had not yet reached him and he had not yet conferred with his fellow commissioners, Gen. Domingo Jimenez, Pedro R. Varón and Dr. Antonio R. Blanes, who arrived from Panama via New Orleans some days ago. They have studied instructions from the government of Bogotá. He denied the report that Colombia was so desperate that she would seek annexation to Panama. "Colombia does not want to talk regarding her mission nor to discuss what steps would be taken by the commission, he was willing to speak of the conditions in Colombia and the feeling down there when he sailed eleven days ago. He said: "Colombia does not want to wage war on Panama. She wishes to make arrangements looking first toward a settlement. She wishes to retain Panama, and if not war is probable. Whether she will make war is very hard to answer. War with the United States is not to be considered." He did not care to discuss the possibility that an attempt to land Colombian troops in Panama might mean a clash with the United States.

ARRIVAL OF GRUNSFELD

Is now in Charge of T. E. Dalton's Insurance Business.

EAGER FOR THE CANAL TREATY.

There seems to be no longer any doubt that T. E. Dalton, of whom so many ugly stories have been current for several days, has disappeared because of trouble with his creditors and more particularly the Equitable Life Assurance Association of New York, for which Mr. Dalton was the Arizona representative with an office in this city. When he left here two weeks ago, ostensibly on a business trip to Bimbeo, he said he would in a day or two send orders for the forwarding of his mail to his business associates. Today the party left, and his mail has not been received and neither have they been able to locate him. Edward Grunsfeld, manager of the Equitable for New Mexico, Arizona and western Texas with offices at Albuquerque and under whom Mr. Dalton's agency rested, was notified, and received news on the 22nd that Mr. Dalton could not be found and that his mail had been unopened for nearly two weeks. He left as soon as possible for Phoenix, arriving yesterday morning. When interviewed by a Republican reporter Mr. Grunsfeld said the situation was very embarrassing and he did not know exactly what to say further than that Mr. Dalton had been conducting business very loosely of late and that so far as the Equitable is concerned he is not interested in the company and elsewhere. He said, however, that any person having valid claims against the company would be fully protected and he wished to announce that he would be in the office today from 9 o'clock to 5 o'clock and would be glad to receive applications and be interested in Equitable business. He deplored the situation but will straighten things out as soon as possible and either today or tomorrow will announce the name of Mr. Dalton's successor in the Phoenix office.

A TELEPHONE CALL.

It Was Interrupted by a Would be Murderer.

SOUTHERN PACIFIC CUT OFF.

Philadelphia, Nov. 26.—When Sergeant Shreger, of the Camden police, early this morning responded to a call on a telephone he heard cries of murder and sounds of a scuffle. Then all was silent. The person using the telephone had evidently been prevented from calling for help. It was found that the call was sent from a Third street junk shop. When the patrol wagon full of police arrived there, they found a desperate conflict raging between four white men and a negro. The negro was attempting to brain the others with an iron pipe. All had been injured. The proprietor of the shop said he had used the telephone, but was driven away by the negro. CEDRIC COMES IN. In Spite of a Rumor That the Liner Had Been Sunk. New York, Nov. 26.—The White Star line steamer Cedric which a rumor originating in England said had been sunk in midocean, arrived at her pier tonight. Her voyage was uneventful. The Cedric received an enthusiastic welcome when she docked.

THE UTAH CRISIS

The Strike Situation Rapidly Coming to Head.

The Miners and the Military Ready to Join Issue—Strikers Have Been Ordered to Vacate.

Salt Lake, Nov. 26.—A special from Scofield, Utah, says: The relations between the striking coal miners and the military authorities were strained here today and a crisis in the situation may be expected at any time. A great deal of excitement prevails among the strikers over the posting of two notices by the Pleasant Valley Coal company. One is to the effect that all employees that do not report for work tomorrow will be discharged and that they must vacate the company's property at once. Fully fifty per cent of the miners at winter quarters, it is said, own homes built on land leased from the company. The strikers declare they will remain in their homes and trouble is expected should an effort be made to eject them. Another notice issued by the company announces that all miners who join the union must consider themselves discharged. The company announced today that 300 men from another section of the state would be brought to take the place of the discharged miners. Violence is believed will follow the arrival of these men. Warrants have been issued for the arrest of many foreigners who are charged with disturbing the peace by threats and riotous conduct.

