Ladies' Aid to Meet
The Ladies of the Methodist church are called to meet in the Whittier church at 2:30 o'clock on Thursday afternoon, to work the articles for the Bazaar.

Two Great Services
Two great services are planned for tomorrow at the Christian church when Dr. Hagerman will deliver two of his strongest sermons. In the morning at 11 o'clock, Dr. Hagerman will preach

a sermon especially to children and their parents. Every parent and every child, in any way connected with the church is urged to be present. At the evening service he will preach on the subject, "A Walk on the High Lands of Faith," and young people are urged to be present at this service as the message will strike them very forcibly. Last night there was a good crowd out in spite of numerous attractions elsewhere and Dr. Hagerman preached a powerful and convincing sermon on the need of a pattern in life and in which he showed that the divine pattern is a practical and vital one. The message is a great attraction tonight. There will be no service tonight.

FIRST MEETING OF FEDERATION IS TO BE HELD ON APRIL 1

The Central Arizona District Federation of Women's clubs will hold its initial meeting of the year on April 1 at the Woman's club. Election of officers will take place at that time.

The district federation was unable to hold its meeting scheduled for October, owing to the ban placed on public gatherings during the influenza epidemic. The meeting this spring will necessarily combine all business which was scheduled to be handled at the semi-annual meetings which are always held in the early autumn and late spring seasons.

This was decided yesterday at a special board meeting held at the Woman's club. The resignation of Mr. F. A. Stafford as president was accepted, and Mrs. Bert Winger of Mesa, first vice president, will complete the term. Mrs. Stafford, who is prominent in club activities and made an unusually efficient officer, is leaving in the course of a fortnight for Toledo where she will pass the coming year. Mrs. Winger, who served with her on the executive board, will not change the policy now in effect. Mrs. H. G. Thomas of Chandler is vice president of the district federation and was present at the session. Other members of the executive board who were there included Mrs. George Barnum, corresponding secretary; Mrs. J. E. Hudson of Peoria, recording secretary; and Mrs. Fred Galusha of Laveen, treasurer.

STEPDAUGHTER OF NEW HOUSE SPEAKER IS POPULAR IN WASHINGTON SOCIETY

Miss Louise Hoar as she appeared at ball for free milk for France fund.

Miss Louise Hoar, stepdaughter of Senator Frederick H. Gillett, new speaker of the house, is shown here in an interesting setting, as she appeared at the ball staged in Washington awhile back for the free milk for France fund. She is the daughter of the late Senator Hoar of Massachusetts. She and her sister are extremely popular in Washington society.

GEOFFREY W. QUINN IN HOSPITAL WORK AT WEYMOUTH DEPOT

Friends of Geoffrey W. Quinn will be pleased to learn of his present location. He is now doing work at a convalescent depot near Weymouth, England. This depot is really a clearing place for troops of Australia home-bound. Mr. Quinn is well known in Phoenix where he, about two years ago, started the organization of a state automobile association.

He was in an officers' training school in England. About three weeks before the armistice was signed, he became ill with the flu and by the time he had regained his health, the armistice was signed and he lost the opportunity to become a commissioned officer. Though previously failing to get into the American army, he was enabled to enter the Australian army. Mr. Quinn formerly lived in Australia and in the Australian army he was enabled to meet many of his old college friends. With his experience with the Australian soldiers he learned that the "Aussies" and the "Yankees" were exactly alike, but for their difference in speech, and in England and Europe they were easily distinguished.

"While Australia is close to 15,000 miles from the seat of war, over 320,000 'diggers' actually got over here (over 400,000 enlisted and served some way). Over 60,000 were killed outright. Very few prisoners were lost to the Hun. Not a single man was lost to Fritz in four years of fighting. Our boys did lose three one day; but the P. R. L. (Poor Bloody Infantry) got them back the next day. (Nobody will ever know what cost.) Australia equipped and maintained (financially unaided) a complete army from the burrowing tunneler to the soaring birdman; rail-war, transports, men-of-war. Isn't that going some for a people 15,000 miles away with a population of only about four million."

ON STATE TOUR FOR RIVER IMPROVEMENT

George H. Maxwell, executive director of the National Reclamation association, and Andrew Kimball, head of the Arizona commission for the coordination of agricultural improvement work under the government, have departed on an extended tour of the southern part of the state for the purpose of enlisting interest and enthusiasm in the big Gila river improvement project along the line of the Granddams report, recently ordered printed in Washington.

Maxwell spoke at the chamber of commerce smoker at Mesa Monday, at the Trinity Men's club in Phoenix Tuesday, at the Phoenix chamber of commerce annual banquet Thursday night, and at once started over the following itinerary:

March 14, Tucson chamber of commerce; March 15, Tucson, at university; March 16, Binghamton; March 17, St. David; March 17, Benson; March 18, Wilcox; March 19, Safford; March 20, Layton; March 21, Pima; March 22, Fort Thomas; March 23, Thatcher; Safford and Clifton; March 25, Franklin; March 27, San Simon; March 28, Bowie; March 29, Globe; March 30, Miami; March 31 return to Phoenix via Roosevelt dam.

FINANCES AND MARKETS

NEW YORK, March 15.—On the surface today's stock market differed in no important particular from the previous sessions of the week, aside from a halt in the activity during the mid-session, when the general list was inclined to react.

There was the same furious and spasmodic clearing of prices among specialties notably Industrial Alcohol, distillers and some of the oils and equipments.

Secondary or low priced motors were in demand during the last half of the session.

New York Airplane, Pressed Steel Car, Crucible Steel, Colorado Fuel, Pennsylvania, Seaboard and Harvester continued the strong equipments, but United States Steel continued to reflect selling pressure, closing at a slight loss.

Miscellaneous specialties of strength included California Packing and Worthington Pump. Leathers and fertilizers extended recent gains, but coppers and gold sales, slightly, with further restraint in railroads. Sales amounted to 1,125,000 shares.

Dullness again characterized the bond market. Liberty 3 1/2's strengthening others of that group holding steady. Total sales, par value, aggregated \$9,329,000.

Old United States Coupon 4 1/2 rose 3/8 on sales and registered 2 1/2 on call.

WOOLS
BOSTON, March 14.—The Commercial Bulletin tomorrow will say: "The demand for wool for immediate requirements is keener and prices at the wool auctions were higher this week. Secured wools and fine wools of all descriptions have been in especially good demand while there is a little better call for the medium wools. It is evident that the manufacturers are at length getting fair orders, but they are apparently placing them with more or less fear of cancellations, notwithstanding the low prices named. The foreign markets are generally firm. Secured basis: Texas fine 12 months \$1.38@1.41; fine eight months \$1.29@1.30. Pilled: Extra, \$1.55; AA \$1.45; A \$1.52; A supers \$1.25@1.35. Mohair, domestic best combing, \$0.70; best carding \$0.90@1.05.

GLOBE SCHOOLS LOSE "INFLUENZA" CASE

The Globe "influenza case" was decided in the supreme court yesterday; the decision going against the school district, which started the contest during the epidemic when ordered to close the schools.

The judgment upholds the decision of Judge Shute in the lower court, but specifically states that the decision applies to this case alone, and is not to be applied generally as defining the powers of boards of health. Issue is taken with the health board in designating schools held during an epidemic as a nuisance.
