

HOOSIERS TO HOLD DINNER MONDAY EVE

Arrangements for the Indiana society dinner at the Woman's club Monday evening, March 15, at 6:30 o'clock are nearly completed, and it is expected that the attendance will exceed that of the previous dinner, at which 175 Hoosiers were present. Governor and Mrs. T. E. Campbell have accepted an invitation to enjoy the hospitality of the Indiana folk. An interesting program will be announced within a few days which includes numbers by some of the best musical talent in the city. All those who have ever lived in Indiana are invited to be present, but are requested to register in advance at the Y. M. C. A., either in person or by letter or telephone.

MUTUAL LIFE'S FINE FINANCIAL REPORT

The Mutual Life Insurance company of New York, which has the distinction of being the oldest life insurance company in America, issued in 1919 by far the largest volume of insurances it had ever placed in a twelve-month period, the amount being \$354,422,123, as against \$268,920,359 in 1918. And its total insurance in force on the last day of the year footed the stupendous sum of \$2,089,171,357. The Mutual Life does no business in foreign countries, its writings being confined to the United States and Canada. Since the company writes no group insurance, no industrial insurance, and no sub-standard insurance, but confines itself strictly to standard business of the highest class, the great increase in the amount it issued in 1919 was the more remarkable. The company, as its name implies, is purely mutual, and in 1919 it paid to policyholders in dividends the great sum of \$22,497,417. Since the company's contingency reserve, or surplus, increased \$3,820,139, and on the last day of the year was \$19,551,215.

HIGH SCHOOL NOTES

Murphy Brown, who is "pitcher" editor for this year's Phoenixian, has been doing some fine work along that line, and has a great many very good pictures of various happenings around the campus. He says, however, that one man cannot get so many good pictures of the different games as it is hard to be everywhere at once. He is sure that many other students have at least a few good pictures, which if brought around would increase his collection to pick from, thereby making the chances for a good group of pictures for the annual much better.

Track On the Boom
The track squad, under Coach Geare, is certainly getting off to a good start, this season. Johnnie Michael and "Red" Hutcherson are already looking pretty good for the "hun-erd." Joy, who jumped last year, is expected to loom up again this year as the altitude man. Lawrence Howe, who is a new man at the running game, is doing some tall distance running, and if he keeps up to his present rate of progressing, he may do something big for P. H. S. at "TOGsway" this year. There is a world of new material to pick from, but it is hard for Geare to pick the winners right off the bat. He says that he can handle 15 or 20 more men yet, so some of the fellows who aren't doing anything and don't know anything about running, should just step out onto the new track some afternoon, and let Mr. Geare be the judge.

Annual Staff Meets
The Annual staff held a meeting Tuesday to get things started. The different editors have been collecting their copy all year, but have not yet put any of it together. From now on, the staff will meet every Saturday morning at 9 o'clock to 10 o'clock, which means that this year's Annual will be bigger and better than ever before. The business managers are also starting to solicit advertising, and as they are real live wires that will also mean that the Annual will be that much larger.

Squire Abner Harpinton believes most men would make gardens if their wives already weren't too busy with their housework.

They are just the right weight for ladies use

Cattarangus Shears and Scissors surpass in quality, temper, fit, and finish. They are just the right weight for ladies' use.

They are keen edged and perfectly uniform in temper. Beautifully nickel plated and splended in every respect.

Buy a "Cattarangus" and you are assured of satisfaction.

BELIEVE MEN WHO STOLE CAR ARE ON WAY TO THE COAST

MESA, March 10.—That auto thieves who made away with a Ford car owned by Vivian Burton in Mesa Monday night, are bound on a long trip, presumably to the California coast, was indicated yesterday morning when a tool chest stolen with the car was found near Tempe, where it has been replaced by cans filled with gasoline, oil and water, take into a tractor. Evidence gathered by the police yesterday morning indicate that the car was rolled some distance away from the Burton house and the safety lock on it then broken. The carpenter's tool chest, left in the car by Burton, was found yesterday morning in a field just south of the normal campus at Tempe, and there, according to Constable Woods of that city, a tractor was relieved of its supply of gas, oil and water, the thieves apparently loading up with the necessary supplies for a long overland trip. Twenty-five gallons of gasoline, 8 or 10 gallons of oil and water, all contained in milk cans, were taken, the tool chest being thrown out of the car to make room for the cans. Two young fellows who had been hanging around the neighborhood of the Burton home for some days past are thought to be the thieves. Officials of the sheriff's office were advised of the theft, and it is thought that the thieves will be apprehended before they get out of the state.

New R. F. D. Carrier
While examinations are yet to be held for permanent carriers on the two rural free delivery routes out of Mesa, a change in the substitute carriers is being made this week on Route 1. B. E. Dean, who has been handling the run since the first of the year, is being relieved, following his recent resignation, by L. T. Hall. Hall is already at work on the route and expects to assume full charge of it tomorrow. Examinations for carriers in Mesa and other towns of the southside are to be held on the 13th of this month at the local office and in Phoenix.

