TRADE BOARD MAY MESSAGE

Monthly Summary of Feenicks Facts is a Real Thought Stimulator; Notes on Progress of City and Valley

The "May Monthly Summary," a hoist sheet gotten up by the members of the board of trade and distributed by them as an index of the progress of "Phoenix Always" is in the mails.

The little document of Feenicks Facts is copied.

The postoffice at Phoenix had an income of \$9,781.79 in April, 1912, as against income of \$6,844.43 in the same month last year. Increase is \$2,937.37 or 43 per cent.

Plans are now under way for the annual Arizona Fair at Phoenix in November. Big events in fast auto races, saddle and harness races and exhibits.

The importations of thoroughbred livestock into the Salt River Valley continue. The valley offers splendid opportunities for raising standard quality stock.

Important reductions in freight rates to Salt River valley points will go into effect June 1st, 1912. Business will receive a great impetus following this order.

Continued interest is shown in the good roads movement throughout Arizona. Phoenix and all other Arizona cities working for national Ocean-to-Ocean highway.

The Phoenix Y. M. C. A. reports a total membership to date of over 600 men and boys. In conducting the work last year the sum of \$11,965 was expended.

The power system of the Salt River project is being enlarged continually. Bids were opened for additional construction work on the cross-cut canal. The cost is estimated at \$100,000.

The plans for adding two more stories to the Hotel Adams are now being made. The hotel opened in November last with 250 chambers. The splendid structure was successful from the day of opening.

Automobiles from many points in Arizona will gather at Phoenix on June 4 for the run to the Grand Canyon. Stops will be made at Prescott, Ash Fork, Williams and Grand Canyon. Return is via Flagstaff. Roads are in fine shape.

Heavy shipments of alfalfa hay from Salt River points all over the country have been made during the past few weeks. Nearly one thousand cars left the valley during May.

The Water Users' association, controlling the Salt River project, elected new officers in May. The Phoenix board of trade elected new directors and officers in May. All organizations are working together for the interests of the Salt River valley.

Chandler, Salt River valley, is to have a \$26,000 hotel. Work on the structure has commenced. The erection of business blocks has already started also. Reports of subdivision and settlement of lands in the vicinity are splendidly encouraging.

Glendale, Salt River valley, reports 46 houses now in course of construction. The big factory is preparing to handle a large crop of sugar beets. Cantaloupe shipments will be very big this season. Last year Glendale shipped 250 cars of cantaloupes.

Reports from the fields show splendid crop conditions prevailing throughout the Salt River valley. Beets, cantaloupes, melons and fruits, etc. are in excellent shape. Grain crops already harvested have returned big profits, and the second and third crops of alfalfa are in fine order.

One thousand dozens of American Beauty roses were used in decorating the hall for a banquet given by citizens of Phoenix, May third to the governor, state officers and members of the first legislature of the state of Arizona.

Mrs. M. A. McLaughlin, 512 Jay St., Lacrosse, Wis., writes that she suffered all kinds of pains in her back and hips on account of kidney trouble and rheumatism. "I got some of Foley Kidney Pills and after taking them for a few days there was a wonderful change in my case, for the pain entirely left my back and hips and I am thankful there is such a medicine as Foley Kidney Pills. THE BREADWINNER DARES NOT GIVE UP

Do you drag yourself every day to your work, dead-tired and burdened with an aching back? Thousands do. And it's so often unnecessary, for in many cases these sufferings would end if relief were given the tired kidneys.

Kidney troubles are very common among those who work, but too often the kidney weakness is entirely unsuspected and time is lost in wrong treatment. Blindly the struggle is kept up. The bread-winner dares not give up, for fear of losing his place.

Though railroad, painting and some other occupations are especially hard on the kidneys, overwork in any occupation greatly increases the blood filtering task of the kidneys, tending to weaken them and to bring urinary disorders or perhaps backache.

It is a good plan to watch the kidneys and keep them well. Any stubborn pain in the back is cause for suspect kidney weakness. So is a

discoloration, or pain or irregularity of the passages. And if there is rheumatic pain, headache, lassitude, nervousness, or dizziness, don't delay. Early kidney troubles are easiest to cure.

Use Doan's Kidney Pills to stimulate, soothe, strengthen and help weak kidneys. This remedy is used and recommended all over the civilized world, and is endorsed by Phoenix people—persons you can call on, if skeptical. Here is HOME PROOF.

PHOENIX PROOF.
J. W. Smith, 733 Grand Ave., Phoenix, Ariz., says: "Experience has convinced me of the value of Doan's Kidney Pills and I do not hesitate to recommend them as a reliable remedy. For some time I was annoyed by a dull pain in the small of my back, accompanied by headaches and other symptoms of disordered kidneys. I tried various remedies but did not find relief until I used Doan's Kidney Pills, procured at the Adams' Pharmacy. They proved satisfactory in every way."

"Will this backache ever let up?"

ABORIGINAL SONG DATA

Hopi Indian From Arizona Making a Collection in the East of Songs and Stories of People of His Race

(Special Correspondence.)

