PEACE COMMISSIONERS.

Spaniards Preparing to End Peace Negotiations.

They Will Let Spain's Creditors Settle With Uncle Sam.

War Investigation Commission Examining Witnesses in Washington.

Lieutenant Dresdel Suicides.

Paris, Nov. 13.—At the request of the Spanish commissioners, who found it impossible to prepare their memorandum of presentation for today's meeting of the peace commission was deferred until Wednesday. Importance is attached to the delay, it being regarded as indicating that the Spanish commissioners are preparing for a final end of negotiations. It may be now definitely stated that they will not sign a treaty of peace which yields to Spain more from the Philippines than has thus far been offered by the Americans. The Spanish commissioners will declare their mission is finished. It is possible the Spaniards will also suggest the suspension of negotiations through the commission and the resumption of negotiations between Madrid and Washington. The attitude of Spain is explained by the fact that the members of the Spanish commission have political alliances to consider and national creditors of Spain, which are as far as the ministry at Madrid care to go. It is reported that if the five Spanish commissioners here signed the treaty yielding the Philippines to the United States without lessening Spain's debt in an appreciable degree they could not return home with prospect of any political future before them and they possibly would be in danger of violence at the hands of the mob. The Spaniards will insist on sovereignty of Spain over the P. I. Philippines is beyond question, but will announce Spain's readiness to yield that sovereignty for an adequate equivalent and invite negotiations under the Spanish construction of the protocol.

The Americans are expected at a future meeting to present a carefully prepared enumeration of their contentions and conditions, should they be no different from those already presented. The time will then arrive when Spain will declare herself helpless though steadfast, and will wait the next step of the United States whatever it may be. Thus Spain will be able to say to her creditors that she has done her utmost and the issue must rest between them and the United States.

WAR INVESTIGATION.

Dr. Haldrop Testifies of Secrecy of Medical Supplies.

Washington, Nov. 14.—The war investigation resumed the examination of witnesses to-day. Dr. F. Z. Haldrop, chief of the volunteers on the staff, said he occupied the position of chief medical officer of the First army corps at Camp Thomas, Chickamauga Park, until the 22d of July, when he had gone to Porto Rico with General Brooke. Speaking of the supply department he said there were large quantities of some articles and superabundance of others at the beginning of Camp Thomas, but this condition of affairs did not long continue.

One time he had to appeal to General Brooke to get the supplies necessary, the commissary general insisting on being guided by the supplies on the basis which was not a fair test. "Do you know," asked Dr. Haldrop, "there was a full supply of medical stores at the depot at Lytle?"

"I know many articles were lacking," the doctor replied and added: "It is not true as has been stated that there was a full supply."

He continued by saying that he had made constant representations to the surgeon general of shortage in supplies. He never turned down any requisition from a division hospital except on one occasion when he knew the articles were not at hand. He contended that there had been a full supply of supplies, saying no patients had been compelled to lie without covering any length of time. He repeatedly called attention to the lack of articles and about the 1st of July there was an increase of hospital cases in response to his representations. Of the condition of the camp in general he said some things were excessively filthy.

"Who was responsible for that condition?" asked Dr. Connor.

"The officers of the regiment," responded Dr. Haldrop.

Col. Haldrop said he succeeded in getting supplies only by being the first on hand at the medical depot when there was a very parsimonious manner. There was a great scarcity of important articles such as quinine and opium, but a description of the depot was from Ohio. It said his transfer to Manila was made on account of his value as an officer which marked him out for continued active duty.

READY FOR EMERGENCY.

United States Prepared to Fight Spain a Finishing Round.

New York, Nov. 14.—A dispatch to the Herald from Washington says that negotiations have been given by Secretary Long to the officials of the navy yard in Brooklyn prohibiting them from commencing any new work on the armor cladding of the north Atlantic waters. It is expected that within ten days Commodore Phillip will have under his command an effective force consisting of all the battleships and armored cruisers now

IN COMMISSION EXCEPT THE IOWA AND THE ORIZON, WHICH ARE NOW AT RIO JANEIRO. These vessels will be kept along the Brazilian coast for ten days at least and by that time the authorities say the policy of Spain with respect to negotiations will have finally developed. Just as soon as the more quiet are ready they will proceed to Hampton Roads where they will find the New York waiting there. Here the vessels will remain pending the action necessary as resulting from the information received from Paris.

