Man's Main Maladies Mastered

Many persons are handicapped by some
obscure disease which utterly ruins them for
the duties and pleasures of life. Gradually
they grow weaker and ultimately become dis-
abled. Why not attend to yourself? Why not
have your case treated by an expert who thor-
oughly understands your ailment? Come and
without charge talk your case over. **Dr. Hib-
bard, Hibbard Building, 26-28 S. 2nd Ave.
Phone, 10-12, 1-3, 6-7.**

AN ABLE SPECIALIST.

Premiently Successful, Thoroughly Re-
liable and Progressively
Up-to-Date.

Dr. Hibbard's un-
iform success in
curing chronic dis-
eases has won him
an extended reputa-
tion. Every case is
carefully studied
and requirements
for special skillful
treatment are thor-
oughly investigated.
There is no guess
work but absolute
knowledge. The latest discoveries
of science are applied in the curing of ob-
stinate and complicated cases, which
have been thought incurable. DELAY
IS DANGEROUS. Are you suffering
from some chronic affection. Make no
mistake. Restore your health and
strength before it is too late. GET EX-
PERT MEDICAL TREATMENT. Ure-
thary, Kidney, Bladder, special and pri-
vate complaints treated with prompt and
permanent results. The doctor is a gradu-
ate of Harvard, one of the best medical
schools in the world. He has had an ex-
perience of over 20 years and has the
complete confidence and full endorse-
ment of the leading business men and most
prominent citizens of the Southwest.

Cancer and External Growths Successfully
Removed Without the Knife or Severe
Pain.

DISTRICT COURT

The Black Warrior and Other Cases
Under Consideration.

The most important matter before
the district court yesterday was the
application of Charles A. Chase of
Philadelphia against James A. Fleming
for a writ of mandamus directing the
latter to surrender the management
of the Black Warrior Mining company
to the plaintiff in conformity with an
election of the eastern stockholders.
The application was resisted on the
ground that the meeting was an illegal
one by reason of the fact that it was
not held in the territory as is required
and for the further reason that a ma-
jority of the stock was not represented
at that meeting. At a subsequent meet-
ing at Globe, Col. Fleming was re-
spected and the plaintiff was present at
the meeting.

On the motion of L. H. Chalmers,
Mr. Chase, who is an attorney, was
permitted to appear in behalf of him-
self. A motion to dismiss the appli-
cation was argued and denied, a de-
murrer was overruled and the applica-
tion was argued and briefs were or-
dered to be submitted on Tuesday.

In the damage suit of George S.
Ford against the S. F. & P. a motion
for a new trial was denied and notice
of appeal was given. In the case
of the Arizona Democrat Pub-
lishing company against Sam Webb,
Jr., and others the demurrer of the
principal defendant was sustained. The
demurrer of Messrs Kibbey and Baker
of the defense was overruled. Judg-
ment was given the plaintiff in the case
of Wolf Sachs against Laura Billups
and others.

In the divorce suit of Laura Neack
against P. P. Neack a motion for alim-
ony and fees was set for next Sat-
urday. The hearing of a demurrer in
the case of Norris Goff and others
against J. C. Wasson was continued
until Feb. 27. The demurrers in the
cases of several persons against the
north side water companies set for
hearing yesterday were continued un-
til next Saturday. In the divorce suit
of Della Whittemore against J. J.
Whittemore there was a decree carry-
ing with it a division of the community
property and allowing the plaintiff \$15
a month alimony. A decree of divorce
was granted John Patterson from
Agnes Patterson. Judgment was given
the defendant in the case of John T.
Dunlap against O. H. Christy, admin-
istrator of the estate of James Roark.

An interesting display of rare Indian
novelties takes place daily at the

erson St.

ATTENTION, FIREMEN!

All members of the Phoenix Fire De-
partment are requested to be at the
engine house Monday, February 22 at
10 a. m. for the annual inspection. All
companies are requested to have their
apparatus there and in shape for in-
spection.

THOS. N. LINVILLE, Chief.
C. R. PRICE, Secy.

SALE OF BONDS

Issue for Taking up This County's
Indebtedness Awarded.

There was a meeting of the loan com-
mission yesterday for the purpose of
considering applications for the fund-
ing of an old debt of this county to the
amount of \$15,000, also for taking a
bonded indebtedness of Tucson to the
amount of \$12,000 and further for the
taking care of one P. & A. C. railroad
bond for Yavapai. That is the last one
of the Yavapai bonds. When the rest
were funded this one could not be
found. Not long ago it was learned that
it was in Enclined.

