**CHARACTERISTIC ENTERTAINMENT**

Will Be Furnished Visiting  
Stockmen and Delegates  
to Great American Na-  
tional Live Stock Con-  
vention Here Next Week

The entertainment to be furnished  
to the visiting stockmen by the Ar-  
izona stockgrowers is not only typi-  
cal of Arizona but characteristic of  
the new spirit that is animating the  
great state. Every effort will be  
made to show as much of the won-  
derful Salt River valley to the visit-  
ors as is possible. Already more  
than 100 automobiles have been se-  
cured by the committee on transpor-  
tation to carry the stockmen to the  
Granite Reef dam. This will give  
them an opportunity to see a large  
part of the valley that lies north,  
south and east of Phoenix.

All the morning of January 14 will  
be taken up in sight-seeing, ending up  
at the Granite Reef diversion works  
for the big barbecue. In returning  
a different route will be taken and it  
is more than likely that time will be  
found to run most of the party over  
in the neighborhood of Glendale and  
back through the farm lands directly  
west of the city. The auto ride will  
be the last and possibly the greatest  
feature of all the entertainment that  
is to be furnished.

These features will begin on Tues-  
day evening of next week when a  
great illustrated lecture will be given  
at the high school auditorium of the  
Phoenix high school to which the  
visitors will be taken in automobiles.  
There will be three lectures given,  
the first by Dr. R. A. Ramsey of the  
U. S. Bureau of Animal Industry, who  
speaks on "Life History and Exter-  
mination of Texas Fever Tick." He  
will also show some slides on "meat  
inspection."

The second lecture will concern the  
stock grazing interests and will be  
given by Prof. J. J. Thornber of the  
University of Arizona at Tucson on  
the subject, "Grazing of South-west-  
ern Grazing Ranges."

The third lecture is "Scenic Views  
of Roosevelt Dam and the Grand  
Canyon," which will be delivered by  
Mrs. R. L. Cowell of the Board of  
Trade. The lecture evening begins at  
8 o'clock.

On Wednesday evening the big ban-  
quet will be given in the Adams Hotel  
where probably more than three hun-  
dred persons will sit down to the big  
feast of reason and flow of soul. At  
this banquet the visiting gentlemen  
will be the guests of the Arizona  
Cattle Growers' association. There  
will be many speeches by representa-  
tive men from all parts of the coun-  
try. Dwight E. Beard will be toast-  
master. The tickets for the banquet  
and automobile ride will be furnished  
to members and guests on application  
at the association headquarters. Dur-  
ing the sessions of the association the  
headquarters will be at the Arizona  
School of Music but between the ses-  
sions they will be at the Adams hotel  
where the members and delegates will  
register and receive the badges.

**MONTHLY REPORT OF  
GLENDALE SCHOOLS**

The monthly report of the Glen-  
dale grammar school gives some in-  
teresting data in reference to the  
school. At the same time the report  
was made the roll of honor was pub-  
lished. This showed an increase of  
minor pupils over that of the pre-  
vious month. It is expected that  
January will show up even better.

**AMUSEMENTS**

**"The Lottery Man."**  
Here is a novel way of winning a  
husband. It is the play successfully  
followed by Lizzie Roberts, a spinster.  
Age, apparently is no deterrent. Should  
a newspaper conduct a lottery with a  
young man as the prize—buy or steal  
as many of the coupons as you can,  
then sit quietly back and await re-  
sults. This is how Lizzie, in the play  
of "The Lottery Man" did.

The lottery, in the play, is conducted  
by a New York paper. Jack Wright,  
one of the reporters is responsible for  
the scheme and he offers himself as a  
prize. Meantime he falls in love with  
a charming young lady and every ef-  
fort is used to capture as many of the  
coupons as possible. Lizzie quietly  
enters the race. She invests but a  
single dollar—the price of the coupons  
—and steals a second from the cook.  
It is the latter coupon which wins the  
husband.

Wright, however, learns of Lizzie's  
theft and threatening her with arrest,  
she decides to disorganize rather than go  
to prison.

The comedy is by Rita Johnson  
Young, author of "Brown of Harvard,"  
"Ragged Robin," "Just One of the  
Boys," and other well known successes.  
It was first produced at the Bijou The-  
ater, New York, last fall and continued  
there to enormous returns for the re-  
sidual of the season.

"The Lottery Man" is announced as  
the attraction at the Elks Theater next  
Friday, January 10.

At the Wigwam.  
Another excellent bill at the Wig-

wam theater will be inaugurated this  
afternoon and tonight, with an up-to-  
date moving picture program of class  
and variety. The Lubin company pre-  
sents "The Physician of Silver Gulch,"  
a western picture of great merit.

"The Foundling," a great domestic  
drama by Harry Furniss, produced by  
the Edison Co.

The Selig company presents "The  
Optimist Strugglers" a dramatic story  
of the northwest government line rid-  
ers.

"Her Fathers Hat" or the hat that  
father used to wear leads to a romance  
and hereby hangs a funny tale.

"The Mammoth Life Saver," a big  
splash of fun.

Mr. Geo. J. Hayes, the phenomenal  
pianist is still at the Wigwam. Hear  
him play, you will be pleased and de-  
lighted. Miss Fannie Goss, the sweet  
singer offers an illustrated song enti-  
tled "The Mad House Rar" a great nov-  
elty hit.