SITUATION IN HAVANA.

Forty-five Birminghams in Yesterday's Meeting Arrested.

HAVANA, Nov. 14.—Disturbances here are momentarily over. Spanish troops are parading the city. The Spanish government yesterday offered to market here \$125,000 at three days on London in order to apply the proceeds to the payment of the \$125,000. Two Spanish vessels refused to touch the paper unless first advised that the necessary funds had been deposited in the treasury in the amount of \$125,000. Paper being offered on two points below the commercial rate, showing that Spain's credit is impaired. It is reported that forty-five Birminghams in the meeting of Thursday have been arrested and imprisoned in Morro Castle, but it is understood that none will be court martialed.

VOLUNTEERS FOR MANILA.

Soldiers Serving There Now Will Return to the States.

Denver, Nov. 14.—In reply to a request for the discharge of one member of a Colorado regiment at Manila, Governor Adams received the following from Adjutant General Corbin:

"I have the honor to inform you that it is the purpose of the war department to return to the United States within a few months the volunteer regiments now serving in Manila, other volunteer regiments now being on the way to replace them, and it is believed that when this will have been accomplished the soldiers referred to will be returned to you as soon as though his discharge were ordered immediately."

NEW MEXICO HONORED.

Territory Receives Medals and Is Well Admired as a Nation.

Many papers throughout the southwest at present contain articles on the success of the exhibits of their localities at the International exposition, but there are none that can boast of more good accomplished for their respective states than New Mexico.

J. J. Leeson, the commissioner from New Mexico was exhibiting in his laboratory and explaining the advantages possessed by his territory for home-seekers and the investment of capital. During Mr. Leeson's six months' stay at Omaha he saw and personally talked with more people upon the subject of resources than any other exhibitor at the big show, and it is not too much to say that New Mexico will also reap a greater benefit than any other state or territory. Commissioner Leeson was acquitted during the closing six weeks by J. G. Albright, of this city, and the latter gentleman, who returned last Saturday night, says that New Mexico carried away more honors in the way of gold and silver medals than any other two states or territories combined. This magnificent report of Mr. Leeson to his people is surely gratifying, and will, no doubt, be appreciated as the benefits derived will be greater than that from the World's fair, which cost New Mexico some an enormous sum of money.

IVES, THE FLOREST.

W. W. Teal, who lives at 219 South Broadway, informs THE CITIZEN that early Sunday morning some one entered his new home and helped themselves to a good sized load of wood and coal. The parties used a wagon and would have cleaned up the shed had they not weakened Mr. Teal, who arrived at the spot as they drove away. He believes he recognized the thieves and he warns them that it will not be healthy for them to make a second call.

Mr. and Mrs. R. P. Schuster, who have been absent from the city for the past few weeks on a visit to Philadelphia, Pa., returned to the city last night, being met at the depot by several friends.

The limited from the west passed through the city last night, being behind time about an hour. There were twenty-six passengers aboard en route to their eastern homes.

Peter Sobek and wife, formerly of this city, now popular folks of Belmont, spent the Sabbath in the city. They returned home this morning.

The meteor showers advertised to appear in the heavens last night did not show up. They may appear to-night.

B. A. Slayter, the real estate and in brokerage agent, left last night on a business trip to Trinidad and Havana.

F. H. Farrell was given thirty days in the county jail by Justice Crawford for disturbing the peace on circus day.

B. Mackey, a Heavy Kansas Embrizzer, Arrested in Gallup.

RAILROAD ARRESTS AT RATON.

Special to The Citizen.

Santa Fe, N. M., Nov. 14.—The republican central committee, at 3 o'clock, this morning, made the following statement on the result of the election:

MAJORITY FOR PEREA.
Berallillo county (official) 436
Santa Fe county (official) 182
Rio Arriba county (estimated) 300
Sandoval county (estimated) 211
Socorro county (official) 200
Valencia county (official) 1,000
Total 2,355

MAJORITY FOR FERGUSON.
Colfax county (official) 490
Shawnee county (official) 210
Grant county (official) 228
San Juan county (official) 227
Santa Rita county (official) 178
Total 1,333

Minority for Perea..... 2,180
Returns from Lincoln county indicate that the county has given a small majority for Perea. Union county returns indicate that the county is very close and that a majority for Mr. Perea or for Mr. Ferguson will not be over 20.

