

# HUDSON and ESSEX MOTOR CARS

## An Automobile is Known by the Service it Renders

The responsibility for this service falls upon the manufacturer, the dealer and the car owner.

IN OUR CASE—that of the dealer—we are prepared to efficiently serve all present and future owners of Hudson and Essex Motor Cars, in such a manner as to render the ownership and possession of either of these famous cars a delight to any motorist.

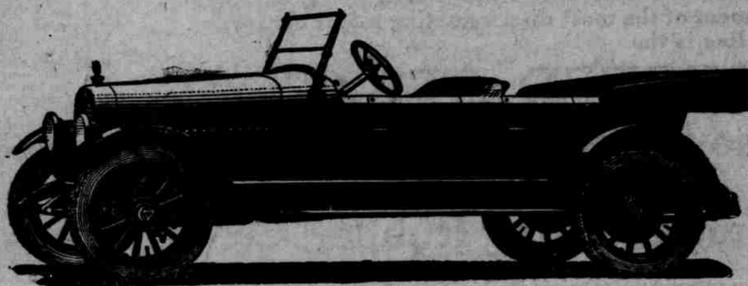

We maintain a comprehensive stock of parts for both cars. There is nothing which a Hudson or Essex could possibly require that we will not have.

And—"Service"—that vital connection between dealer and car owner—the service we are prepared to render—must be seen to be appreciated. Every facility is here for the Hudson and Essex owner. Everything which can supplement the genuine excellence and efficiency which the manufacturer has built into these cars.

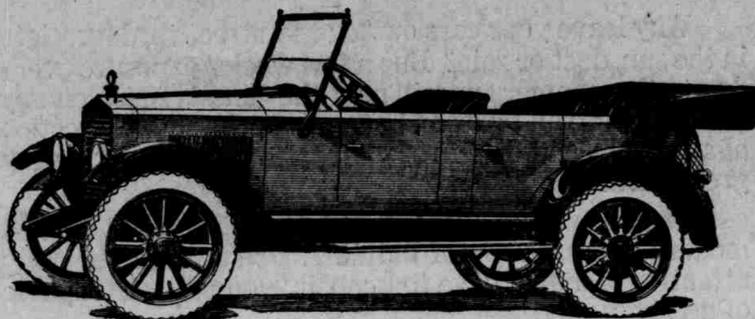

WE SAY IT MUST BE SEEN TO BE APPRECIATED  
COME IN AND GIVE IT YOUR INSPECTION
