Market News
 NEW YORK, Sept. 15.—Latest political developments continued to shape the course of the stock market today, brokers and commission houses report a perceptible expansion of outside support.
 The money market also figured in the fairly broad but irregularly trend of quotations. Call money eased to 6 per cent after opening at 7. This relaxation was unexpected because of the strain upon local reserves to meet federal tax payments.
 Renewed signs of credit easement were indicated by time funds. Moderate loans for six months on all-rail collateral were made at 8 per cent, although the nominal rate in the open market was nearer 9.
 One of the leading steel trade reviews ventured the statement that "it is beginning to be easier to do business."
 The most favorable feature of the stock market was the sustained demand for rails. Denver and Rio Grande proved an exception, however, the preferred shares breaking severely on unconfirmed reports that the federal government had ordered the sale of the property in connection with Western Pacific railway litigation.
 Oils ranked with transportation in activity and strength and steel, coppers and equipments had their occasional spurts with shippings, tobaccos and miscellaneous specialties.
 Gains were shaded at the close, however, on usual profit-taking movement. Sales amounted to 573,000 shares.
 Leadership of the bond market was again assumed by the new Liberty 5 1/2 per cent, losing 1 per cent later. Other foreign bonds were firm and Liberty issues were steadier. Total sales, par value, aggregated \$13,250,000. Old United States bonds were unchanged on call.
 CHICAGO, Sept. 15.—Fresh weakness developed in wheat today after a moderate rally at the opening. Initial upturn secured to scattered buying based on the smallness of country offerings. Export demand, however, was slow and values soon underwent a sharp setback. The start, which varied from unchanged figures to 1/4c higher to December \$2.40 to \$2.40 1/2 and March \$2.36 1/2 to \$2.36 1/2, were followed by general gains, and then by a break to well below yesterday's finish.
 Wet weather had only a transient bullish effect on corn. Rural offerings were liberal and sellers outnumbered buyers on the pit. After opening at 10 1/2c to 10 3/4c, with December 10 1/2c and 10 1/4c, the market scored slight general gains, and then weakened all around.
 Oats were firm, but dull, opening 1/2c off to 1/2c up. December 63 1/2c to 63 1/2c and later hardening a little.
 Higher quotations on hogs strengthened provisions.

 Potatoes weaker; receipts 59 cars; Minnesota early, Ohio sacked and bulk \$1.25 to \$1.40; Wisconsin, 100 lbs. sacked \$2.40 to \$2.50; Jersey cobbles \$2.80 to \$2.90.