In the legislative ticket there is no material change and the republicans have elected ten members for the council, namely: Messrs. Burns, Martinez, Catron, Buscena, Romero, Chavez, Hughes, Vincent, Barsum and Anestita. The democrats have elected Mr. Richardson and the indications are that they have carried J. M. Valdez, in the district composed of Mora, Colfax and Union.

For the house the republicans have elected, according to the official returns, twenty members, namely, Messrs. Jara, Malilla, Stapin, McIntosh, Pedro Sanchez, B. R. Romero, Kilpatrick, Ortega, Gutierrez, Marcelino Gomez, Crescencio, Lujan, Roman A. Baca, Winston, Trujillo, Llewellyn, Valdez, Barnes, Schultz, Gallego and Herrera.

According to the returns so far received, the following democrats are elected—four: J. S. Wharton, J. L. Lieb, Crescencio Gallegos, J. C. Slack.

These figures are believed to be correct, although there may be a change in Union county, and John R. Guyer, republican, may have a majority over J. C. Slack, democrat.

It will take the official count to decide.

MAX. FROST, Secretary.

MAJORITY HAS INCREASED.

Special to The Citizen.

East Las Vegas, N. M., Nov. 14.—Perea's majority in this city is 211, and his majority in the territory, semi-officially, is now 6,000 and is increasing.

The republicans are holding a big ratification meeting here to-day and to-morrow.

THE OFFICIAL RETURNS.

The county commissioners completed the official count last afternoon. Perea received 2,355 votes to 1,314 for Ferguson. Majority for Perea, 436.

For the council Hughes received 2,717 votes to 2,581; Flores, 2,753 to Spencer's 2,685; Sheriff Hubbell leads the county ticket receiving 3,049 votes to 1,850 for Perfecto Armas; a majority of 1,400. The full official returns will be published to-morrow evening.

SUICIDE AT CERRILLOS.

Louis Digneo Shoots Out His Life With a Revolver.

Louis Digneo, son of John Digneo, of Santa Fe, committed suicide at Los Cerrillos yesterday by shooting himself in the head with a revolver. The victim was Mike Digneo, American Digneo and P. Pallidino—left for Cerrillos in response to a telegram announcing the tragedy, and supervising the removal of the remains to Santa Fe, where the burial will take place to-morrow.

Louis Digneo was a painter and stone-cutter and was known to many citizens of Albuquerque.

His cousin and playmate in Italy, before they emigrated to the United States, was Nicholas Digneo, who committed suicide at the home of P. Parenti on the Highlands, in this city, in 1891. Nicholas was the son of Mike Digneo, and he latter was an uncle of Louis who shot himself in Cerrillos yesterday.

THE CITIZEN sympathizes with the bereaved parents and relatives.

A BIG CAPTURE.

Marshal McMullin Secures the Arrest of B. Mackey, an Embrizzer.

Last night a man with a wife and three children arrived in the city on the train from the south. He went to the Hotel Highland and registered as B. Mackey from Mexico City. Marshal McMullin at once stopped him to see if he was the man who had been indicted in Topeka, Kansas, on the charge of beating \$48,000 from the United States Indian agency at Topeka about eighteen months ago.

Marshal McMullin did not feel justified in arresting him on his own suspicion that he was the man, so he telegraphed the authorities at Topeka for the matter and requested a prompt reply, for the reason that he had learned at the hotel that Mackey would leave for Los Angeles on the 17th this morning.

When the flyer departed for the west he had received no word from Topeka, so he did not interfere with Mackey continuing his journey. The flyer had not been gone over three minutes when a message was delivered to him from H. J. Boast, the assistant United States attorney at Topeka, saying that Mackey, alias Mackey, was wanted there badly; that he had been indicted in the United States district court and to arrest him at once if possible under the fugitive law and hold him until the necessary papers reached him by mail.

Marshal McMullin then telegraphed the officers in Gallup to arrest Mackey and bring him to this city to-night.

This afternoon the marshal received a telegram from J. A. Strauss, chief of police of Topeka, asking him to arrest Mackey and hold him until he arrived.

Mackey told some people at the hotel that he had spent the past eighteen months in Mexico and that he was now on his way to Los Angeles, where he would leave his family and he himself go to South America.