**The Empress**  
A large audience again filled the  
Empress last night to witness the  
fourth production of the moving pic-  
tures illustrative of Dante's Inferno.

The candidate features are also new.  
The Wander Brothers putting on a  
change of athletic stunts on Tuesday.  
Miss Lane, the charming contralto,  
has new songs and the happy little  
Hall Sisters have fresh songs and  
dances.

**The Coliseum**  
Tomorrow evening Powers, the  
ventriloquist at the Coliseum, is to  
take Paulina down into the audience  
to satisfy the spectators of the show  
to satisfy themselves as to whether  
Paulina is a time wax doll or a fine  
flesh and blood girl. If it is possible  
for more people to get room within  
the walls of this popular play house,  
they will probably be present Friday  
evening for Paulina is a beauty.

Phil Ardrey having recovered from  
a long ride in the rattan Pullman, is  
putting on extra acrobatic stunts and  
amusing good with them. Henry's  
illustrated songs are pretty and the  
movies are interesting as the rest of  
the program.

**The Third Degree**  
From exchanges nothing it found  
and praise for the elegant production  
given by the Grand Play Company in  
their presentation of Charles Klein's  
great story play, "The Third Degree,"  
at the Elks tonight. The play was  
one year at the Hudson Theater New  
York City.

**HEARINGS ON UNIFORM  
ACCOUNTING CLOSED**

Last of Three Day Series of Public  
Utility Hearings Brought  
to End

The last of the series of public  
utility corporation hearing before the  
Arizona Corporation Commission  
upon the proposition of a uniform  
system of accounting was held yes-  
terday, when the electric light and  
power companies were on the car-  
pet. The hearing lasted for the  
greater part of the day and was at-  
tended by the representatives of the  
companies in Phoenix, Mesa, Tempe,  
Glendale, Globe, Clifton, Tucson,  
Bisbee, Douglas, Flagstaff, Prescott  
and Yuma.

The representatives of the com-  
panies made no strenuous efforts to  
oppose the introduction of the uni-  
form system of accounting for the  
companies but manifested a desire to  
assist the commission all they possi-  
bly could in putting the thing into  
such shape as will make it the most  
practicable.

Last evening the commission an-  
nounced it would shortly issue an or-  
der putting the system into effect  
with some modifications.

**FINANCES AND  
MARKETS**

(ASSOCIATED PRESS DISPATCH)  
NEW YORK, Jan. 8.—Copper  
was depressed today by an unex-  
pectedly large increase in the stocks  
of metal on hand which were disclosed  
by the producers' statement for Dec-  
ember. Steel also showed a sagging  
tonight, at one time selling off a  
point, aside from metal stocks the  
movement among the favorites specu-  
lative mediums was unusually nar-  
row with a heavy undertone toward  
the close with a decline in the ac-  
tivity. In the leaders there was a di-  
version of speculative interest to the  
less prominent stocks a number of  
which, including petroleum and rub-  
ber shares developed strength. Beet  
sugar sold three points above the  
low price of yesterday and Western  
Maryland issues discounted the pas-  
sage of the preferred dividend and ad-  
vanced sharply. There was an in-

crease of more than nineteen million  
in copper stocks, larger than had  
been forecasted and the amount of  
metal now on hand is the largest  
since November, 1911. Small sales  
have been reported recently below  
the price of 13 1/2 which has been  
quoted for some time. There was a  
further break in the foreign market  
following yesterday's engagement of  
a million bond for export and the an-  
nouncement today of the engagement  
of a similar amount. Although the  
rise on the foreign exchange rate  
was pronounced, the quotations were  
still below what was regarded as an  
export point, and the shipment of the  
gold abroad under these conditions  
is looked upon as in the nature of a  
special transaction. The bond  
market was irregular; total sales rep-  
resented a par value of \$2,735,000  
United States bonds were unchanged  
on call.

**A Coffee Cup**

**Contains**  
Over 2 1/2 Grains of Caffeine.

Physicians recognize this drug to be of poisonous effect upon  
stomach, heart and nerves. Scientists employed by the U. S. Govern-  
ment found in the famous Rabbit Case, that an amount of caffeine  
equivalent to that contained in two average cups of coffee killed a  
Rabbit.

What wonder then, if you are a coffee-drinker, that you suffer from indigestion, heart disturbance,  
headache and biliousness, sleeplessness, or nerve irritation?

☞ Multiply 2 1/2 grains of caffeine by the number of cups of coffee you drink each  
day and you will determine the amount of poison you give yourself daily.

Eminent physicians are protesting against the present use of coffee. (Your family doctor can vouch  
for this.)

The aches and ills of your own body also protest when the burden becomes too heavy.  
Doesn't your own common sense suggest that you quit coffee now?

The New Food-drink,

**Instant Postum**  
offers the easy way.

This charming table beverage furnishes a hot drink of remarkable palatability. It has a rich seal  
brown color which changes to golden brown when cream is added. Tasting much like high-grade Java,  
it makes the ideal cup for those who want to get away from coffee troubles.

**Instant Postum requires no boiling.**

It is made "quick as a wink" by pouring hot water upon a level teaspoonful of the powder in a cup  
and stirring until dissolved. Add sugar and cream to taste and you have a very fascinating beverage.

Grocers sell Instant Postum, 90 to 100-cup tins, 50c; 45 to 50-cup tins, 30c.
