

NO DIMINUTION IN BUILDING Gain in Amount of Construction Work in Progress is Considerable. IT EXCEEDS ALL PAST RECORDS

No diminution in activity on the part of the builders has been apparent during the last thirty days. Actual conditions have been nearer the direct opposite. Homes are being built as rapidly as at any time within many months past, while some of the largest building operations ever undertaken in Albuquerque are now under way.

With the handsome new Staab building on West Railroad avenue nearing completion, with the commencing of stone work on the big A. Romero building on South First street and the building of many residences throughout the city, there has been a call for an immense number of workmen, and there has been no excuse for inactivity on the part of any capable workman.

The builders grow even more optimistic as the fall advances. The latest improvements on which work has begun are so substantial that the contractors declare there is no longer the slightest opportunity for failure.

The forces which are working for Albuquerque are so strong that the city cannot help but advance more rapidly with each coming month.

There is still a great scarcity of workmen. Carpenters, bricklayers, stonemasons, plasterers, painters and other mechanics are needed in greater numbers than they can be secured.

The great majority of buildings under construction are, to a certain extent, rush contracts, and the demand for men is keener than it might otherwise be. The contractors are all called upon to bring their work to completion with all possible haste.

The new Presbyterian church edifice on the corner of Silver avenue and Fifth street, is progressing rapidly, and before many months the church will be ready for occupancy. When completed, the structure will cost, in the neighborhood of \$20,000.

Work on the new Presbyterian church edifice on the corner of Silver avenue and Fifth street, has been completed. It is expected that the house will be ready for occupancy before many weeks.

The beautiful residence of J. A. Weinmann in Park Place is assuming proportions. This residence is being constructed out of cement stone blocks, which material is becoming very popular for building purposes in the west.

The addition to Sturges' European hotel has been completed. The extension runs the length of the hotel proper, and is twenty-five feet in width and two stories in height.

All stone work has been completed on the store building of J. H. Shuffelbarger on West Gold avenue. The interior work is just beginning, and this is expected to be finished within a few weeks.

T. E. Gargan, manager of the Western Union Telegraph company, in this city, is erecting a modern five-room cottage on North Twelfth street between Fruit and New York avenues.

Charles E. Quier, the painter and paper hanger, is building a comfortable seven-room cottage on North Fourth street, between Roma and Fruit avenues. It will be completed before winter sets in and will be occupied by Mr. Quier and his family.

Thelin brothers are constructing two double cottages on North Fourth street, between Slate and Marble. The material being used is cement stone, and the cottages, when completed, will make six residences that the Thelins own on North Fourth.

Work has been commenced on the handsome stone residence of Dr. C. H. Carns, on West Gold avenue. It is to be a large house, two stories in height, and will, when completed, be among the most elegant private residences in the city.

DECLINES TO BE FAIR SECRETARY D. S. ROSENWALD SAYS OWING TO PERSONAL BUSINESS HE CANNOT ACCEPT.

Albuquerque, N. M., Oct. 27. Mr. W. T. McCreight, Chairman Executive Committee of the Territorial Fair Association, City. Dear Sir:—Upon thorough investigation concerning the time involved to successfully and conscientiously fill the position of secretary of the Territorial fair as held here annually, I find the remarks made by me after my election on the evening of the 23rd fully substantiated. These remarks were to the effect that owing to my business connections I thought it would be impossible for me to accept the honor tendered me, inasmuch as I felt that it would be a difficult matter for me to do both justice to the business with which I am connected and also to the business of the Territorial Fair, association, and I therefore deem it but justice to those who have placed this confidence in me to tender my resignation owing to the facts above mentioned.

Regretting that I am compelled to take this step and assuring you of my assistance in my power to further the interests of the Twenty-sixth Territorial Fair. Very truly yours, D. S. ROSENWALD.