Fire Destroys Some of the Best Buildings in Dawson City.

LOSS OF \$50,000.

New York, Nov. 14.—A dispatch to the Herald from Albany Park, N. J., says that A. Lamb, editor of the Wilmington (N. C.) Record, whose office was destroyed by white citizens on Thursday, now is in Albany Park. He is a brother-in-law of Representative Giles. He fled from Wilmington to escape lynching. It was through an editorial in the Record that the recent rioting at Wilmington and the attendant loss of life came out. The editorial read:

"I know the men are careless in the matter of protecting their women, especially on farms. They are careless in their conduct toward them, and our experience among poor white people in the county teaches us the women of that race are not more particular in the matter of clandestine meetings with colored men than are white men with colored women. Meetings of this kind go on sometimes until a moment of infatuation when the woman's boldness begins to attract attention and then the man is lynched."

THIEVES AMONG RAILROADERS.

The Santa Fe Special Agents Captured a Few Thieves at Raton.

The special service of the Santa Fe railway has again demonstrated its ability to cope with and run down its dishonest employees.

About the 1st of August last month the special agents of the Santa Fe railway at Chicago and Topeka, from shippers' car lines, that goods were purloined on route, and that "tracers" were sent out to catch the men who had been off and fell from the rapidly moving cars to the ground. His fall was noticed and train was stopped and returned to the point where the man fell off. He was picked up unconscious but after awhile recovered. No bones were broken but it will be some days before Mr. Bertolio shall have recovered from the rude jar to his person.

It seems that these railroad thieves, operating between August and November of this year, worked the end doors of the passenger cars, and the men who were caught by the special agents of the Santa Fe railway were placed in the penitentiary, they will doubtless wear the stripes.

HOLDERS MUTINE.

Four Thousand Spanish Soldiers Demand Their Back Pay.

Key West, Fla., Nov. 14.—Private reports from Puerto Principe and Nuevitas, Cuba, say 4,000 armed soldiers presented themselves in front of the palace calling on the military governor, Emilio March, for their overdue pay. General March drew a sword and ordered them to disband, some armed with loaded rifles, while the rest of the soldiers, who returned the sword to the scabbard, crying: "Do you wish to kill me? Well, kill me!"

The men who were only waiting for their pay before embarking for Spain; General March promised them they would be paid and the soldiers returned to their quarters peacefully. The soldiers of Alcala left Havana four days ago with \$100,000 to pay those soldiers. The cruiser Alfonso XII and the gunboats Santa de Venite and Infanta Isabella, proceeded for Nuevitas to compel the soldiers to embark after which they proceeded to Gibara for a like purpose and to Spain unless new orders are received.

FIRE IN DAWSON.

How Between Two Women Causes \$500,000 Damage.

Shaguny, Nov. 14.—Victoria, B. C., Nov. 14.—Retiring Klondikers arrived in this city to-day brought news that the city of Dawson had been visited with a \$500,000 fire in which forty buildings were burned, including the new post-office and some of the best buildings in the city. The fire took place on the morning of October 21, it started in the Green Tree saloon as the result of a row between two women of the town. Belle Mitchell threw a lighted lamp at another woman, the lamp broke, the oil spread and in a few seconds the building was on fire. The fire a year ago was caused by the same woman, who threw a lamp at a man with whom she was quarreling. The new conflagration was brought out by several miners who arrived in this city.

Dr. J. D. Burdick, E. S. Cummings and Richard Haywood, of the Phillips Medicine company, met with a serious accident while crossing the railroad track between San Rafael and Cubero. They were all thrown out of the carriage in which they were riding and Mr. Haywood and Mr. Cummings were seriously injured. The former was knocked insensible and the latter had his shoulder thrown out of place, and both had a very narrow escape.

Fiends incarnate—devilish individuals—have mutilated a number of young shade trees on north Second street in the vicinity of the residence of F. S. Stines and Marshal McMullin informs THE CITIZEN that he will give a reward of \$25 to any person giving information that would lead to the arrest of the culprit.

Sheriff Pat. Garrett, of Irons Ana county, has arrived in the city. Mr. Garrett was re-elected sheriff of the county at the recent election by the big majority received by any candidate and this in spite of the opposition of all the friends of Oliver Lee, the outlaw, whom Sheriff Garrett is hunting down.
