FINANCES and MARKETS

[Republican A. P. Leased Wire]
NEW YORK, April 17 (Wall Street) New car rumors were made to serve old purposes in today's market the result proving temporarily disastrous to war contract shares and affiliated issues. The more disquieting reports were to the effect that foreigners had been ordered out of Mexico, and that Germany had definitely declined to recede from her submarine policy. As for rumors of the death of Francisco Villa, Mexico's bandit chief, Wall Street inclined a willing ear, but maintained an attitude of doubt.

Opening prices were better by 1 to 4 points, Mexicans deriving the greatest benefit. United States Steel denoted recurrent heaviness on its decline of 1/2 from the high quotation of the opening. Selling of steel was naturally associated with the publication of a table showing a decided decrease in the number of shares holders, but this was offset later by the tenor of Chairman Gary's annual address.

Coppers, zincs and other metals also suffered from the general depression of the day even though additional orders from foreign sources for the baser metals were rapid, with high prices for spelter and a new record quotation since the war for bar silver.

Rails occupied their inconspicuous place of recent months but the light dealings in these stocks were invariably at impaired prices. Total sales of stocks amounted to 510,000 shares.

The bond market was broad, with an easier trend. Total sales amounted to par value of \$2,950,000. United States 3's declined 1/4 per cent on call.

CHICAGO GRAIN
CHICAGO, April 17.—Increasing tension over the submarine issue did a good deal to cause a material setback in the price of wheat. Rallies failed to hold and the market closed unsettled, 3/4 to 1 1/4 cent lower with May at \$1.14 1/2, and July at \$1.13 1/2. Corn finished 1/4 to 1/2 cent up, oats ranging from 1/2 cent decline to 3/4 cent advance and provisions unchanged to 12 1/2 to 15 cents down.

Breaks in wheat values reached an extreme of 2 1/2 cents from the top figures of the session. The selling which accompanied the fall of prices was chiefly done by discouraged holders.

Corn maintained strength in the face of the late weakness of wheat. In cats, business consisted mostly of purchases of May offset by effectual sales of September.

Recent buyers of lard turned today to the selling side, and caused some

weakness in prices throughout the provision list, although early in the session holdings were being enlarged.

IMPORTANT CHANGES AT WESTERN UNION

Increase in Business Demands That Change in Management Be Made.

An epoch in the history of the Western Union Telegraph company offices in this city will date from yesterday. There are many persons in Phoenix who remember when the office occupied a small back room upstairs and when the whole force consisted of one man. Since then it has developed rapidly until it has become one of the most important offices in the southwest, outside of the large coast cities. Of late the business of the office has so grown that it has been found necessary to create two divisions of it, and that was accomplished yesterday when F. B. Slagle was made chief of the operating-traffic department. W. H. Mann remains at the head of the commercial department.

This arrangement was made by R. M. Miller, traffic superintendent, with headquarters at Los Angeles. Mr. Slagle has been for three years chief of the operating department. Among other changes: The Phoenix-Los Angeles wire has been placed on a premium basis and that will insure an improved service in every way. By June 1 the present gravity batteries will be succeeded by dynamo and new switchboards, embracing every modern improvement and convenience will be installed. Arrangements have been made for the construction of a straight wire to Jerome.

STRUCK BY MOTORCYCLE—Antonio Flores in crossing the street at Central avenue and Jefferson street, yesterday afternoon, failed to notice the approach of E. Powell, riding a Reclamation Service motorcycle. Flores was struck and badly bruised about the face and body. Dr. C. B. Palmer was summoned and dressed the man's injuries. No bones were broken.

produce a truly great film drama called "The Clarion," which will be seen on the screen of the Lamara theater today and tomorrow.
Under the personal direction of William Sheer, a remarkable cast of motion picture favorites was selected in support of the star, including Marion Dentler, Howard Hall, Charles Mason, Rosemary Dean, Albert Hart, Jean Stewart, George Soule Spencer and Philip Hahn. The picture was directed by James Durkin.

Gladys Hanson at the Lion
Today is the last opportunity to see Gladys Hanson in the five-act screen version of "The Havoc," at the Lion theater. "The Havoc" is a powerful story in which one man divorces his wife and insists on staying in the same house as a boarder, even though she is married to another man. The play ran on Broadway for two years, with Laura Hope Crews in the leading role. Gladys Hanson is a former Frohman star and played with E. H. Sothern. Bryant Washburn and Louis Stone give good support and "The Havoc" is a worth-while photoplay. Tomorrow the Lion shows "The Strange Case of Mary Page," and also Leah Baird in "The Road of Turnings," which is said to be exceptionally good.

At the Plaza
Taking advantage of the reported death of Villa, Manager Gayness, of the Plaza, has secured for today's performance a series of Mexican pictures showing wonderful scenes from the country in which the noted bandit was reported as having been killed. Villa and his generals all given important parts in the pictures. The actual fighting is very interesting on account of the very close-up views that were taken by the photographers during the heat of the engagement. The hospital scenes are remarkable on account of the variety of the wounds and the great percentage of recoveries that have been experienced.

Columbia Has Good Picture
"The Strength of the Weak" affords Mary Fuller, who has a big place in the ranks of the fotoplay fans, the best chance of her career as a screen actress. That is saying a great deal, for she has made some notable productions. The story is not a new one, the eternal triangle, but it has a new twist to it that makes it an unusual picture, for the two men who love the same woman are father and son. The fact that his father is the seducer of the woman he hopes to make his wife is not known to the younger man until he brings the girl of his heart to meet the pater. The unexpected happens and the father is put to shame. It finishes its run tonight, after the usual matinee today and will be followed by "The Price of Malice," a picture product of the Metro people, with Hamilton Revelle in the leading role. "The Price of Malice," like all pictures of this concern, admits of little criticism.
