MOST HOUSES ARE FOR SALE, because the owner wants to make a profit. Not so in this case. Here the owner is in need of some real money and is forced to sell. He has cut the price way down so as to make an immediate sale. His loss is your gain. While this property will make you a nice home, I want to call your particular attention to it from the standpoint of an investment. At present it is arranged for three families and brings in \$35.00 a month. At other seasons of the year it has brought as high as \$65.00 per month, and it will do that again. House is surrounded with shade trees, fruit trees, palms and shrubbery. If properly taken care of, can be made exceedingly attractive. The house cost \$2800 to build it, the lot is worth at least \$800, I have had it estimated as high as \$1000 making the actual value of this property \$3800. This property will go and must go at the sacrifice price of \$2350.00. Think of it! Only \$250 cash, balance \$30 a month. Disk Erdmans & Co. 2nd floor Chamber of Commerce Bldg. This ad will not appear again.
