## Pe-ru-na Promptly Saved Her Life.

Miss Alice O'Neil.

WHAT PEOPLE SAY

About Pe-ru-na as a Remedy for All Diseases of Winter, Coughs, Colds and Catarrh.

That Pe-ru-na cures catarrh, coughs, colds, is well known to both the medical profession and the people generally. It is undoubtedly the most popular remedy for this class of diseases in existence. Read the following letters:

Pe-ru-na Cures a Cold at the Outset. Miss E. M. Isaacs, Armstrong, Pa., Vice-President of the Fortnightly Club, writes:

"No one who has tried the comforts Pe-ru-na brings would ever be without it. I used to dread the slightest cold, as its consequences were so lengthy and so unpleasant, and the catarrhal condition which invariably followed so hard to get rid of, but since I have known of the blessed relief secured through the use of Pe-ru-na, I am free from all this unpleasantness and suffering."

"A few doses never fails to cure me of a cold and I keep well through its use."—Miss E. M. Isaacs.

Hon. W. J. Purman, ex-member of Congress from Florida, writes from 1428 Q street, N. W., Washington, D. C., as follows:

"From representations to me and my own experience I feel justified in recommending your Pe-ru-na to any and all persons suffering with catarrh, nervousness or stomach troubles. regard it as a great tonic and remedy

for such afflictions. I, and others to whom I recommended it, are using it now with beneficial results."—W. J. Purman.

If you do not derive prompt and satisfactory results from the use of Pe-ru-na write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

## AN UNFORTUNATE MAN

Supposed Relative of Geo. B. Kennan Ill and Insane.

T. D. Bennett returned yesterday from a short business trip to Globe. He brought back with him the story of an unfortunate man, that seemed rather mysterious till he made some further investigations here last night.

On the way to Globe Mr. Bennett formed the acquaintance on the train, of a man who gave the name of R. B. Brown and they with a couple of traveling men passed the time very pleasantly playing whist. When Mr. Brown learned that Mr. Bennett was a lawyer he told him he had a case he wanted to give him. He said that seventy-two patients in the Arizona insane asylum had raised a secret fund with which they proposed to hire an attorney to begin habeas corpus proceedings in their behalf, alleging that they were unjustly held in the institution. Mr. Brown, himself, was a very large man weighing 250 pounds, looked like he was enjoying good health and seemed to be entirely rational in his conversation, though that particular statement seemed remarkable. He asked him where he got his information and he replied that he was a magazine writer by profession; that he had secured this information from a friend who had been committed to the asylum by trickery in order to study inside conditions for the purposes of an article. Mr. Bennett, however, did not take his case and immediately on arriving in Globe he noted that Brown began drinking heavily. He kept this up for a day or so when he was finally stricken with apoplexy, followed by paralysis of the left side. When Mr. Bennett left Globe he was in a very precarious condition. He was able to talk a little at times, though, but for some reason he would not tell anybody who his relatives or friends were, or where they lived. Aside from his story about the asylum there was nothing irrational in his conversation previous to his illness after which his mind wandered at times as might have been expected.

After getting home yesterday Mr. Bennett communicated with Dr. Ward, superintendent of the asylum, and learned that a man answering the description of Brown had been committed to the asylum from Prescott, and staying there four months having been discharged recently as cured. He was known, however, by the name of Kennan and while in the asylum said he was a relative of George Kennan, the magazine writer who achieved fame many years ago by his Siberian stories published in the Century magazine. There is further proof that Brown and Kennan the insane patient are the same person, in the fact that Brown in his story to Mr. Bennett talked much about the conduct of affairs in the asylum laundry, while Kennan was employed in the laundry much of the time during his confinement.

## DOUGLAS DOINGS

The Catholic Fair — Other Recent Events of Interest.

Douglas, Ariz., Feb. 18.—(Special Correspondence to the Republican)—The Catholic fair, which lasted for three days, Monday, Tuesday and Wednesday, was a decided success. It consisted of a program, mostly musical in character, on each evening. The valuable lots, one each in Douglas, Bisbee and Don Luis, were raffled, besides a bicycle, dolls, plaques, etc. In the various booths all manner of things were for sale. A crowded house was in evidence each evening. The music, which was under the direction of Prof. Karl Hoffman of Bisbee and Prof. Robert T. Blair, the violinist, was a success. Mamie Lemore and Irene Neville, neither yet in their teens, captured the audience with their creditable singing. Mrs. F. G. Gilland rendered a solo which was as acceptable as ever. The violin playing of Mr. Blair showed him to be an artist in that line. Thomas Grindell, principal of the Douglas school, delivered the address of welcome, and an address was also made by Judge Neville, in his inimitable style.

The proceeds of the fair will be used toward the erection of a Catholic church in this city.

The Douglas Cigar company has increased its force to fifteen men. The popularity of the Douglas factory cigars is evidenced by the large increase in orders, which made it necessary to employ a larger force.

Cards are out announcing the marriage of A. S. J. Shropshire and Miss Ruby McDonald, next Wednesday. Mr. Shropshire is cattle inspector for the Douglas district, and is well known by cattlemen and others throughout the territory. Miss McDonald is a sister-in-law of H. E. Stone, the banker.

The T. Hines brickyard will again begin work on the 1st of March. Thirty-five men will be employed.

Capt. Rynning returned from the chase of the outlaws Tuesday. He says that the men he was chasing in the belief that they were the outlaws, proved to be Mexicans, and that after this he will not believe any more reports in regard to their whereabouts.

M. Harveleur, the great Paris merchant who has mercantile and mining interests in Mexico, passed through Douglas Sunday on his way from Sonora to the City of Mexico.

