ALL THIS WEEK.

We are not a special sale store and do not purchase goods for special sale purposes. It is seldom that we make reductions on any of our furniture, for we always price our goods as low as is possible and such pricing will not stand further reducing. Any reductions that are made are on our regular stock of goods—goods that are in every way strictly first class.

Drapery Materials Reduced

We are a little overstocked with drapery materials and take this means of cutting down our stock as soon as possible. These reductions will be in effect all this week.

A large assortment of art tickings in stripes and floral designs reduced from 35c to 25c per yard. Our line of regular 25c muslins, all the best grades, cut to 15c a yard.

15c silklines on special sale all this week at only 12 1/2c per yd. Our line of Japanese crepes in both the plain and figured designs are included in this sale.

A BUSY PLACE

Much is going on in and about Prescott.

Prescott, Ariz., Aug. 5.—(Special Correspondence from The Republican.)—A large party of young people boarded the S. F. P. & P. train yesterday for Granite Dells returning on No. 1 at 7:40 in the evening. Such pleasure trips are of almost daily occurrence as the Dells is a convenient resort being but six miles from the city. The railroad company makes a fare for the round trip of 25 cents.

Among the S. F. passengers from Phoenix en route to Los Angeles yesterday were Mr. S. Ream of Isaacs district and Sam Patterson and family. Mr. Patterson is foreman for D. B. Heard on his ranch west of Phoenix and is enjoying a thirty days' vacation.

Dr. John of upper Granite Creek will leave next week on an overland trip to Salt Lake City.

Peter Mohn of Phoenix is a guest at Lee's camp in south Prescott.

The N. G. A. excursion arrived at the Point of Rocks at 4:30 p. m. and at once proceeded to the camp, which is named in honor of ex-Governor Brodie. The command was vested in Col. McClintock and a regimental staff composed of Capt. Geo. Alkire, Reg. Q. M., Capt. Frank Alkire, Reg. Com., Major Lamson, Batt. Com., Major L. W. Coggin, Inspector of small arms practice; Major Braman, chief surgeon, and Capt. Foss, assistant surgeon, together with the hospital corps.

Camp Brodie is admirably located about six miles from Prescott, affording a fine drive and will be one of the attractions for the entertainment of the Salt River valley people who avail themselves of the excursion to be run to this city today.

Rev. L. A. McAfee of Phoenix came up from Iron Springs today to meet his sister and her family together with other relatives who will arrive from the east tonight. Mr. McAfee will accompany them to Iron Springs and thence to Phoenix. While in waiting in the city he made a pleasant call on Mrs. Lee at Lee's camp.

THE N. G. A. ENCAMPMENT

The Gathering of Companies and Troops at Camp Brodie.

Camp Brodie, August, 4th.—(Special Correspondence of the Republican.)—The annual encampment of the National Guard of Arizona is now on under the most favorable conditions as regards weather. The attendance is very good, and in all there are about 205 men and 25 officers as follows: Company B, Phoenix, 36 men and 3 officers; Company D, Mesa, 38

men and 3 officers; Company I, Flagstaff, 40 men and 3 officers; Company K, Yuma, 45 men and 2 officers. The second troop of cavalry of Mexico, 10 men and 3 officers. The cavalry troop will be supplied with horses from Prescott. The troops from the south arrived here on schedule time Thursday evening at 6 o'clock. Tents were rapidly pitched, C company making the best time. An hour and a half later Company I from Flagstaff arrived. The advance guard, who had been on the ground for several days had the camp staked out, officers' tents set up and headquarters established. The camp is in an ideal location, there being an abundance of excellent water directly on the site, with plenty of level ground for drill nearby. The camp is situated at the east end of the target range, and target practice commenced this morning under the direction of Major Coggin, Sergeant Hope, Company I, 29th Infantry, stationed at Fort Whipple, has been detailed here to assist in the instruction of target firing and trumpeting. He has been many years of active service, is a competent man in every respect, and will be of much help to the officers as well as the men. He served in the same capacity at the encampment last year and has many friends among the men.

An election for second lieutenant in C Company to fill the vacancy caused by the election of First Lieutenant Campbell, last Saturday night, was held on the train in the company's car between Iron Springs and Prescott yesterday afternoon. There were two nominations for the office, Sergeant Wood and Penn. Sergeant Wood was elected by a narrow margin. It is also understood that an election will be held in B Company sometime during the encampment to fill a similar vacancy.

At Iron Springs the companies from the south seers met by the Indian School band which will supply all necessary music for parades and ceremonies during the stay here.

Three men were in the hospital last night afflicted with minor ailments, but all were out to roll call this morning, and every man in camp is in the best of health and the commissary department is overworked in a vain attempt to satisfy their hunger.

A BRITISH INVASION.

Boston, Aug. 5.—The 43rd Canadian regiment, the Duke of Cornwall's Own Rifles arrived in this city today from Ottawa, en route to Providence to participate in the celebration of British day. It was an enthusiastic reception.

PACKING DRESS SKIRTS.

