

About Phoenix People

The last meeting of the Daughters of the American Revolution was held yesterday afternoon in the form of a reception on the beautiful lawn of Mrs. Walter Talbot on North Seventh avenue. Mrs. George Vickers, the regent of Maricopa chapter, greeted the guests with the following interesting address: "Ladies and Gentlemen, Sons and Daughters of the American Revolution: It is with pleasure I greet you and welcome you on this beautiful Arizona lawn. Daughters we meet to honor the memory of our ancestors, to renew our pledge of loyalty to our country and our flag, and to emphasize the privilege and duty of patriotism. In reading over the early history of our society, I find recorded, that it was the women of America that finished the Bunker Hill monument, that it was the women of America that had formed the Mary Washington association to finish the monument to Mary, the mother of Washington; that while patriotic undertakings sometimes have had to turn to the government for a finishing appropriation in the hands of men, in the hands of women of America, patriotic undertakings have never failed. We of Maricopa chapter are striving to place some historical monuments in Arizona, but for lack of silver we have not been able to carry on our work as we desire. This explains why we ask for a silver offering this afternoon, which we hope will be liberally responded to. And as we find it recorded, that patriotic undertakings in the hands of women have never failed, let 'Never Fail' be our motto and go forward never stopping until we have accomplished the work before us. We will now listen to an informal address by Rev. J. W. Atwood, chaplain general of the Sons of the American Revolution." After which the following program was rendered: La Poloma, short talk on "Historical Points in Arizona," by Major McClintock; "Stars and Stripes"; "Patriotism," by Judge Kibbey; "Recitation," by Eleanor Hulst, and "America," The chapter then stood adjourned until October 23rd.

He had for some time been troubled with sudden pains about the head and face. Night before last he was in a fair state of health and he was feeling well when he rose yesterday morning. At length he complained of a severe pain on the left side of his face. It was quickly shifted to the back of the head and Mr. Nichols said that he never before saw one in such apparent pain. Before a physician could be sent for he died. Cooper Johnstone was notified and an inquest was held. It was decided that death had resulted from a cerebral hemorrhage.

Danderine

Grows Hair and we can PROVE IT!

DANDERINE is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks use will cause new hair to sprout all over the scalp. Use it every day for a short time after which two or three times a week will be sufficient to complete whatever growth you desire.

A lady from St. Paul writes in substance, as follows: "When I began using Danderine my hair would not come to my shoulders and now it is as long as my hips."

Another from Newark, N. J. "I have been using Danderine regularly. When first started to use it had very little hair, now I have the most beautiful long and thick hair anyone would want to have."

NOW at all druggists in three sizes 25c, 50c and \$1.00 per bottle

Danderine enjoys a greater sale than any other one preparation regardless of kind or brand, and it has a much greater sale than all of the other hair preparations in the world combined.
