OVER THE MOUNTAIN WORKERS TURN OUT FOR BRITAIN

[Republican A. P. Leased Wire] LONDON, August 5.—When the British forces in France began their great offensive bombardment on June 27 and for days hurled into the German lines such an avalanche of steel and lead as the world has never known before, even the people of England expressed wonder that it should have been possible to assemble so vast a store of munitions. The story of how these munitions were created constitutes one of the most important chapters in the history of British achievement during the war. At the outbreak of hostilities, two years ago there were only three important government munitions factories in the British Isles. Today some four thousand government-controlled firms, employing more than 2,000,000 workers, are turning out virtually all of the tremendous amount of war materials which have gone to equip the five million British soldiers in the field. A staff of 6,000 people has been required to supervise the work. At the head of this staff and responsible only to the minister of munitions, has been a man whose organizing ability has been accorded wide-spread recognition. He is Dr. Christopher Addison, internationally known for his medical research work. For some years he has devoted his attention to politics, and besides holding a seat in the house of commons had been parliamentary secretary to the board of education before entering on his present duties as parliamentary secretary to the ministry of munitions. Every detail of the munitions production is known to Dr. Addison, and during an interview with a representative of the Associated Press, he told us much of the story of the creation of this industry as could be made public at this time.

This fact was recognized by the trades unions and the government has received their hearty assistance throughout in the distribution of skilled labor and in the dilution of skilled labor with unskilled. The introduction of unskilled labor into the field of skilled labor is a sacrifice of skilled labor to which no too high price can be paid. Skilled men have trained and instructed unskilled workers and in thousands of cases have willingly moved from piece of day wages, with the result that they have earned smaller salaries than the people they had trained have received at piece work. This position was rendered more difficult by the fact that many skilled workers crowded into the army. More than 45,000 highly skilled workmen have since been withdrawn from munitions work. They go where they are sent. This has given the ministry of munitions control of a large body of skilled workmen who can be moved as required. Apart from the manufacture of ships, aeroplanes, etc., which do not fall under the charge of the ministry of munitions, there are now employed about two million people, of whom several thousand are women. It follows that there has been much labor expended in housing munitions workers. Whole villages have been built and no provision accommodations for sixty thousand people in twelve months.

ELECTRIC STORM CARRIES DEATH

[Republican A. P. Leased Wire] PITTSBURGH, Aug. 5.—A severe electrical storm which swept over Pittsburgh and vicinity today carried with it a death toll. Telephone and telegraph companies in this end of the state were crippled for hours, while the largest light company in the city was put out of commission by the storm and practically every one of its lines in Pittsburgh and vicinity were either torn down or rendered useless. Marie Handet, aged 14, of Reeterville, near Pittsburgh, was washed away when Sawmill run creek suddenly became a torrent.

[Republican A. P. Leased Wire] PITTSBURGH, Aug. 5.—Damage estimated to be at least \$200,000 was caused by a terrific storm which visited southwestern Pennsylvania late today. A tank containing 50,000 gallons of oil and owned by the Southwestern Pennsylvania Pipe Lines company, was struck and set afire. The loss was \$125,000.

WANTS FATHER TO SWEAR AWAY CHILD

[Republican A. P. Leased Wire] ATCHISON, Kans., Aug. 5.—A denunciation was sprung here today in the case of Phyllis Mabel Greenland, the central figure in an alleged child-swap at Salt Lake City, when John Manning of Wathena, Kan., testified he was offered \$1,000 by a detective in Kansas city if he would say that a girl in possession of John E. Greenland was not Mabel Manning, his own daughter. Depositions are being taken here in a suit which Greenland instituted against Mr. and Mrs. James M. Burkhardt, parents of his wife, now dead, in which Greenland claims he was given, instead of his own daughter, a child adopted by the Burkhardts from the soldiers' orphans home in this city. Manning identified the girl with Greenland as his own child, who, it was said, he was endeavoring to have returned to his custody. E. C. Willis, superintendent of the Orphans Home, also identified the child as the Manning girl. The girl previously had been identified as Greenland's daughter. Greenland is a wealthy mining man of Salt Lake City, of which place the Burkhardts also are residents.

