PEACE PREVAILS AT SANTIAGO!

Spanish and American Soldiers Fraternize and in a Cheerful Way.

BLANCO IS ACTING SHABBY WITH TORAL.

Santiago, July 19, 6 p.m., via Kingston, July 20.—Hundreds of American and Spanish soldiers, who but a few days ago were shooting at each other, crowd the streets of Santiago to-day, meeting and混 in most friendly terms. A general feeling of good-fellowship is evinced everywhere, the victors and vanquished apparently being equally rejoiced that strife and bloodshed are over and the horrors of the siege ended. Great barges loaded with provisions and supplies have been going to the wharves all day from the Red Cross steamer State of Texas and the United States army supply ships and there is evidence that privation is rapidly disappearing. The Americans are buying swords, medals and buttons from their late foes and all talk cheerily whenever an interpreter can be obtained. About 4,000 Spanish troops still remain in the city, but the majority will be removed as soon as a camping ground beyond the ridge can be arranged.

Gen. Garcia Reported Killed. New York, July 20.—A Kingston, Jamaica cable to the Evening Post says that Cubans arriving from Gibon report Gen. Garcia dead. They make a mystery of it, saying that it should not be known in Cuba yet or in the United States, and give no particulars except that he was shot. Spanish refugees officially connected with Gen. Blanco believe the story.

rumors of peace proposals. Paris, July 20.—The Times this afternoon says that dispatches received late this afternoon lead us to believe that some official communications have been exchanged between Spain and the United States, with view of sounding the United States on terms of peace.

Democratic Nomination. Burlington, Vt., July 20.—The democratic state convention to-day nominated Thomas W. Maloney for governor.

NO SIGN OF PEACE.

Spain Needs to be Whipped So That Everybody Will Know It.

London, July 20.—Neither the officials of the Spanish embassy, those of the British foreign office, nor the United States ambassador, Col. John Hay, have any news tending to confirm the report circulated in the United States that the Spanish cabinet has decided to sue for peace. On the other hand the dispatches received from Madrid late this afternoon make no mention of such determination upon the part of the Spanish ministry.

The decline of Spanish fairs in Paris and London is another reason for discrediting the report. A special dispatch from Madrid says: "The powers including Great Britain are exchanging notes concerning their attitude in the case of the Spanish ministry which is charged with the gross mismanagement of Cuba and bungling during the conduct of the present war."

Hospital headquarters are still located at Juragua. Two deaths from yellow fever were reported there, but the names of the victims have not been made public.

Physicians say there are but few new cases of yellow fever appearing and that the epidemic is under control.

General Miles is at Guantánamo on the Yare and is said to be arranging details for the Porto Rican expedition. It is reported here that a large army will sail from the United States this week, and Gen. Miles, with the majority of Gen. Henry's troops, not yet embarked, will go direct to the vicinity of San Juan within a short time.

Most of the ships of Rear Admiral Sampson's fleet are also lying at Guantánamo bay. The New York and Brooklyn spent the day almost under the shadow of Morro Castle, lying as close in shore as possible.

Young Ladies Drowned. Payson, Utah, July 20.—Four young ladies while swimming in Utah Lake yesterday afternoon were drowned. While tanning on a plank one fell off and the others went to her rescue. All were drowned. Three of the girls, Lucy, Emma and Susie Keel, were daughters of John Keel of this place. The fourth was Steena Bauer, daughter of Eberhardt Bauer of Homestead.

Leiter Secures a Loan.

Milwaukee, Wis., July 20.—The Daily News to-day says: "Milwaukee's capital will clean up young Joe Leiter's wheat deal losses. Levi Z. Leiter has practically closed a contract with the Northern Mutual Life Insurance company for a loan of \$3,000,000 on his real estate at 4 per cent."

To Be Court-Martialed. Madrid, July 20.—Captain General Blanco has cabled the Spanish government that Santiago was surrendered without his knowledge. General Toral will be tried by court-martial.

Germany Said to be Friendly. Washington, July 20.—Further inquiries by the Associated Press to-day in official quarters as to alleged complications between the United States and Germany in the Philippines failed to elicit anything which might serve as a

foundation for reports of such complications. On the contrary it is learned that there has been recent communications between the two governments of a decidedly friendly nature, and that at no time since the war began has there been greater reason now exists for confidence in Germany's neutrality.

SICK AND WOUNDED.

Several Fever Cases Arrive at New York City.

New York, July 20.—The United States transport Seine arrived at quarantine to-day and was detained by the health officer for disinfection. Six soldiers will be removed to Staten Island for treatment. Dr. Day says, while these cases are not well marked and not by any means yellow fever, he will not take any chances. Most of the severely wounded soldiers will be sent to Bellevue hospital for treatment and others to Hoffman island for observation.

The Senaca left Gibon, Cuba, July 14, with ninety-six sick and wounded soldiers and forty-eight passengers. The ship was not in any way fitted up for a hospital ship. The steamer between decks was dirty and not fit for human beings to occupy. The ice gave out, and the fresh water became vile and unfit for use, and little was obtained by condensation. Washing of wounds was done in many cases with salt water. The food was scarce. The passengers say that if yellow fever had appeared on the voyage the mortality would have been fearful.

Troops for Porto Rico.

Chickamauga, July 20.—The movement of troops from Camp Thomas for Porto Rico will begin to-morrow. The commands which go are the Fourth Pennsylvania, Fourth Ohio and Third Illinois, under the command of Brigadier General Hunt; light battery B, Pennsylvania; 11th U. S. Cavalry; the Twenty-seventh Indiana, the signal corps under Major Glassford, the reserve hospital corps and the reserve ambulance corps.