Family Disappears
Mrs. Olive Glover, residing north of Mesa, reported to the local police yesterday morning the departure of her husband, G. H. Glover with their eight children, ranging from 4 to 16 years of age, in his possession. That the husband has departed for good and to parts unknown expecting to retain possession of the children of his family is Mrs. Glover's belief, and she has asked the aid of the police in locating them.

Will Visit Old Country
Bound on a journey that will take him back to the land of his birth and to the place where his aged parents are now living, Paul H. Versluis, one of Mesa's most prominent ranchers, left Monday night for Amsterdam, Holland, from which port he will sail on the

steamship Mauretania the latter part of this month. One change at Southampton, England, is necessitated in making the boat journey across the water to the old country. Versluis expects to pass the summer with his relatives in Holland, returning to the valley in the fall.

Entertains For Relative
Mrs. Dora Hibbert entertained pleasantly Monday evening at her home on West First avenue in honor of Mr. Hibbert's brother, Mr. and Mrs. Dave Hibbert, who will leave the latter part of this week for Oregon to make their home. Card games and other entertaining numbers were enjoyed, the evening's party culminating with the serving of refreshments of ice cream and cake.

Departs For Coast
Mr. and Mrs. O. Daley and son have left for San Bernardino, California, and other coast points where they expect to pass the summer months. The journey is being overland, another automobile party joining them in the trip to the coast.

Shop Lifters Operate
Shop lifters operating on the J. C. Penney store here made a successful getaway with a bolt of cloth, valued at more than \$100. Discovering the absence of the bolt, the management made an immediate report to the marshal's office.

Protracted Meetings
A series of protracted meetings are in progress this week at the Christian church, Rev. John M. Cross, pastor of the Tempe church, filling the pulpit. That the Mesa church will be permanently revived is the opinion of the local members interested in its continuance and the present revival services are the preliminaries to the calling of a permanent pastor and to the building of a new place of worship. Rev. Cross, who is filling the pulpit at present, will preach each evening this week at the church, MacDonald and First street, commencing at eight o'clock.

Resumes Recruiting
Sergeant J. A. Downs of the Eleventh Cavalry, following a week on special duty with the Phoenix office, has returned to Mesa and will resume his work here as local recruiting representative for the U. S. Army.

Visiting in Mesa
Rex Oggs, a nephew of W. R. Stewart, has arrived in Mesa from his home in Mobile, Alabama, and will be a guest at the Stewart home here for

several weeks.

Visits Valley
C. R. Churchill, well known in both Tempe and Mesa as a former resident of the southside, has spent the few past days in the valley, visiting with his parents, Rev. and Mrs. C. H. Churchill, in Tempe and friends in Mesa. The visit is now associated with the Redpath-Horner Lyceum bureau and Redpath-Horner Chautauqua and will continue on today to the southern part of the state in their interests.

MRS. MADGE WEST IS NEWEST TEMPE BRIDE

TEMPE, March 10.—Mrs. Madge Pearson West of this city, formerly of Kansas City, Kan., and S. S. Linscott of Colorado were united in marriage Sunday afternoon at 3 o'clock in the Casa Loma hotel parlor by Rev. D. H. Reid of the Methodist church. Only a few intimate friends witnessed the ceremony. The bride has been here only a short while, but has made a number of friends. The groom is in the employ of the government and is at present situated on the highway near Casa Grande, where Mr. and Mrs. Linscott will make their home.

Webster Funeral
Funeral services were held yesterday afternoon for Mrs. Waneta Webster of Winkelman at the W. H. Hambley undertaking parlors. Rev. T. H. Hambley delivered the funeral sermon and several songs were rendered by Mrs. Charles Steele and E. Rowland.

To Organize Ball Team
All men interested, as well as those who care to play in baseball are requested to meet at the city hall Thursday night at 7:30 o'clock. This meeting is being held to discuss the organization of a team.

Pythian Sisters Meet
The Pythian Sisters will meet Thursday afternoon at two o'clock.

Have New Baby
Mr. and Mrs. Thadus Mullen of

Phoenix have a fine new baby boy, Thadus, Jr., now in their home.

Dobson Leaves
J. S. Dobson left Saturday night for his home in Santa Barbara. Mr. Dobson has been employed in the Farmers and Merchants bank for some time and has resigned his position there to go to the coast state.

Zimmerman to California
Charles Zimmerman is moving his family to Long Beach, Calif., where he will be in the cattle business with the Cook brothers. Mr. Zimmerman returns some time this week from California, where he has been making arrangements for the moving of his family. Several weeks ago his home was purchased by Dr. Young of Illinois. The many friends of the Zimmerman family regret to learn of their leaving Tempe.

Down From Hayden
Mrs. Thomas Dennis of Hayden, a former Tempe resident, has been here visiting her daughter, Thelma, who is attending the Normal school.

Carr to Build
E. P. Carr has purchased from William Goodwin the two lots on East Fifth street where the sidewalks has formerly stood. On this property Mr. Carr will build very soon a building for his undertaking business.

Visits Parents
Clark Churchill, who is an advance representative of the Redpath-Horner Chautauqua company, spent Sunday here with his parents.

