Seven Per Cent Mortgages on Business Properties in Phoenix

If you have money to loan I can place for you from \$12,000 to \$20,000 on Business Income properties in Phoenix. In each case the property is worth more than twice the loan, and there is ample income with which to pay interest, taxes, insurance, etc., and leave a good surplus for the owner.

In my opinion there are no better or safer securities than these in the United States. I am willing to guarantee collection of principal and interest. As to my responsibility I refer to Phoenix National Bank.

If you have less than \$12,000, I can probably arrange for you to carry a part of the loan.

I can place at 8 per cent on residences in Phoenix, the following amounts: \$600, \$1700.00, \$1800.00 and \$6000.

The company is managed and backed by men of experience and high financial standing. It is not an experiment—it is a DEMONSTRATED SUCCESS.

\$1 Per Share for Stock Guaranteed by Gold Bonds

There you are! A doubly secured investment—you can't lose your principal. Your profits are as sure as the great future of Los Angeles.
