

# MARRIAGE IS NOW NO ADVANTAGE TO MEN UNDER DRAFT

[Republican A. P. Leased Wire]

WASHINGTON, June 14.—Marriage since the enactment of the selective draft law no longer will be accepted as cause for exemption from military service except in the cases of men who have become of age since June 5, 1917, who may be exempted if they married before January 15, 1918, the date on which the joint resolution requiring their registration was introduced in congress.

Draught amendments to the draft regulations were announced tonight by Provost Marshal General Crowder, under which local boards are required to reclassify all cases involving such marriages. Dependency claims on account of children of such marriages will be allowed where marriages are born or unborn before June 5, 1918.

**Text of New Order**

Following is an order sent to all state draft executives:

"Please promulgate at once to local boards the following important amendment to the selective service regulations:

"Rule five, section seventy-two, S. S. R. amended to read as follows:

"Rule 5A. The fact of dependency resulting from the marriage of a registrant who has become twenty-one years of age since June 5, 1917, and who has married since the date of the

introduction of the joint resolution in congress requiring his registration, to-wit, January 15, 1918, will be disregarded as a ground for deferred classification.

Prior to January 23 '18, if a registrant who has attained the age of 21 since June 5, 1917, and who has contracted marriage subsequent to the date of the enactment of the selective service law, to-wit, May 18, 1917, but on or prior to January 15, 1918, claims deferred classification on the ground of dependency resulting from his marriage, the fact of dependency resulting from his marriage will be disregarded as a ground for deferred classification, unless the dependent is a child of the marriage, born or unborn on or prior to June 5, 1918, in which case such a registration, upon satisfactory proof being made, shall be classified in class two.

If Father, in Class 2. "C. If a registrant, other than one who has attained the age of 21 years since June 5, 1917, who has contracted marriage since May 18, 1917, claims deferred classification on the ground of dependency resulting from his marriage, the fact of dependency resulting from his marriage will be disregarded as a ground for deferred classification, unless the dependent is a child of the marriage, born or unborn on or before June 5, 1918, in which case such a registrant, upon satisfactory proof being made, shall be placed in class 2.

"Nothing contained in this amendment to rule 5 shall be construed as requiring the transfer to class 2 of any registrant who has been finally classified in class 1 on the affirmative finding that his marriage since May 18, 1917, was made with the primary view of evading military service.

"Instruct all local boards forthwith to reclassify all cases involving marriage since May 18, 1917, in accordance with the above."

# TAGS EXPERT MAKES LIGHT OF AMERICANS

[Republican A. P. Leased Wire]

AMSTERDAM, June 14.—The aid that the American army is bringing the allied forces in France is made light of by Lieut. Gen. Baron Armand von Ardenne, the military expert of the Berlin Tageblatt. He says:

"The artillery counter action by the Americans was conspicuous by its absence in the fighting at Belleau forest on June 7 and 8. It seems, therefore, that the American command has not fully seized the principles of joining the two arms of the artillery and the infantry. Despite the great bravery shown by the American division in action, it obviously lacks tactical skill in battle routine.

"The American auxiliary army now affected is probably similarly affected. Hence, if present experience permits a generalization, the value of American aid to the allies dwindles considerably."

**SHERIFF HAS DOUBLE**

[Republican A. P. Leased Wire]

CHICAGO, June 14.—Sheriff James Baker, of Bowie county, Texas, arrived here tonight to take Henriette May Edwards, also known as June Cox, back to Texarkana, Ark., as a witness in a liquor case, and learned that a man had been impersonating him several hours earlier. The sheriff, after seizing himself that the woman is not the victim of the "headless woman murder" case in this county, but the missing witness, began a search with the aid of the police for the bogus sheriff.

# SITUATION GRAVE INSISTS ASQUITH

[Republican A. P. Leased Wire]

LONDON, June 14.—Former Premier Asquith, who, since his name was drawn into the Pemberton-Billing trial recently, has received many tokens of sympathy from his countrymen of all shades of politics, was accorded today a great reception when he appeared as guest at the luncheon of the Aldwych club, an organization of advertising men.

**Situation Is Grave**

The former premier said there was no use in making the fact of minimizing its gravity, that the allies had reached a most critical point in the fortunes of war. But nothing that had happened on the western front since the last week of March, he added, would in the slightest degree weaken British allegiance to the great purpose for which the British people were fighting or their purpose to press on to the final accomplishment of their aims. "The former premier reiterating that whatever might be the issue of the present phase of the campaign, nothing could weaken British allegiance to 'the purposes for which we are fighting,'" said that the entry of America into the conflict, coupled with the other phases of the world war, had introduced newer methods.

**Old Diplomacy Dead**

"Whatever else might happen in the future, all must realize that the old diplomatic machine, however honorably and skillfully worked, is a thing of the past," he asserted. "It is our determination to provide against a recurrence of the horrors which have secured mankind and devastated the world, not only by repression and punishment, but by bringing into life and late effective action a corporate judgment common to the interests and common duty and subject to the restraining force of the whole civilized world."

# GENERAL TELLS OF BOMBING ATTACKS

[Republican A. P. Leased Wire]

WASHINGTON, June 14.—Details of the American air-raft bombing expedition over the enemy lines June 13 were reported by General Pershing tonight in an addition to yesterday's communique. Five planes carrying out the attack dropped eighty bombs and returned safely after fighting off three German pursuit machines.

The dispatch said:

"Bombing expedition reported commencing June 13 was executed by five of our planes. Eighty bombs were dropped. One was observed in a warehouse at the station. Poor visibility prevented effect of others being ascertained but our aviators believe that all dropped in areas where they were likely to have produced useful effect. Our planes were attacked by three German pursuit machines but all returned safely."

# MUST CANDLE EGGS IS NEWEST ORDER