ROOSEVELT FINALLY NOSES OUT VICTORY

After suffering four straight defeats, many of them heart-rending, the Roosevelt baseball team came through with its first victory of the season yesterday afternoon, defeating the Creighton team at Roosevelt school by a 9 to 6 score. Notwithstanding their defeat, the Creighton players put up one of the best hitting exhibitions of the season and three Roosevelt hurlers were used in an effort to check the slugging. The regular Roosevelt moundsman did not get into action, being confined to his home because of illness, and three second string men had to be used.

MADISON WOMAN'S CLUB GIVE PROGRAM

The Madison Woman's club will meet Friday at 3 o'clock in the Madison school auditorium. Mrs. Anna Miller, chairman of the quilt committee, requests each member to bring blue and white pieces of purple for the club quilt that is now under discussion. At the meeting Friday, Mrs. E. W. Nichols will have charge of the following program:

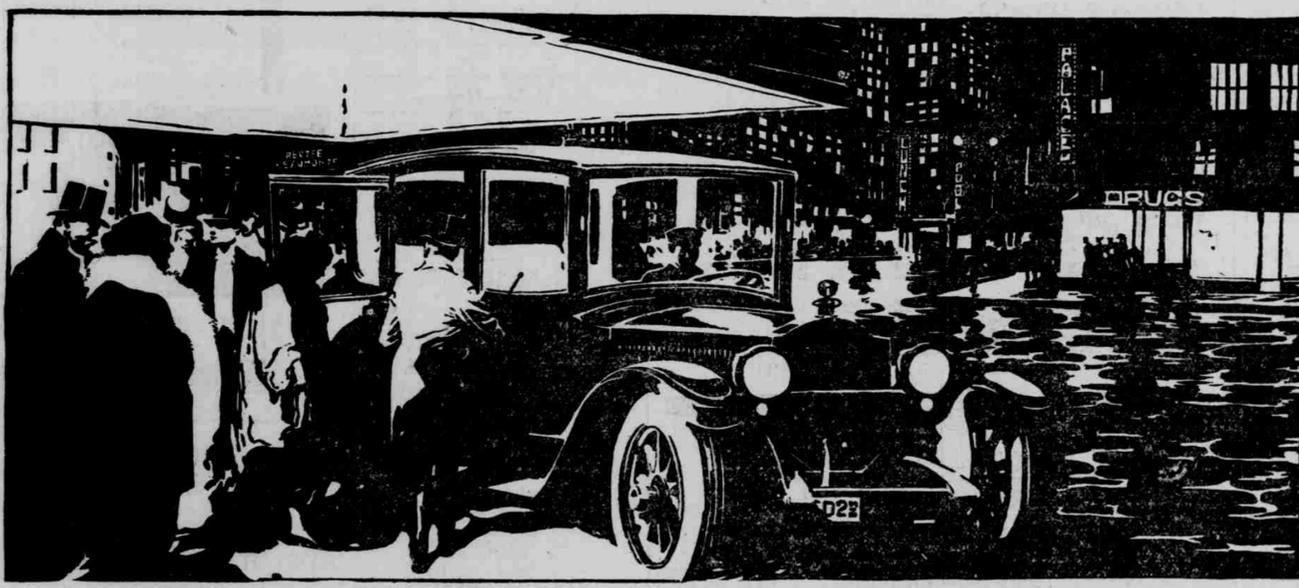

- Music, selected.
 - Address, "The Value of a Library to a School," by Mrs. Frank Emory of Tempe Normal training school.
 - Music.
 - Address, "What the District School Library Means to a Mother," by Mrs. W. E. Gardner.
 - Address, "Our Library in the Future," by Mrs. Luther Creed.
- The hostesses for the occasion are Miss Vivian Schultz, Miss Francis May, Miss Helen Colton and Miss Hazel Schultz.

Phone 222.
Funeral Director and Embalmer
Lady Attendant

3274 passengers in cars of 31 different makes drove up before this Opera House entrance one evening last month. Many of them are traveling in second-class comfort, not realizing that they pay first-class prices for it.

Does it Really Cost any more to Travel First Class

YOU will often hear people say, with an air of resignation, how much they would rather ride in a Packard, if they could only afford it.

Putting the Packard owner in a class apart, with special comforts and privileges—assuming that he pays more for his motoring than they do.

A GREAT many people would be less resigned to their own inconveniences of travel, if they knew how little the Packard owner pays for the comfort they speak of.

Packard Transportation never costs more than second-class transportation—and often less.

The gasoline mileage of the Packard is from 10 to 14, according to road conditions. The oil mileage, 1,000 to the gallon. Tires, properly cared for, 12,000 to 16,000 miles.

The Packard exclusive heat-treating process adds greatly to the strength of the steel, reducing repairs and depreciation.

The longer life and greater used value of the Packard more

than takes care of the difference in initial investment.

FOR twenty years the Packard Company has been studying motor cars from the standpoint of Transportation Experts. Time after time it has proved that trying to save on the initial investment costs a man more in the long run than buying a Packard.

Transportation facts are not a matter of compromise, but absolute—as the Packard Transportation Experts can show any man who really wants the facts.
