

NO CHANGE IN LEAGUE CLUBS

Last Week in August Develops Nothing of Note in Pennant Races—Red Sox Two Boston Teams Make Best Showings of Week.

The beginning of another week of play in the two major leagues finds the first division clubs in each circuit on the same relative positions as a week ago.

The Boston Braves in the National league and the Boston Red Sox in the American have respectively made the best showings in their circuits, with the difference that the American league representatives already were at the top and have maintained their position, while the world's champions are playing an uphill game and still have some distance to go.

While Stalling's men are making a fine fight for it, the ground they gained on the Philadelphia leaders during the seven day period was so small that it will have to be bettered in the weeks to come if the Bostonians are to go ahead of Pat Moran's team.

Less impressive than for some weeks was the showing of the equally ambitious Brooklyn. Their even break in eight games cost them a few percentage points, and today they are further away from the leaders than they were a week ago, while the Boston, in third place, are appreciably nearer to the second position holders.

The Phillies with five games won and two lost, made their chief gain at the expense of Cincinnati from whom they took four straight games. These more than made up for the two out of three which they dropped to Chicago early in the week.

In the American league, the Boston boarded the Detroit Tigers in their den and took the honors in an exciting three game series, one of the contests running to twelve and another to thirteen innings. Moving on to Cleveland the Red Sox met with a set-back on Friday but more than made this good Saturday by taking a double header from the Indians, and topped off the series with a Sunday victory by 1 to 0.

The Tigers partly made up for their reversal at the hands of the Red Sox by taking four out of five games from the New York. They lost, instead of gaining ground during the week but still are well ahead of the Chicago team which found the Yankees easy, but had a hard struggle with the Washingtons, who won two out of three games from Jennings' men all of the games with Jennings' men all of the games with the Nationals running into extra innings.

Pittsburg, Newark, Chicago, St. Louis and Kansas City are still in the hunt in the Federal league race, with hardly more than thirty per centage points separating the first club from the fifth. Pittsburg still holds the lead by a narrow margin.

Federal Law On Duck Prevailing Till October 15

State Game Warden Announces Season Will Not Open Today as per Arizona Law—Held to be Migratory Birds

There will be no duck shooting today. Because ducks are migratory birds. This fact having been established beyond a reasonable legal doubt, State Game Warden G. M. Willard yesterday prepared notices to be sent to his deputies, informing them it was not lawful to shoot up yesterday for a formal establishment by the federal game laws becomes open as a full blown rose.

HARNESS MEET OPENS ON DUBUQUE TRACK

Great Western Circuit Brings Good Racing to Nutwood Park After Five Years' Lapse

By Frank Cavalliere
DUBUQUE, Iowa, Aug. 31.—For the first time in five years, Nutwood Park, once famous as the rendezvous of the harness horse racers, was opened up yesterday for a formal racing meeting. Twenty thousand persons saw Spriggen, Dunne's great Pacific Coast trotter live up to its expedition name by capturing the 2:17 trot in straight heats.

It was a cold and windy day that met the racers, but the crowd made up for the weather in enthusiasm.

JUNIOR VOLLEY BALL AT THE Y

Merits of World War to Be Decided When Germans, Roosians and Neutrals Clash in Three-Handed Battle for Flag.

The European war will be fought all over at the Y. M. C. A. beginning at 7:45 tonight. Through the medium of a volleyball tournament the merits of the world strife that has plunged the nations across the water in dire bloodshed, will be decided within a few short and fairly bloodless weeks.

The Germans will be captained by Harry von Putney. The Russians leader is Harry Westfalovitch, and the neutrals will ask things in the name of humanity through the agency of their leader George Woodrow Gray.

It is to decide the Junior Y. M. C. A. volleyball championship that the series is to be fought. After the juniors are lined up, they will play the older fellows for the world's championship, now claimed by George Judson, Roger Laven, Blaine Whipple and disputed by Broncho-Bucker O'Neil.

The tournament is under the direction of Bob Boardman, boys secretary and soon to be athletic director. Teams will play three times a week, for the best two out of three matches. The scrap will close September 13, at which time the opening of school will terminate hostilities.

The line ups:
Germans, No. 1
Harry Putney, captain. Max Greenfield, Horace McKee, Dewey Mankers, Shorty Goodman Wilson Wood.

Roosians, No. 2
Harry Westfall, captain. Norman Chaney, Elmer Cavness, Myers, Jones and Alfred Green.

Neutrals, No. 3
George Gross, captain. Wilmer Young, Harvey Case, Lewis Irvine, Wallace Rooks Palmer.

Farmer Boy and Mechanic's Aid Driver In Speed Races

From the simple life of a farmer boy to that of the champion track driver in less than three years, is the life story of Art Klein, holder of numerous track and beach records.

Before starting his auto racing career, Art was a mechanic's helper in a large automobile plant, after which he was promoted to the testing department.

Klein had previously enjoyed one or two fast rides with other testers and was pleased at the chance to get

behind the steering wheel and become one of the gasoline broncho-busters. From the very start it was apparent that the testing department was going to have a merry time keeping pace with the speed mania displayed by the new recruit.

Farmers along the test course soon observed that there was at least one fellow who drove harder than the rest and that he often took along a section of the fence with him. Perhaps no other driver in the country has gone through as many serious accidents as Klein in the short time that he has been piloting a high-powered car, for often the daredevil driver has been sent to the hospital given up for dead, but his wonderful physical endurance has always stood him in good stead and it would not be long after each accident that he would be back at the old game flirting with the grim reaper a little harder than before.