E. L. Fowler of El Paso was in the city Monday last, arranging for a concert to be given here in March by Madame Bishop, the gifted singer.

# LOST MANHOOD

Variocoele, Impotency and Waste of Manly Power Are Quickly and Forever Cured by the Grand Product of Nature, Dr. McLaughlin's Electric Belt—Send for the Free Book.

## Free Electric Suspensory for Weak Men

This Electric Suspensory carries the current direct to the weak parts and cures all weakness of men, variocoele, etc. It is free. It develops and expands all weak organs and checks unnatural drains. No case of Failing Vigor, Variocoele or debility can resist the powerful Electric Suspensory. It never fails to cure. It is free with Belts for Weak Men.

No man should be weak; no man should suffer the loss of that vital element which renders life worth living. No man should allow himself to become less a man than nature intended him; no man should suffer for the sins of his youth, when there is here at hand a certain cure for his weakness, a check to his waste of power.

Most of the pains, most of the weakness of stomach, heart, brain and nerves, from which men suffer are due to an early loss of nature's reserve power through mistakes of youth. You need not suffer for this. You can be restored. The very element which you have lost you can get back, and you may be as happy as any man that lives.

My electric Belt, with Special Electric Suspensory (free), will restore your power. It will check all natural drains and give back the old vigor of youth.

DR. McLAUGHLIN.

Dear Sir—I feel that I am in duty bound to you and suffering humanity to make a statement in regard to what your Belt has done for me. When I purchased your Belt I was in a bad condition; was compelled to take medicine every day to move the bowels, and my kidneys and liver were so bad that the least jar would give me great pain. My back was so lame that when I sat down it was almost impossible for me to get up again. If I had not purchased your Belt when I did I believe that I would not have lived much longer. After using the Belt for a short time I found the results beyond expectations. All of the above symptoms disappeared. I consider your Belt the best in the market today and highly commend the attention given each patient while under your care.

R. O. GREENE.  
This drain upon your power causes Kidney Troubles, Rheumatism and Stomach Afflictions. You know it's a loss of vital power and affects every organ of the body. Most of the ailments from which men suffer can be traced to it.

I have cured thousands of men who have squandered the savings of years in useless doctoring. My Belt is easy to use; put it on when you go to bed; you feel the glowing heat from it (no stinging or burn, as in old style belts), and you feel the nerves tingle with the new life flowing into them. You get up in the morning feeling like a two-year-old.

Dr. M. C. McLaughlin,

129 So. Spring St., Los Angeles, Calif.

Kirkland, Ariz.

Dear Sir—It is just about thirty days since I received your Belt and will therefore report as you requested. I can say to begin with that I have gained materially in strength, my stomach is much better and I am thoroughly satisfied with the appliance. I shall be glad to recommend the treatment to my friends. Yours truly, E. E. BEEBE.

An old man of 70 says he feels as strong and young as he did at 35. That shows how it renews the vigor of youth.

It cures Rheumatism, Sciatic Pains, Lumbago, Kidney Troubles. It banishes pain in a night, never to return.

LAME BACK, LOSSES AND GENERAL DEBILITY  
Kingman, Ariz., Nov. 2, 1902.

DR. McLAUGHLIN,

Dear Sir—It has just been a month since I received and commenced wearing your Belt and will give you as complete a report as I can. I have worn the Belt every night, the first few days I had some headache, then it stopped. I feel better physically and mentally; the tired feeling has left me, and the loss of semen has nearly if not wholly abated. The scrotum is more compact and elastic; the testicles are considerably larger and altogether I think I am receiving considerable benefit.

Yours respectfully,  
C. E. JOHNSON.  
What ails you? Write and tell me, and no matter where you are, I think I can give you the address of some one in your town that I have cured. I've cured thousands, and every man of them is a walking advertisement for my Belt.

Every man who ever used it recommends it, because it is honest. It does great work, and those whom I have cured are the more grateful because the cure cost so little.

Every man who uses my Belt gets the advice and counsel of a physician free. I give you all that any medical man can give you and a lot that he can't. Try my Belt. Write me today for my beautiful illustrated book with cuts showing how my Belt is applied, and lots of good reading for men who want to be "The Noblest Work of God." A MAN. ## AMUSEMENTS

A musical event of extraordinary import will take place next Tuesday evening when Mr. Harold Bauer, the greatest pianist before the public, will appear at the Opera theater in a program of varied interest, embracing the old masters and some of the classic modern authors. Mr. Bauer will use a mammoth Grand piano on this occasion, especially made for him by Mason & Hamlin for his American concert tour.

The celebrated Boston critic, Philip Hale, said: "This is a remarkable concert. Mr. Bauer not only gave rare pleasure to the inveterate and greedy concert goer; he also awakened respect, sympathy, and lively admiration in the hearts of the hardened musician and critic."

"His programme was exciting, for it demanded the display of mature thoughtfulness, musical brilliance, deep emotion, as well as mere grace, delicacy, and exalted technique. He set for himself a severe task. He accomplished this gloriously, and with the true mastery of a great conqueror."

"The pianist interpreted the mightiest of composers (Beethoven) as no pianist has done here since d'Albert moved all hearts by his reading of the slow movement in the same master's Concerto in G major."

"The performance of Mr. Bauer was a masterpiece of rhythm, sentiment, poetry, understanding."

"This concert will be memorable in this city for a full display of all qualities that characterize a great pianist who is also a thorough and temperamental musician."

"There was poetry (in his playing) from the quatrains to the epic."

"And above and permeating all was the thoughtfulness of a master of his art."

The reserved seat sale opens Monday, Feb. 22, at 10 a. m. at Goodman's. Prices, \$1.50, \$1.75, 50c.