When you fold your skirts to pack them in either a suit case or a trunk, hold the skirt up in front of you, folding the band and placket, and fold the center back of the skirt to the center front, then fold the sides of the skirt over backward; when you place the skirt in the trunk, to make it short enough to fit, turn the top portion under, and put either a roll of tissue paper or some of your underclothes in the fold to keep the skirt from creasing too deeply. Then, before you put your waist or coat in, pack in some more of your underclothes, to fill in the corners and crevices. Little things like collars, sashes and the smaller underclothes, can be rolled and put into the body of your coat and into the sleeves. Attention to small details like these is the way to keep your clothes fresh and clean, and to prevent them from showing that they have been on a journey.—Ladies' Home Journal

OPINIONS OF EXPERTS.

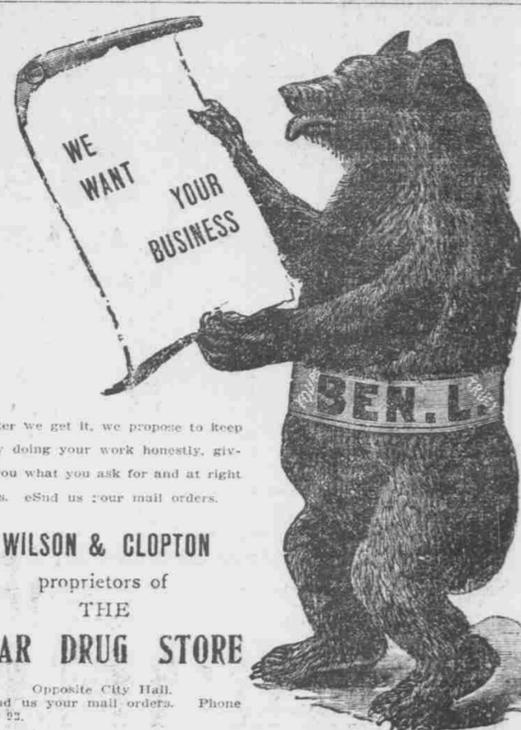

Two men, far beyond the scriptural limit of age, contradicted in a startling way the claims of total abstinence as to habits. Charles Goldsmith, a resident near Baltimore, will be 99 years old in October, but he often walks five miles or more without fatigue. He says that the reason for his unusual vigor is that since he was a boy he has been an inveterate smoker. He has never smoked cigars or cigarettes, but cherishes an old cornob pipe, which he cais his life preserve. Mr. Goldsmith has been accustomed to drinking alcoholic drinks, but always drinks with moderation, and he thinks they are beneficial, if used temperately. Brooglyn is the home of Josiah Zeitlin, who lately celebrated his 100th birthday. To those desirous of reaching his age his answer is: "Drink a lot, and drink regularly. I'd been dead twenty years ago had I followed the doctor's advice and stopped drinking whiskey and beer. Don't give doctors a chance to work on you, and you will live all the longer." With all his senses in remarkably fine order, the old man steps as briskly as one half his age. He is a native of Lodz, Poland. In the course of a day he takes, perhaps, a dozen drinks of whiskey and beer, meanwhile smoking many cigarettes.

ELBOW SLEEVES FOR MORNING WEAR.

Daughters who help with the lighter housework, or who take a larger share even during the summer outing, will find elbow sleeves for summer wear both comfortable and labor-saving. They are prettier than rolled-up shirt sleeves, and require no pulling and buttoning.—Harper's Bazar.

MARRIED IN HASTE.

When Rev. Dr. W. E. C. Gumbs, pastor of the Methodist-Episcopal church at Huntington, Long Island, learned that a desirable parish, which had been selected for him by the Methodist conference at Buffalo, would have only a married man as a pastor, he lost no time in wooing and winning a wife. Mr. Gumbs was attending the conference at the time. Miss Mary Frazier, soprano and soloist in his own church, was one of those helping the musical part of the programme, and to remove the difficulty Dr. Gumbs, with the bishop's consent, married the singer immediately.

THE REPUBLICAN'S PATTERN 10 CENTS EACH

SEAMLESS BLOUSE OR SHIRT WAIST 5073.

The waist made with shoulder seams only is one of the latest novelties and is in every way desirable and attractive. In addition to reducing the labor of making to the minimum it launders with success and forms most graceful and satisfactory lines. In the illustration it is made of white linen and includes the new shirt waist sleeves that are tucked at the wrists. The available materials, however, are many, almost all reasonable ones being appropriate. Linen and madras are both durable and essentially smart but for quite warm weather the thinner batistes and lavens often are better liked. The waist is made in one piece, the back being plain, the fronts tucked at

the shoulders, and is finished with the regulation box plait at the front edge. Below the waist is a fitted basque portion which serves to keep it in place without bulk over the hips and which is joined to the lower edge. The neck is finished with a band to which the turnover collar can be attached by means of buttonholes and studs. The sleeves are finished with the straight cuffs of the season.

The quantity of material required for the medium size is 4 3/8 yards 27, 3 yards 32 or 1 5/8 yards 44 inches wide. The pattern 5073 is cut in sizes for a 32, 34, 36, 38 and 40 inch bust measure.