AND BERTHOLD SPITZ RESIGNS VICE PRESIDENCY

This afternoon, at 3 o'clock, the following resignation of Berthold Spitz, to act as vice president of the next territorial fair, was received: Albuquerque, Oct. 28, 1905. W. T. McCreight, Esq., Chairman Executive Committee Fair Association, City.

Dear Sir:—As the fair association needs essentially the unremitting efforts of those who are able to do the work justice, I am compelled to herewith tender my resignation as vice president of the association. I am entirely sure that my business duties would prevent me from fulfilling the obligations that the office would incur. I ask you to have this resignation take effect at once.

Thanking all those who extended to me this courtesy, and assuring the association of my hearty support in furthering their efforts toward success, I remain, YOUR TRULY, BERTHOLD SPITZ.

ANOTHER WESTERN UNION LINE RUN INTO ALBUQUERQUE TO BE USED FOR TAKING THE CITIZEN'S PRESS REPORTS.

A large gang of Western Union linemen brought in the new 106 copper wire direct from Denver yesterday afternoon. This makes the fifteenth wire for the local office. It was rendered necessary by the heavy increase in business during the past year.

This new wire means vastly improved service for Albuquerque, as it relieves the congestion of business on the afternoon Associated Press wire, which furnishes the Citizen its reports, and provides another outlet for the increasing business.

A number of other improvements are being made in the local offices. The commodious room in the rear which has just been completed will be utilized as a battery room while the large front room will be newly papered and fitted up with entirely new furniture. This will be used as the office and operating room. Through the new operating tables have just been received. These with the other up to date telegraph equipment which is being installed will add much to the appearance and usefulness of the new office.

ALBUQUERQUE HUNTERS KILLED MANY GROUSE J. E. Haines, Roderick Stover, Herbert Brooks and Fred Fisher returned last night from a two weeks' hunting trip on the Pecos mountains. They found deer scarce but grouse plentiful and had plenty of the latter to eat. Their camp was pitched on the upper Cow creek, which they found after the time they were to be out had about expired was too high for deer. The deer were lower down on the mountains. Snow fell to the depth of about one foot and after it had crusted trail deer was hard work.

Roast chicken and oyster dressing and port and sweet potatoes and nut cream pie, at the Columbus hotel for Sunday dinner.

LIVELY SCRIMMAGE PROMISED FOR TOMORROW ATHLETIC ASSOCIATION FOOT BALL TEAM WILL MEET AMERICAN LUMBER COMPANY TEAM AT FAIR GROUNDS.

There is much room for speculation on the foot ball game that will be played at Traction Park tomorrow afternoon between the Albuquerque Athletic association eleven and an eleven from the American Lumber company mill. Neither team has appeared on the gridiron as yet, and both are unknown quantities. However, if one listens to the members of either organization, there will be two victories in one game. Both teams feel confident of winning, and will go into the game expecting to win. With this element of confidence existing in each team, the scrap is likely to be a lively one.

The Albuquerque line up will be selected from the following players: Brown, Anderson, Scottie, Stamm, Haines, Benjamin, Stubb, H. Hais, F. Hais, Hoffman, Fluke, Stubb, Hughes, Halter, McGuire and Strunquist.

NORRIS WILL NOT MOLEST HIS WIFE H. P. Munroe and E. K. Norris called on The Citizen this afternoon in regard to an item in this paper yesterday afternoon relative to Norris. Mr. Munroe, who resides at No. 311 East Cromwell avenue, states that Norris came to his residence immediately after being dismissed from the hospital, and did not leave his house until he was accompanied by Munroe to the law office of R. W. D. Bryan. Norris says, positively, that he has not called at the residence of his wife since the unfortunate occurrence, and therefore, has given her no cause for alarm. Norris admits that divorce papers were served upon him, but denies that it is his intention to molest or disturb Mrs. Norris in any manner in the future.

Soothe itching skin. Heals cuts or burns without a scar. Cures piles, eczema, salt rheum, any itching Doan's Ointment. Your druggist sells it. BRADFORD REGULATOR CO., ATLANTA, GA.
