

# VICTOR TALKING MACHINES

If you haven't a Victor in your home, you are without the greatest home entertainer of the Century. Those who have bought them of us say they would not be without them for many times their cost. No matter how much entertainment there is at the home, the Victor is always welcome. You can at all times listen to bands, orchestras, songs, etc., that thousands of people flock to hear in crowded resorts.

Call and let us show you the improved Victors and new records which are as much superior to the talking machines of three or four years ago as the modern piano is ahead of the old boxes of your childhood's days.

To all lovers of good music, the Victor is an inspiration. The Victor Company have recently made records of nearly all of the world's greatest singers including Melba, Sembrich, Caruso, Plancon, Scotti, Homer, Campanari, Gadski and others. We invite you to call and hear some of these wonderful records by singers, who, many of them, charge hundreds of dollars for a single night's engagement.
