The Search For Beauty
And How to Be Successful in Attaining It
The ancient records and stone monuments in their pictures and writings tell us of the effort that women even in that day put forth to further enhance and increase their natural charms of beauty. Some of the methods employed to increase these charms have been brought down through the ages. There are two beauty aids that are very popular nowadays known as Black and White Soap and Black and White Ointment.
Black and White Soap is a pure skin cleanser and complexion beautifier. It aids in removing skin blemishes and the regular use of it will keep the skin soft, with the lovely tint of youth.
Black and White Ointment is a creamy emollient that removes pimples, tan, sun and wind freckles, liver spots and similar skin blemishes. Black and White Soap and Ointment must be used together to obtain the best results.
All drug and department stores guarantee to sell Black and White Ointment. 25c the package (50c size contains three times as much); Black and White Soap, 25c.

He says he paid Graves \$100 for the relinquishment, which he charges was misrepresented.

They had only two punctures, both times within town limits. Francis Groves is manager of a large lumber yard in Tucson, while Douglas Groves has charge of the same company's plumbing business.

RECOMMEND FEB. 12 AS DAY TO OBSERVE CITY'S ANNIVERSARY

A committee report recommending February 12 as the date for the observance of the fiftieth anniversary of the founding of the present city of Phoenix was accepted yesterday by the directors of the chamber of commerce. The anniversary falls on October 20 of this year, but in view of the State fair and political campaign this fall it was recommended by the committee that the semi-centennial not be held until February 12, which also is Admission day, and incidentally the day on which the county of Maricopa was created.

The letter of Col. James H. McClintock, chairman of the special committee appointed in the anniversary matter to the board of directors, follows in part: "As I have written before, we consider the idea a very good one, leading locally and abroad toward proper appreciation of the marvelous transformation that here has been made, from a sage brush plain to a city of wealth and beauty.

Before the great war, we used to have such celebrations, founded on local pride, but of large interest to the visitor. The war, naturally, centered public activities of the sort in itself. "The committee appointed by the chamber of commerce, would suggest, however, that the date of the anniversary be set not earlier than February, 1921.

"It is true that the meeting for organization of the village was held October 20, 1870, but there was no occupation of the townsite till early in the following year, when the survey was finished by W. A. Hancock. A few lots were sold in the month of December, 1870, but there was no occupation of the townsite in January, 1871.

"Somewhat broader significance might be given the celebration by incorporation of the fact that the county of Maricopa was established by legislative act approved by Governor A. P. K. Safford, February 12, 1871. This date, oddly, is the same on which the statehood was assumed by Arizona, in 1912.

"February again has significance in the matter in the fact that Phoenix had incorporated as a municipality on February 25, 1881. "Am sure the directors will agree with me that the balance of the year will be found a better time for the celebration of this special feature. The election will overshadow everything else. There will be the State fair. The American Legion is making elaborate plans for proper observance of Armistice day. Then, again, the bulk of our tourist influx, especially in presidential election times, comes after the New Year, on which the election will overshadow everything else. There will be the State fair. TO DINE OFFICIALS—The board of directors of the chamber of commerce will give a dinner to members of the city commission and board of supervisors next Monday.

CHARGED WITH ASSAULT—L. E. Baker yesterday was arraigned before Justice Charles DeSales Wheeler on a charge of aggravated assault and was committed to the county jail when he failed to furnish a bond of \$600. He will be examined on the charge next Saturday afternoon at 2 o'clock. The charge was preferred by his wife, Leona Baker.

ON FEDERAL CHARGE—Charged with having violated the immigration laws in coming to the United States from Mexico without a passport, Julia Leiva yesterday was arraigned before United States Commissioner Henke and will have a hearing before him next week. She was returned to the country last where she is serving a 30-day sentence on a statutory charge. She was arrested recently in Chandler by officers from the sheriff's office. She was reported from the country in December, 1919, on a similar charge by the federal authorities.

K. OF C. ELECT OFFICERS—The local council of the Knights of Columbus elected officers for the coming year at a meeting held Tuesday evening in K. of P. hall, when a good attendance of Knights was present despite the inclement weather. Those who will guide the council during the coming term are John A. Johnson, grand knight; Leo Welnick, deputy grand knight; D. H. Dodd, chancellor; T. P. Lynch, warden; W. J. Burns, financial secretary; M. J. Burns, treasurer; W. J. Thalheimer, advocate; Mr. Flynn, inside guard, and John Joyce, outside guard.

Queen Esther Chapter No. 22, O. E. S. will hold its regular meeting tonight (Thursday) at 8 o'clock at the Masonic hall. All members urged to be present. All visiting members are welcome.

FAIR COMMISSION WILL NOT FINANCE PROPOSED ROAD RACE

Taking the position that the state fair commission does not feel justified in expending the money of the taxpayers of the state to finance a road race which would be of benefit principally to Phoenix, Charles K. Pishon, chairman of the commission, yesterday issued the following open letter: "To whom it may concern: The state fair commission will not finance a road race as part of the program of the 1920 state fair to be held during the week of November 8.

"In view of the newspaper comment and criticism in automobile circles which has been directed against the fair commission I desire to say a few words in explanation of our position. "In the first place the present commission has always looked with doubt upon the idea of any road race as an adjunct to the fair. Last year funds derived directly from the city of Phoenix were applied as Phoenix donation to this enterprise, this being especially urged by the understanding that the race would be advertised and run under the auspices of the fair management.

"This year the city has seen fit to decline an appropriation to the fair and necessarily the commission is forced to the position of declining to assist in financing the race. The state fair is a public institution supported by the people all over the state who attend it and backed by state appropriations taken from all the taxpayers. Manifestly it would be the height of unfairness to divert these funds to any enterprise which would be of sole benefit to Phoenix.

"There has been considerable talk about Phoenix refusing to put up its share in backing the road race which appears to have been generally understood would run from El Paso to this city during fair week. Whether this criticism is just or otherwise we are unable to say as we have paid no attention to the amounts which have been raised in other communities or to any of the circumstances surrounding the situation. We fail to see, however, just why the fair commission should be criticised in respect to the matter. If the chamber of commerce or the business men or the automobile dealers or any other group desires to get behind the road race we have no objection; in fact we would willingly lend them our fullest co-operation. At the same time we refuse to use state funds for this purpose.

"Trusting that the fairness of this position will be appreciated by all persons interested.
Sincerely,
"CHAS. K. PISHON,
"Chairman Arizona State Fair Commission."
