

RAIN STOPPED BIKE RACE; TO BE HELD TODAY

Country Club to Phoenix Event Scheduled to Celebrate National Bicycle Day Is Delayed One Day; Fifteen Enter

And it rained—So, there was another postponement of a Tuesday sport event.

The slow drizzle that drove pedestrians indoors, or along the streets in a hurried and minding way, was responsible for the postponement of the Country club to Phoenix bicycle race yesterday afternoon.

In case today is fair, and any sort of a crowd is to be expected at the finish, the race will be pulled off this afternoon at 1:30.

The start will be made at the Country club at 1:30. About fifteen of the swiftest young bikers of the city will be lined up. The race will finish at the corner of Polk and Central avenue, about twenty minutes after the start.

The race is in celebration of the National Bicycle day, the day on which manufacturers and dealers are getting together on the proposition of marketing 1,000,000 bicycles during the coming twelvemonth. This day was Feb. 29. Its observance in Phoenix will be no less hearty for being delayed.

ANNOUNCE FIELD MEET

[Republican A. P. Leased Wire] SAN DIEGO, Feb. 29.—W. H. Pringle, chairman of the recently authorized San Diego branch of the Amateur Athletic Union, received word today from Robert Weaver, A. A. U. representative at Los Angeles, that it had been decided to hold the annual Southern California track and field meet at the stadium here on April 15.

LOLA POWELL GOES INTO LEAD AGAIN

Standing of the Contestants

Miss Powell	17,900
Miss Beavours	15,500
Miss Scales	8,940
Miss Davis	7,780
Miss Chaney	5,230
Miss Martin	2,180
Miss Wilson	1,800
Miss Hollingsworth	1,000

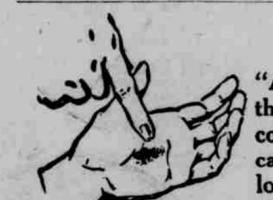

Miss Lola Powell stepped to the front again yesterday in the Moose Queen's Contest with a vote of 17,900. This did not deter Miss Beavours, who continued to pile up votes for herself, and who promises another surprise before the contest is twenty-four hours older. Miss Davis added substantially to her total yesterday. There is a pretty strong rumor that Miss Barber is getting to show strength tonight.

This evening the candidates for queen will be the guests of Eddie Mitchell at the Elks theater at a box party. This is the Redmond company's contribution to the success of the contest.

At the Carnival

Down at the carnival grounds at the corner of Fourth and Washington, despite the sudden fall in the temperature, there was a really good crowd for the amusements and the fun that is so generally had at these attractions. Prominent among the popular ones was the "49" camp, where the rattle and tinkle of the ancient tin-plate is heard. The tent shows did a very good business last night. Early in the evening the band got busy and drew all the people from the streets to the gates.

"After driving more than 10,000 miles, I couldn't find enough carbon to fill the hollow of your hand."

This motorist states the experience of practically all who use Zerolene. That's because Zerolene is scientifically refined from asphalt-base crude. Zerolene that goes into the explosion chamber doesn't "break-up" into gummy, carbon-forming deposits, but after completing its efficient work, is consumed and passes out on exhaust. Next time you empty the crank-case, refill with Zerolene.

Send for pamphlet "Motor-Cylinder Lubrication" by Lieut. Bryan, U. S. N., a government expert.

WELLS IN DRAW WITH GRIFFITHS

COLUMBUS, O., Feb. 29.—Honors were almost even in the 12 round bout between Matt Wells, lightweight champion of England, and Johnny Griffiths of Akron, O., here tonight. Neither had a decided advantage, but newspaper men gave Griffiths a shade.

TENNIS TOURNAMENT OF COUNTRY CLUB

Championship Events to be Played Beginning March 24.

The Country club has issued its calendar for March. Following are the list of events:

Arizona championship tennis tournament, March 24, 25 and 26.

Saturday evening, March 25, 8:00 o'clock, dancing. Buffet supper 7 to 12.

Thursday evening, March 9, 8:30 o'clock, cards.

Tuesday evenings, informal dancing. Alternate Wednesdays Putting and Golf tournaments.

Saturday afternoons, 2:30 o'clock, cards; 4:30 o'clock, tea.

AUSTRIAN DEFEATED

[Republican A. P. Leased Wire] NEW YORK, Feb. 29.—The first international match of the National Amateur Billiard championship tournament here resulted in the defeat of Jacob Klinger of Austria, who holds the class B championship of Europe, by Edward Gardner of the Arion society of New York. The score was 400 to 355, the game being closely contested all through. Score: Gardner, 400, average, 9.31-41; high runs, 45, 35, 52.

SAYLOR IS IMPROVED

[Republican A. P. Leased Wire] INDIANAPOLIS, Ind., Feb. 29.—Millborn Saylor, the lightweight boxer, who has been critically ill with pneumonia at his home here, passed through the crisis of the attack today, and tonight was slowly improving. Physicians said the boxer probably would recover.