The bonds for refunding the debt of
this county had already been ordered
and bids for them were advertised for.
Yesterday was the time for the open-
ing of them and the awarding of the
issue. The bids were numerous and
of good figure. The first was from the
Bank of Elstee, which offered \$15,750
for an issue of fifteen bonds amounting
to a rate of 105. E. H. Rollins, of Den-
ver, offered par and accrued interest to
the date of delivery and a premium of
\$190. Seasongood & Mayer, of Cincin-
nati, bid \$16,975 and accrued interest,
amounting to a rate of 107 2/3. S. A.
Kean, of Chicago, bid \$15,975, and Den-
son, Prior & Co., of Cleveland, Ohio,
\$15,890. The bid of Seasongood & Mayer
being the best, the issue was award-
ed to that firm. It was found that so
many as fifteen bonds would not be
needed and that fourteen at the rate
offered by the Cincinnati firm would
be sufficient to take up the indebtedness.
Fourteen only will, therefore, be issued.

AS TO ADVERTISING.

We sometimes receive inquiries as to
the standing of persons who advertise
themselves in newspapers and magaz-
ines as Christian Science practitioners. We
answer these inquiries by saying that
Christian Scientists do not advertise,
and it is safe to assume that the per-
sons who thus bring themselves to the
attention of the public are not in any
manner identified with our denom-
ination nor with its healing work. The
following reference to the methods em-
ployed by unauthorized persons who
pose as Christian Scientists, is copied
from a previous issue of the Sentinel:
"It is unnecessary for us to say that
methods of advertising akin to those
of quack doctors and vendors of patent
medicines are not countenanced by
Christian Scientists. On the contrary,
they are reprehended.

"Christian Scientists have done all
they properly can do in the way of ad-
vertising when they unobtrusively make
known the fact that they hold them-
selves in readiness to respond to calls
for healing sickness or otherwise aiding
those who desire such services as come
within their province or line of duty."
The above is as true today as when it
was written, and correctly sets forth
the attitude of Christian Scientists as
being one of willingness and readiness
to help those who desire their ministrations,
rather than that of soliciting the
attention and patronage of persons who
may be attracted by a skillfully worded
advertisement.

Christian Science healing is not a

thing of matter and sale; it is a holy
ministry into which greed, selfishness
and self-seeking cannot enter. The com-
mercialism that bids for patronage and
dollars is inconsistent with the true
sense of Christ-healing and must ulti-
mately prove to be a delusion to both
practitioner and patient. Christian
Scientists know that those who would
avail themselves of the healing power
of this Science must turn to it natu-
rally and without undue influence.

It may be urged that unless Christian
Scientists advertise the public will not
know how nor where to find a practi-
tioner, but this will not suffice as an
excuse for adopting methods not in
keeping with the proper reserve and
dignity which befits the high calling of
our ministry. Those who are ready for
Christian Science will experience no
difficulty in finding help and healing.
There are but few communities in
which some benefactory of Christian
Science cannot be found; the churches
of the denomination are many, the free
reading rooms maintained by the
churches are easily accessible, and a
comprehensive directory of practition-
ers is published in the official organs
of the denomination. M.

THE DIAMOND DRILL AT BISBEE.

The first of the three diamond drills
ordered and shipped to the Wolverine
& Arizona, Calumet & Cochrise and
Calumet & Bisbee mines has arrived
for the first time.

Those for the Wolverine & Arizona
and Calumet & Cochrise are 1,000-foot
drills, that for the Bisbee is a 1,500-
foot drill. The Cochrise drill will be
stationed at the 970-foot level; the
Bisbee above the water level, about
825 feet, while that in the Wolverine
will be started at 500 feet and will be
used as an auxiliary, sinking and
drifting going on just as before.
The statement has been made by
some papers that diamond drill work
only would be done at the Wolverine
& Arizona. This is not so, the drill
will be used simply as stated above,
as an auxiliary. In the Calumet &
Bisbee drifting is being done to the
north toward the Lake Superior &
Pittsburg. The formation they are
now in is ledge matter and consider-
able water is encountered.

Hector McDonald, of the Lake Super-
ior Iron country, has accepted a
position as diamond driller at the Wol-
verine & Arizona and Mr. Eyer, formerly
of Nogans, has accepted a similar
position with the Bisbee and Coch-
rise. Both of these men have had
considerable experience in diamond
drill work and mining in general.