SIR ARTHUR BASIL MARKHAM IS DEAD

[Republican A. P. Leased Wire] LONDON, August 6.—The death of Sir Arthur Basil Markham, M. P. for the Mansfield division of Nottinghamshire, and wealthy mine owner, is announced by the Weekly Dispatch. Sir Arthur was one of the most severe critics of the unionist government and was one of the most active members of the so-called "Ginger Group" in the house of commons. As recently as August 4 Sir Arthur had questioned Premier Asquith as to the number of officers in the secret service and had inquired whether any of them were yet of military age. Sir Arthur said recently that he had only six months more to live. He suffered a sudden stroke yesterday morning.

GOVERNMENT STEPS IN [Republican A. P. Leased Wire] NEW YORK, Aug. 5.—The federal government took a hand today in the dispute between approximately 3,000 members of the Switchmen's Union of North America and the managers of certain eastern railroads. G. W. Hanger, assistant commissioner of the United States board of mediation and conciliation arrived here from Washington and at once conferred with committee representing the workers and the employees who reported yesterday after a series of meetings that their efforts to settle the differences had terminated in a deadlock. Mr. Hanger came here in response to an appeal from both sides.

SHARON BOY DISAPPEARS [Republican A. P. Leased Wire] PITTSBURGH, Aug. 5.—City accurately detectives and a private detective agency tonight continued their search for Sharon Kern, Jr., aged 15 of Sharon, Pa., who disappeared yesterday while participating in a golf tournament near here. The missing youth is son of Secretary B. Kerr, Sr., president of a Sharon steel company. No trace of him has been found.

See what one of the greatest of Chicago's business men, the head of the world famous Wilson Bros. Shirts says of Hyder business policy:

WILSON BROS. Wholesale MEN'S FURNISHING GOODS Chicago, August 1, 1916
Mr. John Hyder, care Hyder Bros., Phoenix, Arizona.
Mr. Dear Mr. Hyder:
I have been away on my vacation and on my return find among my accumulated mail, copies of the papers containing your continuation of your advertising campaign.
You have, as of course you know, struck the key-note in all advertising circles today. You probably have noticed that no lesser merchant than John Wanamaker has had quite a discussion with the Associated Advertising clubs of America on this very same subject. I hope you will receive the well deserved results of your business policy.
Yours very truly,
E. M. SKINNER.

Honesty and truth has spread business as surely as the sun sets. This is just one of many letters received. Do you too, get the benefit of Hyder goods and service?

RICHENBACHER WINS THE MONTAMARATHON

[Republican A. P. Leased Wire] TACOMA, August 5.—Eddie Richenbacher won the Montamarathon 200-mile automobile race at the Tacoma speedway today. Thomas Milton was second and Dave Lewis third. The winner's time was three hours, 21 minutes and 40 seconds. Chalmers finished fourth, Henderson fifth and Poté sixth. The average time of the winner was 52.3 miles an hour. Milton's time was 3:24:29 and Lewis 3:24:31. No accidents marred the race, which was witnessed by a huge crowd.

ROTARIANS SUCCEED IN STOPPING DUEL

BERMINGHAM, August 5.—Members of the Birmingham Rotary Club today persuaded E. W. Barrett, editor of the Age-Herald, and Victor H. Hanson, publisher of the News, to submit to arbitration personal differences which earlier had led to issuance by the commissioner of public safety of warrants for their arrest on charges that they intended to fight a duel.

SEVEN HUNDRED CARRANZA MEN ARE IN PURSUIT

Refining company's smelters at Morse with branch lines to Naica, and through Chihuahua City to the Santa Eulalia mines, twenty miles east of here, at a cost of approximately \$500,000. Government officials said that the establishment of electric motive power would afford a large stimulus to the operation of low grade ore properties which, at the present cost of steam power, are not attractive investments. Col. Marcial Lopez reported today from Camargo, Chihuahua, that his troops had driven several small bandit bands south into the district below the Rio Florida.