PHILADELPHIA, May 29.—Joshua Hernandez, who has been a student at the Carlisle Indian school for five years, is now at the University of Pennsylvania museum in this city, where he will spend some time making records of the songs of his people and their stories. These will be filed among the records of the museum for future generations. Joshua is a Hopi, one of the Pueblo village groups living in northeastern Arizona. These people, though visited by the Spaniards in the early days and to some extent conquered and superficially Christianized by them, remained until a few years ago practically untouched by outside influence.

Joshua is a leader of the flute dance in his native village of Shangravil. He is also head man of the Sun clan or totem, one of the numerous groups into which the tribe is divided for purposes of marriage. It being required that a man marry into a clan which is not his own or that of his mother, through whom descent is counted. The museum's visitor is a singer of many songs and knows a great many of the stories told by the old conservative people when he was a boy.

To be left alone by the white man and to be allowed to develop along their own lines is, he believes, a consummation much to be desired by his race. "Once people understand

us and know all about us," said he, "they, too, will think this and will be willing to leave us alone."

The stories so plentifully supplied from his repertoire include creation myths and animal stories. According to their chapter of Genesis, all men were first of all under the earth. They finally gained the surface of the earth and spread over it to many quarters. The earth is surrounded by water and water is all about under-

neath it. In the water beneath is a long dragon at whose moaning the earth trembles in what we call an earthquake.

Significant too is what we may call their Book of Revelation. One portion of their cosmogony has been seen by a Hopi elder to mean terrible disaster for all mankind—either an earthquake will destroy everyone or the waters about the earth will be turned to oil and this, heated to combustion by the rays of the sun, will consume everyone.

H. W. A. PAGE.

Mr. Page is the wealthy linen and cotton commission merchant of New York city who is charged with libeling Representative Henry D. Clayton of Alabama, chairman of the house judiciary committee, and other members of that committee, through the medium of a pamphlet in which he characterized the national legislators as "crooks." Page was indicted in Washington, arrested and released on bail.

SUFFRAGISTS AFRAID OF CHINA-TOWN.

The New York city committee of the Woman Suffrage party has passed a resolution urging Mayor Gaynor and Commissioner Waldo to investigate conditions in Chinatown.

Mrs. James Lees Laidlaw, chairman of the borough of Manhattan, under whose direction propaganda work has been carried on in several of the squares, reported that it was not safe for social workers or suffrage canvassers to go about in that district, and advised the women who were interested in winning recruits to the cause of votes for women to demand police protection. Mrs. Laidlaw also drew attention to unpleasant experiences of Mrs. Rose Livingston, who has for several years been doing rescue work in Pell and Doyers streets.

PROPRIETARY MEDICINES

are usually the result of the wholesale preparation of some mother's recipe or doctor's prescription which has been found especially successful in relieving the ailments for which it is prepared, and which has stood the test of time.

Such is Lydia E. Pinkham's Vegetable Compound, originally prepared from roots and herbs for female ills by Lydia E. Pinkham of Lynn, Mass. For nearly forty years it has proven a great benefactor to the women of America in relieving female diseases of every nature. Its wonderful success proves its merit.

NOTICE OF ELECTION CALL

For a Board of Fourteen Freeholders for the Purpose of Preparing and Proposing a Charter for the City of Phoenix.

Notice is hereby given that on the 6th day of June, 1912, a special election will be held in the city of Phoenix, in the county of Maricopa, state of Arizona, for the purpose of electing a board of freeholders composed of fourteen (14) qualified electors of said city of Phoenix to be elected at large in said city; at such election a vote shall also be taken upon the question of whether further proceedings toward adopting a charter shall be had in pursuance to the call for said election. It being provided in the constitution of the state of Arizona that unless a majority of the qualified electors voting thereon shall vote to proceed further, no further proceedings shall be had and all proceedings up to the time of such election shall be of no effect.

The following places in the several wards in the said city of Phoenix at which said election shall be held, and the names of the officers who shall conduct such election at such respective polling places have been designated and appointed by said common council as follows:

In the First Ward:
Polling place at 35 East Adams street. Inspector, C. J. McElroy; Judges, Charles Tebbel and James Shott; Clerks, W. P. McAuley and F. M. Mognett; Marshal, Leo Bigley.

In the Second Ward:
Polling place at board of trade, corner Second avenue and Adams street. Inspector, Dan McDermott; Judges, C. T. Hirst and Vernon L. Clark; Clerks, Waldo Christy and Gray Archer; Marshal, H. C. McDonald.

In the Third Ward:
Polling place at No. 15 South First avenue. Inspector, Elmer Warren; Judges, C. W. Johnston and George D. Christy; Clerks, Ben Kimber and John T. Dunlap; Marshal, Leo Troutman.

In the Fourth Ward:
Polling place at city hall. Inspector, Claud W. Cisney; Judges, C. M. Sturges and Joseph Bush; Clerks, R. L. Hayes and C. G. Hershey; Marshal, Stanley Price.

The polls at said election will be open at the several polling places in said wards at the hour of eight o'clock in the forenoon and close at five o'clock in the afternoon of that day.

Said election will be conducted and returns thereof made in the manner prescribed by law for conducting elections and making returns thereat of general city elections in said city of Phoenix.

LLOYD B. CHRISTY,
Mayor of City of Phoenix.
Attest:
FRANK THOMAS,
City Recorder.