Died.

London, July 20.—Admiral Thomas Tatemson, known as the father of the British navy, is dead. He was ninety-two years old.

A LIVELY SCRIMMAGE.

The Henderson-Werner Case Commenced With a Fight.

At 20 o'clock this afternoon, just as Justice Kibbe was about to call the Henderson-Werner assault case, a mighty rumbling sound came from the stairway of the Whitting Building, to the office of the judge. An investigation showed that the men, engaged in their skirmish, were engaged in a hand-to-hand fight, and spots of gore were scattered here and there on the stairs and on the hard cement sidewalk on the street, showing that some one might have been severely injured. The glass in the swinging door, getting a gash over his left eye. The Rek seemed to momentarily stop proceedings, when the women in the case became hostile and started in to make more warfare. At this juncture the police, who were holding the head of the stairs, objected to the building being made a slaughter house and called a halt, keeping the women back. Marshal McMillan then put in an appearance and the combatants were quieted. At the hour of 3 o'clock the trial was in progress.

In the case of the application of Mrs. Carolina Kerr de Caraballo for the possession of the residence occupied by the litigants of J. B. Radarcos, the petition was dismissed by Probate Judge Hubbard this morning. According to the decision of the court, the child is left in the care and custody of the Sisters of Loretto at Santa Fe, and the expense of its keeping is to be paid by the father of this city. Mr. Kerr, in his defense, argued that the decision of the court, which to those familiar with the facts, is a just one.

Dr. T. M. Pruden, a prominent physician of New York, and his guests, Alfred and Clayton Weatherill, rode into the city this morning, two miles being well packed with tents and camping supplies.

The doctor and his friends left Marfa, Co., last night, en route to Durango for pleasure.

They will rest up here this evening, and will leave to-morrow morning for the Cochiti mining district.

Manuel Baca has been appointed postmaster at Pinos Blanca on the recommendation of Governor Otero, vice A. R. Amijo, resigned. This office has been held by various officers, and is now the volume of business taken from the express company at Thornton will cause the latter to go out of the money order business.

Last Sunday, Dr. G. A. Wal made a trip to the University and removed the left eye of M. Custer, the librarian of the building. The sight of the eye had been lost by glaucoma of the eye, and in order to remove the other eye from injury in sympathy therewith, it was thought advisable to remove it.

Mrs. C. E. Hutchinson, wife of an express messenger on the Santa Fe Pacific, came in from Colorado Springs, where she has been visiting for some time, last night. Mr. Hutchinson is also in the city, both being registered at the Grand Central.

The ladies of St. John's Guild and all other friends of the church are requested to meet at the sacristy on Friday morning at 9 o'clock. An important communication will be made at this meeting.

SOUTHERN VETERANS!

Rousing Reunion of Veterans in Gray at Atlanta.

Manila May Surrender to Prevent Bombardment of the City.

Troops Now on the Way for the Invasion of Porto Rico.

BLANCO DEPRIVED OF CABLE FACILITIES.

Atlanta, Ga., July 20.—The morning train brought thousands of people into Atlanta to attend the opening exercises of the re-union of Confederate veterans. Twenty-three thousand veterans and friends reached the city up to midnight. The interest of the day centered in the convention at Piedmont Park. Among the speakers were General W. W. Lamb, General E. Hunter, of Mississippi, orator of the day; Governor Atkinson, of Georgia; and General Dickerson, commander of the Florida Division. General S. D. Lee is looked upon by some as a candidate for commander-in-chief. Before the gathering was called to order, three cheers were given for the South. General W. W. Lamb, followed a moment later by three more for the famous cavalry officer now at the front, General Joe Wheeler. General John B. Gordon, commander-in-chief, was given a tremendous ovation. The audience could hardly sit still for five minutes.

PORTO RICO EXPEDITION.

Gen. Miles Debarred in Getting Started on His Trip.

Washington, July 20.—Gen. Miles has been again delayed in sailing from Siberia for Porto Rico. The delay is charged to the failure of the navy to provide the required convoys. The war department was in cable communication with Gen. Miles to-day. He expects the Yale to sail to-morrow. The Yale will be joined by the small naval vessel, the gunboat Tampa, so that much of the expedition to Porto Rico as was to be drawn from the camp there has already started, though it may be a day or two before the ships leave Key West.

The war department to-day was doing its best to insure the immediate departure of the gunboat Tampa. An investigation showed that the men, engaged in their skirmish, were engaged in a hand-to-hand fight, and spots of gore were scattered here and there on the stairs and on the hard cement sidewalk on the street, showing that some one might have been severely injured.

The archbishop and captain-general are going voluntarily to capitulate before being compelled to do so, but the backbone of resistance is understood to be still strong. If the officials do not give in, the Spaniards will haul down the Spanish flag. Intimations to this effect are received from many sources.

A Prominent Dead.

Special to the Citizen.

Laguna, N. M., July 20.—Pablo Pino y Torres, a prominent Mexican gentleman of Laguna, died at 6 o'clock last night, and will be buried at Cabero on Thursday morning. All relatives and friends are invited to attend the funeral.

REFUSES TO SURRENDER.

People Want to Capitulate Before the City is Bомarded.

Vancouver, B. C., July 20.—According to advice brought to me by the Empress of India from Hong Kong, the chief news of moment is that Manila is ready to surrender. Not that the archbishop and captain-general are going voluntarily to capitulate before being compelled to do so, but the backbone of resistance is understood to be still strong. If the officials do not give in, the Spaniards will haul down the Spanish flag. Intimations to this effect are received from many sources.