SENATOR THURSTON DYING

[Republican A. P. Leased Wire] OMAHA, Neb., August 5.—The condition of John M. Thurston, former United States senator from Nebraska, who has been ill three weeks, continued critical tonight. Attending physicians said death was likely to occur at any moment.

EXEMPTION OF THE INCOME TAX MAY BE REDUCED

[Continued from Page One] bring in \$10,000,000 additional revenue. The subcommittee on the munitions section of the revenue bill, it was definitely announced, has voted to reduce the proposed excise tax on productions of copper and to add to the munitions list an excise tax on productions of lead, zinc, iron and steel. Senator Stone, chairman of the subcommittee did not disclose the amount of the proposed membership. "Personally," said Senator Stone, "I would recommend a tax on all abnormal profits on munitions of war. A reasonable profit could be established by experts and a tax levied on all above that figure."

KENTUCKIANS RENOMINATED

[Republican A. P. Leased Wire] LOUISVILLE, Ky., Aug. 5.—Partial returns indicate Kentucky's designation in congress, nine democrats and two republicans, were nominated at the state wide primary today as candidates for another term. In the districts where there were more than one democratic candidate the indications are that Congressman J. Campbell Cantrell was chosen over R. E. L. Murphy of Lexington in the Seventh district. Congressman Harvey Helm was nominated in the eighth over C. E. Montgomery of Liberty. Congressman William J. Field was named on the ninth over a field of four and J. M. Clay was victorious in the eleventh district over S. B. Fishman of Harboursville. Willis Straton of Paintsville was unopposed for the democratic nomination in the tenth district. Congressman John W. Longley was unopposed for the republican nomination in the Tenth district and the indications are Congressman Caleb Powers was renominated by a big margin as the republican candidate in the Eleventh district.

FOOD EXPORTS DO NOT EQUAL 1915

[Republican A. P. Leased Wire] WASHINGTON, Aug. 5.—Exports of foodstuffs, cotton and oils, from the United States during the fiscal year just ended, did not equal those of the previous year. Statistics announced today by the department of commerce, show shipments of those commodities totalled \$1,289,735,325, a decrease of \$23,400,000 from 1915. Breadstuffs showed the greatest loss with \$142,700,000, the largest falling off being in wheat exports, which declined \$115,000,000. Cattle exports were \$2,500,000 less than last year, corn \$3,500,000 less; and flour \$5,000,000 less. Meat and dairy products exports increased \$54,300,000 over 1915. Bacon gained \$41,000,000, lard and shoulders \$11,800,000, pickled pork \$8,000,000 and fresh beef \$7,000,000. Gasoline and naphtha exports increased \$17,600,000, lubricating oil \$9,800,000; fuel oil \$5,900,000 and kerosene oil \$2,200,000.

SHIELDS BOATS

[Republican A. P. Leased Wire] STRAUSS (via Rome), August 5.—The submarine which sank the Italian mail steamer Letimbro shelled the boats in which passengers were trying to escape, according to the stories told by twenty-four survivors who have arrived here. It is stated the submarine was Austrian.

The Letimbro carried 120 passengers and a crew of 51. Nothing is definitely known as to the loss of life which is thought to be heavy. The first news of the sinking of the Letimbro, a boat of 2,210 tons, was received on Thursday from Malta where 28 survivors were landed. The survivors also described the shelling of the boats which they said caused many deaths. The passengers included women and children. It was said the boat was overtaken after a long chase.

BRINGS GOLD FROM AFRICA [Republican A. P. Leased Wire] HALTOWORTH, August 5.—Between two and three million dollars worth of gold bullion was the principal part of the cargo of the British steamer Susquehanna, which arrived here tonight from the west coast of Africa. The bullion was soon removed from the ship to four big express wagons, which took it to a railroad station. Presumably it is now on the way to Canada under guard of private detectives.

[Republican A. P. Leased Wire] PITTSBURGH, Aug. 5.—City accurately detectives and a private detective agency tonight continued their search for Sharon Kern, Jr., aged 15 of Sharon, Pa., who disappeared yesterday while participating in a golf tournament near here. The missing youth is son of Secretary B. Kerr, Sr., president of a Sharon steel company. No trace of him has been found.