While practicing on the course for the Grand Prix a few years ago Klein's car broke a steering knuckle leaving the plucky driver helpless.

He was traveling at ninety miles per hour on a straight stretch of road when the accident occurred. A broken telegraph pole and a sycamore tree with a steel automobile frame wrapped around it were the result of the crash. The car was shoved into the pieces and Art and his mechanic were hurled many feet through the air and against a mud bank. Both were picked up apparently dead, but after remaining in the hospital many weeks, managed to pull through.

Klein drove a King car in the 50-mile race here last fair week.

ANNUAL POULTRY SHOW WILL BE HELD AT PRESCOTT FAIR

Aristocrats of Chickendom to Be Displayed in All Their Glory at Northern Arizona Fair, to Be Held October 21-23.

Aristocratic poultry will receive its official expression in Arizona this fall through the annual show of the Arizona Poultry Association to be held in connection with the Northern Arizona Fair at Prescott, October 21-23. The following from Superintendent W. M. Wood of the poultry division of the fair, explains for the benefit of poultry fanciers and others what the line up is to be:

By W. M. Wood

"The date is rapidly approaching which marks the Third Annual Session of the Northern Arizona Fair. All committees have been appointed and are hard at work. Most of the preliminary work is already done, and done well. Everyone connected with the fair management is enthusiastic, and indications point to a bigger and better fair than we have ever had. Pledges for exhibits are coming in rapidly in all departments, which is especially true concerning the poultry department. This is as it should be, for we are going to have a real 'honest-to-goodness' poultry show, and the fowls will be comfortably housed, carefully cooped, properly fed and watered and scientifically judged. Our cooping will be clean, new, standard exhibition coops, correctly placed and set up. The exhibits will be under the personal care of the Superintendent and his assistants, who are practical poultrymen, which will insure that they get correct feeding and handling. A trustworthy watchman will be on duty, day and night, while the exhibits are in our possession.

Judge J. B. N. Fitch, of New York City, will handle the classes. Judge Fitch has had wide experience as a poultry judge, having judged at some of the biggest shows in the United States. He is licensed by the American Poultry Association to judge all classes of poultry and waterfowl. He is also a competent judge of hares and rabbits.

This show is the official poultry show for Arizona, of the American Poultry Association for this year.

Now, you careful fanciers who are afraid your feathered beauties will

not receive due recognition, what more can we offer? We have the official A. P. A. show for the State of Arizona for the year 1915. Official A. P. A. ribbons will be placed by licensed A. P. A. judge, and the housing, cooping and handling will be up to A. P. A. standards throughout.

From all indications there will be enough competition here to make the winning of a ribbon worth while, too.

However, we do not wish the owners of small flocks, the farm people and the city 'back-loggers', who are earnestly striving to better conditions in the poultry industry by breeding pure-bred, to think that this show is solely for the benefit of the so-called 'fanciers and old exhibitors'. Nothing could be farther from the facts in the matter. Many a fine fowl is produced on these same farms and back lots which never sees the inside of an exhibition coop, just because the owner does not realize how good a fowl it is.

Our advice in this connection to the amateur breeder is just simply this: Study the standard requirements of the breed and variety you are producing, then select those specimens which appear to you to meet those requirements, and send them to the show. Be sure and attend the show, and if your birds are better, ask the judge to show you the weak points of your exhibits, and he will cheerfully do so. Then make your plans for the coming year—securing better breeding stock if necessary, and go after those ribbons again at the 1916 session of the Northern Arizona fair. The Ribbons in all classes should be out in force, as these fine beauties add much to the attractiveness of the show. They will be judged and handled and premiums awarded the same as the standard classes, except that they will be exhibited in pairs only. Turkeys, geese, ducks, pheasants, guineas, pigeons, hares and rabbits have their respective classes and we expect to have a large and representative exhibit of them. Liberal cash premiums will be awarded in all classes, as are also many special premiums, which are enumerated in the premium list. The American Poultry Association offers their usual quota of medals and ribbons in all standard classes. The Rhode Island Red and White Clubs each offer handsome ribbons in those classes to members of their clubs.

found, and another pair belonging to Lopez were also located. It is said that the burglars who visited the home of Miss Christie Gilchrist were rubber shoes.

Earlier in the day Policeman Wilkerson had arrested Jesus Miranda on suspicion that he robbed a house north of town. He is said to have sold a pair of opera glasses which were reported to have been stolen. Since his arrest it seems to have been pretty clearly demonstrated that he was in some way connected with the other three who were arrested last yesterday afternoon and last evening.

Until the return of several other citizens whose homes have been robbed while they were sojourning elsewhere, it will be impossible to secure a complete list of goods that have been taken, but it is believed that when such lists have been obtained it will be found that some of the articles taken will be found among those recovered yesterday.

THE FARMER'S NEW AUTO

"The car is cash, you know," said the salesman.

"Yes, I got the money," said the farmer as he pulled a roll of bills out of his pocket, noted off 12 \$100 bills, and paid for the car. "Now, you'll show me how to drive the critter?"

"Sure," said the salesman; "that's a part of the sale."

So they started out, and after going three miles overtook a man in a wagon with a mule team. The salesman tooted and honked and honked and tooted, but the man with the mules refused to head.

"Finally the farmer said: 'This is my car, ain't it?'"

"It is," said the salesman.

"And I paid for it?"

"You did."