There were a number of notable guests at the banquet. MEXICO CELEBRATION. Mexico City, Nov. 26.—The American colony gave a ball tonight at Orin's theatre in celebration of Thanksgiving day. GAMES OF YESTERDAY

Northwestern's Overwhelming Defeat by Michigan—The Carlisle Indians Preserved Their Record to the Last. Other and Lesser Contests. Madison, Wis., Nov. 26.—The University of Wisconsin suffered another defeat today by bowing to the University of Minnesota, 17 to 0. All the scoring was done in the second half. Wisconsin apparently not having sufficient strength to hold out through the game, although it was fought desperately all the time. Captain Abbott, of Wisconsin, was disabled early in the first half. Minnesota seemed to be overconfident in the first half, but got down to hard work during the second period of the playing. Michigan had defeated Wisconsin 16 to 0 and Minneapolis had tied Michigan. Minnesota wished to exceed Michigan and by hard fighting did so by a margin of one point. This wish spurred Minnesota to fierce fighting in the second half. The Minnesota team seemed to be reborn. It worked together and pounded a victory out of a good team before an adverse, if inclined audience of 7,000 persons. Davis, Ispfield, Currate, and Schacht performed prodigious valor in the repeated applause of Wisconsin rooters. During the second half the ball was almost continuously in Minnesota's possession. Wisconsin was fighting an uphill game all the time. Twice Schacht carried the ball across Wisconsin's goal line and the third time Burdick had the honor. Rogers kicked goal twice and the score was: Minnesota 17, Wisconsin 0. CHICAGO LOST CHAMPIONSHIP. Chicago, Nov. 26.—Chicago University surrendered the western football championship today and went down to defeat before the University of Michigan, 20 to 0, on Marshall field, in the annual Thanksgiving day contest. Some 20,000 spectators braved the cold and five inches of snow to see the game. Considerable delay was experienced in starting the game on account of the labor of sweeping the snow off the gridiron. Coach Stagg had a fever and attended the game closely wrapped in blankets within a carriage. The usual vigor of the Chicago eleven was missing. Michigan scored her first touchdown in twelve minutes of the play by smashing Heston and Longfellow against the yielding Chicago line and using Joe Maddocks, right tackle, for first downs when a few yards were needed. In the first half Michigan was held only once for downs and Chicago was in possession of the ball only three times. The defeat removed Chicago from the front row of western claimants for the championship. It was Chicago's first defeat of the season by a western team. Michigan, Minnesota and North Western are the only large teams undefeated in the middle west. CARLISLE BEATS CHICAGO. Chicago, Nov. 26.—Carlisle Indians defeated Northwestern University football team 28 to 0 on American League grounds. At times snow fell in blinding swirls and the players concealed from three thousand spectators who gathered. OTHER GAMES. At Okolosa, Ia.—Des Moines College 12; Ostalosa 5. REYES IS RETICENT.

New Orleans, La., Nov. 26.—Gen. Ruiz Reyes, representing the government of Colombia, who is on his way to Washington to intercede in behalf of the government in connection with the resignation of the republic of Panama, arrived here today on the steamer Beverly. Gen. Reyes is accompanied by General Pedro Aspinall, General C. Holquin and General L. Capellero. They boarded the Beverly at Port Limon and came direct to this city. General Reyes and party did not go to any hotels. They drove to the Louisville & Nashville railway office bought tickets through to New York and made every effort to avoid publicity. The general had a satchel full of Colombian gold and paid for the tickets in the coin of that republic. General Reyes speaks English perfectly but he declined to be interviewed. He said to the Associated Press: "We do not wish to be quoted at this time. Our mission is a private one and until we have reached Washington and discharged it we do not care to discuss it." General Reyes and party left for Washington, where they will arrive Sunday morning. Before his departure General Reyes gave out an interview much on the line of that quoted from Colon to the Associated Press. He said he was going to see the president with his colleagues, and hoped to have the United States decide to keep its hands off the isthmus and to allow the Colombians to regain Panama. If the United States would not agree to this, then the Colombians would march an army of 100,000 men across the mountains to Panama, and needing only 2,000 Panamanians, would soon regain the isthmus. Then the United States, he said, would have to negotiate with Colombia or build the Nicaragua canal. He said the Colombians had no thought of declaring war against the United States.