Each of the three mines named have
had about 25 men on their pay rolls
but when the diamond drills get to
work they will be able to dispense
with some of the miners.—Bisbee
Miner.

DIVIDED SCHOOL FUNDS

Apportionment by Territorial Board
of Education.

The territorial board of education met
yesterday for the purpose of making an
apportionment of the school fund
among the various counties of the ter-
ritory. The apportionment is made on
the basis of fifty-five cents for each
pupil. The following apportionment
therefore shows that Graham ranks
close to Maricopa in the number of
school children: Apache \$56,445; Cochise
\$1,767,135; Coconino \$241,300; Gila \$487,390;
Graham \$3,499,145; Maricopa \$2,667,600;
Mohave \$201,300; Navajo \$617; Pima
\$1,399,165; Pinal \$492,225; Santa Cruz
\$734,225; Yavapai \$1,367,165; Yuma \$633,355.
The total amount apportioned is \$14,-
273,665.

In addition to this the board granted
educational diplomas to the following
teachers: Adalyn Severin, Kate
Christy and Bessie Sharkey. The board
further audited and allowed the claim
of the state of Utah for the quarter for
the tuition of three deaf and dumb pu-
pils. This amount was \$187.50.

A leap year proposal—try Toboggan
Maple Syrup.

THE COST OF FOGS.

It is estimated that a day of fog
costs London from \$20,000 to \$50,000,
and from recent weather reports the
bill for the present winter must be
running well up into the millions. It
is to be noted that a Sunday fog comes
cheaper because less gas light is need-
ed on Sunday.

TRIED and TRUE.

"HART, SCHAFFNER & MARX"
and "STEIN-BLOCH" Clothes for
men. This is the Clothing that fits
well, wears well and gives the wearer
that "Dressed Up Feeling." Insist
upon getting these makes always.

ENTERPRISE and EXPANSION

We are both
Enterprising and Expanded.

We have the most up-to-date Tailoring Emporium in the west.
We feel flattered to have so many strangers compliment us on our
fine store. We think it due to ourselves and the city of Phoenix and
we have filled it with the latest novelties and we are having a rush-
ing Spring trade.

FIFTEEN YEARS

This February

Since we opened up a small store
and by strict attention to business
and fair dealing we have the finest
trade in the territory. Our cus-
tomers are all over the west. We
receive orders almost daily to send
me samples make suit same as last
measure. We say let the good work
go on. We are here with the goods.

D. NICHOLSON

The Artistic Tailor and Cutter,
Phone Red 565, 37 W. Wash St.

We have added to our up-to-date
DRUGS, CHEMICALS, PERFUMES,
etc., a FINE assortment of Ladies and
Gentlemen's Cutlery from a nice Knife
to a pair of Manicuring Scissors, Files,
etc.

We buy good goods therefore can
sell you good goods for the same
money.

Your prescriptions filled carefully at

BEAR'S DRUG STORE,

Opposite City Hall.
Telephone Main 93.

Pongee Silks

Direct from Yokohama, Japan,
have come twenty-five pieces of
choice Pongee Silk in black, white
and the natural color. No silk
made is as durable as the genuine
Pongee, and the fashion authori-
ties all agree as to its immense
popularity everywhere during the
coming summer.

It is particularly suitable for
short waists, traveling coats, etc.,
as it washes beautifully, retaining
the bright-lustrous finish as long
as a shred remains. Ask to see
the new Pongees—sample for this
asking.

60c, \$1.00
\$1.25, \$1.50,
Priced according to width.

Spring and Summer Lawns

An immense showing of printed
lawns in hundreds of patterns and
designs is now ready for your in-
spection.

If you select yours now you will
be able to choose from the largest
assortment of the season.

Many are short lengths that is,
enough for but one or two dresses
and when they are gone there will
be no more like them in town this
year so if you appreciate a next-
choice you should see this line this
week.

12 1/2c, 15c
And Up.

New Spring Neckwear

A large assortment of new wash-
able turnovers, stocks, etc., the
very newest kinds to be had, reach-
ed us from New York Saturday,
and any woman who appreciates
dainty neckwear should not fail to
see this line. These same styles are
being shown on Broadway this
week for the first time so you will
be enabled to select your neckwear
this week from the very latest
things on the market.

'Tis the best collection of wash-
able neckwear we have ever shown.
