"THE U. P. TRAIL" TO OPEN TODAY AT MAUK'S COLUMBIA

"The U. P. Trail," the production which opens today at Mauk's Columbia theater, tells a sweet, noble love story filled with the glamour of high adventure and the rush of breathless action.

The dramatic ability of Director Jack Conway as well as the supreme art of the players and the guiding hand of the master producer, helped to put into "The U. P. Trail" the powerful dramatic construction that makes the spectator thrill and laugh—and cry—as he sits breathless until the beautiful climax ends suspense.

"The U. P. Trail" has about it the great, human qualities of love and supreme sacrifice. The characters are all played with such veracity that there is no such thing as a neutral feeling toward them; each is loved or hated strongly as the case may be. Though laid in one of the most colorful epochs of American history, the story could have been enacted in any land at any time.

"Beauty Stanton," a hard, brilliant flame of a woman, falls in love with a clean young man whose courage has first won her admiration. He is in love with a sweet, innocent, winsome little girl. It falls to the lot of "Beauty" to nurse the young man back to life and health, and she wins his gratitude, almost his love, when he thinks that the other girl is dead. Then learning otherwise, the woman, realizing that this man she loves could not be as happy with her as with the little girl, brings about her restoration to him, and in so doing gives her life.

famed "On With the Dance" in which both Mae Murray and David Powell, as well as practically the same cast as in the present triumph were seen to such tremendous advantage last season.

In "The Right to Love" this characteristic of his genius has been given full sway, with the result that a photoplay that will prove a delightful treat to the sense of the beautiful and massive awaits all who visit the Strand during this engagement. Added to this is the fact that Fitzmaurice's locale for "The Right to Love" is Turkey, his characters an American girl and man, and a subject of the crown of England—the trio being caught in the swirl of that fascinating domain of luxury and idleness, intrigue and passion. It is a whirlpool of daring incidents culminating in a tremendous climax when the girl demands of her surroundings "The Right to Love."

The production will be screened without advance in prices, and the management urges attendance at the matinee. A complete line of added attractions selected the program.

American There is one bright spot where every dance lover will be found early this evening, the American. If it's the dance, the floor, the music or the fun that you enjoy, it will always be found at the American, for the popular dancing place is always bubbling over with real joy.

Last night they said that the wonder band, Gene Dabney's outfit, was better than ever, and it gave everyone many surprises with new numbers. There never seems to be an end to the new stuff these boys bring at the American.

It ought to be easy for you to schedule your evening's entertainment these nights, for the American is holding the center of interest and always assures the best to be found in fun and frolic.

The Hip William S. Hart in "Wagon Tracks" is the Hip's feature attraction for three days, starting today.

In all the western pictures William S. Hart has ever made it would be hard to select with a greater appeal or a more original story than "Wagon Tracks." Its tale is about a guide of the desert in the days when the wagon trains started from the Mississippi to invade the vast wastes of the unexplored West. The hero has gone to the boat landing to meet his brother, whom

he has educated in St. Louis. But the brother has been the victim of a gambling quarrel on the boat and has been killed. It is the task of the guide to learn who has committed the deed. This he does, but in a manner so thoroughly original and so startlingly realistic that "Wagon Tracks" will always stand as one of Hart's big achievements.

The added feature is a Foot Gibson story, "Tipped Off."

Presenting six of the highest type vaudeville acts Phoenix has known, the Bell family continue to score as the finest sort of entertainment at the Ramona, where capacity audiences greet it with each performance. Beginning with a spectacular juggling specialty, the bill comprises a big pantomime dancing story in which beauty and grace run riot, an exceedingly clever ventriloquist who introduces a line of work never before seen here, a violinist whose skill literally "stops the show," and a musical ensemble which cannot but please any audience that hears it.

The Bell family has already established itself in Phoenix, and that it will enjoy one of the most pleasant engagements the city has known is an assured fact. It is the intention to frequently change their bill.

Motion pictures are featured with the vaudeville offering.

Blue Bird What wouldn't you give to be a kid again?

Your chance for the gratification of your desire is offered at the Blue Bird tomorrow night, for that is "Kid's night" at the "temple of happiness." Everyone is to be attracted as a youngster, short dresses, knee trousers, bow ties, hair ribbons, in short, just return to the happiest time of your life for an evening and attend the big joy fest.

Presents will be distributed throughout the evening, and these have been selected with the occasion well in mind. They will prove the biggest kind of a surprise, and will add materially to the joy of the evening.

The event is a unique one in dancing circles and should go across in great style.

Brandon Stook Company Tonight ends the engagement of "Master and Man" by the Brandon stock company at the Elks theater, the company going to Mesa tomorrow and Saturday while May Robson holds the boards at the Elks.

"Master and Man" has proved the greatest laughing sensation of the season and with the added "cabaret" special tonight it looks like a very attractive amusement card for the patrons of the Elks. The "cabaret" will go on immediately after the regular performance. "Bobbie" Deane, Eddie Young, George Banta, Marie Rich, Jay Allard and that dashing American beauty chorus have some extra stunts that in themselves will make the "cabaret" worth more than the admission price. Songs and dances and clever ideas of every sort have been prepared for this Thursday special and will be put on in the true Brandon style. Even the stage hands and the chorus take a great interest and all will contribute something to the amusement.

Don't get the idea, though, that the play is slighted in the least, for that is not the case and the consensus of opinion is that there are more good legitimate laughs in the production of "Master and Man" than in a half dozen ordinary musical comedies.

Simplified spelling has been abolished in the United States navy.

Forty per cent of the persons traveling about in London take the buses.

A BUSY REPUBLIC The most striking thing that has been said about the new Czechoslovakian republic is that it will be virtually out of debt by the beginning of next year. Thus it will be the only nation in Europe unburdened by a deficit. But there still will be some problems facing the country over which Dr. Masaryk presides which only astute statesmanship can solve. There is something formidable in the thought that Czechoslovakia is almost as large as the new Austria and Hungary combined. The tables have been turned with a vengeance.—Christian Science Monitor.