OPEN HEARTED HARRY LAUDER

Another story of Harry Lauder's prodigality is at hand. It seems that in one theater recently visited on his tour the Scottish comedian was so pleased with his patronage that he summoned the house manager to him after the performance to express his gratitude.

"Mr. Martin," said Lauder, "I can't tell you how pleased I am with the houses I played today. I am more than grateful to you for the work you must have done, and wish you to feel my appreciation. This little box"—producing a slotted contribution box—"is for contributions to the British Red Cross. You may give anything you want. Even the smallest sum will be welcome."—From the New York Telegraph.

DRESS REHEARSAL DREAMLAND TONIGHT

Mammoth Production All Ready for Stage at Columbia—Scenery and Costumes to Be Elaborate.

The final, full-dress rehearsal of the musical-comedy, "A Night in Dreamland," will be held on the stage of the Columbia theater tonight, where the production will be presented tomorrow and Friday nights, for the benefit of the building fund at the Arizona Deaconess hospital. Director Wellington announces that everything is ready for the rehearsal, which will really be a complete performance of the production—for all costumes, properties, scenic and light effects, will be used at the rehearsal tonight.

To present the production in Phoenix

Ferris Wheel Man Tours 45,000 Miles In His Overland Coupe

Left to right: H. H. Hotchkiss, J. G. Conderman, Mrs. Conderman (in car), F. W. Pitzer.

Traveling in an Overland coupe, J. G. Conderman, an American captain of industry, accompanied by Mrs. Conderman, has just spent several days in Phoenix and the valley. Mr. Conderman is known throughout the amusement world as the inventor and the original manufacturer of the Conderman ferris wheel, a wheel so built that it may be knocked down, transported and reconstructed with ease. Mr. Conderman had the pleasure of seeing two of his wheels in Phoenix—one is that owned by Mr. Campbell, an old friend who is now operating the Campbell man wheels is now down at Riverside Park.

Mr. Conderman is a globe-trotter. His story is not only interesting for a tourist, but it is a great endorsement of the Overland coupe car; in fact, his is said to have been the first coupe hitherto considered purely a woman's shopping or society car, to make a pleasure and touring trip from ocean to ocean. The car was purchased by Mr. Conderman in the summer of 1914 for the purpose of touring Europe. Mr. Conderman had secured transportation for himself and Mrs. Conderman and the car on the Mauritania in the summer of 1914. With the coming of the European war they were forced to cancel their European trip and on August 14, 1914, Mr. and Mrs. Conderman left Chicago, their home, and for four

months traveled to and through the New England states, spending much time on the Maine coast. During the four months they traveled 5,992 miles and visited fifteen states.

So thoroughly did they enjoy American travel that on the first of June 1915, they left Chicago and have ever since been traveling and visiting in the northwest and western part of the United States. This trip has already netted over 15,000 miles, which, added to former trips and the regular use of the car at home, has brought the mileage to nearly 45,000 miles, and Mr. Conderman claims the car is in perfect running condition.

From Chicago they toured to the north central states and spent considerable time visiting places of interest in Wyoming and Utah, particularly Salt Lake City. Most of the nationally known scenery and points of interest in Washington, Oregon and California, including such places as the National Yellowstone Park, the Big Trees, Santa Cruz mountains, Columbia river, and at times they reached an elevation as high as 11,000 feet. The party visited the San Francisco fair late in the fall and then covered Southern California.

Parlier Route O. K.

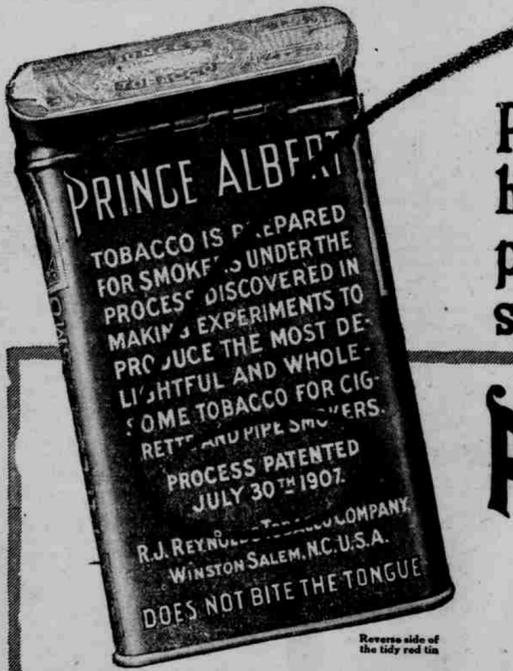

Their route to Phoenix from Los Angeles was by way of the Parker Cut-off, and Mr. Conderman reported this route in good shape and the trip was a comfortable and enjoyable one. They will go to Tucson, El Paso, Memphis, Tenn., and expect to arrive home in Chicago April 15th.