A TENDENCY TO MURDER

A Development of the Strike Situation in Utah. Salt Lake, Utah, Nov. 26.—A special from Scofield, Utah, says that an attempt was made today by a number of striking Italian and Finn coal miners to roll a box car down the railroad tracks leading through a deep canyon through which a party of railroad and mine officials were coming. The attempt was prevented by the military and a number of arrests were made. One of the southerners at the mines near Scofield was fired upon early this morning from a house from which a red flag had been displayed. The would-be murderer was not caught. An ugly feeling seems to be growing rapidly among the strikers. A number of Italians and Finns left the fields today for Phoenix.

"OUT" FOR "TEN."

Decision by Which Jack Root Won Over Flynn. Pueblo, Colo., Nov. 26.—In the eighth round of what was to have been a twenty round fight, Jack Root of Chicago, won the decision over Jim Flynn, of Pueblo. The fight took place before the Rover Club and was attended by a very large crowd. The decision of Referee Otto Floto, of Denver, was questioned by the crowd, as Floto counted nine and used the word "out" for his tenth count.

FEED HER RIGHT.

The Sure Way to Rear a Healthy Girl. The relation of food to comfort and health impressed an Iowa teacher who says: "After teaching school for several years I became a victim of insomnia and night after night it was 3 or 4 o'clock in the morning before I would fall asleep completely worn out. Of course I lost strength and brain power and became terribly nervous until I was on the verge of nervous prostration. "About that time I read an article about Grape-Nuts that convinced me that my trouble was due to indigestion, something I had never thought of before. I got two boxes of Grape-Nuts and began to use them for breakfast and supper with good rich cream. Well, the change was something wonderful and my health came back in bounds. "Grape-Nuts took the place of non-nourishing food and I am now better in health, brain power, and spirits; sleep well and work longer and harder and never feel nervous or worried. When I have finished my school session I still feel I have lots of reserve force and energy left and when I go to bed at night I get sound and refreshing sleep and get up early, happy as a lark. "I have had numbers of my scholars try the food and I must tell you about one case. She was a puny nervous little girl and her mother told me she did not eat enough to keep a bird alive. All she wanted was candy and other trash. When I told her mother about Grape-Nuts food she followed my advice and its effect upon this child, shown in the awakened energy of the body and mind was simply wonderful. Her school work became entirely satisfactory and she gained in bodily strength, lost all her nervousness, and soon became a rosy chubby young miss." Name given by Postum Co., Battle Creek, Mich. There's a reason. Look in each package for a copy of the famous little book, "The Road to Wellville."

PRINCESS ALICE LIVING IN RETIREMENT.

Her Coachman is not With Her. Paris, Nov. 26.—The Genoa, Italy, correspondent of Liberté, says that Princess Alice, of Schoenburg-Waldenburg, wife of Prince Victor, who is living quietly with a maid of honor, at Sorri, a village on the coast of Italy, about nine miles from Genoa, is deeply chagrined at the false reports of her elopement. A dispatch from Mentone, France, after pointing out that Princess Alice was living in retirement at Sorri, said her friends denied that she had eloped and it is alleged that she is instituting legal proceedings to obtain a separation from Prince Victor Frederick, her husband.

CHICAGO TRAVELS AGAIN

Reopening of City Railway Under Peaceful Conditions. Chicago, Nov. 26.—Cars were run tonight by the Chicago City Railway company for the first time after dark since the strike was called two weeks ago. While the struggle was on, the service operated under police protection was abandoned each day shortly after 4 o'clock in order to avoid any possible attack that might be made by the strike sympathizers under the cover of darkness. The entire system was put in operation today and there was little evidence left of the struggle that came to a peaceable ending yesterday. When the strikers reported for duty this morning all of them with the exception of fifty-nine were given work. These men, it is asserted by the officers of the railway, were guilty of disorderly conduct during the dispute.