Mr. and Mrs. Conderman both are enthusiastic about the comforts and

cleanliness of traveling in a closed car. This Overland coupe is indeed an interesting traveling vehicle. It is a regular closed coupe car with drop windows. It has curtains, is electrically lighted from the dome, and contains mirrors. It is a regular model '15, and is entirely a woman's car, for the purpose of taking the place of an electric, but it has greater room and better long-distance traveling facilities. It has bedcord upholstery, and great ingenuity is shown in the building of brass rods under the dash, and with straps in the dome of the top, which constitutes bed-springs at night and which were raised and contained the bedding in the top of the car in the daytime. At night the windows could be lifted, the curtains drawn, electric light switched on and if it was cold a charcoal heating arrangement to heat up the apartment and a beautiful sleeping or dressing room was the result. The berth when made up was slightly larger than that in a Pullman. The car has a surprisingly large amount of storage room. A capacity of about two cubic feet in the rear of the travelers' seat carries the cutables, cooking utensils and camping outfit.

Speaking of the Conderman wheel, Mr. Conderman explained that he had spent over \$20,000 defending the patents of the wheel, but the ferris wheel has made him wealthy. Mr. Conderman at present is the owner of the Julian theater in Chicago.

While in Phoenix the car attracted much interest at the Huntman-Hotchkiss Overland company salesrooms on North Central avenue.

LAY fire to a jimmy pipe jammed-chock-full of Prince Albert tobacco, or roll up a makin's cigarette—if you're digging after reasons why P. A. has revolutionized the pipe and "rolling" game; why P. A. has trebled the number of pipe smokers in six years; why Prince Albert is today smoked in every civilized nation on the globe!

Give P. A. the third-degree-test-out! Drill like sixty into that enticing flavor, that fragrance, that long-burning coolness. Your confidence never will be abused! The patented process makes all that possible—and frees the tobacco from bite and parch!

Prince Albert can be purchased everywhere tobacco is sold in tippy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors, and in that classy pound crystal-glass humidior with sponge-moistener top that keeps the tobacco in such hang-up condition!

The March Victor Records Are Here

MARCH in our store and HEAR them

Too much cannot be said of the QUALITY and VARIETY of this month's issues. For every taste the ideal record will here be found.

BUT—like all VICTOR winners—they'll go fast. BETTER HURRY!

COYOTE TRACKS

The baseball team is in mighty fine condition for the big game Saturday with Tempe Normal, to be played on the P. H. S. campus.

Coach Geary said yesterday afternoon that the prospects for a state championship team are brighter this year than ever before. Oh, you University work!

Manager Chick Edwards has arranged a big track meet with Mesa high, to be pulled off this month.

Mrs. Jay's third hour beginning stenography class has just completed a month's contest. The class was divided into two sections. The losing section is to furnish a treat to the winning section. Miss Erma Sutton led the winning side. Miss Lala Wedgworth received a box of candy for receiving the highest grade for the month. The contest was very close, the winning side having an average grade of 92.7 per cent and the losing side 90 per cent.

BASEBALL DOPE RIGHT OFF BAT

The protested games played by teams in the Valley High School league were decided by the board of directors as follows:

The game played at Tempe on Feb. 25th between Tempe and Phoenix protested by P. H. S. because Tempe players, who were coaching on the third case line, ran home with the runners.

has been given to Tempe high by a score of 9 to 7.

The game played at Mesa on Feb. 19th between Mesa and Phoenix, protested by Mesa because the umpire wouldn't call the game on account of darkness, given to P. H. S. by a score of 10 to 4. Umpire Osborn called the game in favor of Phoenix high, because Mesa refused to put balls in play, thus killing time so the game might be called on account of darkness.

Glendene protested the game played on Feb. 12th on the P. H. S. diamond, because Phoenix high had a player who had registered in the office at 22 years old. This player is an Indian named Adams and was catching at the time this game was played. Adams declares that he is only 18 years old, but Principal Cook will go by his registered age. Glendene and P. H. S. will play the game over later in the season on an open date.

The P. H. S. team will be out on the big grandstand Saturday to furnish music for the Tempe Normal vs. P. H. S. ball game. This game will be called at 3:00 o'clock sharp.

Junior play, "The Private Secretary," will be given in the high school auditorium on the evening of March 23rd.

Prince Albert tobacco

has made three men smoke pipes where one smoked before!

PRINCE ALBERT

the national joy smoke

Men who have stowed away gentle old pipes for years have brought them back to the tune of Prince Albert! It will set free any-pipe-shy-tongue!

P. A. will prove out 100 per cent. any hour of the twenty-four! It will give any man all the pipe-happiness he ever did yearn for!

Rolled in a makin's cigarette, Prince Albert is so refreshing and so delightful, it gives you a brand-new idea of how mighty fine a real makin's cigarette can be! It's as satisfying to your taste as the prettiest thoughts of smoke-happiness you ever uncorked!

For Prince Albert has won its way on its merits. Won-over men of all tastes—it's so universal in its popularity; so good, and friendly, and satisfying! It will win you quick as a flash!
